# Patton resigns office after 21 years

**BY KIM DARDEN**
**Associate Editor**

Dr. Wendell M. Patton, president of High Point College for 21 years, resigned June 24.

The announcement was made July 11 by Charles E. Hayworth, chairman of the college board of trustees. The Board accepted the resignation in a special meeting on July 9 "with deep regret and sincere appreciation for the many accomplishments at the college during his presidency," Hayworth said in a prepared statement.

Patton's resignation followed an extended absence from the college last spring and reports in the *Greensboro Daily News* in late May that Patton was a patient at Fellowship Hall, an alcohol treatment center near Greensboro. At the same time he was being treated at Fellowship Hall, Patton was an outpatient at Moses Cone Hospital for ailments related to diabetes.

Patton submitted his resignation a day after Bishop L. Scott Allen of the Western N.C. Conference of the United Methodist Church requested an investigation of Patton and the college.

Allen said in a June 23 *High Point Enterprise* article that he was "concerned about the image of the college and the relation to the church."

*See Related Story*
*page 6*

Patton's resignation was submitted voluntarily and had not been requested by either the trustees or the United Methodist Church, Hayworth said.

Dr. David Cole, Dean of the College, was named acting president of the college by the executive committee of the board on August 13. He will act as president while a new president is being sought.

Last spring, Patton personally appointed Dr. Murphy Osborne to be his special assistant, and Osborne was acting president during Patton's absence this summer. Osborne will continue in the office of Assistant to the President under Cole.

Under Dr. Patton's presidency, the college experienced the greatest physical growth in its history. During the "Golden Decade" (1964-1974), so named because 1974 was the 50th anniversary of the college, the administration launched an intensive money-raising campaign. During these 10 years, the assets of the college increased over $10 million.

The campus virtually doubled physically with the construction of the J.E. Millis Hall for men, Yadkin Hall for women, Belk Co-Ed Dormitory, Holt McPherson Campus Center, the chapel, Hayworth Hall of Science, the infirmary, a warehouse

# Convocation speaker Haggai sees potential

**BY JOAN MADERT**
**Staff Writer**

The fall meeting of the Board of Trustees may finally make the proposed library or learning center a reality for High Point College.

Charles E. Hayworth, chairman of the Board of Trustees, announced at the Opening Convocation on Sept. 3 that he is planning to officially ask the Board of Trustees on Oct. 8 to approve the funds for the estimated $3 million structure.

In the three previous fund raising campaigns, a total of $500,000 has been raised for a new library.

Potential was also presented in the speech of Dr. Tom Haggai, main speaker of the Convocation.

Haggai, a High Point resident, friend, and alumnus of High Point College, has received honorary degrees from High Point College, Salem College and the Baptist College at Charleston. He has won the Horatio Alger Award, the North Carolina Distinguished Citizen's Award, American Humanics Life Membership, and Religious Heritage of American Business and Professional Award, along with dozens of honorary state, city, and fraternal and military citizenships.

"At High Point College students can develop a special relationship with their teachers," Haggai said. An added dimension which helps to bring out the potential of every student.

"With the 1980's being the century of discovery," according to Haggai, "this is the time to discover one's potential."

Haggai also said that the students of High Point College came to school with great potential and a rediscovery of Christ might be ideal for the students.

"Live your life God's way," Haggai said.

"The young people of today," according to Haggai, "are ethical, idealistic, caring, sharing, and a wonderful generation."

Ernest Price, chairman of the Human Relations Department and Faculty Affairs Committee member, expressed a welcome from the faculty, while the greeting from the student government came from Jacky Hendrix, president of the SGA.

Dr. Vance Davis, Chaplain of High Point College, gave an opening prayer and the benediction.

# *Orientation assists large class*

**BY SALLY DAVIS**
**Staff Writer**

Another new and unusually large freshman class descended upon the campus of High Point College on Saturday, Aug. 23. .

Their arrival did not go unnoticed, as members of the Orientation Committee waited to help unload cars, answer questions, and offer information.

This year, the size of the freshman class is larger than in years past. According to Dean David Cole, HPC enrolled approximately 432 new students this year, freshmen and transfers combined. The total enrollment this year is 1047, not including those in the Continuing Education program.

Cole commented on the large number of new students this year, stating, "The admissions people did a terrific job this year, reflecting the personnel changes in the Admissions Office. We're very pleased."

Overall, the freshmen were pleased with the Orientation program. "It helped a

# Vandals strike again

Even though we have only been in school for three weeks, vandalism has already hit hard.

Two weekends ago, two pinball machines in the game room of the Campus Center were broken into and the money in the machine was removed. This vandalism and robbery caused the machines to be removed and the game room to be closed.

Because of the thoughtless acts of some, everyone on campus was deprived of the use of the piinball machines and the game room.

Just this past weekend, the cigarette machine in the laundry room on first floor North was broken into. Someone having a nicotine fit couldn't find enough change to satisfy their need so the only thing left to do was to break into the machine.

## *serious problem*

In the past couple of years, vandalism has turned into a serious problem on the HPC campus.

Just this summer alone, the college spent thousands of dollars to make needless repairs to McCulloch Hall.

Candy machines, soda machines, and other vending machines have always been the object of minor vandalism. On this campus, however, these minor acts of vandalism have become major.

Vending machine vandalism doesn't hurt the school but only hurts the students. Once a company has a machine torn up, they remove it.

Because of this kind of vandalism, Millis Dorm and Women's Dorm no longer have candy machines as they once did, and the Campus Center is without pinball machines.

## *dormitory destruction*

The main concern of the college, however, is the needless destruction of the dormitories. Not only does it cost the school thousands of dollars each year, but the students are also hurt.

If needless destruction had not taken place as much as it has, the new library for HPC would probably be closer to a reality.

This is what prompted Board of Trustees chairman Charles E. Hayworth to make his recent challenge to HPC students. In his Opening Convocation speech, Hayworth told the students that the trustees would appropriate $15,000 each year to the library fund if dorm destruction would be seriously curbed.

Campus security has been busy in the last few weeks trying to capture the peeping tom which is plaguing the women's dorm complex. If vandalous acts continue to draw them away from their posts, they will continue to have trouble catching the peeping tom.

MY OWN 9 hole OFFICE, AND I'M STILL IN A RUT!

*Letter to the Editor*

# Caulfields acknowlege gifts

**Dear Editor:**

During the last few days of school in May many students from several dorms sent us very generous cash donations for our dear Mary who was critically injured in a Jeep accident over two years ago. The money came from three groups and we sent grateful notes of acknowledgement to each of them. But because so many students may have left at that time we are thanking you all collectively for your exceeding generosity. The donation totalled nearly $400!

You will be pleased to know that Mary has been slowly but steadily improving and, since May, has had the Trache removed from her neck in addition to having her front teeth replaced and being fitted with special shoes and leg braces. She can also brush her hair, put lipstick on, and say the words "I love you" silently (because she doesn't know she can do so out loud).

Her comprehension improves more each day. She can drink from a cup and straw alone and even tries to feed herself. She smiles all the time and laughs aloud at jokes the aides tell her.

We welcome anyone who would like to visit her for she needs all the stimulation she can get. Mary is at Maryfield Nursing Home on Greensboro Road and can be visited any day at any time until 8:00 p.m.

Again, our profound thanks to all. We hope you had a wonderful summer!

**Sincerely,**
**Irene and Frank Caulfield**

# Hostesses say thanks

**Dear Editor:**

As Campus Welcome hostesses we want to thank the college and the orientation committee for their cooperation and concern in helping the freshmen and transfer students.

On Saturday, August 23, each one of you received a valuable packet of civic information and a coupon booklet. The businesses represented offer great discounts or free services or items to help you adapt to High Point College and the community. Unfortunately, Sambo's Restaurant is now under new ownership and they will not honor their coupon in the booklet which you have -- but the other businesses are anxious and eager to meet you.

Be sure to use your coupons -- your participation in the Campus Welcome program this year will determine the continuation of the program.

Our best wishes for a successful year at High Point College.

Since the beginning of the fall term, HPC has had an unusual amount of prowlers, peeping toms and vandals on its campus, according to Dr. Murphy Osborne, in charge of security for the college.

"I'm not sure there is anything that we can do to make everything 100% safe," he said.

Several reports have been made of a peeping tom near the women's dorms and are on file in Dr. Osborne's office.

Two weeks ago, Kathy Hanson, a resident assistant for Women's dorm, heard someone outside the third floor fire escape door. She opened the door because she thought it was a student coming home late, she said.

On the fire escape was a young black male. He ran down one flight of stairs and

# Campus Cases

**BY DANNY G. BERRIER**
**Attorney General**

Since the opening of school, two residents of Wesley Hall and one of McCulloch Hall have received fines of $25 for possession of alcohol. All of these convictions were based on a violation of Article III, Section II of the Ethics Code of the SGA.

The Wesley residents were fined for having eight bottles of beer in their room. Both were found equally guilty of possession and accepted an administrative decision by Bob Lowdermilk, Dean of Students.

Two bottles of liquor found in the room of a McCulloch resident resulted in his conviction for possession of alcohol. He also accepted an administrative decision and was fined $25 as dictated by the Ethics Code.

All three of these convictions were unnecessary marks against the people involved. As students of HPC, we all should be aware of the rules against alcohol on campus.

Each of us know that HPC is a church related institution and that drinking alcohol on campus is not considered part of a proper atmosphere.

The fines imposed following a conviction are heavy penalties. After a first conviction, a student is charged $25 or asked to work ten hours on a special project of the SGA (as directed by the Chief of Justice, Keith Chance).

A second conviction in the same academic year results in a two-week suspension from campus. A third conviction gives the student a minimum of a one semester suspension.

The SGA Constitution outlines the procedures to be followed by the Judicial Branch when charges are brought against a student. Every student is given the right to a Supreme Court trial or the option of taking an administrative decision. This guarantees the student a chance to provide arguments in support of his plea and a fair decision by a group of students and faculty.

Many other violations of campus policy do exist, but the major problem area is alcohol control. In each issue of the Hi-Po, this column will relate violations which have occurred since the previous paper and provide a little editorial comment to help increase the student body's awareness of the Judicial Committee and the amount of infractions that have occurred on the campus.

# Freshmen dorm renovated

**BY BETH GRUBBS**
**Staff Writer**

Fifteen thousand dollars was spent on the renovation of McColloch Hall this summer, according to Mr. Earle Dalbey, Vice-President for Financial Affairs.

It cost $10,000 to paint the dorm rooms and halls, he said. In addition, the college bought $2,000 worth of mattresses for sanitary reasons. $1,200 was allotted for new desks. Between sixty and seventy new window screens had to be purchased because of malicious damage.

The work began the first week in June and the final cleanup was August 20, Dalbey said.

The sofas in the lounges were recovered at a cost of $200. Two-thirds of the money spent was for senseless damage.

The screens were kicked out and ruined by students. A paint job that could have possibly lasted two years was ruined in one. The new paint job was necessary because nails in the walls had cracked the paint.

The P.A. system that was torn out by students has not yet been replaced.

Dalbey feels that "everything in McColloch is in pretty good shape right now."

An additional improvement planned for this year is a highly requested ice machine.

Dalbey hopes that the unnecessary improvements won't have to be repeated next year.

# Males register for draft

**BY CINDY BURBAGE**
**Staff Writer**

An army of 4 million American men marched to local Post Offices this past summer to sign up for the draft, making them eligible to receive "Greetings" from Uncle Sam that could order them off to war.

Among the 4 million American men were 19 and 20 year old High Point College students. The comments made by the students have been favorable.

Mark Lambert, a 19 year old sophomore, signed up in July stating "I signed up not because it's the law, but because it's the right thing to do."

Greg Lukaszcyk, a sophomore, also feels as though registering for the draft is not a favor, but a duty.

The male students at High Point College feel that a 6-month military training period would be beneficial to our country. "The quality of the volunteer army is low, and some type of military training would better prepare the country,," Mike Showalter said recently. "I feel as though females should be registered for non-combat roles," he added.

The controversial peace-time reactivation of draft registration, signed into law by President Carter June 27, marked the first time the procedure has been used in over five years.

# Freshmen favor program

continued from page 1

lot. We were so busy that we had no chance to get homesick," one freshman said.

"I thought it was great!" said another. "It was well organized and the information packets were helpful."

"It was easy to find everything around campus," said a newcomer.

As for the orientation class, the general consensus was that it is "boring and a waste of time."

Magill added that she was "real pleased with the program this year." She stated that "we had good faculty participation and excellent Orientation people. Everyone worked well together."

# Patton leaves post

continued from page 1

and a maintenance building. The college purchased almost the whole block from Montlieu Avenue to Lexington Avenue, Eastgate Shopping Center, and a president's home with 55 acres on Deep River Road.

Also under Patton's leadership, the college innovated numerous academic programs, including American Humanics, Student Career Internship, the Contract major, Continuing Adult Education, and a joint program with Florida Institute of Technology.

Several new majors were added, including gerontology, accounting, communications, home furnishings marketing, and the curriculum of the business school.

The endowment has risen from $1,035,714 to $6 million, and total assets have climbed from $4 million to over $16 million in 1979.

Patton, 58, was the fourth president of the college.

"The college reached maturity during his administration," Cole said last week. "And his legacy is the outstanding position that High Point College holds among private colleges in North Carolina, and in the South, and in the United Methodist Church.

"He is an organizing genius. He has been able to put all these programs together and somehow remain in the background," Cole said.

"It" (his resignation) means that one era has ended and that new directions will be probably taken. But what he has built can only be elaborated on or modified. He has built the foundation."

# Campus Cases

BY [illegible]
Attorney General

Since the [illegible] of [illegible] two residents of Wesley Hall and one of McCulloch Hall have [illegible] [illegible] disciplinary [illegible]. All of these [illegible] were [illegible] as a [illegible] of Article III, Section [illegible] of the Ethics Code of the SGA.

The Wesley [illegible] were fined for having [illegible] of beer in their room. Both were found [illegible] guilty of [illegible] and [illegible] an administrative [illegible] by [illegible] Dean of Students.

The endowment has risen from $[illegible] to [illegible] million, and total assets have climbed from $1 million in [illegible] to [illegible] million in 1979.

Patton, 66, was the [illegible] president of the college.

"The college reached maturity during his administration, Cole said last week. And his legacy to the [illegible] [illegible] that High Point College holds among private colleges of North Carolina, and in the South, and of the United Methodist Church.

He [illegible] [illegible] [illegible] [illegible], He has been able to [illegible] all these [illegible] [illegible] and [illegible] to [illegible] to the [illegible], Cole said.

[illegible] [illegible] [illegible] [illegible] [illegible] [illegible] and that new directions will be probably taken. But [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] the [illegible].

# Freshmen favor program

continued from page 1

[illegible]. We [illegible] so busy that we had no chance to get homesick, one [illegible] said.

[illegible] [illegible] said [illegible]. "It was well organized and the [illegible] [illegible] were helpful.

It was easy to find [illegible] around campus and [illegible] [illegible].

As for the [illegible] [illegible], the general [illegible] was that it's "boring [illegible] waste of time."

[illegible] [illegible] [illegible] [illegible] [illegible] with the program [illegible] year [illegible] that "we had good faculty participation and [illegible] [illegible] [illegible] [illegible]. Everyone [illegible] well together.

# Students attend camps; four win honors

BY
CRYSTAL HEDGECOCK
Staff Writer

While most HPC students are returning to school after a leisurely summer, six fellow coeds are returning from a vigorous and adventurous summer of attending ROTC camps.

Jon Richardson, Mike Lopez, and Viveca Wingfield attended a six-week leadership camp at Ft. Knox, Ky. The camp involved general military training, with classes stressing leadership and physical fitness.

TRI-AD
SCREEN PRINTING INC.
HIGH POINT, N.C.

Jeff Koehler, Jon Richardson, and Mike Showalter received ROTC scholarships. (Photo by Marissa Firpi).

Stephanie Higgins, Cheryl Holmes, and Andrea Blanchard spent their summer at an advanced leadership camp at Ft. Bragg, N.C. This camp's main objective was learning to use qualities previously acquired.

Attendance at the Ft. Knox camp is voluntary and any freshman or sophomore is eligible to attend. This camp qualifies the individual for advanced ROTC training, but there is no obligation to continue in the ROTC program.

Honors have also been bestowed upon four HPC students through the ROTC program.

Jeff Koehler and Mike Showalter have been awarded full academic scholarships, after competing with students from all parts of the United States. These scholarships pay full tuition and all costs including books, lab fees and any other required fees. A one hundred dollar tax-free check is sent to each recipient monthly, as well.

Jon Richardson won an ROTC scholarship based primarily on oustanding leadership performance. This scholarship also pays full tuition.

Stephanie Higgins, while at Ft. Bragg, scored highest of the fifty-two students attending the camp on advanced leadership qualities. She was competing along with students from HPC, Wake Forest University, and Winston Salem State University.

HPC is beginning its third year with the ROTC program, and attendance has grown from one student in 1978 to over fifty students enrolled this fall. There are fifteen students enrolled in the advanced program.

All of these students are working toward a commission as a 2nd Lieutenant in either the National Guards or in active duty.

The ROTC program is becoming more involved in activities on campus and they will be responsible for presenting the National Colors at the home basketball games this season. The ROTC will also sponsor a HPC Road Race this spring for all joggers in the Triad.

Cpt. David E. Walters is responsible for the ROTC program and hopes more freshmen and sophomores will take the basic ROTC courses. These courses will not commit the student to future ROTC courses or any military obligation, but are merely courses on leadership training and adventure.

# Six join HPC faculty

BY LAURIE PENROD
Staff Writer

The new students are not the only people in a new surrounding. This year the High Point College teaching staff has taken on six new members.

A new member in the language department is Dr. Barbara P. Black. She has had experience in teaching in the public school system in the Shenandoah Valley and has taught high school in Louisiana and Athens, Greece.

Barbara Black

Black has traveled extensively in Europe and in order to obtain her Ph.D. she worked from Tulane, Middlebury and Mary Washington College. Black is teaching French and Spanish.

Also new to the language department is Renee C. Martinez. She first moved to the United States from Central America to attend college. She then received her Ph.D. from the University of Virginia.

Renee Martinez

Martinez moved to High Point with her late husband, Dr. Juan de D. Martinez in 1976. She has previously taught in the CAEP and is a member of the Art Guild. Martinez is teaching Spanish.

Janice Stutts, a High Point native, graduated from Central High and graduated with honors from N.C. State. She earned her M. A. in journalism from Ball State University.

Janice Stutts

Stutts will be teaching English and Journalism and she recently was a writer on the staff of the High Point Enterprise.

A new member of the math department is Dr. Vernon E. Liberty who taught last year at Clemson. Liberty also taught at Western Carolina University and Oklahoma City Southwestern College.

Vernon Liberty

He received his B.S. and M.S. degrees from Clemson and is now working on his

# Eizenstat to present opening address

Stuart E. Eizenstat, Assistant to the President, will present the opening address October 14, 1980, at the Third World Energy Engineering Congress being held at the Georgia World Congress Center. The opening ceremonies include a special address by John F. O'Leary, the First Deputy Secretary of Energy, U.S. DOE, who will present a critical assessment of the U.S. Energy Policy and Program.

The Congress, which lasts three days, includes more than 100 technical presentations and the Energy Expo is one of the largest energy exhibits in the Southeast. The exhibit is open to the public ($3.00 admission charge) from 11:00 a.m. - 7:00 p.m. on Tuesday and Wednesday, and from 11:00 a.m. - 3:00 p.m. on Thursday.

The Congress ends on October 16, 1980 with five special forums on subjects such as Energy to the Year 2,000, and the International Forum.

# Union fills vacancies

The Student Union held elections last week to fill the positions left vacant by students who did not return this semester.

Peggy Pesce was elected by the group to fill the office of Student Union Chairman. Pesce is a senior from Bowie, Md. She is also the SGA treasurer and member of Alpha Gamma Delta sorority.

The new co-chairmen of the concert committee will be Jim Wolfe and Chris Bishop. Also elected as co-chairmen were Lisa Bauman and Elizabeth Brack. They will head the dance committee.

Dean Bruce Tingle said that he is very confident of every chairperson that is serving the Union this year. He reported that the first two meetings have drawn crowds of 67 and 71 respectively.

"There are plenty of new faces in the crowd and we can anticipate a very successful year ahead," Tingle said.

# *Seniors to hold meeting*

The first meeting of the senior class will be held on Thursday, Sept. 18 in the lobby of the Campus Center. The meeting will start at noon.

The purpose of the meeting will be to discuss what seniors need to do in order to graduate in May. Plans for the taking of the yearbook pictures will also be discussed.

It is urged that all seniors attend this first meeting in order to understand what the class must do for graduation.

# Patton reflects on past; future uncertain

**BY KIM DARDEN**
**Associate Editor**

Dr. Wendell Patton's afternoons are quiet ones.

These days he spends them in a secluded little office in Haworth Hall sorting through piles of papers, compiling reports, rearranging files and records. He has no office hours and he wears short-sleeves and casual slacks everyday -- a good thing -- because sometimes the air-conditioning doesn't work in his office.

For the first time in 21 years, Dr. Patton does not sit behind the commanding desk in the Office of the President here, does not dress each day in a suit and tie, does not have each hour of his time rigidly scheduled.

Last year this time, he had no idea there would be such a change in his life.

It has been a long summer.

A news story in a late May issue of the *Greensboro Daily News* revealed that Dr. Patton was being treated at Moses Cone Hospital for diabetes and was a patient at Fellowship Hall, an alcohol treatment center near Greensboro. Patton and the college remained in the headlines until his resignation was announced July 11. Patton cites this publicity as the reason for his resignation.

"I felt the publicity hurt the college," he said last week. Had the publicity not occurred, he said, he would not have resigned.

When Patton speaks of his resignation, sadness and regret are still fresh in his voice and in his eyes.

"Oh, I miss it, I do," he says deeply, "but as a psychologist I've been preaching for a long time that nothing creates more unhappiness in humans than trying to hold on to something beautiful. It is that way with a mother trying to hold on to her child forever, or with a wife who wants to keep her husband the way he was when she married him."

"But with humans, nothing is static, but ongoing -- they must be. Of course we have our difficult moments, things we don't want to give up. But this has to be; we have to keep moving forward."

Patton is now working on "special projects" for the board of trustees. He is compiling a history of 21 years of his administration -- a history which will be compiled from records of board actions, minutes of faculty meetings, yearly audits, news releases -- and which will be published in the form of a final report to the trustees.

Patton says his health is improving steadily.

"I've lost 30 pounds, my blood sugar and blood pressure are good. By Christmas I think I'll be in good shape," he said.

Looking a little into the future, Patton says he is considering teaching --maybe even next semester.

"I enjoy teaching, and it's been a long time," he says. Patton, 58, is a former Instructor of Psychology at Purdue University and Professor and Head of the Department of Education and Psychology at Landor College in South Carolina.

"As for next year -- I haven't decided," he said. "I may go into Consultant Psychology, back into business, teaching -- I may even go back to graduate school."

Dr. Wendell M. Patton

What will Patton's resignation mean to High Point College?

"It will mean that the college will run right on the same; it will not miss a step. And this I can say with pride because this is exactly how I meant for the administration to be organized. About 15 years ago we began running the college with the team approach. Under the four vice-presidents, every function is made the direct responsibility of someone with no overlapping and with all four of us working very closely together."

"I did this with the explicit desire that without one of us, this college would not be affected."

Patton feels that the college can benefit from his resignation. "(My resignation) can be an opportunity for the college to take another step forward," he said.

"There's always a danger, when someone has been in office as long as I have, in developing a closed mind, in losing enthusiasm.

"This can be a time for revitalization."

And what does Dr. Patton's resignation mean to Dr. Patton?

"It has forced me to change the direction of my life."

And still not enough time has passed, he says.

"The other day I saw a dead shrub around the school and I thought, 'I've got to get that out of here.' Then I realized: it was none of my business!"

"But (the resignation) has been good in that -- I guess I'd become self-centered, headstrong. This has forced me to listen to God's will for me. It has given me the time to understand and for Him to give me the strength to do it," he said.

Dr. Patton wants the students to know of his "continued love and interest in them."

"The fact that I am no longer president does not affect that in any way; my door is always open." (Hayworth 117)

"And I want them to know that they have chosen an excellent institution and that it is in the strongest position today that it has ever been."

# New policies enacted

The following policies were enacted by the Wrenn Memorial Library staff effective immediately:

1. Each student must sign his name, account number and P.O. Box # or address and show his ID card to check out a book.
2. The regular loan period is 3 weeks. Generally, books can be renewed once.
3. All overdue fines are to be paid when overdue books are returned.
4. A $5.00 processing fee is added to any unpaid overdue fine or any book replacement charge (cost of replacing book not returned after 2nd notice sent).
5. Each student is responsible for familiarizing himself with the information presented in "Wrenn Memorial Library: An Introduction". These brochures are available in the library.

The library staff also announced that the new edition of the library pamphlet contained an error concerning Saturday hours. The library will be open 1 p.m. to 5 p.m. on Saturdays instead of 1 a.m. to 5 p.m. as was printed in the pamphlet.

# Study reveals drinking habits

**BY LISA D. MICKEY**
**Staff Writer**

Results from a recent study done at High Point College indicate some surprising and some not-so-surprising facts about students' drinking habits.

Edward Grandpre, a graduate student at Wake Forest University, conducted the research last year through the campus mail system. 150 subjects -- 75 males and 75 females -- were chosen at random and were sent a two-page survey. Out of that number, 56 percent of the students surveyed responded.

The study's objective was to determine alcohol consumption differences between males and females, Greeks and independents, the four academic classes and between groups of majors. As a result, it was determined in all four categories that there was no significant difference in drinking rates.

Of the responding students surveyed, 91.7 percent of all subjects consumed alcohol and 81 percent of the subjects drank on campus.

These statistics indicate, as stated in the research report, that "HPC's current alcohol policy does not reduce alcohol use" and that "the answer to alcohol use is not the prohibition of alcohol on the college campus."

The present alcohol policy, which forbids the possession or use of alcohol on campus, reflects the view of the United Methodist Church, with which HPC is associated.

It should be noted that the number of responding students in this study is small (84) and that follow-up studies are being considered for more accurate results. By the conclusions on hand -- and however accurate it may be -- it is shown that most students at HPC consume alcohol of some sort.

# Acting President Cole just wants to listen

**BY KIM DARDEN**
**Associate Editor**

A "campus wide exchange of ideas" will be an emphasis of acting president Dr. David Cole's administration, he said last week.

"Communication is a problem on this campus," he said.

"I would like to work towards better communication between faculty and adminstration and between faculty and students."

"I just want to listen -- listen to the students, listen to faculty, listen to maintenance -- listen to what everyone has to say," he said.

Cole, Vice President and Dean of the College, was named acting president by the Board of Trustees on Aug. 13 following Dr. Wendell Patton's resignation June 24.

In hopes of improving communication among the faculty, a new publication called *Family Talk* will feature news items concerning staff members, Cole said. The first issue of the newsletter was Aug. 28.

Acting President David W. Cole

In addition, a series of faculty luncheons during the year will serve as a rap session between the faculty and administration.

Cole plans to set up a communication line between faculty and students "primarily through the advisor system," he said.

The heads of the four academic divisions will work with a group of students in SGA to come up with a better system of academic advising, he said.

Cole foresees no major changes or new policies under his administration.

"Any plans the college has are on-going, and we knew pretty well what we were going to do this year," he said.

Cole called "monumental" the announcement by trustee chairman Charles E. Hayworth that he would recommend an intensive fund raising campaign towards a new library. Hayworth made the announcement at Opening Convocation Sept. 3, saying that he would make the recommendation to the trustees.

A new library remains a priority of the administration, Cole said.

In addition, the administration will concentrate on the following areas:

--expansion of the Continuing Education program

--security and maintenance

--continued campus beautification through flowers and shrubbery

--the possible creation of a Behavioral Science department in which Gerontology, Sociology, Psychology, and Human Relations would be combined into the same area of study.

Cole says he has made no decision on whether to seek the post of permanent president.

"I just don't know -- I'm at the age when people think about retiring," said Cole.

Cole, 60, is the senior academic Dean in North Carolina. He has been Dean of the College since 1962.

The deadline for applications for president is Oct. 1. An advertisement for the position ran two weeks (on Aug. 25 and Sept 20) in the *Chronicle of Higher Education,* the standard publication of the American educational community.

A search committee of students, alumni, faculty, and trustees has been appointed to recommend the next president of the college to trustees.

The committee will go through the applications, conduct interviews, and in general go through a "weeding out process," Cole said.

"Eventually they will probably recommend a name or names to the trustees who will make the final decision," Cole said.

# Parents' Weekend upcoming

**BY KIM HIGGINS**
**Staff Writer**

The annual Parents' Weekend will be on Sept. 27 and 28 this year. The faculty has been working hard and hope the parents will take this opportunity to get to know them and learn about the college.

Mr. Cletus Kruyer, who is in charge of Parents' Weekend, is hoping for about 200 parents. "We are having a good response from the mailings we sent out," he said.

The parents may choose to attend two of three seminars: "Work Before Play -- The Academic Responsibilities of Your Student," "Changes in Attitude -- Changes in Latitude -- Understanding Your College Student," and "Dollars and Sense -- Financing a College Education."

In addition, the City of High Point will sponsor a "Day in the Park" at the City Lake on Saturday and Sunday.

The weekend schedule includes:

**Saturday — September 27**

8 a.m.-Noon: Registration in Holt McPherson Campus Center.

8-9 a.m.: Continental Breakfast — Lobby Campus Center.

9 a.m.: First Seminar Period.

10-10:30 a.m.: Coffee break, Lounge.

10:30-11:30 a.m.: Second Seminar Period.

12:30 p.m.: Lunch in Cafeteria.

2:30 p.m.: Soccer, High Point vs. Belmont Abbey.

5:30 p.m.: Dinner available in Cafeteria.

8:30 p.m.: Tower Players, Memorial Auditorium.

**Sunday — September 28**

8:30-10 a.m.: Continental Breakfast, Cafeteria.

11:30--: Worship, Chas. E Hayworth Sr. Memorial Chapel.

# Watley assumes cafeteria post

**BY ANDREA HADZIMICHALIS**
**Staff Writer**

If you've wondered why the food has been tasting a little better this year, it could be as a result of the cooperative liaison between our Food Service Director, Frank Caulfield, and his newest assistant director, Frank Watley, Jr.

Watley, a resident of the High Point area, has abandoned his occupation as a self-employed house painter to combine his personal cooking techniques with those of Caulfield. Both men had first experienced cooking while working in the military services. Their knowledge and similar backgrounds have helped them to perform as a very compatible cooking team.

Aside from his training in the military, Watley has had several courses in bread baking, pie making, cake decorating, and gourmet cooking. He has attended a reputable school in San Francisco, and has toured countries such as England, Germany, the Philippines, and Southeast Asia -- gathering valuable information concerning the art of cooking.

Frank Watley

Watley has thus incorporated his profound knowledge of cooking with the standard cooking procedures of High Point College. He feels that his methods of food preparation have made a difference in the general flavor of the foods: the gravies are smoother and the soups, stews, and casseroles are tastier.

When asked the question, "Is there any real secret involved in being a good chef?" Watley simply smiled and replied that one can read and follow a recipe, but the chef is the one who puts it all together, with style."

"[illegible] changes in store" will be [illegible] in acting president David Cole's administration, he said last week. "Communication is a [illegible] the Board to students," [illegible] president Dr. [illegible] [illegible] June 30.

In hopes of improving communication among the faculty, a new publication called [illegible] will be [illegible]

The [illegible] in the [illegible] students will [illegible] with a group of students [illegible] system of [illegible] he said.

[illegible] no major changes to new priority [illegible] the [illegible] administration.

"[illegible] the college [illegible] England, and [illegible] group well [illegible] were going to do this year," he said.

Cole called "[illegible] of the announcement [illegible] students Charles [illegible] that he [illegible] recommend to students [illegible] president [illegible] a new library. [illegible] at Opening Convocation [illegible] recommendation to the trustees.

A new library [illegible]

Acting President David W. Cole

[illegible] in this campus," he said.

"I would like to work towards better communication between faculty and administration and [illegible] faculty and students.

"I just want to listen. [illegible] in the students, listen to faculty, listen to students, listen to what everyone has to say," he said.

Cole, Vice President and Dean of the College, was named acting president by [illegible] gave more [illegible] staff members, Cole said. The first issue of the newsletter was Aug. 30.

In [illegible] a series in faculty [illegible] during the year will serve as a [illegible] between the faculty and [illegible]

Cole plans to set up a [illegible] between faculty and students "[illegible] through the [illegible] system," he said.

[illegible] priority in the "[illegible]" Cole said.

In [illegible] the administration will concentrate on the [illegible]

—expansion in the [illegible] priority [illegible] campus

—security and [illegible]

—continued campus [illegible] changes [illegible] and [illegible]

—the possible [illegible] of a Behavioral Science department in [illegible] Psychology and [illegible] could be combined into the same area, he said.

Cole says he has [illegible] to [illegible] permanent president.

"I just don't know — to be the type where people [illegible] priority," said Cole.

Cole [illegible] to the [illegible] in North Carolina. He has been there in the College since 1961.

The [illegible] for applications for president is Oct. 1. An advertisement for the position [illegible] Aug. 16 and Sept. 30 in the Chronicle of Higher Education, the [illegible] published in the [illegible] community.

A search committee of students, alumni, faculty, and trustees has been [illegible] to recommend the next president to the college trustees.

The committee will go through the [illegible] conduct interviews, and in general go through a "weeding out process," Cole said.

Eventually they will probably recommend a [illegible] to the trustees who will [illegible] the final [illegible] Cole said.

# Parents' Weekend upcoming

BY KIM [illegible]
Staff Writer

The annual Parents' Weekend will be [illegible] Sept. [illegible] and [illegible] this year. The faculty has been [illegible] hard and hope the parents will take this opportunity to get to know the [illegible] and learn about the college.

Mr. [illegible] in [illegible] of Parents [illegible] is hoping for about 200 [illegible] "We are [illegible] a good response [illegible]

the changes [illegible] he added.

The parents may choose to attend one of three seminars, Work Before Play: The Academic Responsibilities in Your Student, Changes in Attitude, Changes in Lifestyle: Understanding Your College Student, and Different Issues: Planning a College Education.

In addition, the City of High Point will sponsor a "Day in the Park" at the [illegible] Lake on Saturday and Sunday.

The [illegible] schedule is:

Saturday September 20

[illegible] a.m. [illegible] Registration in [illegible] Campus Center

[illegible] a.m. [illegible] — Lobby Campus Center

[illegible] First Seminar Period.

[illegible] a.m. Coffee [illegible]

10:30-[illegible] a.m. Second Seminar Period.

[illegible] p.m. Lunch in [illegible]

[illegible] p.m. [illegible] High Point vs. [illegible]

[illegible] p.m. [illegible]

[illegible] p.m. [illegible] Memorial Auditorium.

[illegible] September 21

[illegible] a.m. [illegible] Breakfast, Cafeteria.

11:00 — Worship, Chas. E. Hayworth [illegible] Memorial Chapel

# Watley assumes cafeteria post

BY ANDREA
[illegible]
Staff Writer

If you've wondered why the food has been tasting a little better this year, it could be as a result in the cooperation between the Food Service Director [illegible] Caulfield, and his [illegible] Frank Watley Jr.

Watley, a native of the High Point area, has [illegible] his knowledge of a [illegible] (including) two [illegible] Caulfield. Both [illegible] first [illegible] changes in the [illegible] services. The knowledge [illegible] to perform as a very [illegible] campus [illegible] Aside from his [illegible] the [illegible]

Frank Watley

[illegible] has [illegible] a [illegible] school in San Francisco, and has [illegible] such as England, [illegible] the Philippines, and Southeast Asia [illegible] his knowledge [illegible] cooking.

Watley has [illegible] 11 years of knowledge in cooking with the standard [illegible] in High Point College. He feels that his students in food preparation have made a difference in the general [illegible] and the [illegible] are [illegible]

When does the president [illegible] being a good chef? Watley simply [illegible] and [illegible] follow a recipe, but the [illegible] to it all together each style.

# Carter presented award

BY SHARON K. LITCHFORD
**Staff Writer**

Thanks to Ira Carter, the campus of High Point College has tremendously improved in appearance. Carter has taken a great interest in planting flowers and designing the landscape around the college.

As a result of his outstanding work, he received an award from the "Bedding Plants Incorporated of America." This is a national organization which all bedding plant growers participate in. Carter considers this a great honor since only two of these awards were given out in the city of High Point.

**Ira Carter**

Carter stated, "I have no idea how my name was submitted for the competition. One day the committee just came to the campus to examine my work. It was a complete surprise to me."

Carter has been an employee of High Point College since 1978 but his interest in flower planting goes back much further. Thirty-five years ago he began working for a commercial greenhouse and has enjoyed working with plants ever since then.

Carter schedules his planting of flowers so that they will be in full bloom when students first arrive at school and then for the graduation ceremony in the spring. "I enjoy doing it for the students," he said.

Over the summer he has planted more flowerbeds in addition to the ones planted last spring. He built a fence and put flowers around it on the path between the snack bar and Cooke Hall.

He also planted chrysanthemums and zinnias along the creek and in front of Roberts Hall. These should be blooming around the nineteenth of September according to Carter.

Although the campus is already blooming with flowers, Carter still has more planting jobs planned for the future. Coming up this semester, he would like to try out his idea of a rock garden that would be located by Roberts Hall.

He also plans to plant five thousand pansies and tulips that will bloom in the spring.

**MARTY BEAR will appear tonight at the Coffeehouse at 8:00 p.m. in the Old Student Center.**

# Crow to give lectures

Dr. Earl Crow, professor of religion and philosophy and chairman of the department at High Point College, will give a series of lectures at West Market Street Methodist Church, Greensboro, on Wednesday evenings in September and October.

The seminar topic is "A Faith for the 80s." Dr. Crow said he expects to discuss the relation of the historic faith to the current age, or to put ancient theology into contemporary categories.

The discussions will come immediately after the Wednesday Church Night dinners beginning at 5:45 p.m.

Titles and dates of the series are as follows:

—September 17 -- A Changing World;

—September 24 -- Toward Appreciating the Bible;

—October 1 -- A Christ I can Recognize;

—October 8 -- Saved To Life;

—October 15 -- A Church Unafraid to Die;

—October 22 -- A Potpourri

Dr. Crow, a member of the Western North Carolina Conference, came to High Point College in 1964. He earned his Ph. D. degree from the University of Manchester (England) in historical theology: he earned his bachelor's degree and his divinity degree from Duke University and the Divinity School.

# Students question SCIP costs

BY KAREN L. CRAVER
**Staff Writer**

Some juniors and seniors at High Point College have to pay tuition even though they are not signed up for any classes.

Students taking the Student Career Internship Program through the school, work at businesses for 15 to 40 hours per week, and though they may not have any actual classes, have to pay tuition for the credit hours they receive.

Started to help students evaluate their major areas of study, the program has been highly successful, according to William F. Cope, professor of sociology and head of the SCIP program at HPC.

SCIP is required in communication and gerontology majors, but is open to all students during the spring of their junior year, fall of their senior year, and both summer sessions between the junior and senior years.

According to the 1979-80 High Point College Bulletin, the fee for SCIP is the regular college cost "plus a fee to cover the cost of the faculty supervisor's transportation, communication, and living expenses incurred in the supervision."

Each student in the program should be visited by his advisor three times during the internship, according to guidelines, but some students say the advisors have forgotten this rule.

"I was working in Winston-Salem," a SCIP student said, "and I couldn't afford but six credit hours, but I only saw my advisor once. I would have been glad to pay for expenses, but full tuition is ridiculous for one lousy trip."

During the internship, students are required to keep logs of events, and these logs are turned in to the advisor before the internship has ended to determine if credit will be awarded for the work.

"The college provides the internship experience and what you pay for is that privilege," Cope said. "And I don't see any reduction in prices, you have to pay for the hours you receive," he said.

*A New Solution To The Old College Cost Puzzle:*

**ARMY ROTC**

## *Gibson optimistic*

# Soccer team shooting for two goals

**BY MARIO WATSON**
**Staff Writer**

As school opens once again, the High Point College soccer team launches forward into another season.

The squad had its season opener against N.C. State where they were defeated by a score of 3-0. It was a real tough contest and neither squad scored until the last half of the match.

Co-captain Mike Moran was injured, which was a major blow to the squad. The team played with a great deal of intensity.

According to Coach Woody Gibson, the squad will play a total of 17 matches with two goals in mind. The first goal is to win the conference title and the second goal is to win the district championship.

The squad has traveled to the playoffs six consecutive years but has never won a championship.

Gibson feels that his squad is capable of achieving these two goals. He feels that for the team to be successful a few of his players must have good individual years.

"We lost one of our best power scorers in Walter Roe to graduation," Gibson said. If Jeff Sloan, Ralph Barnes, and Greg Patridge come into their own, it could be a heck of a season for us."

**Freshman Ian Lewis attempts a pass during the recent HPC contest against Warren Wilson. (photo by Lisa Mickey)**

Returning players who will see much action are Chris Hohnhold, All-District player for the Panthers. Pepe Perone will also play a large part in this year's squad. He was an All-Conference selection last fall.

In the nets will be Ricky Klier, who is considered to be the best goal keeper in the conference. In six conference games last fall, he only allowed two goals.

Also the return of injured co-captain Mike Moran will aid the squad. As for the freshmen recruits, Gibson seems to be pretty well pleased.

Heading the list will be Jono Jackson from Wilmington, Del. He was a starter on the Delaware state championship soccer team. He also will be starting for the Panthers.

Another impressive newcomer is Ian Louis who is from Alexandria, Va. Born in Jamica, he moved to Virginia and became Northern Virginia player of the year. He is capable of playing several positions.

Playing at center forward will be Mike Branwell out of Bloomfield, N.J. He was All-State in New Jersey. Brian Sarnecki of Baltimore will be playing at a back position and he also is an All-Stater.

Gibson feels that his squad has what it takes to become a winner.

# Steele expects bright season for field hockey squad

**BY MARIO WATSON**
**Staff Writer**

As Kitty Steele prepares her field hockey squad and herself for the upcoming season, she is somewhat optimistic.

"We have a bunch of good girls returning and our freshman recruits are looking good. If we can mold them in, things should be pretty bright for us," she said.

Last season the Lady Panthers ended the season very successfully with a 9-3 record, only losing to Division 1 schools such as Duke, Appalachian, and Carolina.

In their own division, they were ranked #1 and had a record of 6-0.

The Lady Panthers went to the state tournament and were upset by #6 ranked East Carolina.

By winning the regular season the Lady Panthers still got a bid to the regionals. At the regionals, the Lady Panthers were upset by University of Richmond and Furman University, who they beat earlier in the year by a score of 3-1. What does the squad have planned for this year?

With the loss of 4 four year starters to graduation, returning veterans and freshmen will play a huge part in this year's success.

New freshmen recruits include Kimberlee Carter from Asheville, Jane Doyle from Titusville, N.J., Carrie Indis from Claymont, Del., and Mary Wohllenban from Chevy Chase, Md.

As for the returners, Stephanie Higgins heads the list. Senior Sharon Kaler has been one of the team's top scorers.

Junior members of the team include Patty Fortus, Anne Ludwigson, and Jannell Welsh. The sophomore class is lead by Lou Taylor and Cheryl Egner, who both started as freshmen.

Rounding out the squad

# *Sigs take title*

**BY KAREN MARGINOT**
**Staff Writer**

Last year's men's intramural program had a strong finish with a race for the overall title. Delta Sigma Phi took the title with 170 points while the Lambda Chis finished second with 145.

The Sigs were champions of soccer and volleyball in the fall and bowling the spring.

Other winners in the fall were Theta Chi -- ultimate frisbee, Bellacos -- track and field, Mitch Sears -- tennis singles, Daryl Garner and George Phillips -- tennis doubles.

The other spring sports winners were The Crew -- A league basketball, 76ers -- B league basketball, and the Gatehouse -- softball.

Finishing third in the overall standings behind the Sigs and the Lambda Chis was the Bellacos team with 95 points.

Going into the final two sports of softball and bowling, the Chis had closed the gap between themselves and the Delta Sigs. The Sigs enjoyed a large lead earlier in the year.

The Sigs lost in the first round of the playoffs in softball while the Chis advanced further to pick up some points. In bowling, the two teams met in the finals and the Sigs swept all three points to lock up the overall championship.

# *Lady netters young; Little sees potential*

BY JOAN MADERT
Staff Writer

The women's volleyball team may be young but the potential is there for a good season.

With only two returning players from last year, Viveca Wingfield, captain and Deborah Jones, the team is showing teamwork.

"They may be young but they are working together as a team," volleyball coach Nancy Little said.

The Panthers have nine new players with senior Karen Christoffersen returning after a year off.

Freshman walk on Kelly Jones from Concord, Va., believes that, "Coach Little is a good coach; she's tough and that's what we need."

"The team is learning quickly and I am very optimistic about the season," Little said.

The fast learning and teamwork of the Panthers was shown in the four game scrimmage against Duke University on Sept. 11. The Panthers were defeated in score but according to Little, "the girls outplayed Duke."

Volleyball season is mostly dependent on the performance at the end of the season, during tournament play.

"The important thing is to play well at the end of the season," Little stated.

**Viveca Wingfield and Deborah Jones go up for a block in last week's scrimmage against Duke. (photo by Lisa Mickey)**

# Intramurals begin with frisbee matches

BY KAREN MARGINOT
Staff Writer

The 1980-81 men's intramural season got under way last week with seven teams competing in ultimate frisbee, the program's newest sport.

After one week of play, the Lambda Chi "A" team leads with a 3-0 record with Delta Sigma Phi in second at 3-1. Theta Chi has a record of 2-1 for third place.

Rounding out the standings are the Devils, 2-2; Street Survivors, 1-2; Lambda Chi "B," 1-2; and the Pikas, 0-4.

The Delta Sigs were the scoring leaders with 43 points in their four contests while the Lambda Chi "A" team posted the toughest defense, allowing only 20 goals.

Both the Sigs and the Theta Chi's scored 17 points in one game.

The season will continue for three more weeks with games being played at 3:30, 4:30, and 6:00 Monday through Thursday.

The intramural director this year is Jeff Koehler and his assistant is Charlie Gross. Both say they don't foresee any major changes in the program this year but changes concerning rule infractions will be considered as the season progresses.

# *Recruits to help team*

continued from page 9

are Susan Schult and Debra Hutter, who didn't play last year but played on her high school team in New York.

Senior Lisa Mickey, who once thought about managing the squad, has decided to join the team and give it a shot. Steele was delighted and hopes that she will stay on as a player.

The upcoming season for Steele and her squad will depend a lot on how fast her recruits come around and the support of the students.

This year the Lady Panthers host the Southern Region II field hockey tournament which will take place on Nov. 7 and 8.

The first home game will be Oct. 4 at 4:00 against Winthrop College from Rockhill, S.C.

# Lady netters young; Little sees potential

The season volleyball team may be young but the potential is there for a good season.

With only two returning players from last year, Vivian Wingfield, captain and Deborah Jones, [illegible] checking teamwork.

"They may be young but they are working together as a team," volleyball coach Nancy Little said.

The Panthers have three new players with [illegible] Karen [illegible] returning after a year off.

Previous [illegible] Jones from Concord, Va., believes that, "Coach Little is a good coach; she's tough and she's there when we need [illegible]."

"The team [illegible] is learning quickly and I see very [illegible] about the season," Little said.

The fast learning and teamwork of the Panthers was shown in last [illegible] scrimmage against Duke University on Sept. 11. The Panthers were defeated in score but according to Little, "the girls outplayed Duke."

Volleyball success is mostly dependent on her performance at last [illegible] of last season, during [illegible] play.

"The important thing is to play well at the end of the season," Little stated.

Vivian Wingfield and Deborah Jones go up for a block in last week's scrimmage against Duke. (photo by [illegible])

## Intramurals begin with frisbee matches

BY KAREN MARTIN
Staff Writer

The 1980-81 men's intramural season got under way last week with seven teams competing in ultimate frisbee, [illegible] season sport.

After one week of play last Lambda Chi A team leads [illegible] record with Delta Sigma Phi in second at 3-1. Theta Chi has a record of 2-1 for third place.

Rounding out the standings are [illegible] Faculty 1-2, [illegible] 1-3, Lambda Chi B 1-3, and last Pikes, 0-4.

The Delta Sigs were last scoring leaders with [illegible] points a [illegible] while the Lambda Chi A team posted the toughest defense allowing only [illegible] goals.

Both Delta Sigs and Theta Chi scored 7 points in one game.

The season will continue for three more weeks with games being played at 3:30, 4:30, and 6:00 Monday through Thursday.

The intramural director this year is Jeff Kessler and his assistant is Charles Grass. Both say they don't foresee any major changes [illegible] program this year but changes concerning [illegible] fraternities will be considered [illegible] the season progresses.

## Recruits to help team

continued from page 9

are Susan Brisch and Debra Mobley, who didn't play last year but played on her high school team in New York.

Bowie [illegible] Mobley who [illegible] thought [illegible] and hopes [illegible] will [illegible] at a player.

The upcoming season [illegible] Bowie and her squad will depend [illegible] support of the students.

This year the Lady Panthers [illegible] from the Southern Region [illegible] field hockey tournament which will take place [illegible] Nov. 7 and 8.

The first home game will be Oct. 4 at 4:00 against [illegible] College [illegible]

# RUSH keeping Greeks on the move

**KAPPA DELTA**

With memories of a fun-filled summer, the sisters and pledges of Kappa Delta sorority returned to HPC eager to meet old and new friends. Since their arrival, they've been busy working to make RUSH a special time for both rushees and sisters. The KDs would like to wish all national and service sororities and fraternities a good RUSH. The KDs hope you get the best pledges ever!

Kappa Delta has also been planning parties. The sisters are giving a keg party in honor of their new pledges on Sept. 26. They've also planned a mixer with the Pi Kappa Phi fraternity from UNC-G, and a rock-a-thon for later in the semester.

The KDs would like to congratulate Debbie Hutter on making the field hockey team and Carol Rogers on becoming the acting WWIH Station manager. Congratulations!

**DELTA SIGMA PHI**

The Delta Sigs return with 23 brothers and one pledge and anticipate a strong RUSH program.

The Sigs had a good opening party at the Elks Club and an even better Deck Party at the home of alumni brother Larry Johnson this past weekend.

Coming up is the annual Grain Party and another Barn Party, which was a big hit last year.

The Sigs are also anticipating a strong intramural program as defending overall champions.

The Sigs hope all the other Greeks have a great RUSH.

**ALPHA PHI OMEGA**

Alpha Phi Omega co-ed service fraternity held its first meeting Sept. 1. The president for the fall semester is Nancy Reichle.

On Sept. 11, there was an open house in the fraternity lounge. There were approximately 30 visitors.

The APOs held a Campus Community Watch program on Monday, Sept. 15 at 7:30 in the Conference Room of the Campus Center. This program was put on by the High Point City Police Department to show HPC students how they can better protect themselves and their valuables. Students may sign up during mealtime in the cafeteria for their valuables to be marked with proper identification.

Other APO activities include building a physical fitness trail at the Thomasville YMCA. Also, they will hold a Blood Drive in the Campus Center on Oct. 13.

**PI KAPPA ALPHA**

Pi Kappa Alpha fraternity is returning this year with 23 brothers, one pledge, and 12 little sisters. Any girl wishing to become a little sister may contact any brother or little sister.

The fraternity had an outstanding opening RUSH party at Holiday Inn West on Sept. 7.

A Miller Party was held on Sept. 12 and the Pikas had a softball game on Sept. 13. The dates of Stags and a closed RUSH party will be announced. Concluding RUSH will be Drags on Oct. 4.

Also, the HPC chapter of Pi Kappa Alpha is now working with the chapter at Wake Forest to start a new colony at Greensboro College.

Good luck to all Greeks during RUSH!

**ZETA TAU ALPHA**

Returning with 34 members, the Zetas are anticipating a fun-filled year. The first few weeks of school have been busy ones due to preparation for RUSH. The Zetas are looking forward to meeting all the rushees and having a great time.

Kris Ellis, president, and Anne Bostrom, membership chairman, attended the National Convention of Zeta Tau Alpha in Louisville, Ky. in June. Along with meeting Zetas from all over the country, they learned many new things about the sorority. ZTA hopes to incorporate these ideas into their plans for the year.

For the 1980-81 school year ZTA will have its annual dances, parties, and fundraisers. Along with these, they are hoping to have a Mother's Weekend toward the end of spring semester.

The Zetas wish the best of luck to the other Greeks during RUSH.

**ALPHA GAMMA DELTA**

The Alpha Gams are back after a restful summer and are ready for a great year. In between studying, they are busily practicing for RUSH under the direction of Marcella Bullard.

The undergraduates and alumni shared their sorority spirit together at a cookout on Sept. 3. They are also planning many other activities throughout the year.

The Alpha Gams would like to congratulate sister Peggy Pesce on being elected President of Student Union.

They would also like to wish all the Greeks the best of luck for a successful RUSH!

**PHI MU**

The Phi Mus have been very busy preparing for RUSH and anticipate a successful one.

The girls will be sponsoring a night at Scarletts on Sept. 29 and a car wash on Oct. 11.

The Phi Mu Pledge Dance for this year will be held on Nov. 8 and the sorority will be initiating some new sisters during this semester.

Kathy Neblett attended the Phi Mu National Convention in Indianapolis in July.

Good luck to all Greeks during RUSH.

Historians estimate some 400 women served in the Union army during the Civil War disguised as men.

# Added security needed

continued from page 2

jumped from the second floor to the ground and ran, according to Hanson.

The man was gone by the time security got to the dorm.

"I think we need another man," Mike Beamon, night security guard, said. "If there were two of us, we would have already caught this peeping tom."

Vandals have also broken in to cigarette machines in North and the pinball machines in the Student Center, according to Osborne.

Even if the security guard catches a suspect, he can not risk physically detaining him because the security guard is not armed and the suspect may be.

On Aug. 13, Beamon was driving on East College Drive when someone threw a bottle of gasoline at his car, but missed. He stopped and called the police, but no arrests were made, according to Beamon.

One of the problems with security is inefficient lighting near the dorms, according to Mrs. Boyles, Resident Counselor of Women's Hall.

"This whole area out here is so dark you can't see at all," she said.

A flasher has been reported in Wesley dorm, and the "girls are afraid to go to the bathroom at night," according to Hanson.

In McCulloch Dorm, a $225 bike was stolen, but according to Dr. Osborne, "we've had less thefts than last year, but our number one priority is safety."

# Bong Show coming soon

The Theta Chi fraternity is sponsoring their annual Bong Show on Sept. 26 at 8 p.m. in the auditorium.

The show will feature many serious and not so serious campus acts as well as a panel of zany judges.

Ted Clearly will be the Master of Ceremonies.

Applications to appear in the show are now available from any Theta Chi.

Tickets to see the show will go on sale soon.

# City receives grant

WASHINGTON, D.C. --Congressman Richardson Preyer announced today that he has received word that the High Point Planning and Community Development Department will receive a $21,500 grant from the Urban Mass Transportation Administration under the U.S. Department of Transporatation.

The purpose of the grant is to provide for a major revision of the Transit Development Program and for further work in elderly and handicapped transportation opportunities.

For further information, please contact Julia Worth of the Planning and Community Development Department, at 887-2511.

## Students should register to vote

If you are 18 years of age or older, you should register to vote in this year's national election on Nov. 4. Voters should be registered 30 days before election day. Out-of-state residents at HPC should make arrangements to vote by absentee ballot.

## Competition open

A $1,000 grand prize will be awarded in the poetry competition sponsored by the World of Poetry, a quarterly newsletter for poets.

Poems of all styles and on any subject are eligible to compete for the grand prize or for 49 other cash or merchandise awards.

Says contest director, Joseph Mellon, "We are encouraging poetic talent of every kind, and expect our contest to produce exciting discoveries."

Rules and official entry forms are available from World of Poetry, 2431 Stockton Blvd., Dept. N., Sacramento, California 95817.

### TRIP

All students enrolled in the TRIP program must have all their notes in lecture courses checked by Thursday, Sept. 18. Notes can be checked on Mon.-Thurs. from 2:30-4:30 by a tutor in the Communications Lab, Cooke 26.

# Parents enjoy visit to campus

**PARENTS RELAX** at the soccer game after a busy morning of seminars and conferences during Parents' Day last Saturday. (Photo by Marisa Firpi)

BY
SHARON K. LITCHFORD
Staff Writer

Parents Day was a big success for High Point College when approximately two hundred and forty parents visited the campus this past week-end.

The Parents Day program included several seminars, a soccer game, informal meetings with faculty and staff members, and various other activities. The week-end was headed by Cletus H. Kruyer, Vice President for College Affairs.

Three seminars were offered during the program. They covered such topics as the academic responsibilities of a student, aid in helping parents to understand their college student, and financing a college education today. Besides listening to information, parents also were able to participate in a worship service conducted by Dr. E. Vance Davis and attend meals in the cafeteria with their son or daughter.

In general, both parents and administration agreed that the week-end was a success. Freshmen parents commented on how informative the week-end was and how it helped them to understand what kind of situations their child had to deal with. Parents of upperclassmen commented that although the programs were oriented toward freshmen students, it allowed them a great excuse to visit the campus and their son or daughter.

According to Mr. Robert Lowdermilk, Dean of Students, the weekend was a welcomed surprise.

"I was skeptical with it being so close to the beginning of the year, but I was pleasantly surprised to see how many parents showed

# Committee beginning search for new president

BY KIM DARDEN
Associate Editor

As the first meeting of the Presidential Search Committee approaches, one prevailing question confronts its members: What does the college want and need in its next president?

The committee, appointed by trustee chairman Charles Hayworth, meets for the first time Oct. 7 to begin its task of recommending the next president to the Board of Trustees.

At that meeting, the committee will "adopt a job description and decide what qualifications he (the president) should have," Hayworth said.

The 13 persons who will determine the kind of leader the college needs have been selected from the students, alumni, faculty, trustees, and the Board of Visitors.

The representatives from the faculty are Dr. Roy Epperson, Associate Dean of the College and Professor of Chemistry, Dr. John Ward, Associate Professor of Biology, and Shirley Rawley, Director of the Continuing Education Program and Assistant Professor of English.

SGA President Jacky Hendrix will represent the students.

Representing the trustees are: Bishop Scott Allen, Roger Soles, Harriss Covington, Robert Rankin, Dr. Thomas B. Stockton, Dr. Charles Carroll and Charles Hayworth.

Geraldine White and Irvin R. Black will represent the alumni and the Board of Visitors respectfully.

Student representative Jacky Hendrix says he has been talking to students all year and has concluded that they are looking most for a president who will be available to them.

"The president must be seen around campus and in the cafeteria sometimes. He should be interested in students and available to any student who needs to see him," Hendrix said.

The most important ability of a president, Hendrix feels, is the ability to work closely with the faculty and students.

"If you keep the faculty happy and the students happy, you have a perfect college," he said. "If you keep the channels of communication open between the administration, faculty and the students, then that is the key to everything else."

Hendrix feels that he will have as much input on the committee as any other member.

"The way I see it, I directly represent the largest body (of the college)," he said.

"Everyone on the committee has an equal voice," affirmed Hayworth. "Everyone is a voting member."

"Without the students there would be no presidential search," said committee member Epperson.

"I would urge all students to talk with Jackie so when he comes to the meetings he can voice the consensus of what they would like to see in another president," he added.

According to Epperson, fund-raising ability will be another vital quality for the new president.

"Within the next three-year period we need to raise around $5 million for two new buildings: a library and a men's dorm. Fund-raising will be an emphasis."

As a representative of the faculty, Epperson said that a president best serves the faculty by recognizing that on them depends the quality of the academic programs.

"The president should always be sensitive to the needs of the teaching faculty, giving them adequate financial security and physical resources for carrying out their programs," he said.

"And obviously what we're saying here is that, for this to be possible (support of faculty needs) we need a firm financial basis," he reiterated.

This week Epperson plans to send out a questionaire to the faculty through the mail asking for their perceptions of a new president.

The Search Committee so far has received 70 applications for the position and expects to receive about 100 before the Oct. 10 deadline, Epperson said. The target date for final selection of the president is June 1, 1980.

Applications have been received from both outside and inside the college.

"The committee will give (both groups) equal consideration; there is no leaning one way or the other," Epperson said.

Even though the trustees have final approval, the man the Search Committee chooses will almost certainly be the next president of the college.

"I think the trustees will select the man the Search Committee recommends," said Hayworth.

# Apathy turns to involvement

It seems like year after year at about this time, someone on campus is screaming about apathy.

Since I have been associated with the *Hi-Po*, I remember more than one article or letter to the editor complaining of the lack of interest of HPC students.

So far this year, I feel the only thing there has been a lack of is apathy. Neither the student leaders nor the administration have complained about apathetic students at High Point College.

In the area of publications, the *Zenith*, after a bad year last year, is running smoothly. The staff has grown considerably and the people that originally signed up are, for the most part, still helping.

The radio station, which had a few staff problems last year, has a staff of 30 to 35 people. They are planning to go on the air in the near future and have set up a capable staff of leaders.

And the Student Union has had good support this year. After losing many of its top people, the group has pulled back together, filled the vacancies with very capable people, and is alrady sponsoring outdoor concerts, dances, and recreational trips. Attendance at Student Union meetings has increased by 50%.

The freshman are even getting more involved than usual. With class elections coming up, there are three candidates for each of the top three positions and two for the judicial position.

The trend of more involvement and less apathy started last year when more people cast votes in the SGA elections than ever before. And the people who were elected to the legislature are more active than they have been in a few years.

The Dorm Councils in each dorm are functioning units this year and more girls than ever signed up for sorority RUSH.

So why the sudden shift from apathy to involvement?

Is it because students realize that they must utilize their spare time in order to have a better chance at getting a job? Employers today look carefully at what college students used their free time for.

Or could it be that college students come in cycles? A few years ago, students at HPC were as involved as they are today. In between these periods of involvement was a period of widespread apathy.

Whatever the reason, I hope HPC students continue to push apathy aside and get involved. Because of such involvement, the students here have saved the yearbook and radio station, two vital institutions that were fading fast and heading for obscurity.

With the Student Union attendance down from previous years and many leaders unable to return to school because of grades, students have rallied and the Student Union is again doing the job it was designed to do.

Even though the year is still young, I feel that HPC has finally overcome that threatening obstacle called apathy.

*Letter to the Editor*

# Students must stop food waste

Dear Editor:

This letter is directed to all boarding students.

For your information, the cafeteria is in effect a cooperative food service plan. We give you back in kind all that you pay in board to the College.

Many students are taking more food than they can eat and it ends as garbage.

All of you must know that the price of food is expected to rise approximately 18% this year. Thus, the food you throw away costs you money. We must have your cooperation to help keep board charges down.

You are welcome to take all you can eat -- but please don't take food you can't eat and throw it in the garbage.

Earle G. Dalbey

# Seniors sometimes get left behind

BY JERRY BLACKWELL
Contributing Writer

It's heartbreaking and embarrassing, but it does happen -- every year to more than a few seniors here.

According to David Holt, campus registrar, each year in May as many as twenty seniors don't graduate with their class. Instead, these unfortunate students have to enroll in another semester or summer session of school in order to meet graduation requirements.

When seniors apply for graduation during the early part of their last year (a required step before graduating), the completed form will indicate any obstacle which may keep them from graduating on time. Holt then reviews the application and makes sure the student enrolls in needed courses and carries a load heavy enough to insure a punctual graduation. (There are 25 seniors this semester who are carrying loads of 18 hours or more, in order to graduate in May.) However, if a student fails a course or

# WWIH to broadcast soon

BY CINDY BURBAGE
Staff Writer

"The campus radio station, WWIH, is back into the groove for what appears to be a successful year," Carol Rogers, the new station manager, said recently. That station will make its first broadcast on Oct. 4 on FM 90.3.

"The station has come a long way since last year," Rogers said. "Apathy was the major problem last year along with organization and programming problems."

WWIH is planning to send out printed schedules to the community and around campus listing the kind of music that will he aired along with radio programming schedules.

"We're planning to have some religious and educational programming this year," Rogers added.

There are between 30 and 35 students involved with the station. The new officers for the station are: music director, Rick Ward; program director, Annete Santa Maria; production manager, Brent Stanley; operations manager, Glen Denny; publicity director, Mario Watson; assistant publicity director, Ellen Quinn; business manager, Rob Moss; news director, Tracy Taylor; and secretary, Steve Burton.

There are between 12 and 15 D.J.'s who have the required radio-telephone operators license.

The station listening hours are scheduled from 6 p.m. - 12 midnight Monday through Thursday, 6 p.m. - 1 a.m. Friday, and 12 noon through 1 a.m. Saturday and Sunday.

# Apathy turns to involvement

It seems like year after year at about this time someone on campus is complaining about apathy.

# Campus Cases

BY DANNY G. BERRIER
Attorney General

A quiet two weeks have resulted from only one violation of the Ethics Code and no appeals to the Traffic Court. The current total of convictions for the year now stands at three alcohol violations with each resulting in a $25 fine.

Carrying a 12-pack of beer led to the conviction of a resident of Millis Hall for possession of alcohol. He accepted an administrative decision and was subsequently fined $25. The small volume of cases is a positive sign in that it infers a lower level of on-campus drinking. Hopefully, we as students have become more aware of the implications of being caught with alcohol in our possession.

The Traffic Court of the SGA met on Sept. 17 to hear any appeals from students concerning parking tickets. No cases were brought forward at that time.

Five student members compose the Traffic Court; each class has a representative plus one person from the Day Student population. This court is established to allow us to argue any tickets which we feel are unjust.

A member of the security force is on hand at all meetings of this body to provide their side of the story in each appeal. After hearing both arguments, the court votes to either void or uphold the ticket.

If you receive a ticket that seems to be unjust, appeal to the Traffic Court. There is no loss in presenting your case to this group, but please use sound judgement and only debate questionable infractions.

With continued effort, the amount of Ethics Code violations could maintain its present level. Only we as individuals can discipline ourselves to abide by the rules of HPC.

# Students made aware of rape possibility

BY CRYSTAL HEDGECOCK

Suppose you were raped tomorrow.

This thought was introduced to approximately 250 students last Wednesday in a Rape Awareness session sponsored by the SGA.

Roxanne E. Taylor, MSW, the program coordinator for Rape Victim Assistance, Inc. in High Point, commented that the majority of rape victims are between the ages of 15 and 19. Because of this fact, the need for rape awareness and prevention is vital at HPC.

After a short introduction, Taylor presented the film, "How to Say No to a Rapist--and Survive."

The film introduced Frederick Storaski, a noted speaker on rape prevention. Storaski is also famous for his sincere carefree approach to a serious problem.

In the film, Storaski expelled old myths about rape prevention and talked candidly about the facts.

Pamphlets, which were handed out before the film, listed five steps which were important to follow after one has been raped. By following Storaski's advice in prevention, though, hopefully these steps will not be needed.

Taylor noted that the Family Services is holding Rape Sexual Abuse Workshops each Thursday evening at 7 o'clock. Topics such as Reporting Rape, The Trauma of Incest, Prosecution of the Rapist-the Victim's Role, and Self Defense will be discussed in future sessions. Each session will include presentors having special knowledge of the topic discussed.

For more information about rape, HPC students can contact Taylor at Family Services at 410 Gatewood Avenue in High Point.

# Firms sponsoring classes for employees

HPC NEWS BUREAU

Nine companies in Forsyth County have retained High Point College to offer degree-earning courses to their employees.

Each of the companies supports the program through some form of tuition aid for employees who enroll.

Officers of the Association are president, Jerry Ayers, Wachovia Bank & Trust Company; vice president, Doug Smith, Piedmont Aviation; secretary, Richardson Carpenter, Fairchild Industries, and chairman of the membership committee, Bill Rothenbach, Hanes Corp. Other participating companies are Gravely, ITT Grinnell, North Carolina National Bank, Joseph Schlitz Brewing Co., and Westinghouse.

When classes started early in September for the 160 student employees who were admitted, Ayers said all nine companies had been "enthusiastic" about the program. Over 1,000 from the 13,000 employees of the nine companies expressed an interest in the program.

Classes are being held in facilities provided by Piedmont Aerospace Institute, a division of Piedmont Aviation Inc. Other members of the group will provide facilities on a rotating basis.

High Point College upgraded its entire adult education program two years ago in working out a pilot agreement with R.J. Reynolds, Inc. Reynolds agreed to refund tuition for all students who make a passing grade, and the company provides classroom spaces.

Negotiations with the Piedmont group started shortly after the Reynolds program was announced.

Employee-students can earn degrees in business administration, behavioral science, sociology, psychology, and English/communications. With classes being held three nights a week in 8-week sessions, a perservering student can earn a degree in four years.

College officials believe the program is unique. Shirley Rawley, director of High Point College's continuing education program, said she is not aware of any other area of the country where a group of companies has joined together to offer a benefit like this to their employees.

Rich Carpenter, Fairchild Industries, said the program has been a model of cooperation among member companies. "Frankly, I'm both surprised and pleased to see nine diverse companies working together providing a program like this to their employees."

Other companies in the area have inquired about joining the association. "It appears there is a real interest in the concept," Carpenter said.

Many students in the program had completed part of the requirements for a degree, but the necessity for a daytime job had prevented college attendance. College officials admitted that classes, starting about 6 p.m. and concluding after 10, can get to be long and difficult.

"But the students are determined to take advantage of the possibilities," Rawley said. One student said he hadn't been this excited since he got married."

Rawley had compliments for the High Point College faculty members who are putting in extra effort to make the program possible. "Without their willingness to drive to Winston-Salem three nights a week, we wouldn't be able to operate. But with their help, the College can offer the same quality of education that our daytime program students receive on the campus."

# Seniors may or may not graduate

continued from page 2

makes a "D" in a course or courses, then he or she may be eliminated from graduating, depending on the student's academic situation.

Mr. Holt listed several factors which often prevent a senior from graduating.

First of all, if a senior does not have at least 124 semester hours to his or her credit, then the student is not eligible to graduate. An inaduate amount of hours is one of the main things that keeps students here from graduating on time, according to Mr. Holt.

Also, no student can graduate with two permanent D's or F's in his or her major, nor with an overall average of less than a C.

At the end of the year many doubtful seniors await patiently near Mr. Holt's office on the Wednesday before gradution to find out if they passed all courses, and can indeed graduate the upcoming Sunday. This is the Wednesday that senior final grades are checked, and it is determined who will graduate and who will not. According to Mr. Holt, "the line is usually long and students will wait as late as 11:00 at night to find out whether or not they made it."

For students who don't "make it", their diplomas are then cut up and discarded. "This is the saddest day in the office of the registrar," he says.

Mr. Holt offered some suggestions for students wanting to graduate on time.

"If a student would carry 15 semester hours during four of the eight semesters in school, and then 16 hours the reamining semesters, that would amount to the required 124 needed to graduate."

Mr. Holt also suggested that students should take college "more seriously," because "college is indeed a serious matter."

"Students should know more about their records than their advisors know," he said.

"They (students) should never allow their advisors to completely dominate their thinking. It is the student's responsibility, not the advisor's to see that all requirements are met. An advisor is meant to advise you, not to arbitrarily tell you what to do," he said.

"Students should keep 'running sheets' on all requirements - area, major, and college-up-to-date," he said, "and check off courses as they complete them.

"At the end of the third year, a student should apply early for graduation, get a good evaluation from the registrar, and plan the last year of school," he suggested.

# RUSH ends well for sororities; men still trying

**BY ALISA WALKER**
**Staff Writer**

RUSH is a four letter word which stands for fun and excitement on the campus of High Point College.

Panhellenic president Jan Harrison defines RUSH as being "the 11-day period girls in sororities try to show what they are to prospective rushees mainly through four parties and other social interactions."

"RUSH this year has been great. There has been great cooperation among the sororities," said Harrison.

Nancy Houlberg said there has not been the pressure in RUSH that there has been in the past. She said a lot of the rushees have just enjoyed meeting all the people.

RUSH has kept a lot of people busy. For the past two weeks rushees and sororities have had a schedule full of exciting events.

On Sept. 11 the girls all got aboard the "Greek Train." The only ticket to ride the train was a T-shirt with Greek letters on the front. All four sororities marched through Women's and Wesley Dorms singing "Oh when the Greeks go marching in. . ."

Formal RUSH began on Sept. 13 with Ice Breakers. All four sororities met in the fraternity lounges of Millis Dorm.

On Sept. 14 the hall parties began. Each party was held on the four sorority halls of North and Yadkin Dorms.

The Alpha Gamma Delta's gave the rushees a beach party. Then the Kappa Delta's took the rushees on a loveboat. With the Phi Mu's "everyone was a star" and the Zeta Tau Alpha's brought back those great memories of "school days."

On Sept. 15 rushees began picking up invitations to "First Pref" parties to be held Sept. 21. Each rushee had to decide which three out of four sororities they preferred.

Following these parties, the girls again picked up invitations to attend "Second Pref" parties which were held Sept. 23.

On Monday night, Sept. 22, all four sororities gathered in the court yard for "Greek Serenade." Each sorority sang one song as they held a lighted candle.

Finally, on Sept. 24 the most exciting day came. Rushees met in front of the Panhellenic room to receive their bids.

Not only have the four sororities been busy rushing, but so have the four fraternities. Formal RUSH for the men began on Sept. 4 and will continue through Oct. 5.

Each fraternity has been busy drawing maps to show prospective members how to get to the next RUSH party.

Other events have included Wine and Cheese parties, Open Houses, Stag dinners, hall discussions, and preparations for Drags.

Lambda Chi Alpha member Ron Rogers said RUSH has been great for the fraternities also. He said, "the guys have been very enthusiastic."

Harrison said sorority RUSH this year has been the largest in years with 117 girls having signed up. She also said it has been the best in years because of all the positive attitudes from sororities and rushees.

"It's such a relief to know the good feelings will still be there even after RUSH is over," Harrison said.

# Dormitory staff undergoes training

**BY BETH GRUBBS**
**Staff Writer**

This year a training program was initiated for the Resident Counselors (RC) and Resident Assistants (RA).

Until this year the R.A.'s and R.C.'s have not had any formal training. They have been given a master key and told to watch the dorm.

Deans Bruce Tingle, Diane Hanson, and Robert Lowdermilk, felt there was a significant need for a Residential Staff training session. Eighty percent of a college students time is spent out of class and this means there is a lot of free time that students have to learn to cope with.

The Deans felt the R.A.'s and R.C.'s should be trained to help residents cope with some of the stress involved in college work, and just everyday problems.

The R.A.'s and R.C.'s met the Thursday before the freshmen arrived. The Resident Counselors were trained in the areas of health and safety, and the personal needs of the residents.

R.A. Nancy Houlberg feels that, "The sessions were very informative, and the staff became closer."

In the area of health and safety, the counselors were trained for emergency situations. Mock fires were set under the supervision of the fire department. The counselors then had to extinguish them. They were also trained in matters pertaining to the physical health of the residents.

To help the residents with their personal needs, the counselors examined case studies, and learned how to deal with certain "stressful" situations. The counselors were also trained in utilizing physical space in the dorm rooms.

During these training sessions the counselors also determined the number of persons per dorm to be in the House Council. To keep the R.A.'s and R.C.'s informed, workshops have been planned for the next few weeks. The five most asked for seminars were; drug and alcohol abuse, coping with the loss of a loved one, time management, racial relations, and mental health.

Tingle feels, "We have knowledgeable R.A.'s and R.C.'s, which makes up a good working system."

# Legislature makes changes

**BY SCOTT A. HANCE**
**Editor-in-Chief**

The Student Legislature has met twice so far this year and has been busy making changes in areas which have been overlooked in the past.

At the first meeting, Speaker Mike Showalter introduced some needed changes in the rules of order which governed all legislature meetings. The changes dealt with the committee makeup of the body and also with the voting privileges of certain members of the legislature.

Also at that meeting, Laura Ridenhour was selected as the new secretary to the legislature. This position is filled by someone outside of legislature and is a paying position.

Showalter also brought to light a rule which has been overlooked in the past concerning the representative from the Student Union. This representative has been a voting member in the past but it was discovered that the Student Union member actually did not have a vote in legislature.

Maureen Tormey is this year's union representative and had been elected speaker pro-tem. After it was discovered she was not a voting member, a new speaker pro-tem had to be elected from the voting members.

Bryan Christian was then nominated and elected to fill the vacancy. Christian had been chairman of the security committee and so John Van Horn was elected to take over this position. Van Horn had declined a nomination for speaker pro-tem.

SGA President Jacky Hendrix moved to allocated $1400 to buy 12 new refrigerators and the motion was passed. This money comes from the SGA Contingency Fund and the refrigerators have since been purchased.

In other money matters, the Run for Fun club was allocated $300 from the SGA budget to be used for operating expenses and entry fees for races.

A motion was also introduced to raise the pay of the legislature secretary from $7 a meeting to $10 per meeting. It was brought up that the pay for the secretary should increase each year in proportion to any increase in the minimum wage.

The main concern of the legislature this year will be in the area of security. The security committee has been working closely with the school and the security force to try to improve security on campus.

In the near future, the legislature also plans to amend its election procedures to avoid the confusion and conflict which occured last year.

# Freshmen elections to take place soon

Elections for freshman class officers will take place on Oct. 8.

The positions which are open are president, vice-president, secretary-treassurer, three legislators, and judicial representatives.

There has been a good response from the freshman class with three people running for each of the top three positions. Four people are running for the three legislator positions and two for the judicial post.

All freshman are eligible to vote in the election. Voting will take place during lunch and dinner.

# Williams awaits publishing of new book

BY KIM HIGGINS
Staff Writer

High Point College has an author in its midst in Dr. Jack Williams.

Williams, who has had twelve articles published in various periodicals, will have a book published in the near future. "My part of the book is done," says Williams. "I'm just waiting for the co-author to get his part finished."

The co-author is Dr. Charles McBrian of Harvard University. They started working on the book when they were both teaching at James Madison University.

The book is called *"Crime in Rural America"*. The men wrote it because they were in a rural area that had more than its share of crime. "No one else payed attention to the subject," Williams said.

DR. JACK WILLIAMS

He first presented the idea in a paper at a southern sociological meeting in Houston. It was well received and they developed it into a book.

Both he and McBrian have also written articles on the subject. Williams estimated he has had 12 articles published including the three recently accepted for publication.

"In terms of other people in my profession, I do not write a lot," he says. Some sometimes publish 50 to 80 articles during their careers.

Williams admits that he does not like writing. "In many universities you have things published to keep your job."He started his latest three articles a while ago and finished them while at High Point.

His only real "labor of love" however was the book. He wrote it because he wanted to say something on a subject he feels has been ignored.

After McBrian finishes his part of the book it will be sent to McGraw-Hill Publishers who have already agreed to publish it.

# Yearbook staff begins work

The Zenith staff has already begun working on the yearbook. The cover has been submitted, and will be back by Oct. 1.

Pictures were taken on Sept. 15, 16, and 17 with 540 students having their pictures made. Faculty and administration also had theirs taken.

Seniors had their outdoor shots taken on Sept. 22, 23, and 24. There will be no make ups but seniors can submit their own 35 mm black and white photo by Oct. 5. A time for proofs to be reviewed will be announced. The Zenith will offer 5x7's and 8x10's of outdoor photos to seniors.

If anyone is interested in helping, the Zenith office hours are as follows:

| | |
|---|---|
| **Day Time - Campus Center** | |
| Mon | 10:00 - 12:00 |
| Tues | 2:15 - 5:00 |
| Wed | 1:00 - 3:00 |
| Thurs | Closed |
| Fri | 10:00 - 11:00 |
| **Night Time - Old Student Center** | |
| Mon | 7:00 - 11:00 |
| Tues | 7:00 - 10:00 |
| Wed | 7:00 - 11:00 |
| Thurs | Closed (except when meeting deadline) |
| Fri | Closed (except when meeting deadline) |

# Interviews scheduled

The following campus interviews have been scheduled by the Placement office:

Wed. Oct. 1 - K-Mart - Management Trainee positions
Thu. Nov. 6 - U.S. Navy - All positions
Tues. Nov. 11 - Oscar Mayer - Consumer Product Sales positions
Wed. Nov. 12 - Wachovia Bank - Management Trainee positions
Thu. Nov. 13 - Cone Mills - Production Management positions

Sign-up sheets are available in the Student Personnel Office. If you are being interviewed, remember you need to take your resume to the interview.

In addition, representatives from the Christian Service Corps will be in the Campus Center on Monday, October 6 from 11:00 - 2:00. This organization places people interested in working in missions.

## Presidential forum upcoming

There will be a Presidential Forum on Monday, Oct. 6 at 11 a.m. in meeting room 2 of the Campus Center.

All students are encouraged to come and ask questions about the school to Acting President David Cole and other administrators.

Students can find out about such things as Dr. Patton's resignation, the new library, new policies, and more.

The forum is being sponsored by the Hi-Po and is one of four such forums planned for the year.

# Auditions to be held

Auditions for Carson McCuller's "Member of the Wedding" will be Oct. 1 from 3-4 p.m. and Oct. 2 from 7-8:30 in the HPC Memorial Auditorium.

The play is entered in the American College Theatre Festival competition and if the production qualifies for the regional finals, High Point College will sponsor a trip to Alabama for the cast and a small running crew to perform the play.

Some roles will be difficult to cast with students, so the auditions are open to the public. Two of these important roles are Berenice, and stout, matronly Black woman of 40-45, and John Henry West, a delicate but active boy of 7-8.

Other major roles include:

Frankie Addams - A gangling girl of 12-13, the central character of the play who is having a hard time crossing the threshold between childhood and adolescence.

Jarvis Addams and his fiance, Janice - A young couple who are married in the play.

Mr. Addams - Frankie's father, a deliberate but absent-minded widower of 45, who is kind but insensitive to his daughter's needs.

Mrs. West - An attractive blonde of about 33, John Henry's mother.

T.T. Williams - A pompus-looking Black man of 50.

Honey Camden Brown - A volatile Black youth of 20.

# Perserverance theme of Terri Wood's life

**BY KIM DARDEN**
**Associate Editor**

Don't ever tell freshman Terri Wood that you have had enough, feel like giving up, or are down and out, because she won't believe you.

For perserverance has been the theme of Terri's life.

"I think that everybody can get back up, and just keep getting back up and keep getting up," she says.

"You've got to fight things."

Terri is a conditioned fighter -- conditioned from battling -- and overcoming -- a lifetime of painful experiences.

Now she is ready for a fresh start and says, "I feel the best about myself than ever in my life."

Terri, two brothers and a sister were taken away from their parents when Terri was six years old. Her father was in prision for non-support at the time. Welfare officials took Terri and her sister, Debra, aged four, to Eliada Home for Children, an orphanage in Asheville. Her brothers, who were younger, were placed in foster homes.

She has mostly good memories of the orphanage where she and her sister stayed for four years, but remembers some loneliness.

"I remember I used to pray every night that my father would come pick us up and take us home," she says. Terri still feels love towards her father, who died shortly after the family was separated, but she feels nothing but bitterness towards her mother.

"I guess I blamed her for everything," she says.

"Debra was my family, I always had Debra. We were very close."

When Terri was nine years old, she and Debra were adopted by a Durham minister and his wife. Her brothers were adopted by another family at the time, but other than the last name of the family, Terri knew nothing and had no communication with her brothers for years.

Terri remembers the long process of her adoption.

"We had to live with the family a year before the adoption went through," she says.

"I didn't want the man as my father -- I thought he was wierd."

"We had to sign these papers, and I remember thinking, 'If I don't sign them, I'll hurt these people's feelings; I really didn't want to sign them. But I just wanted to be with Debra."

Two years later, Debra died of bone cancer.

"Watching her get sick and die -- that was the hardest thing I've ever done in my life. It's the only thing that can still make me cry," Terri says.

Shortly afterwards, when Terri was about 14, her adopted parents divorced. She lived with her adoptive mother in Brevard, N.C. at first.

"We were close," Terri says.

"Then my father came from Durham and wanted me to come live with him. He made Durham sound so exciting, so I went with him. I just didn't think how that would hurt my mother."

By Christmas, at odds with her father, and missing her friends, Terri wanted to go back to her mother.

"But she was so hurt, she didn't know if she wanted me to come back. And I thought, "I don't want to be here, and she doesn't want me there -- I was all mixed up."

TERRI WOOD

It was at this time, at the beginning of her senior year, that Terri asked to spend a year at the unit for troubled teenagers at Butner.

There, she says, she was forced to talk out her problems instead of pretending they weren't there.

Despite the excellent therapy, Terri says she felt funny about being in a "mental hospital."

"Some of the adults in the other units were so messed up, it was shocking. And some of the other girls on my unit attempted suicide."

"But I left there feeling so good about myself. And I really don't think about the past now. Once you've been knocked down, it has happened, it's over, it's not there after you've faced the feeling and learned from it," she says.

Terri is an energetic coed with bright brown eyes and blonde hair cropped in a sassy cut. She is outgoing and talkative.

People that know about her past are always amazed, she says.

"They say, 'You don't seem like someone who has been through all that.' "

"I am a happy person. The secret is feeling good about yourself."

"And I make other people happy," says Terri. "I guess I've felt so much -- I can really put myself in almost anyone's feelings, and really mean it when I say, 'I know what you are feeling!"

Terri and her mother have worked things out, and she will probably spend school holidays in Brevard where her mother is an English professor at the college.

And just before she left for High Point, Terri was unexpectedly reunited with her two brothers, Steve, 14, and Robert, 16, and several aunts, uncles and her grandparents.

"I hope to get to know them," she says.

Terri looks forward more than anything else to having a family of her own. A human relations major, she would like to work with handicapped children.

"Just anything with kids, because I love them so much," she said. .

And she is not afraid of the future.

"I think I can handle anything that happens," she says.

Student overcomes obstacles

# Perseverance theme of Terri Wood's life

BY LISA DARDEN
*Associate Editor*

Don't ever tell freshman Terri Wood that you [illegible] hard-fought and like giving up, to lay down and [illegible], because she won't believe you.

For perseverance has been the theme in Terri's life.

"I think that everybody can get back up, and just keep getting back up and keep getting up," she says. "You've got to fight things."

Terri is a confident fighter [illegible] from [illegible] and overcoming a [illegible] in [illegible] experiences.

Now she is ready for a fresh start and says, "I feel [illegible] myself [illegible] in my life."

Terri, two brothers and a sister were taken away from their parents when Terri was six years old. [illegible] was in prison for non-support at the time. [illegible] took Terri and her sister, [illegible], aged four, to [illegible] for Children [illegible] her brothers, who were younger, were placed in foster homes.

She has [illegible] of the orphanage where she and her sister stayed for four years, [illegible] beginning.

"I [illegible], I used to pray every night that my father would come pick us up and love us [illegible]," she says. Terri did [illegible] towards her father who died shortly after the family was separated, [illegible] her [illegible] towards her mother.

"I guess I blame her for everything," she says.

"[illegible] was my family. I always [illegible]. We were very close."

When Terri was nine years old, she and [illegible] were adopted by a [illegible] and his wife. [illegible] were adopted by another family at the time and other than the [illegible] in the family. Terri [illegible] and had [illegible] her brothers for years.

Terri remembers the long process [illegible] happens.

"We had to visit with the family a year before the adoption [illegible]," she says.

"I didn't want [illegible] any father. I thought he was [illegible]."

"We had to sign [illegible] papers, and I remember [illegible]. So I didn't sign them. I [illegible] people [illegible] I really didn't want to sign them and I just wanted to be with [illegible]."

Two years [illegible] died in [illegible].

Watching her [illegible] and die [illegible] the [illegible] thing I've ever done in my life. It's the only thing that can still [illegible]," Terri says.

Shortly afterwards, when Terri was about 14, her [illegible] parents divorced. She lived with her adoptive mother in [illegible] "it" be [illegible].

"We were close," Terri says.

"Then my father [illegible] Durham and wanted me to come live with him. He made Durham sound so exciting, so I went with him. I [illegible] didn't think how that would hurt my mother."

By Christmas, [illegible] with her father and missing her friends, Terri wanted to go back to her mother.

"But she was so hurt, she didn't [illegible] wanted me to come back. And I thought [illegible] used to be [illegible] and she [illegible] I went out there [illegible] all school up."

[illegible] to the [illegible] any [illegible] close.

Despite the [illegible] says, "Terri says she felt [illegible] being in a [illegible] hospital."

"Some [illegible] in the other [illegible] were so [illegible] up. It was [illegible]. And some [illegible] my [illegible] suicide."

"But I felt [illegible] good about myself. And I really [illegible] think about the [illegible] you've [illegible] down. It [illegible]. It's [illegible] feeling and [illegible]," she says.

TERRI WOOD

[illegible] beginning [illegible] and Terri asked [illegible] to [illegible] be [illegible] and [illegible] teenagers to [illegible].

There, she says, she [illegible] to talk out her problems instead of [illegible].

Terri is [illegible] with bright brown eyes and blonde hair cropped in a [illegible] cut. She is outgoing and talkative.

People that [illegible] her past are always [illegible] she says.

"They say, 'You don't [illegible] someone who has been through all that.'

"I am a happy person. The secret is feeling good about [illegible].

"And I [illegible] other people happy," says Terri. "I guess I've felt so [illegible] I just really [illegible] myself in [illegible] someone's feelings, and really [illegible]. I hope [illegible] when you [illegible] feeling."

Terri and her mother have worked things out and she will probably spend school holidays in [illegible] where her mother is [illegible] English professor in the college.

And just before she left for High Point, Terri was [illegible] reunited with her two brothers, [illegible], 14, and Robert, 16, and several [illegible], and [illegible] her grandparents.

"I [illegible] to get in [illegible]," she says.

Terri looks forward, apart from anything else to having a family of her own. A [illegible] major, she would like to work with handicapped children.

Just working with little brothers, I love [illegible] she said.

And she is not [illegible] the father.

"I think I [illegible] anything that happens," she says.

# Bear's early life devoted to theatre

*Marty Bear performed at a coffeehouse at HPC on Sept. 17 in the Old Student Center. Staff writer Andrea Hadzimichalis talked with the performer after the show about his career.*

Marty turned twenty-five on Aug. 14. According to the astrological signs, that makes him a Leo, and Leos are termed as powerfully aggressive. They thrive on plenty of attention. Thus, Marty's choice of profession as a singer/performer is quite appropriate for his outgoing personality.

Marty did not originally intend upon getting involved with singing at all. Beginning at the age of nine, a large part of his earlier life was solely devoted to theatre and stage productions; including various roles in such plays as *Oliver, Man of La Mancha* and *The Fantastic.* His experience and background in theatre exposed him to a wide variety of audiences and performing techniques, but as he got older he realized that acting was not something he wished to follow.

Marty's singing abilities developed while he attended the University of Florida. Finding himself with additional time, he began to meddle in music, loved it, and seriously considered pursuing a career in that field.

In his final year of schooling, he started to fulfill his dream; working 60-70 hours a week at several local nightclubs in Gainesville, Fla. His substantial amount of earnings enabled him to purchase a van and necessary sound equipment. Needless to say, Marty was prepared and he was on the road by the age of 21.

Since then, he has toured every state in the country and performs in over 140 colleges each year. He spends most of his time traveling: spending nights in hotel rooms, dining lavishly in fancy restaurants, and performing on a variety of different stages. When he

## Sororities boast new pledges; fraternities preparing for Drags

### ALHPA DELTA THETA

Alpha Delta Theta has just completed a fantastic RUSH with 12 new pledges being added to their sisterhood. These pledges include Sharon Guthrie, Sallie Dunlap, Tonya Hogan, Denise Watts, Beth Grubbs, Peri Caudle, Carlene Dix, Anne Murphy, Ann Howard, Wendy Fishel, Sherri Hart, and Sara Sparks.

The sisters and pledges are planning a retreat for the weekend of Oct. 31 and a sisters' dance on Nov. 15.

Service projects have also been started for the year. The ADTs will continue to work with their adopted grandparents at the Presbyterian Home. A student directory, to be handed out to all students, is being worked on and will be finished after Fall Break.

Alpha Delta Theta is looking forward to a good year of service projects and fun.

### DELTA SIGMA PHI

The Delta Sigs are looking forward to the end of RUSH and getting their new pledges. The annual Grain Party was held at Scott Killian's house on Sept. 20 and a cookout and field party took place at the home of Bernie Miller on Sept. 27.

The Sigs also held Stags last week at the Schlitz Brewery. The dinner was enjoyed by all and the bus ride home was crazy as usual.

The annual Drags dance will be held on Oct. 4 at the Village Green and bids will go out the following day.

In intramurals, the Sigs are off to a good start as they are tied for first place in ultimate frisbee with a 9-1 record.

### LAMBDA CHI ALPHA

Lambda Chi Alpha has 53 returning members this year. They are expecting a good RUSH as Keith Baker is doing a great job as recruitment chairman.

In intramurals, Lambda Chi-A has a 9-1 record in ultimate frisbee, which is good for a first place tie. The B team has a 2-8 record.

Sunday, Sept. 28, our chapter initiated a Lambda Chi Alpha colony at UNC-G. It was a very inspiring ceremony.

Lambda Chi Alpha would like to wish all freshmen good luck in selecting a fraternity for themselves.

### PI KAPPA ALPHA

Pi Kappa Alpha fraternity will wrap up its RUSH period with the annual Drags to be held on Oct. 4 at the new Elks Club in High Point.

The brothers held a closed party last Saturday at the home of Dr. Carl Wheeless, the fraternity advisor. Of those that attended, the Pikas invited approximately 30 rushees to attend Drags. Formal bids will be given out on Sunday, Oct. 5.

The new colony at UNC-G was officially started on Sept. 24. It is projected that approximately 15 to 20 pledges will be established by this time next month.

The Pikas would like to send out their hearty congratulations to all the girls who pledged a sorority.

If you are interested in becoming a little sister, please get in touch, with a brother or a little sister.

### KAPPA DELTA

With the end of another successful RUSH, the excitement of having KD pledges has taken over. To officially welcome the new pledges, the sisters took them out to dinner and gave them a party on Sept. 24. They have also started their Rose Buddy Week.

On Oct. 3, the KDs are having a cookout/keg party to celebrate the fantastic pledge cass. A retreat has been planned for Oct. 4 .

The sisters and pledges of Kappa Delta sorority would like to thank Bruce Tingle and Mr. Caulfield for all help during RUSH. They would also like to congratulate each sorority on their RUSH. Good luck with your pledges!

### ALPHA GAMMA DELTA

The sisters of Alpha Gamma Delta would like to congratulate and welcome our 21 pledges: Teriann Cleary, Ruth Fiege, Angela Franco, Kathy Halligan, Ross Anne Haire, Jennifer Holmes, Kelly Jones, Miriam O'Malley, Laura Penrod, Michelle Pruitt, Amy Stockey, Sharon Sweeny, Jeanie Lee York, Debbie Beane, Carolyn Caggiano, Katy Gulli, Lynn Sharkey, Liz Tynell, Anita Worthy, Karen Marginot, and Diane Bell, into our circle of love.

We would like to extend an enthusiastic thank you to Marcella Bullard for doing an outstanding job as RUSH chairman this year.

The Alpha Gams will have a cook-out with their alumni following a tour of the Schlitz Brewery on Oct. 3.

### ZETA TAU ALPHA

The hard work of Zeta Tau Alpha has paid off and they are proud to announce reaching Quota. After receiving their bids Wednesday afternoon, the new pledges were honored at a cookout held at Londonderry Apartments.

The new pledge class includes the following: Melissa Adamson, Beth Belk, Donna Blackstone, Bettie Bolen, Kristin Brown, Renee Cartret, Lee Ann Carinci, Rhonda Cecil, Vicky Cockerham, Michelle Downs, Joan Gilbreth, Janice Hall, Yvonne Hurley, Karla Liedtke, Becky McGowen, Lisa Osborne, Peggy Palmer, Michelle Shovlin, Maureen Tormey, Stef Vukovia, Debbie Wilson, Terri Wood, and Nancy Young.

Congratulations to these pledges and all other girls who pledged a sorority.

### PHI MU

The Phi Mus are proud to announce their pledges: Dawn Autman, Lori Covington, Cindy Mounce, Ter Beurelein, Luanne White, Heather Linn, Theresa Regnante, Nancy Young, Debbi Scanon, Patty Currin, Susan Hipps, Carolyn Driscoll, Susie Urnston, Kelly Naito, Stacey Gilman, Jacque Park, Jill Harris, Diane Sherry, Amy Everett, Heidi Fallis, Carrie Ingles, Melanie Hamilton, and Leslie Tucker.

The Phi Mus had a night at Scarlett's last night and are planning a car wash for Oct. 11.

They want to congratulate Panhellenic on a fantastic RUSH and also congratulate all other sororities.

The Phi Mus also want to wish all the fraternities the best of luck during the rest of RUSH!

# Theta Chi Bong Show ends in tie

BY LAURIE PENROD
Staff Writer

The Theta Chi Fraternity hosted their Fifth Annual Bong Show on Friday, Sept. 26.

The show consisted of fifteen various acts. Each act was judged by Dr. Williams, Dean Tingle, Dr. Moehlman, and Dr. Hodge.

First place was awarded to Debbie Shaver, who sang "You're My Home" and to Tony Jenkins and Bobby Williams who sang "You're My Light." Second place went to Debbie Shaver on piano and Jan Harrison who sang "With One more Look At You."

Don Stewart came up with the unusual act of balancing several objects on his nose and chin. The objects varied from a shampoo bottle to a 10 foot street sign.

One of the more interesting acts was a Blues Brothers act. The act was not permitted to be judged because one of the brothers was a hosting Theta Chi.

The only two acts to be gonged were Ken Douglass' animal impersonations and Edythe Mentesana's and Ted Cleary's new wave skating.

THE SIGN (above) told the audience where they were and judge Butch Hodge (below) told the contestants what he thought of their acts. (Photo by Marisa Firpi)

# Volleyballers down WSSU, fall to UNC-G

**BY ART LOMAX**
**Staff Writer**

In women's volleyball action last Monday, HPC's lady Panthers played host to Winston-Salem State and UNC-G in a tri-match affair held in the Alumni Gym.

The Panthers defeated WSSU, 15-10, 15-10, but fell to AIAW Division II State Runnerup UNC-G, 10-15, 16-14, 7-15.

On Wednesday, HPC entertained A & T State University and Elon College, disposing of both opponents very quickly and very easily, 2-0, 5-7; and, 15-4, 15-3.

The Winston-Salem Rams served as a warm-up match for the "Main event": UNC-G vs. HPC. Both the Panthers and the Spartans handled WSSU easily.

In the first game of the match against UNC-G, the Panthers allowed UNC-G's Betsy Dowell and Kathy McDaniels to hit the ball in, around, and through Panther defenders. The Panthers had poor serving and were unable to pass the ball to team captain Viveca Wingfield. UNC-G, in contrast, had little trouble in getting the ball to all-region setter Sandra Wingler. The end result was a 15-1 trouncing.

But in the second game of the match, the momentum switched, with UNC-G on top of HPC 14-5. Inspired by the passing/setting combo of Ursula Watt and Wingfield, HPC was able to erase the 9 point deficit to gun out the match at 16-14.

Sheila Benton assisted the duo adding a stingy front court middle block defense that rebounded any Spartan attack neatly and quietly on the UNC-G inbound line. Three-time all-stater Karen Christoffersen, suddenly came to life, constantly pounding the ball to the floor and baffling Spartan defenders with the accurate placement of her short sets.

The final game of the match was close until the Spartans took an 8-7 lead, which proved to be the turning point in the match. The Panthers again lapsed on defense and UNC-G pulled away for the win. UNC-G's Betsy Powell was the key to the Spartan victory, while HPC's Christoffersen and Wingfield gave fine performances.

"We played well against Elon," commented HPC head coach Nancy Little, whose netters destroyed the visitors 15-4, 15-3 last Wednesday. "I thought everybody played well, she added.

"I think we'll have a winning season," says team captain Wingfield. "Guilford and Elon are the teams to beat in our conference and we've beaten Elon."

Little contributes the victory to the total team effort the Panthers gave. She noted several players as giving strong performances: Karla Thornhill, Watt, Wingfield, Christoffersen, Rebecca Cowles, Benton, Melanie Hamilton, and Deborah Jones.

Wingfield guided the 5-1 to its greatest potential.

"Viveca had a beautiful setting game against Elon, and Thornhill and Watts had a lot of saves, Little said. The victory upped HPC's conference record to 2-0, and 3-1 against all Division II opposition.

HI-PO, Wednesday, October 1, 1980, Page 9

# Sigs down Chis for first place tie

**BY DANNY G. BERRIER**
**Staff Writer**

Ultimate Frisbee clashes have highlighted the intramural season this year. The Delta Sigma Phi and Lamba Chi "A" teams are presently tied for the lead with identical 9-1 records.

The two leaders met on Tuesday, Sept. 23 with the Sigs prevailing by a score of 11-8. Other important contests included the Street Survivors 11-10 win over the Lamba Chi "B" team and a very tough game between the Devils and Sigs which ended in a 10-9 decision for the Sigs.

The current standings have the Sig and Chi "A" teams tied at the top, followed by Theta Chi (5-3), the Devils (5-4), the Street Survivors (3-6), and the Chi "B" (2-8) team last. The Pi Kappa Alpha team forfeited out this past week.

This week is the final one of the regular season with contests scheduled for Wednesday through Friday. Playoffs will begin Oct. 6 and will wind up on Oct. 7 with the finals.

The Street Survivors currently have the highest total of goals scored with 114, but the Sig are close behind at 107. The Sigs do have the best ratio of goals scored to goals given up at 1.81.

Both intramural tennis and soccer begin this week with organizational meetings. Persons interested in participating in tennis should meet today at 11 a.m. Soccer teams need to send a representative with a roster to a meeting at 11:30 today.

Tennis is scheduled to start on Oct. 4 and will end Oct. 12. Last year there were eight teams in doubles competition and seven Singles players involved.

Oct. 8 or 9 will be the first day of intramural soccer season. Nine teams competed last year with the Sigs finishing on top.

# Panthers blank Converse; anticipate home opener

**BY JOAN MADERT**
**Sports Editor**

With a 5-0 victory behind them, the women's field hockey team is anticipating a win at their home opener today against Winthrop.

The Panthers defeated Converse Friday as Lou Taylor scored in the closing minutes of the first half. Jannell Welsh, Sharon Kaler, Kimberlee Carter added second period goals along with Taylor's second goal to give the Lady Panthers a 5-0 victory.

"We looked really good against them," said Coach Kitty Steele.

"During the second half against Converse we really communicated well with each other," said Jannell Welsh, a junior halfback.

The Panthers lost their season opener on Wednesday Sept. 24 when Appalachian State defeated High Point by a score of 3-0.

"They are a division one school and we thought they would be tough," said Steele. "They scored a minute and 16 seconds into the game and that caught us a little off guard."

Coach Steele and Assistant Coach Leslie Carter will be going after their 50th victory when the squad takes the field today against Winthrop.

# Newcomers strengthen lady's tennis

BY ART LOMAX
Staff Writer

The High Point College women's tennis team is back into full swing, boasting a lineup of experienced players and promising newcomers.

Last years' squad posted a sparking 13-3 record and placed second in the Carolinas Conference, while also bringing home an AIAW Division II State Championship.

The lady netters participate in the AIAW, and for the first time in Panther history, the team will compete in the NAIA this season.

According to HPC Head Coach Kitty Steele, "We've only graduated one player from the team this year (Marie Riley)."

Returning seeds for the Panthers this year are seniors Vickie Williams, Kinta Otterman, and Kathy Neblett, who will all be battling it out for the top three playing positions. Also returning from last year's championship squad are sophomores Helen O'Brien and Susie Urmston.

Coach Steele is also very pleased with the team's newcomers and she feels that the netters "will have greater depth because of the new people." Freshmen standouts Ann Maria Medina, Theresa Regnante, and Lynn Sharkey will be very competitive in their attempt to "unseed" this year's returning veterans.

About the team's joining the NAIA, Steele said, "I think it's great that we have the chance to play NAIA because our chances of advancing in that tournament should be pretty good."

In the AIAW Regionals, however, the Panthers face much greater opposition. "In the AIAW we are in region II which has boasted a national championship team for the past four years. We're in the region with the three top tennis teams in the nation, including William & Mary and UTChattanooga."

To qualify for the AIAW regionals the Panthers must first finish among the top two teams in the state tournament. Steele feels that Guilford College and Davidson College will be the teams to beat this year. "Everytime we turn around, there's Guilford," she said. "We think we'll be in the heat of the conference race, but we know every year Guilford will be tough."

The Lady Panthers opened their fall season at home Sept. 22 with a 7-2 win over AIAW Division III State runners-up and regional tournament champions UNC-G. The following Friday, the Panthers travelled to Rock Hill, S.C. to take on an "always tough" Winthrop tennis team.

# High Point to host field hockey tourney

High Point College has been selected as the site of the 1980 AIAW Southern Region II field hockey championships.

The championship, scheduled for November 7-8, will include teams from Divisions I, II and III of the AIAW.

The Division I tournament will have eight teams with state champions from North Carolina, Virginia, Kentucky and South Carolina competing. Four at-large teams from these states will round out the field.

Division II, of which High Point College is a member, will have six teams competing with state champions from North Carolina, Virginia and South Carolina. Three at-large teams will compete also. High Point will have an automatic berth in the tournament as hostess school.

Division III schools will have an eight-team tournament with state champions from Virginia, South Carolina, Tennessee and Kentucky competing along with four at-large teams.

Tournament director Kitty Steele, head coach at High Point, said, "We're delighted to have the opportunity to host this tournament. Our facilities are among the best around, so playing conditions should be good. This tournament will give our fans a chance to see some of the top field hockey teams from the south, and it should also help us recruit some top high school players in the future."

High Point has competed in the regional tournament three of the past four years, but has failed to advance beyond the first round of play.

Defending Regional champions in each division include:

Division I:College of William and Mary, Williamsburg, Va.

Division II: Pfeiffer College, Misenheimer, N.C.

Division III: Hollins College, Roanoke, Va.

# *Holt honored for softball*

Teresa Holt, a junior basketball player at High Point College, recently won first team All-American honors from the Amateur Softball Association as she helped lead her team, Howard's Rubi-Otts, to the ASA Open Class National Championship.

Holt, a two-time PARADE All-American in basketball while at Eastern Guilford High School, batted .580 during the season as the Rubi-Otts won the state and regional titles before going on to capture the national title in York, Pennsylvania.

A total of 35 teams participated in the week-long event.

# Soccer team begins winning ways

**PANTHER PHIL REES** gets set to go after a loose ball during HPC's 2-1 win over Belmont Abbey on Saturday. (Photo by Lisa Mickey)

**BY MARIO WATSON**
**Staff Writer**

At the present time, the High Point College soccer squad stands at four wins and three losses.

The Panthers have dropped decisions to North Carolina State (3-0), Carolina (4-0), and Averett (1-0). HPC has defeated Wilson (4-0), UNC-Asheville (5-0), Pembroke (2-0), and Belmont Abbey (2-1).

This past Saturday, when the team downed Belmont Abbey 2-1, was the team's best performance said Coach Woody Gibson.

"For the first time all season we combined skill, emotion, and enthusiasm for a really great game. I was really pleased. We dominated the entire first half."

Outstanding performances so far this year have come from Jeff Sloan, Greg Partridge, Ricky Klier, Ralph Barnes, Pepe Perrone, Chris Hohnhold, and Mike Moran, who was hurt earlier this season.

Perrone has scored 3 goals and has four assists to his credit while Hohnhold has three goals. Mike Brandell leads the team with four goals scored.

The squad will travel to Pfeiffer today for a 3:30 contest. Saturday the Panthers will host the Deacons of Wake Forest. The action begins at 2:00.

up," he said.

He felt that the parents were sincerely interested in the programs and demonstrated this by the intelligent questions they asked. It helped the parents to understand what type of pressures are put on a student during his college career.

"Besides giving the parents a chance to learn about the college and its programs, it also gave the administration a chance to meet parents they had not gotten to know during orientation," Lowdermilk said.

Dr. Murphy Osborne, Vice President for Student Affairs, was also very pleased with the way the weekend went.

"I was pleased with the large number that showed up. It was larger than usual," Osborne stated.

He also noted the increased interest with parents of students and how knowledgeable they were concerning financial situations and other topics.

# Bear's future promising

continued from page 7

isn't performing, he is on the road again, thinking up lyrics for his soon-to-be-released songs.

At this point in time, Marty's future looks very promising. His first album was quite a success, and he is currently in the process of completing his second release, which will be nationally distributed. With so much world wide publicity, there is also the possibility of some television work within a few years.

What about women? What about his sex life? Well, being on the road so much, traveling alone, and having such a capricious work schedule, Marty has not had the time to develop any serious relationships.

Oh, there have been women! As a matter of fact, Marty describes women as being "attractive creatures of the flesh." He only wishes he had more time to appreciate their qualities.

# New cheerleaders chosen

**BY**
**STEPHANIE HIGGINS**
**Staff Writer**

Tryouts are over and the 1980-81 cheerleaders are already hard at work.

Fifteen HPC women vied for seven slots on the squad. Three new sophomores and four new freshmen joined five returnees from last year and four stuntmen to compose the sixteen member squad.

The trials this year had outside judges. This was done in hopes to eliminate partiality in the selection of the cheerleaders. The judges included Dr. Murphy Osborne, Richard Hoffman, Dean Bob Lowdermilk, and Ms. Kitty Steele, advisor.

"This year is going to be the best ever," said Betty Maynor, one of this year's co-captains.

The four male stuntmen will add needed strength and lifting ability. Each new cheerleader also has something to offer from the cheers they have learned from their different schools.

Some of the cheerleaders' tasks will include putting up posters, decorating lockers for home games, planning the bon-fire for Homecoming, and judging the tryouts of cheerleaders in four of the surrounding high schools.

"We have a number one squad this year," said Maynor, "and we're looking for lots of support from all the students at HPC."

The 1980-81 cheerleading squad newcomers are: Foncia Bowman, Barb Yeager, Elisa McInnis, Lynn Andrews, Lee Ann Carinci, Kim Thomas, and Cindy Mounce. They are joining returnees Betty Maynor, Bettie Bolen, Steph Vukovic, Beth Belk, and Sharon Litchford. The stuntmen for the squad are: John Richardson, Scott Schultz, Roby Kiser, and Bill Robertson.

**CAPTAINS** for this year's cheerleading squad are Betty Maynor, Bettie Bolen, and Steph Vukovic.

# Williams to appear here

Country-folk songwriter Mike Williams will bring his booming bass voice and 12-string guitar to the Old Student Center on Oct.7. Showtime is 8 p.m. and admission is free.

The six-foot-two-inch unreformed hippie promises to "tickle your innards and rearrange your brain" in his 2-hour performance.

Acclaimed by student audiences as one of the strongest solo acts in the country, Williams has performed at nearly 200 colleges nationwide and more than 100 clubs.

Williams has also opened concerts headlined by more than thirty nationally known acts, including Emmylou Harris (who he used to sing with), Jimmy Buffet, Steve Martin, Tanya Tucker, Earl Scruggs, and Jerry Jeff Walker.

A veteran of fifteen years on the road, Williams has three albums of his original songs released on Austin, Texas' B.F. Deal label. Albums will be on sale at the show.

"These songs are about adventures, feelings and accidents I've had in 37 years of survival," grins the red-maned singer. "They'll make you laugh or blush or yell along, and they are definitely real. I write about a lot of stuff that other writers are afraid to tackle, and audiences appreciate it because they know it comes right from the gut."

"College audiences are my favorites," he adds. "Compared to the clubs, they are much more polite and intelligent...although their reality factor may be a little low!"

This is Williams' second appearance at High Point College.

## *Information available*

Information is now available in the Placement office for students interested in summer newspaper internships. Selected college students work for a full summer on daily newspaper and wire service copy desks.

# Good production presented

BY KAREN L. CRAVER
Staff Writer

A good production of Neil Simon's *Plaza Suite* was presented by the Tower Players during Parent's Weekend at High Point College.

The play, directed by Monique Peyser, was presented Saturday night in the Memorial Auditorium with an audience of about 175 people who were pleased with the performance.

Debbie Osborne turned in a fine performance as Norma, the mother of Mimsey who has barricaded herself in the bathroom on her wedding day because of second thoughts.

Stuart Kneedler was equally good as the father of the bride though he appeared nervous at first and took a few minutes to get into his character.

The play, one act from Simon's comedy, was set in a "plush plaza hotel suite," and lasted a short 35 minutes.

Though a little outdated to be called contemporary (one of the major lines in the play was "Cool it!"), it had a trinkle of nostalgia that delighted many of the parents in the audience.

One scene of the play that somewhat confused the audience occurred when the mother mentioned it is beginning to rain and no rain is heard.

Overall, the play was well done by a fine cast and the audience delighted in the energy of the performances.

# Board accepts new library proposal

CHARLES HAYWORTH

BY
CRYSTAL HEDGECOCK
Staff Writer

Plans made by the Board of Trustees last Wednesday call for a new library to be constructed "as rapidly as plans can be made," said Board of Trustees Chairman Charles E. Hayworth.

Earlier plans to renovate the Wrenn Memorial Library erected in 1937, have been discarded in favor of constructing a totally new building.

A cost for the new library has not yet been estimated but previous estimates have been in the $3 million range. A campaign to raise these funds will probably begin during the first months of 1981.

The need for this new library has been discussed for several years by the faculty and students, as well as the trustees. A student group raised over $22,000 in 1979 for the library as a class project, although at the time no plans had been made for one.

Hayworth said the primary consideration is that the new library will be "adequate for the needs of the college."

A study made three years ago by Dr. Warren Bird, Director of the Duke University Medical Center Library, will be used in making the plans for the library.

The final deicisons regarding the new building will depend on the amount of money raised during the campaign.

Hayworth said the authorization by the board meant that decisions could be made without waiting for a meeting of the full board membership.

# Underwood portrait unveiled

BY SCOTT A. HANCE
Editor-in-Chief

A portrait of the late Dr. Samuel J. Underwood was recently unveiled and presented to High Point College by a group of alumni and former students of the professor.

The portrait was presented during a ceremony on Sept. 26 in the Holt McPherson Campus Center. Underwood, 1922-1976, was a professor and chairman of the English department at High Point from 1962 to 1971.

Mrs. Barbara McDiarmid Johnston was the organizer for the event and made the presentation of the portrait to Acting President David W. Cole. The portrait was painted by Stephen Rosenberger of Winchester, Va. from a photograph of Underwood. The work started in September 1979 and the portrait was completed in March of this year.

Mr. Cletus Kruyer, Vice President for College Affairs, welcomed the many alumni, friends and relatives to the event.

Biographical data on Underwood was presented by Mr. Edward Sigmon, an English major at High Point during Underwood's tenure.

Underwood was born in Middlwsex, N.C. and received undergraduate degrees from UNC and Brevard Junior College and his Ph. D. degree from Michigan State University in education and English. He also attended the University of Grenoble, France while serving in the Army.

Before coming to High Point College, Underwood taught in Burlington and Greensboro schools, Alma College, Furman University, and Frostburg State College. He lectured at Pennsylvania State University, Columbia University, and Michigan State.

During his ten years at HPC, Underwood's great love was the *Zenith*. The *Zenith* won numerous awards under his direction. Mrs. Lynn Simone Miller, a former editor of the yearbook, was one of the participants in the ceremony and related many of their experiences with Underwood.

Other participants in the ceremony were Former President Wendell M. Patton, Mrs. Shirley Rawley, Mr. Richard Chappel and Mrs. Phillis Sturdivant Penry.

Chappell, one of Of Underwood's students, characterized Underwood as a "funny fellow with a quick wit."

"This portrait will be a visual reminder of our love for Dr. Underwood," Johnston said.

The presentation followed three years of organization by Johnston and other friends of Underwood.

His mother, Mrs. J.C. Underwood, and his daughter, Mrs. David Shelton, unveiled the portrait.

Underwood retired from High Point College in 1971 due to poor health.

The portrait will hang in meeting room 2 of the Campus Center.

# *White hired as new security supervisor*

BY ANDREA
HADZIMICHALIS
Staff Writer

TERRY WHITE

High Point College has hired Mr. Terry White as its new security supervisor in an effort to increase campus security.

White, 29, has been associated with the High Point Police Department for the past seven years. He has excelled as a superior officer and was once chosen by the Jaycees as the most outstanding policeman of 1976.

Because the college has enlarged and upgraded the positon of security supervisor, White will be working more closely with the students; meeting with various dorm groups and advising them on safety and fire prevention methods.

The administrators and students involved in hiring White have much confidence in his capabilities, claiming that "his strongest area was found in his ability to communicate so well with young, college-aged people."

# Exercise privilege in November election

Less than a month from now, millions of Americans will go to the polls to vote for the next president. Will you be one of them?

Voting in a presidential election is a privilege which one can only take advantage of every four years. Not only is it a privilege to vote, it is also the duty of American citizens to participate in the election of the person who will lead this country for the next four years.

The election coming up in November is no exception.

The man who we choose to be president for the next four years has a great task ahead. Whether you cast your vote for Jimmy Carter, Ronald Reagan, or John Anderson, at least get out and vote. If you can't be home during the election, take time to vote by absentee ballot.

There are many key issues at hand in this election and many have been debated over and over again between the candidates. Issues such as ERA, abortion, the economy, defense and foreign policy have highlighted the campaigns so far.

The two top candidates, Reagan and Carter, have swapped the lead in major polls throughout the summer. After the Republican convention, Reagan held the lead. Following the Democratic convention, Carter was shown as the leader. In the latest Associated Press poll, Reagan holds a two to one lead in electoral votes of states he is favored to win.

The addition of an independent candidate, Anderson, makes this election even a little tighter. Anderson could take away needed votes from both candidates and further narrow the gap.

Not only is this a presidential election year, but many states are also electing new governors, senators, and representatives. If your state is electing any of these key people, I urge you again to vote for the candidate of your choice.

And when you do vote, weigh the issues carefully and vote for the man who you feel will do the best job. Don't vote for someone because your parents or your friends are. Make up your own mind based on what you know about the candidates and what the position requires.

This year is an important year for the United States and for some of the individual states. If you are a registered voter, go to the polls and vote or vote by absentee ballot.

With the problems we face today, we must choose the right leaders of tomorrow. Let's make use of the freedom we have in choosing our leaders. People in some other countries don't have the right to choose their leaders as we do. Since we have the ability to choose, we should all take advantage of this by voting for the candidates of our choice on Nov. 4.

*Letter to the Editor*

## Computer System needed

Dear Editor:

As a senior math major, it is easy for me to see the need for some sort of computer system on the HPC campus. I realize that a lot of people are put off by the image of a computer, but the longer HPC waits to obtain some sort of system, the further behind it falls.

The general impression that a computer setup will cost millions of dollars is totally false. I have talked to an Apple Computer representative and he assured me we could get five terminals and disc readers plus screens (for display) at a cost of no more than $15,000. This figure is only approximately 0.3% of the total operating budget of the school; a small amount considering the number of students it could serve.

Science, math, and business majors could get some practical hands-on experience if these units are purchased. All students i these areas will find tha computer knowledge will b invaluable in almost an field that they pursue.

The $15,000 could be raised through student, alumni school, faculty and SGA donations. Hopefully, the administration of HPC will become aware of the need fo some sort of computers o campus and agree to a proposal.

Sincerely,
**Danny G. Berrier**

## Representatives attend convention

Foncia Bowman, Don Stewart, Lee Williams, Terry Spittel, and Dean Bruce Tingle travelled to Savannah, Georgia on October 10-13 for the Southwestern NECAA Convention.

The convention featured film viewings, showcase performers, conventional sessions, and exhibits featuring acts of every conceivable facet of the entertainment world. Over 30 of the hottest acts around performed during the show cases.

Conventional sessions focused on topics of concern for all Student Union members: publicity, film programming, coffeehouses, leadership development, alcohol abuse, residence hall programming, and co-op buying. Film showcases allowed the participants to view films that are new in the market before purchasing.

Over 200 exhibits were set up to allow Student Union members direct access to performers and agents. Co-op buying was the essential ingredient in bringing to High Point College diversified and high quality talent.

HPC has entered into ten co-op agreements for the 1981 school year. This could generate up to $500 in savings per act via the co-op route. Extensive contracts were generated with area schools such as Pfeiffer, Elon, Catawba, Guilford and others.

When assessing the affairs of High Point College Student Union in relation to other schools, HPC is near the top. The budget is small but comfortable. The coffeehouse facilities are better than most, there is adequate

# Students pose questions at Administrative Forum

**BY SCOTT A. HANCE**
**Editor-in-Chief**

The first of four scheduled Administrative Forums was held on Oct. 6 in the Campus Center.

Acting President David Cole, along with Mr. Earle Dalbey, Vice-President for Financial Affairs, and Dr. Murphy Osborne, Assistant to the President, were on hand to answer students' questions.

The topics which were brought up most often were security and McCulloch Dorm. Osborne informed the students that a new supervisor for security had been hired and that other changes in security are being made.

Stuart Kneedler, representing the McCulloch Dorm Council, asked Dalbey about the ice machine for the Dorm and other items which the dorm council had discussed. These included moving the phones in the dorm and getting the P.A. system working again.

He also brought to light the condition of the laundry room in the basement of Harrison Hall and Dalbey commented that plans to clean up the room were underway.

Dalbey also stated that the College had converted to gas fired boilers and no longer would be using coal.

Cole was asked about the possibility of getting a computer system on campus to help students in the math, science and business departments. He said that at the present, no plans had been made to purchase a computer system but there was a possibility of tying in to a system.

Other topics of discussion were the library and the search for a new president.

Cole and Osborne both said they knew nothing about who had applied for the position and that that information was being held by the Search Committee.

Dalbey assured the students that their pledges for the library fund were still being held for the new library.

# Campus Cases

**BY DANNY BERRIER**
**Attorney General**

After a relatively quiet two weeks, the number of judicial cases reached its highest level for the school year. A total of four Ethics Code violations were brought before Dean Bob Lowdermilk.

The first case was the conviction of a Women's Hall resident for possession of alcohol. She decided to accept an administrative decision and was fined $25.

A Belk Dorm resident was the next student brought before the Dean. He was charged with possession and also agreed to an administrative decision.

A resident of Millis Hall was apprehended with five beers in the stairway of Belk. He was fined $25 after agreeing to an administrative decision.

A resident of McCulloch Hall voluntarily confessed to alcohol possession in the past two weeks. He admitted to being responsible for a keg of beer discovered in one of the dorm's sections. He accepted an administrative decision.

A total of eight cases have been decided thus far with each resulting from a violation of the school policy against alcohol on campus. All students involved have agreed to their guilt and have been fined $25. No cases have been brought before the Supreme Court to date.

During the course of the previous two weeks' cases, a couple of interesting points concerning judicial penalties and procedures have been brought up. One student questioned the right of a resident counselor or advisor to confiscate any alcohol found on campus. Clearly, both RC's and RA's have this power as representatives of the school and the items taken can be used as evidence during Supreme Court trials.

One judicial penalty recently encountered is the one semester explusion of any student charged with refusing to show his ID card to a member of the school administration or staff when requested. ID cards need to be carried at all times by every student as they are the primary means in determining your right to be on campus.

# Blood Mobile a success for APO, Red Cross

The American Red Cross and the APO service fraternity held a blood drive on Monday in the lobby of the Campus Center.

The turn out for the blood drive was a success with 190 students, faculty members, and community members as donors. There were 153 pints collected, with 37 people being turned away for various reasons. 29 brave souls were donating for the first time.

The American Red Cross and members of the APO had set a goal of 125 pints for this drive. The APOs would like to thank all of those who helped them to exceed the goal.

# Economic factors affect people in many ways

**BY ALISA WALKER**
**Staff Writer**

Primacy of economic factors have a great effect on people spiritually, morally, and physically.

"These economic factors are government errors which can be undone by government itself," said David McDonough in a lecture at High Point College on Oct. 1.

McDonough is a political writer and speaker active in Britains Conservation Party. He is head of David McDonough and Associates, a London business consulting firm.

He spoke on "The History and Rise of a New Conservation" and gave the scen seeting of a radical serving of the British government, better known as socialism.

McDonough argued that the government in England has suffered because of prime economic factors. He said the government can correct these economic errors by altering the tax rate and money supply. If this can be done, then inflation will move downward.

"Inflation is a moral as well as an economic evil," McDonough said. "If only the government would realize good people are needed to rid itself of such economic evil. Then inflation would move downward."

Government action such as progressive taxation, nationalization, welfare states and housing, laws of regulation, large organized labor movements, and practice of equalatorianism have an effect on inflation. McDonough said he feels the American government has been more prosperous with these actions than British government.

He is sorry to say that British government has low pension and inadequate welfare. As a result, inflation has been higher for them.

Unions in Britain have also been a cause of inflation. The have threatened bankruptcy to get their way regardless of how it affected the government.

The public esteem and national self esteem of the British government has been "something for nothing." McDonough said this has caused lost competition, money, and jobs.

Prime Minister Margret Thatcher is a patriotic English woman involved in the British Conservation Party. McDonough said that her party is one under great continuity.

He stated that she believes in the rights of individuals under moral value. Thatcher also views the states as being able to make their own decision. McDonough said she also believes in supporting America and free enterprise. These are her "War of Ideas."

McDonough ended his lecture by quoting from Winston Churchill, "You can not do for men what they can do and should do for themselves."

# Proficiency test to be given

**BY KIM HIGGINS**
**Staff Writer**

Students entering High Point College must now take a writing proficiency test as a requirement of their freshman English course.

The administration has decided that every student has to take a proficiency test at the end of English 102. This test is not an English proficiency test made up by the English department, but a test in writing proficiency that is required by the college.

All students entering college with the 1980-81 catalogue are required to take the test. The transfer students took theirs on Oct. 1, and the make-up was Oct. 8.

The test will be an essay on a given topic, and students will have 50 minutes to write about the idea. The test will not be evaluated as a polished essay. A student should be able to give some examples of what the topic is about, and good sentence structure.

According to the test given to the transfer students, "competency" includes addressing the assigned question; creating a controlling idea (focus, thematic statement, or proposition) for the essay; developing the controlling idea through logical detail, examples or other support; using the conventions of our language such as complete sentences, acceptable spelling, punctuation, and legibility.

Explaining why the test was voted in, acting President David W. Cole said there is a real need for something to check the writing ability of students.

"The tendency is to have students pass English and then forget about usage and grammer," he stated.

He attributes this to the increased use of objective tests among other things.

Once the test is taken it must be evaluated twice. First it will be looked over by a member of the English department, and then by a professor in the department of the students major. Both must pass him before the student receives credit for the test.

Dr. John Moehlmann emphasizes that the test is not a requirement of the English department, but of the college.

"Many people associate writing with just English. We want writing to be just as important in geography as it is in English," he said.

Cole agrees and emphasizes the need for this test.

"We don't want High Point College turning out people that can not express themselves in a way a college student should," he commented.

# Scholarship Bank providing much help to many students

It was announced recently that high school and college students are receiving an average of $17,000 each in possible financial aid sources from The Scholarship Bank, according to Steve Danz, director.

The new service, being operated on a non-profit basis, is designed to find all of the financial aid sources available to student applicants. Danz indicates that of the estimated 15,000 sources in the date bank, the average applicant is getting information on 32 separate sources. The combined value of the 32 sources equals $17,000 and, according to Danz, this does not include those sources that are renewable yearly.

Many sources are based on other than need. Approximately thirty percent are merit based, thirty percent need based, and the balance are a combination, or are based on other factors, such as student's willingness to enter a contest or declare a certain "major" in school.

The Scholarship Bank updates records daily to assure that students are receiving only the most current and valid information. Cost of the service is $35, with a smaller "economy" package of 15 aid sources being available for $25. Each student is guaranteed at least $100 in aid or his or her service fee is refunded.

Students or parents desiring further information should contact The Scholarship Bank, 10100 Santa Monica Blvd., Suite 750, Los Angeles, Ca. 90067, and enclose a business-size stamped self-addressed envelope, or call toll-free 800-327-9191 ext. 397.

# Advisory committee meets

BY KAREN L. CRAVER
Staff Writer

High Point College students now have a chance to speak upon matters within the college that concern them.

A new advisory committee has been formed to let the president of the college in on what students think about what is going on.

The new committee, consisting of 11 students who hold various offices on the campus, plans to meet at least once a month with Acting President David Cole to discuss possible problems in the college from the student's point of view.

"It's a great outlet for students," Jacky Hendrix, President of the Student Government Association said. "Everyone on campus has a representative on the committee."

The student representatives on the committee are SGA President Jacky Hendrix; SGA Executive Council members Karen Magill, Tracy Yarbrough and Peggy Pesce; Chief Justice Keith Chance; Attorney General Danny Berrier; Editor of the HI-PO and Senior Class President Scott Hance; Junior Class President and Panhellemic President Jan Harrison; Interfraternity Council President Jeff Koehler; Speaker of Student Legislature Mike Showalter; and President of the Day Student Organization Alan Dorsett.

"We want to hear from campus leaders to let us know what the students are thinking and what improvements can be made in the immediate future," Cole said recently.

The committee was formed because of an idea former President Wendell Patton had last year to become more in touch with what the students were thinking, according to Hendrix.

Though the meetings are closed to students outside the committee, a student may be at the meeting if he has a direct concern or a problem, Hendrix said.

The next meeting of the Advisory Commitee will be sometime after fall break and a student who has a concern about an issue should contact one of the members of the committee who will in turn relay the concern to Acting President Cole at the meeting.

# Presidential Qualities?

*The Presidential Search Committee is at present in the process of screening applicants for the position of president of High Point College. [illegible] President Jacky Hendrix is a member of the committee and would like to find out what qualities the students feel the candidate should possess.*

*The following survey will help in formulating student ideas in this matter. Please fill out the survey and return to Jacky Hendrix, Box [illegible] Campus Mail.*

QUALITIES GENERALLY CONSIDERED ESSENTIAL FOR SUCCESS IN THE POSITION OF PRESIDENT OF HIGH POINT COLLEGE

| | YES | NO | NO EFFECT |
|---|---|---|---|
| 1. Should the candidate possess an earned doctoral degree? | | | |
| 2. Should the candidate be willing to live and work closely with students? | | | |
| 3. Should the candidate possess administrative experience in higher education? | | | |
| 4. Should the candidate possess teaching experience in undergraduate higher education? | | | |
| 5. Should the candidate possess proven available fund raising (i.e., ability to generate fund support)? | | | |
| 6. Should the candidate be a member of the United Methodist Church? | | | |

Please add other qualities that you feel are essential to this position.

PLEASE RETURN THIS COMPLETED FORM TO:
JACKY HENDRIX, BOX [illegible] CAMPUS MAIL by FRIDAY, OCTOBER 27, 1978

# Scholarship Bank providing much help to many students

It was announced recently that high school and college students [illegible] millions of dollars [illegible] from The Scholarship Bank, according to [illegible], director.

The new service, being operated on a non-profit basis, is operating to find all of the financial aid sources available to student applicants. [illegible]

Many sources are based on other than need. Approximately thirty percent are

work based [illegible] need based, and the [illegible] [illegible] The Scholarship Bank [illegible] [illegible]

# ELECTIONS '80

BY KIM DARDEN
**Associate Editor**

*Election Day 1980 is little more than two weeks away. This presidential election year is for most of us our first opportunity to cast a vote for a president of the United States.*

*The following review briefly summarizes the stances of the three major presidential candidates on vital issues. It was compiled from interviews with High Point Coordinator for the Carter campaign Louise Nowicki, Field Director of the N.C. Anderson campaign Drew Smith, authorities at Reagan's N.C. headquarters and at the High Point Republican and Democratic headquarters.*

## Jimmy Carter

President Jimmy Carter, the 1980 Democratic presidential nominee, is a former governor of Georgia. He was elected governor in 1970, was elected Democratic Party National Chairman in 1973, and in 1974 announced his candidacy for the presidency which he won in 1976. He is a moderate on the political spectrum.

His running mate is Vice-President Walter Mondale. Mondale is a former State Attorney General and represented Minnesota for 12 years in the U.S. Senate.

Here are Carter's views and his record on the issues:

**The Economy:** The Democratic party platform pledges a $12 billion anti-recession jobs program providing at least 800,000 new jobs and an employment training program for young people in inner cities. Carter has written an exception to the proposal, stating that although he does plan to spend the specified dollar amount on new jobs, he intends to create long-term jobs rather than makeshift jobs.

Carter proposes an across-the-board tax cut to begin in 1981 and over a three-year period to amount to one billion dollars.

He has proposed to cut the Capital Gains (investment) Tax by one-third to encourage businesses to invest again.

He pursued a voluntary wage and price guideline program in face of 18% inflation and last year's 120% increase in OPEC prices.

**Defense and Foreign Policy:** Carter is committed to a 3% annual real growth in defense spending. He does not support an arms build-up so much as more effective use of and perfection of our present weaponry.

Carter recently vetoed Congress' bill to construct B-1 bombers.

The following foreign policy decisions and actions have occurred during the Carter administration:

--Carter negotiated the Camp David Accords between Egypt and Israel which established a framework for peace in the Middle East.

--Carter negotiated ratification of the Panama Canal treaties.

--He normalized relations with the People's Republic of China, recognizing it as the official government of China rather than Taiwan.

--He completed the SALT II negotiations.

--The U.S. attempted and failed to rescue the 50 American hostages who were seized from the Iranian Embassy in November 1979.

--In response to the Soviet invasion of Afghanistan, Carter led the free world into an Olympic boycott, created

see Carter, p. 8

## John Anderson

Independent Presidential candidate John Anderson calls himself a "realistic alternative to the two-party choice."

"I don't care whether you call me a conservative or a liberal," he says, "just give me credit for having ideas."

Anderson was a U.S. congressman from Illinois for 20 years. He was first elected in 1960 and served until he announced his candidacy for president in June 1979. He was the third ranking Republican in Congress and was chairman of the House Republican Committee and a member of the House Rules Committee.

He has chosen for his running mate former two-term Wisconsin governor Patrick Lucey,, a leader in the Democratic party.

see Anderson, p. 8

## Ronald Reagan

Republican Presidential nominee Ronald Reagan was governor of California from 1966-1974. He actively sought and narrowly lost the Republican nomination for president in 1976 to former President Gerald Ford.

Reagan has been a dedicated conservative throughout his political career.

His running mate is George Bush, a former U.S. Congressman from Texas and U.S. Ambassador to the U.N. Bush served two terms in the House from 1966-1970 and was a member of the House Ways and Means Committee. He was U.N. ambassador from 1971-1973 and is a former director of the CIA. He is a moderate conservative.

Here are Reagan's views on the issues:

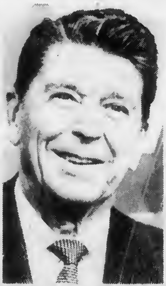
**The Economy:** "The only way to curb inflation," Reagan says, "is to make a bold commitment to real economic growth, restrain federal spending, and bring the growth and supply of money back into line with the economy's ability to increase its output of goods and services."

Reagan's economic proposals include an across-the-board tax cut, increased military spending, and a balanced federal budget.

Reagan proposes a 30% across-the-board cut amounting to $12 billion in 1981 and to a total of $90 billion over his term as president. Taxpayers with incomes of $50,000 or above will be the primary beneficiaries of the cut.

**Energy:** Reagan recommends increased domestic production of oil and encourages the construction of nuclear power plants. Reagan wants to eliminate energy price controls.

**Defense and Foreign Policy:** Reagan calls for a new U.S. arms build-up and a toughened U.S. negotiating stance with the Soviet Union. As president, Reagan has said he would scrap the SALT II treaty without allowing the Senate to vote on it.



"The Soviets have been racing," Reagan said recently, "but with no competition . . . the Soviets will be far more inclined to negotiate in good faith if (they) know the U.S. is engaged in building up its military."

**Equal Rights:** Reagan supports the Republican party platform which no longer endorses ratification of the ERA. However, as president, Reagan pledges to conduct a survey of federal laws which discriminate against women and to form a liason with the 50 governors to identify and correct state laws which discriminate against women. He believes

## Ronald Reagan

[illegible] Presidential [illegible] Ronald Reagan was [illegible] of California from [illegible] to [illegible] He actively [illegible] the nomination for president in 1976 [illegible] President Gerald Ford.

Reagan has been a dedicated conservative [illegible] his political career.

His running mate is George Bush, a former U.S. Congressman from Texas and U.S. [illegible] U.N. [illegible] and was a member of the House Ways and Means Committee. He was U.S. [illegible] from 1971-1972 [illegible] director of the CIA. He is a moderate [illegible]

Here are Reagan's views on the issues.

The Economy: "The only way to curb inflation," Reagan says, "is to make a [illegible] growth, [illegible] federal spending, and bring the growth [illegible] money back into line [illegible] the country's ability to [illegible] output of goods and services."

Reagan's economic proposals include an across-the-board tax cut [illegible] federal [illegible]

Reagan proposes a 30% across-the-board cut [illegible] and to a total of [illegible] billion [illegible]

primary [illegible] of the [illegible]

Energy: Reagan recommends [illegible] production of oil and [illegible] the [illegible] of nuclear power plants. Reagan wants to eliminate energy price controls.

Defense and Foreign Policy: Reagan calls for a new U.S. [illegible] and a [illegible] [illegible] Soviet

[illegible] Reagan has said he would scrap the SALT II treaty [illegible]

"The Soviets have been [illegible]," Reagan [illegible] "but with no competition the Soviets will [illegible] U.S. is engaged in building up the military."

Equal Rights: Reagan supports the Republican party platform which [illegible] the E.R.A. However, as president, Reagan pledges [illegible] federal laws which discriminate against women and to [illegible] with the 50 governors to identify and correct state laws which discriminate against women. He believes [illegible]

see Reagan, p. 8

# Carter committed to ERA passage

continued from page 7

trade and grain embargoes against the Soviets, and strengthened our defense presence in the Persian Gulf region. He initiated this summer's draft registration and stalled SALT II legislation in Congress.

**Energy**: In 1977 Carter called our fight for energy independence the "moral equivalent of war."

The major components of Carter's "comprehensive energy program" include:

--Phased decontrol of natural gas and oil prices.

--The expanded use of coal as an energy source and as a converter into natural gases.

--Hydro-electric research to see how we can obtain energy from the sea.

--A goal of 20% use of solar and other renewable energy sources by the year 2000.

--The Alaskan Natural Gas Pipeline.

Carter's $227 billion Windfall Profits Tax Bill was the first energy bill ever passed by Congress. The bill taxes the enormous oil company profits and uses the money to assist low-income families heat their homes and to search for other sources of energy.

Carter recommends phasing out of nuclear energy as soon as we have alternative energy methods.

**Equal Rights**: Carter is committed to passage of the ERA. He has appointed more women and blacks to administrative and cabinet level positions than any other president.

**Abortion**: Carter is personally against abortion but supports federal funding of abortion because he believes poor women are discriminated against without federal help and are denied their right to choose.

**Education**: Carter has created a separate Department of Education apart from the former Department of Health, Education, and Welfare.

## *Absentee ballots available*

If, like the majority of students at the college, you are not registered to vote in this county, don't forget that you may vote by absentee ballot.

If your family lives in another county or state, your parents can apply for an absentee ballot for you at the Board of Elections in your county and then send the ballot to you. Or you may write to the Board of Elections in your county and request that they send you a ballot. Absentee ballots should be notarized and returned to your county by Nov. 3.

Better yet, you may vote while you are home on Fall Break. Simply go by your county's Board of Elections office, and in most cases you can mark the ballot there.

# Reagan opposes abortion funding

continued from page 7

the enforcement of equal rights for women is a state responsibility.

**Abortion**: Reagan opposes federal funding of abortion and supports enactment of a constitutional amendment to "restore protection of the unborn's right to life."

**Social Security**: Reagan first called for a change in the Social Security system so as to make it voluntary. Currently he says no such change should be made and that the Social Security system must be strengthened. Last week Reagan proposed sending the Social Security earnings limitation, which means that those who draw Social Security will not be penalized if they also work and have separate incomes above $5,000. Currently, recipients with separate incomes above $5,000 receive a reduction in benefits.

# Anderson to curtail oil imports

continued from page 7

Here are some of Anderson's views on major issues:

**The Economy**: Anderson believes the chief source of inflation is our dependence on foreign oil. He proposes to curtail this dependence by implementing what he calls the 50/50 plan, a proposal to raise the federal taxes on gasoline by 50¢ per gallon, coupled with a 50% reduction in Social Security costs. Under the plan, the government would in effect recycle the tax back into the pockets of the American people through the Social Security system.

While we currently pay about 6.13% of our paycheck to Social Security, we would pay about 3% under the Anderson plan. At the same time, there would be a rise in basic benefits of approximately $120.00 per year per Social Security recipient.

Anderson, in contrast to Reagan and Carter, firmly opposes a tax cut, which he feels would be dangerously inflationary. Anderson feels that promising a tax cut is simply offering a lollipop to the people in an election year.

**Defense and Foreign Policy**: Anderson firmly opposes draft registration or the draft except in time of dire emergency. He feels that this summer's draft registration served no practical purpose. Anderson supports SALT II. He calls for a lower rate of increase in the defense budget than Carter and Reagan.

Our alliance with Western Europe is our most important national interest, according to Anderson.

**Energy**: Anderson is against further licensing of any nuclear energy facilities until there is a successful resolution of nuclear waste and reactor safety problems. He supports large scale research and development of alternative energy sources, particularly solar.

**Equal Rights**: Anderson has been a staunch supporter of ERA and would vigorously work to pressure state legislatures to ratify the Equal Rights Amendment. Equal rights for women is one of the chief platforms of the Anderson campaign.

**Abortion**: Anderson supports government funding of abortion because he feels that poor women are penalized without federal help and would be forced to turn to illegal means of terminating their pregnancy.

**HEW**: Anderson favors the federal government's anti-smoking campaign and has said he would eliminate tobacco price supports, a stand which drew immediate criticism from N.C. officials.

# President Carter speaks at fair in Winston-Salem

**BY ALISA WALKER**
**Staff Writer**

The sun was hot, but that did not stop hundreds of North Carolinians from waiting upon the arrival of President Jimmy Carter at the Dixie Classic Fair Grounds in Winston-Salem on Thursday, Oct. 9.

"There is no way I could ever search the United States and find a better Democratic ticket than you've put together," Carter said.

"I came to N.C. four years ago for your help into the White House and you gave it to me and now I'm going to stay there four more years," Carter said.

He told North Carolinians that if they would vote the Democratic ticket all the way from the White House to the Court House then he will be proud of N.C. He said his prayer is that the people of the South and the U.S. will never lose pride in the Democratic party.

Carter said he knows the people in this country are builders. "I've seen the South suffer economically," he said. He supported his statement by recalling great Democratic achievements in past history such as higher minimum wages and social security which were established by F.D. Roosevelt.

During his speech he campaigned strongly against Reagan. He reminded North Carolinians if Reagan is voted in office he will support a tax cut which will benefit the rich. He also said Reagan will attempt to turn education, welfare, and transit over to the states which will in return cause a rise in local and state tax.

Carter said that the American people often fail to think positively about this nation. He said he sees the future of this country strong and good.

He also said that the American people think negatively about the military force. Carter said that our military is the strongest one on earth and we'll never be second to anyone.

He also spoke for his support of the tobacco industry over tobacco imports.

Carter also said if elected he will strongly support the American car industry. He said he feels the American car is the best built in the world.

He acknowledged R.J. Reynolds $1 billion building plan to expand, which they announced recently. He said this is a good example of how the American economy is not afraid to build itself up.

As a goal, America has never failed to rebuild its economy, Carter said. He said economically the U.S. is the strongest nation on earth and will continue to be so with the help of the North Carolinians vote.

Carter concluded his speech by asking N.C. to remember what good stewardship means in this country. "Let us make sure we never forget to thank God for all His blessings on our country," Carter said.

# Mock election to be held

**BY SHARON KAY LITCHFORD**
**Staff Writer**

A mock Presidential election to be conducted at High Point College has been tentatively scheduled for Oct. 29.

The polls, which will be located in the main lobby of the Student Center, will be open from 7:30 a.m. to 6:00 p.m. The election will be directed by James R. Pritchett, Professor of History and Political Science, and his Political Parties class.

The SGA will sponsor speakers on campus, representing Carter, Reagan, and Anderson. This will give voters a chance to hear each candidate's platform before voting.

"By having a straw ballot, we will be able to get information on campus ideas about the Presidential election." Pritchett said.

The format of the ballot will be divided among faculty/administration, staff, and students. Other information surveyed will include class rank and whether the voter is male or female.

The candidates to choose from will be, Jimmy Carter, Democratic candidate; Ronald Reagan, Republican candidate; John Anderson, Independent candidate; and Edward Clark, Libertarian candidate.

A list will be kept at the polls of the entire student body, staff, and administration. As each person votes their name will be checked off to prevent any one from voting more than once.

The only other school around this area that has held a poll this year was UNC. They had a turn out of between four and five thousand students. The turn out was slim considering the student body is made up of around twenty thousand people.

"I hope we will have a better turn out than that," Pritchett said. "Since apathy has been the general attitude of most American voters, I hope this attitude is not reflected at High Point College. I hope the students, administration and staff take a few extra minutes of their time to vote."

Pritchett and his Political Parties class will try to publicize the election by radio announcements, posters, announcements by teachers, and spot announcements in the cafeteria.

According to Pritchett, this is not the first time High Point College has held a mock Presidential election. It seems it is becoming a regular school tradition.

In past campus elections, the winning candidates were Johnson in 1962, Nixon in 1972, and Carter in 1976. So far, it seems like High Point has had a talent for picking the winning candidate.

"In the last school election that was held in 1976, over fifty percent of the student body turned out," Pritchett said. "I hope this year is even better."

# AP poll shows Reagan ahead

**BY KIM DARDEN**
**Associate Editor**

An electoral vote survey recently conducted by the Associated Press shows Ronald Reagan leading President Carter two to one in the states, but indicates that 14 states which are rated toss-ups hold the balance of the election.

The survey results, released Oct. 6 by AP, show Reagan leading in 25 states with 236 electoral votes, 34 short of the majority needed to win the presidency.

President Carter commands 11 states and the District of Columbia, which account for 131 votes.

Representatives from each state and the District of Columbia cast 538 electoral college votes. The candidate who receives the majority of a state's popular vote takes all the electoral votes of that state. 270 electoral votes are needed to win the presidency.

The survey revealed that 14 states with 171 electoral votes have no clear leader. Since neither Reagan nor Carter yet has enough votes to win, the race hinges on these toss-up states. They are the Northwestern states, Upper Midwestern states, and Texas.

Independent presidential candidate John Anderson has no electoral votes in any state according to the survey.

## Lit-Bits

There is a tide in the affairs of men.which takenat the flood, leads on to fortune; Omitted, all the voyage of their life is bound in shallows and in miseries; And we must take the current when it serves, Or lose our ventures.

# Freshman elections held

BY DANNY BERRIER
Staff Writer

Over 40% of the freshman class got involved in campus politics by casting their votes in the elections held Wednesday, Oct. 8. Six office holders were elected at this time with the top race for president of the class being forced into a runoff today.

**TOM LEECH**

Neither Andrea Hadzimichalis nor Sharon Sweeney received a majority of the votes cast for president. This required a second vote today to determine who would capture the office.

**ANDREA HADZIMICHALIS**

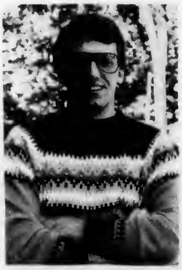
**SHARON SWEENEY**

Both the vice-president and secretary-treasurer of the class were elected in the first balloting. Tom Leech won the battle for vice-president while Steve Firman was able to defeat his opposition for the position of secretary-treasurer.

**STEVE FIRMAN**

There was a slight mix-up in the election in that several of the candidates thought that the office of secretary-treasurer was two distinct offices. The matter was cleared up by referring to the SGA Constitution which lists the offices of each class as the president, vice-president, and the combined position of secretary-treasurer.

The freshman class elected Joel Curran as its judicial representative. He will serve on the SGA Supreme Court and will also be a member of the Traffic Court.



**JOEL CURRAN**

Three legislative positions were vied for with Mark Mashburn, Wendi Hora, and Kristin Brown finishing at the top. These three students will serve in the SGA Legislature and will represent the freshmen interest in school affairs.

**MARK MASHBURN**

**WENDI HORA**

**KRISTIN BROWN**

SGA President Jacky Hendrix expressed his congratulations to the winners and hoped that they all would become active participants in the school government. He also commented that the good turnout is a positive sign in that student interest in their representation appears to be maintaining a high level.

The office of freshman president will be voted on today along with several constitutional amendments. All freshmen are encouraged to make a concerned effort to vote on all these issues.

# Amendment vote upcoming

*The following bills were passed by the Student Legislature and must now be approved by the student body. Students will vote on these bills today during lunch and dinner. These are amendments to the SGA Constitution and must be ratified by the student body.*

## Security Committee

Title: A bill to add the Security Committee to the SGA Constitution as a standing committee of the Student Legislature.

Proposed by: Mike Showalter, Speaker of the Legislature
Sean Russell, Sophomore Legislator

Introduced September 2, 1980

Be It Enacted that Article V, Section IV, Subsection B, which reads as follows:

> There shall be five standing committees of the Legislature, the individual responsibilities of which shall be listed in the Rules of Order.
> 1. Legislation
> 2. Elections
> 3. Steering and Budget
> 4. Public Relations Committee
> 5. Handbook Committee

Be amended by changing five to six, and by adding — **6. Security Committee.**

Be It Further Enacted that this bill will become effective upon majority approval of the Student Legislature and upon two-thirds majority approval of the student body voting in the ratification ballot.

## Membership Clarification

Title: A bill to clarify membership of the Student Legislature.

Proposed by: Mike Showalter, Speaker of the Legislature
Sean Russell, Sophomore Legislator

Introduced September 2, 1980

Be It Enacted that Article V, Section II of the SGA Constitution, which reads as follows:

> The Student legislature shall be composed of the Speaker of the Legislature, the Presidents of each of the four classes, three representatives from each of the four classes, and the Presidents, or elected representatives, of the Day Students, Men's Dormitory, Women's Dormitory, Panhallenic Council, Inter-Fraternity Council, and the Student Christian Association. The Executive council, Chief Justice of the Judicial Committee, and Chairman of the Student Union Governing Board of the Student Government will be ex officio, non-voting members of the Legislature.

Be amended by deleting the words "Men's Dormitory," "Women's Dormitory," and "the Student Christian Association."

Be It Further Enacted that this bill will become effective upon majority approval of the Student Legislature and upon two-thirds majority approval of the Student body voting in the ratification ballot.

## Parliamentarian Office

Title: A bill to add the office of Parliamentarian of the Student Legislature to the SGA Constitution.

Proposed by: Mike Showalter, Speaker of the Legislature
Sean Russell, Sophomore Legislator

Introduced September 2, 1980

Be It Enacted that Article V, Section IV, Subsection A, which reads as follows:

> The officers of the Legislature shall be the Speaker, the Speaker Pro Tempore, and the Secretary. Their individual duties shall be listed in the Rules of Order.

Be amended to read as follows:

> The officers of the Legislature shall be the Speaker, the Speaker Pro Tempore, the Secretary, and the Parliamentarian. Their individual duties shall be listed in the Rules of Order.

Be It Further Enacted that this bill will become effective upon majority approval of the Student Legislature and upon two-thirds majority approval of the Student body voting in the ratification ballot.

# Fraternities pledge new members;girls set for dances

ALPHA GAMMA DELTA

The Alpha Gams would like to congratulate Marilee Warren and Bonnie Wilson for being initiated into sisterhood on Oct. 9.

They would also like to welcome their International Advisor, Diane Walbesser, to the Gamma Eta chapter.

Their annual wild and crazy Pledge Dance will be held on Nov. 1 at the Elks Lodge.

A car wash was held at Tom's Brass Rail on Oct. 11.

They would like to congratulate all the fraternities on having a successful RUSH. Also, congratulations to all the new pledges.

KAPPA DELTA

The sisters and pledges of Kappa Delta sorority have really been busy this month. On Sept. 29, First Degree was held for Mary Bridges, Vivian Cole, Jane Doyle, Kim Jones, Helene Lippe, Sharon Lowe, Kim McAllister, Kathy Nance, Toyce Southern, Kim Thomas, and Laurie Yingling. On Oct. 5, First Degree was held for Heidi Young. Afterwards, they all grabbed their paint brushes and flashlights and got "A piece of the rock!"

On Oct. 9, they held Second Degree for Denise Machamer and Laura Ridenour. To start their White Rose Week off with a bang, the KDs had a cookout on Oct. 10 at Debbie James' home in High Point.

Sunday, Oct. 12, was the beginning of their Big Sister/Little Sister Week. The sisters are all anxious for their identities to be found by their Li'l Sisters.

ZETA TAU ALPHA

The Zetas have been busy planning mixers, pledge activities, and Founders Day.

The pledges were invited down on the hall Tuesday night for a Pajama Party. Also, they have begun the search for their Big Sister.

ZTA had a mixer with the Lambda Chis last Friday at Londonderry and are planning several other mixers.

Today they are celebrating Founders Day. This day is one to honor the nine founders of Zeta Tau Alpha.

The Zetas have also had several alumni visitors as well as a visit by their Province President, Jane Leonard.

Along with these activities, Jill Yarboro has been initiated into sisterhood. Congratulations Jill!

PHI MU

The Phi Mus have recently initiated three new members. They are Anne Soots, Kathy Hanson, and Erika Allion.

Last Saturday they held a car wash and in the evening had a mixer with the Pikas.

They are now planning their Pledge Dance. The dance will be held at the Elks Lodge on Nov. 8.

LAMBDA CHI ALPHA

Lambda Chi Alpha gave out 17 bids at the end of RUSH and all 17 accepted. The new associate members are Sid Baxley, Dave Buckworth, Greg Cook, Charlie Cowell, Steve Firman, Doff Fleshman, Chris Heenan, Gordon Hester, Russell Hughes, Keith Hutchins, Dave Koehler, Trey Little, Mark Mashburn, Mike Pinnix, Pat Shea, Don Stewart, and Mike Wiesehan.

Lambda Chi A team lost in the intramural frisbee competition to Delta Sigma Phi and took second place. In intramural soccer, Lambda Chi-A beat Lambda Chi-B 4-1 in the first match of the season.

Lambda Chi Alpha would like to congratulate all other fraternities on their new pledges.

DELTA SIGMA PHI

The Delta Sig's increased their membership last week with the addition of 15 new pledges. They are John Long, Chuck McCarthy, Barry Meredith, Matt Marceron, Glenn Groseclose, Jeff Zivic, Griff Thompson, Goeff Yarbrough, Tom Greco, Will Amos, Dave Formyduval, Tim Bartleff, Donnie Brower, Todd Bullers and Ed Brenton.

The Sigs have been busy raising money with a car wash on Oct. 4, a raffle, and working at Baker Furniture.

In sports, the Sigs claimed the ultimate frisbee title last week and won their first soccer game 3-1.

PI KAPPA ALPHA

Pi Kappa Alpha fraternity wrapped up the 1980-81 RUSH with 22 pledges. They are Joel Curran, Bob Watkins, Chris Booze, Joe Budd, Burt Evans, Doug Glenn, Al McClain, Donny Layne, Donny Wilborne, David Haines, Danny Hewett, Kerry Borbit, Billy Coursin, James McComas, Tom Burgess, Dilshad Peters, Tom Leech, Dave Stacy, Carl Ernst, J.J. Garlington, Pat Connelly, and Chris Williams. Officers of the pledge class have been elected and they are J.J. Garlington, President; Carl Ernst, Vice President; Burt Evans, Secretary; and Danny Hewett, Treasurer.

All the brothers would like to extend their congratulations to all greeks for their outstanding job during RUSH.

All girls who are interested in becoming little sisters please talk to a brother or little sister now. Little sister RUSH begins after Fall Break.

Have a good Fall Break!!

ALPHA PHI OMEGA

Alpha Phi Omega held its first social dance on Sept. 26 in Greensboro.

On Oct. 10, they held an afternoon recreation activity for the physically and mentally handicapped children at Northwood Elementary School. They will be planning and carrying out recreation activities for the children once or twice each month throughout the fall semester. Anyone wishing to help in this project may do so by contacting any APO brother.

On Oct. 13, the APOs held a Blood Drive in the Campus Center. The Blood Drive was held from 10: a.m. to 3:30 p.m. and they would like to give their sincere thanks for all the students who gave blood.

The APO National Service Day will be Nov. 8. There will be a day of recreation for juvenile delinquents in the High Point area for the National Service Day project. Any persons or organizations that wish to help in this project may contact Mark Snyder, APO Service Vice President.

Finally, the APO members wish everyone a safe and happy Fall Break.

*Play review*

# Keys, Wagner highlight production

**BY KAREN L. CRAVER**
**Staff Writer**

Good performances by Henson Keys and Timothy Wagner highlight the North Carolina Shakespeare Festival's production of "The Last Meeting of the Knights of the White Magnolia" at the High Point Theatre this week.

During one of the final dress rehearsals last Monday, the cast was well polished for the performances, Oct. 14-18 at 8:15 p.m.

The play, a comedy with dramatic overtones by Preston Jones, is set in 1962 Texas in the meeting room of the Cattleman's Hotel, where the Knights join every week for fun, games and drinking. However, the meeting on which the play centers involves the delightful first initiation of a new member in five years.

Henson Keys' performance of the wheelchair-bound colonel, a veteran of World War I who returns mentally to his war days, is fantastically engrossing as the play progresses, as is the performance of Timothy Wagner as the head honcho of the group.

The Knights of the White Magnolia is essentially a men's club of losers who over the years have lost most of their members and their own purpose, to the extent that all that they do is play games and drink.

Delightful chaos erupts when they try to initiate a new member, a somewhat reluctant youth played by Randall Haynes.

The music of the play, mostly harmonicas, fits comfortably with the mood and atmosphere of the group of down and out good old boys searching for new blood in the clan.

Director Bob Murray said he believes he has a very talented all-male cast who bring out flesh and blood qualities in the characters.

"Preston Jones is a master of dialogue," Murray said. "Everything came together very easily and the play maintained the interest of the crew, which is hard unless you have a very good play."

This is the second play Murray has worked on in the Shakespeare Festival; his first being "Macbeth" when he staged the sword fights. He is currently on the drama faculty of the North Carolina School of the Arts in Winston-Salem.

# Panthers take lead in soccer race

**BY MARIO WATSON**
**Staff Writer**

The Panther soccer team had a productive week winning three games without a loss and found a few players playing more to their potential.

On the other hand, sophomore starter Greg Partridge broke two bones in his left leg which will leave Coach Woody Gibson and his squad with a little less scoring punch. The injury occured in High Point's 3-1 win over Pfeiffer.

The big contest of the week, however, was Thursday's 1-0 Panther victory over conference foe Elon College. Both teams were undefeated in the conference prior to the game.

Jeff Sloan scored the lone goal for HPC midway through the first half with an assist from Ralph Barnes and the Panther defense held off the Fighting Christians to preserve the win. Goalie Ricky Klier notched his fourth shutout of the year.

Both teams played a majority of the game without a full slate of players. In the first half, freshman Mike Barndell and an Elon player were ejected from the contest for fighting. The Elon coach was also thrown out of the contest at the same time.

In the second half, another Elon player was ejected for unsportsmanlike conduct and Elon finished the game with only nine players on the field to High Point's ten.

The win gave the Panthers a 3-0 record in the conference and sole possession of first place.

In other action, the Panthers trailed most of the first half against Pfeiffer until freshman recruit Jono Jackson scored to tie the match.

Less than nine minutes into the second half, Partridge scored on a penalty kick to put the Panthers up by a score of 2-1. The final goal of the match came from Jeff Sloan just five minutes after Partridge scored.

"It was a great individual effort," Gibson said about Sloan's goal.

Partridge broke his leg with just over two minutes remaining to play and will be out for the remainder of the season.

"It was an unlucky break for Partridge," Gibson said. "He was playing really well before the incident occured. We definitely need for our other players to pick up the slack."

In the Oct. 4 match against the Deacons of Wake Forest, the Panther players responded to the call of duty. Barnes' and Sloans' performances spotlighted the match.

Barnes, along with highly recruited Ian Lewis shared Partridge's position of right wing and filled in nicely.

Sloan scored twice for the Panthers and displayed a great deal of intensity and enthusiasm. The Panthers won the match by a score of 3-2.

Gibson feels that if his squad can keep up the intensity and continue to play up to their potential, they will maintain their lead in the conference.

**PEPE PERONE** goes after the ball in High Point't 1-0 win over Elon on Thursady afternoon. The win gave the Panthers first place in the conference. (Photos by Marisa Firpi)

# Hockey squad downs Deacons

**BY JOAN MADERT**
**Staff Writer**

A weekend at Wake Forest University proved to be very beneficial for the women's hockey team.

The first of two games was a division game against Wake Forest University when the Panthers defeated the Deacons 4-2.

The scoring against the Deacons came from Lou Taylor and Sharon Kaler.

In the middle of the first half Taylor scored the initial goal. The Deacons then scored. With a come back by the Panthers in the last five minutes of the half Kaler scored again making the half time score 2-1.

"We felt we needed a few more insurance goals," said Coach Kitty Steele. "We didn't really know how strong they would be in the second half." Again Taylor and Kaler scored making the final score 4-2.

A victory was also gained on Saturday when the Panthers beat Virginia Commonwealth University by a score of 2-1. Both goals were scored by Taylor. Bob Lowdermilk who travels with the team said, "The weaknesses showed up a little more in the second half, but the strength was still there."

The game against Pfeiffer on Oct. 9 was a tough game which resulted in defeat for the Panthers by a score of 4-1. "Stephanie Higgins played an outstanding game against Pfeiffer," Steele said. "We were very pleased, Stephanie did a beautiful job in the cage."

At Catawba on Oct. 6 the Panthers won by a score of 2-1. The High Point team put forth a great effort which resulted in the victory.

On Oct. 2, the Panthers collected the fiftieth home victory for Coach Steele and Leslie Clark by defeating East Carolina University 2-0.

The Winthrop game on Oct. 1 was cancelled because of rain.

The last division game will be played against Davidson College this afternoon at four o'clock at Davidson.

The Panthers will meet

# Women's tennis ends well

**BY DANNY BERRIER**
**Staff Writer**

The High Point College women's tennis team finished the 1980 fall schedule with a perfect 6-0 mark and left supporters with high hopes for the coming spring matches.

Led by Seniors Vicky Williams, Kinta Otterman and Kathy Neblett, the relatively youthful squad compiled victories over UNC-G, Western Carolina, Mars Hill, Winthrop College, Wingate, and Pembroke State. The seniors were joined by two sophomores and three freshmen as they rolled impressively over their competition.

The six singles players were Williams (number one), Lynn Sharkey (number two), Anna Maria Medina (number three), Otterman (number four), Helen O'Brien (number five), and Susie Urmston (number six). Only Williams and Urmston lost a match during the schedule, with all the others

# Delta Sigs capture frisbee title over Chis

BY DANNY BERRIER
Staff Writer

Delta Sigma Phi opened its defense of the intramural championship with a hard-fought 13-10 overtime victory over Lambda Chi Alpha "A", capturing the ultimate frisbee title.

The game was a very close battle between two top contenders and required a five minute overtime period before the Sigs managed to put the Chis away.

Jumping out to an early 5-2 lead midway through the first half, the Sigs appeared to be in control of the contest. The Chis struggled back and by the end of the half had salvaged a 5-5 tie.

Lambda Chi was able to keep the momentum in the second half and broke out to a quick 7-5 lead before the Sigs pressed back to knot the game at seven.

The two teams then proceeded to trade goals and entered the final minute of regulation deadlocked at 9-9. With only 33 seconds left in the battle, the Sigs scored what appeared to be the winning point.

But once more the Chis fought back and with just 19 seconds remaining, tied the game and sent it into the extra period. With the tally knotted at ten, both teams prepared for the trying five minutes ahead.

The Sigs dominated the overtime with Charlie Gross and Dave Strong combining on the winning score midway into the period. Two more insurance goals resulted in the final 13-10 count.

The Sigs advanced to the finals with a victory over the Devils while Lambda Chi had defeated Theta Chi to capture its position in the title match. The Devils rebounded to win third place by defeating Theta Chi.

In men's tennis competition, Derrin Dunzweiler captured the singles title with a 6-4, 4-6, 6-2, win over Danny McConnell.

McConnell and his partner Glenn Jones came back to take the doubles championship with a 6-4, 7-6 win over Dunzweiler and Craig Baldwin. McConnell and Jones won the tie-breaker in the second set by one point.

Eric Bohus and Steve Chandler took third place by virtue of a forfeit from John McDonald and Scott Killian.

Intramural soccer got underway last week with games on Thursday and Friday. So far, the top contenders appear to be the Denote-Bellacos team, Delta Sigma Phi, and Lambda Chi Alpha. The Sigs are defending soccer champs.

The men's intramural track meet has been tentatively scheduled for shortly after fall break.

**FRISBEE COMPETITION concluded last week when the Delta Sigs captured the title over the Lambda Chis. (Photo by Marisa Firpi)**

# Setters down ACC, lose to WFU

BY ART LOMAX
Staff Writer

There was plenty of women's volleyball action last week, as the lady setters played host to Atlantic Christian College and defending AIAW State Division II Champions, Wake Forest University on Monday.

The Panthers then travelled to state runnerup UNC-G's Park Gymnasium, Wednesday, to take on the Spartans and Division I Championship contender Appalachian State University.

The Panthers defeated ACC 15-4, 15-5, but lost to Wake Forest, 3-15, 7-15, 13-15. UNC-G and Appalachian also took advantage of HPC's young Panther team, downing them 4-15, 16-14, 7-4 and 10-15 respectively.

Against Wake Forest, the Panthers could generate no offense and no defense in any of the three games.

Volleyball is a sport that relies totally on the ability of a player to pass the ball to the setter, and from there the setter sets the ball to a hitter. But the Panthers were cold; when there was a good pass, the set was not there; and more often than not, the pass wasn't there. The Panthers were also plagued with inconsistent serving.

The only bright spot in HPC's lineup was Karen Christofferson who played excellent defense, and was always an offensive threat.

At UNC-G however, the Panthers "put it all together" despite losing to both teams. HPC played excellent volleyball, forcing Division I Appalachian to

University of Richmond on Friday, Oct. 17.

"With an overall standing now of 5-5 we are hoping to win against Davidson," said Steele.

"University of Richmond is strong but we can get fired up for the game and do really well," Steele said.

At the present time, "there have been 19 goals scored against High Point with the Panthers scoring 17. Out of High Point's 17 goals Lou Taylor has scored 10," according to Steele.

After fall break the Panthers will be starting to put a lot of emphasis on the NCAIAW State Tournament.

Nov. 7-8 the Southern Regional II Tournament will be played at High Point with 22 teams competing.

# Improving Barnes helping Panther soccer

BY MARIO WATSON
Staff Writer

One of the most improved Panther soccer players this year has been junior Ralph Barnes.

Barnes is a native of Bay Shore, N.Y. and a third year member of the HPC soccer squad. He plays halfback and forward for the Panthers and possesses a great deal of quickness.

"Ralph is a good competitor who has some good leadership qualities," said Coach Woody Gibson.

"Up until our Pfeiffer and Wake Forest match, he hadn't played to his potential. Those two were his best matches since coming here," Gisbon said.

Barnes also feels he has been playing well lately.

"This has been my most exciting year so far; I'm not one of the teammates that came from a championship high school. It feels good to know what being a winner feels like," Barnes said.

"The contributions from Jeff Sloan, Chris Hohnhold and Greg Partridge really get our squad full of intensity. It's a team game and that's what I believe is the cause of our winning. Everyone contributes."

Barnes is also a member of High Point's track team and his speed is one of his greatest assets.

In Thursday's win over Elon, Barnes outraced an Elon defender and was credited with an assist on Sloan's game-winning score.

Barnes will now be called upon to help fill in at the wing position vacated by the injured Partridge.

continued from page 12

finishing with unblemished records.

Doubles teams were Williams / Neblett, Medina / O'Brien, and Urmston / Theresa Regnat. Otterman was also a frequent participant in several of the doubles matches. Only one loss was suffered by any of the doubles players, that coming at the hands of Winthrop.

The Winthrop match was probably the toughest battle of the year, despite the final 8-1 score. Each of the top three singles contests required three sets before the HPC players were able to defeat their opponents.

The team finished with a combined record of 51-3, a sparkling .944 winning percentage. Both Head Coach Kitty Steele and Assistant Coach Wilson Rogers did fine jobs in leading the team through each match.

Sharkey and Medina played very impressively as freshmen in the number two and three spots respectively. Williams also played solid tennis and seems likely to return to a fourth consecutive year in regional tournament play after next spring's contests.

Twenty or more matches make up the 1981 spring schedule with anticipated tough battles against Guilford and Davidson Colleges. The spring clashes actually compose the regular season for the team as HPC attempts to continue its domination of the conference title into a fifth year.

The women's tennis team has had good success in past years' state and regional championships. HPC has captured the state title two out of the three previous years and has finished fifth in the region.

This year the team begins its first contests in the NAIA, after several years of competition in the AIAW.

fight for every point they scored.

Ursula Watt, Viveca Wingfield and Sheila Benton were almost flawless in their defensive coverage of the court. Benton, Watt and Christofferson were equally as brilliant in their offensive attacking, and Wingfield was at her best when setting up the offensive attack.

Against the Spartans, who are currently unbeaten against all Division II opposition, the Panthers continued to play top-notched volleyball. In the final contest, however, UNC-G's more experienced team proved to be too much for the young Panthers. Watt, Wingfield and Christofferson led the Panther attack.

## *High Point receives funds to finance work*

WASHINGTON, D.C. - Congressman Richardson Preyer (D-N.C.) received word from the Secretary of the Department fo Housing and Urban Development, that the Housing Authority of the City of High Point will be receiving $536,000 to finance work at the Daniel Brooks Community located in High Point.

Mr. Ken Martin, the Executive Director of the High Point Housing Authority, explained that this money will be used to finance work resulting in energy conservation and preservation of the basic integrity of the structure and systems. Their priority list includes replacing roofs, putting in more insulation, and changing the heating systems from space heating to force air heating.

For further information, please contact Mr. Ken Martin at 882-3862.

## *Competition open for student composers*

A total of $15,000 is available to young composers in the 29th annual BMI Awards to Student Composers competition sponsored by Broadcast Music, Inc., the world's largest performing rights licensing organization.

Established in 1951 in cooperation with music educators and composers, the BMI Awards project annually gives cash prizes to encourage the creation of concert music by student composers of the Western Hemisphere and to aid them in financing their musical education. Prizes ranging from $500 to $2,500 will be awarded at the discretion of the judges. To date, 254 students, ranging in age from 8 to 25, have received BMI Awards.

The 1980-81 BMI Awards competition is open to student composers who are citizens or permanent residents of the Western Hemisphere and are enrolled in accredited secondary schools, colleges and conservatories, or engaged in private study with recognized and established teachers anywhere in the world. Entrants must be under 26 years of age on December 31, 1980. No limitations are established as to instrumentation, stylistic considerations, or length of works submitted.

## SGA considering elections bill

**BY SCOTT A. HANCE**
**Editor-in-Chief**

A bill to add to and clarify SGA election procedures was the major topic of discussion when the Student Legislature convened last week.

The bill, introduced by Karen Magill, dealt mainly with procedures involving duplicate names on candidates' petitions and arose out of problems which occurred last year in SGA elections.

After much discussion and two friendly amendments, the bill was tabled until the next meeting of the legislature.

In other business, a bill to increase the pay of the secretary was untabled and subsequently passed. The pay was raised from $7 to $10 per meeting.

SGA President Jacky Hendrix also moved to allocate $250 from the SGA to the Writers Club and $150 to the Pep Band Club on the stipulation that they receive their charter. Both motions passed.

Jeff Norris was approved by the body as prosecutor for the Supreme Court.

Hendrix also informed the body that the Student Activity Fee would be raised to $60 for next year.

Debbie Hutter replaced Maureen Tormey as the Student Union representative to the legislature.

*Play review*

# Viet Rock: A sarcastic review of the '60's

**ACTORS PERFORM in Viet Rock during recent campus presentation. (Photo by Marisa Firpi)**

BY JANICE CURCIO
Staff Writer

The stage opens with loud music, symbolic of the sixties era; hard rock and Vietnam: Viet Rock.

The cast of eight members enters silently and the music is cut, setting an air of uneasy tension, which is skillfully held through-out the play.

Viet Rock, written by Megan Terry, is a two act anti-war play held at the Empty Space Theater, Oct. 8-11. It depicted more the trivialities which make-up everyday, American life, than the horror of war.

The cast consisting basically of freshmen, did an excellent job of creating various moods. According to Ken Swanson, director of the play and senior at High Point College, they employed a theatrical technique called transformation, where the actor uses "a set of interrelated" or "sometimes unrelated actions."

The movement of the play was not always centered on the speaker of the moment. Looking around at each individual, you could often find eight different scenes or moods being created.

Each actor played a number of separate roles, changing personalities with well-practiced ease. The characters "played" with the audience, catching the stare of an innocent viewer, touching the bystander mentally and physically. The actor-audience interaction caused the most tension, an element purposefully developed.

Carl Ernst, a sophomore at High Point College, spent the majority of the play as a hard-nosed sergeant prepping his soldiers, which he continually referred to as "ladies", for action. His monologues were clear, crisp and emotional.

Craig Messner, Billy Coursen and Jeff Wolfe, played the "ladies", three under-sexed and over-worked draftees who, as the play moves, lose their naivety and become real soldiers. All three did an excellent job creating comedy and seriousness. Coursen and Wolfe also did superior jobs as witnesses on the "stand of life", Coursen as a Christ figure and Wolfe as an insane writer.

The four female cast members, Tracy Anderson, Helene Lippe, Amalie Walker and Donna Hoover carried the roles of Vietnamese prostitutes through the majority of the play.

Anderson and Walker are also to be commended for superb acting in two separate monologues, Anderson as a hysterical wife and Walker as a sleepy-eyed witness.

Guitar solist Gary Heaton added a mellow touch to the otherwise dramatic density of the play.

The play's basic theme was carried off quite well, with an interesting twist of sarcasm. The characters were developed enough to convey the complexity of the stereotypical groups they represented.

The play was directed by senior Ken Swanson.

# Reagan defeats incumbent Carter

RONALD REAGAN

**BY SCOTT A. HANCE**
**Editor-in-Chief**

Ronald Reagan will be the 40th President of the United States.

Reagan took an overwhelming victory over President Jimmy Carter to mark the first time an incumbent Democratic president has lost since 1888.

Even though the popular vote was fairly close, Reagan took an astonishing amount of the electoral vote.

Carter conceded to Reagan just shortly before 10 p.m. EST and pledged that he would try to make the transition the smoothest ever.

Reagan had a total of 424 electoral votes to just 45 electoral votes for the incumbent with a few states still not decided. In the popular vote, Reagan won 51% to Carter's 41%.

Independent candidate John Anderson did not win any electoral votes but did manage about 7% of the popular vote.

Reagan appeared at the Century Plaza Hotel in Los Angeles just shortly before Midnight EST to deliver his victory speech.

"I will do my utmost to justify your faith," Reagan said.

Reagan's victory was not only a personal win but was just one of many Republican victories throughout the country.

The Republican's ousted many incumbent Democratic Senator's to gain control of the Senate for the first time in 26 years. They also gained some 20-25 seats in the House of Representatives.

In North Carolina, Republican Gene Johnston upset incumbent Congressman Richardson Preyer in the sixth district.

The race between Republican challenger John East and Democratic incumbent Sen. Robert Morgan had not been decided.

# Nine teams begin third College Bowl season

**BY SCOTT A. HANCE**
**Editor-in-Chief**

The new College Bowl season got under way Monday night as nine teams began a round robin competition to determine which four teams would advance to the championship tournament.

College Bowl, "The Varsity Sport of the Mind," is conducted by the Alpha Chi Honor Society and is in its third year at HPC.

Each of the nine teams entered will play each other squad once during the season, according to College Bowl director Chip Ward. Ward is vice president of Alpha Chi.

The top four teams will then compete in a double elimination tournament after Christmas break.

"The winner of the tournament will then play the faculty and will go to the regionals in Charlotte," Ward said. "Four All-Stars will be picked as alternates to the team."

COLLEGE BOWL
The Varsity Sport of the Mind

The regionals, held at UNC-Charlotte, will be played in the spring.

In Monday night's action, the Flying Zams downed the Pikas 190-20, Lambda Chi edged the Belk Mafia by a score of 110-100 in overtime, Iota Phi Delta Gamma came from behind to beat the Delta Sigs 65-60, and the Unknowns defeated the Alpha Gams by a 190-40 margin. The Zetas received a bye.

College Bowl games are being played from 6:00 p.m. to 8:00 p.m. in meeting room 1 of the Campus Center Monday through Thursday.

**SOME OF last year's College Bowl participants think over a question. (Photo by Cindy Roberts)**

The teams, when competing, have four members who try to answer toss up questions. The team that answers this question correctly then has a chance to answer bonus questions worth 20-35 points.

The contest is divided into

# *Hadzimichalis wins run-off election*

**BY KIM HIGGINS**
**Staff Writer**

The freshmen run-off election was held for the office of president on Oct. 15. The winner was Andrea Hadzimichalis with 49 votes over Sharon Sweeney's 47 votes.

At the same time the students voted on three bills. All three passed by a sizeable margin.

The first bill clarified the membership of the student legislature in the S.G.A. constitution. It won with 132 votes for and 27 against.

The second bill dealt with adding the security committee to the constitution as a standing committee of student legislature. It was passed with 152 for and 6 against.

ANDREA HADZIMICHALIS

The last bill concerned adding the office of parlimentarian of legislature to the S.G.A. Constitution. It was passed with 152 votes for and 19 against.

# *Enrollment figures released*

**BY CINDY BURBAGE**
**Staff Writer**

Many private colleges such as High Point College are on the decrease with there student enrollment.

High Point College, however, has a good, healthy enrollment program which is a contributing factor to their successful enrollment this school year.

"We have a total enrollment in all programs of 1,440 students," David Holt, the college registrar said recently. "We have a total enrollment of 398 freshmen as compared to the 350 registered freshmen from last year. There are 737 students living on campus this semester," he said.

The freshmen class is always the largest, and this year, there are 616 freshmen enrolled for the fall semester.

"A freshmen is one with no credit hours or one with under 27 hours of credit," Holt said recently.

There are 349 sophomores, 264 juniors, and 190 seniors. There are 21 students that are considered unclassified.

"High Point College is moving more towards an in state supported school. 69% of the students attending High Point College this school year are from North Carolina," Holt said.

The number of men and women on campus (day program) is about even with 528 men and 523 women.

There are 737 residential students, a record number for recent years.

# Reagan defeats incumbent Carter

RONALD REAGAN

BY SCOTT A. HANCE
Editor-in-Chief

Ronald Reagan will be the 40th President of the United States.

Reagan took an overwhelming victory over President Jimmy Carter to mark the first time an incumbent Democratic president has lost since 1932.

Even though the popular vote was fairly close, Reagan took an astonishing amount of the electoral vote.

Carter conceded in [illegible] just shortly before 10 p.m. EST and pledged that he would try to make the transition the smoothest ever.

Reagan had a total of 483 electoral votes to just 49 electoral votes for the incumbent with a few states still not decided. In the popular vote, Reagan won 51% to Carter's 41%.

Independent candidate John Anderson did not win any electoral votes but did manage about 7% of the popular vote.

Reagan appeared at the Century Plaza Hotel in Los Angeles just shortly before Midnight EST to deliver his victory speech.

"I will do my utmost to justify your faith," Reagan said.

Reagan's victory was not only a personal one but was joined by many Republican victories throughout the country.

The Republicans ousted many incumbent Democratic Senators to gain control of the Senate for the first time in 26 years. They also gained some 30-35 seats in the House of Representatives.

In North Carolina Republican Gene Johnston upset incumbent Congressman Richardson Preyer in the sixth district.

The race between Republican challenger John East and Democratic incumbent Sen. Robert Morgan had not been decided.

There are 723 [illegible] students, a record number for several years.

# Complaints can turn to action

For almost four years now, I've heard students complain about High Point College on subjects dealing with everything from A to Z.

Some of the major topics of criticism have been alcohol rules, visitation hours, class cut policy, the library, the food and parking.

Criticizing school policies has its value, but this value is lost when the complaining is done in idle, everyday conversations. The only way to bring about change is to tell the administration or your student leaders.

Students say that this policy stinks and that policy is ridiculous. Many say they hate it here and can't wait to get out.

If students that have complaints would voice their opinions to the right people, then maybe the thing that they hate so much about High Point College could be improved.

## *Changes have been made*

As far as visitation is concerned, the hours have been increased a good amount from four years ago. This was brought about by student initiative through the proper channels.

Students say that all classes and all students should have unlimited cuts. The cut policy has also changed in the past few years but a total abolishment of the policy doesn't seem possible. If the policy were abolished, more students would probably flunk out than do now.

The point is that criticism is great when it is constructive and aimed in the right direction. But idle complaining to friends does nothing to help the situation.

Each person on the campus is represented to the Student Legislature through their class presidents and other class officers. These people can take your complaints to the proper place and can help to initiate needed change.

Anyone can attend legislature sessions and voice their opinion. SGA President Jacky Hendrix is willing to listen to any student complaints. Many times he has introduced legislative action which was initiated by students.

## *Changes being made*

Just recently, a group of students felt the need for computers on the campus and took their complaint to acting President David Cole. Since that time, the College has decided that computers are needed and it is very likely that two micro-computers will be in operation by next semester. This is just a start but it shows that student ideas and problems will be taken into consideration by the administration.

I'm sure that many seniors will agree that there have been a good deal of changes made in the last four years. I'm sure they'll also agree that most of these changes were initiated by students through their organizations and student leaders.

## *Voice your opinion*

So instead of complaining to friends about parking or food or anything else, tell a student leader. If you don't have faith in the student leaders, tell Cole or any other member of the administration.

The point is, tell someone besides your roommate!

*SCOTT A. HANCE*

# CE program receives publicity

**BY ALISA A. WALKER**
**Staff Writer**

The *Wall Street Journal* recently devoted nine lines on the front page to the High Point College Continuing Education Program.

The article referred to High Point College as being a corporate college with courses taught by faculty 20 miles away from the college.

Shirley Rawley, coordinator of the program, says she doesn't know exactly how the *Wall Street Journal* found out about the program. She says she assumes it was through one of the trade journals published by one of the nine companies involved with the program.

Rawley says that the program has received other national publicity through magazines such as *Business Week* and the *German Weekly*.

Another magazine which has acknowledged the program has been the Soviet Today. It is a magazine published by the U.S. Government on American life and sent to Russia.

The Continuing Education Program continues to be a newsmaker for High Point College.

# Men make necessary changes in dormitory

Have you noticed a change in McCulloch Dormitory this year? If not, look closer.

There is a new vending machine room, ice maker, fire extinguisher cabinets, and bathroom floors for the third floor.

The dorm council has made these suggestions to Mr. Earle Dalbey and Mr. Fred Peele of the college staff. The suggestions have been acted upon with excellent results for all parties concerned.

The dorm council and Resident Assistants have worked well with each other this year. Most importantly, the men that live in the dorm have really been most cooperative with all of these changes.

They are beginning to realize that changes can and will be made if they learn to take care of the dormitory and utilize their dorm personnel for any problems or concerns. The men pitched in with contributions toward the ice maker and helped move the vending machines into the center section lobby making it a much nicer vending machine room with an area for late night studying.

The overall change has been facilitated by an excellent rapport with the maintenance staff. The building managers, Pendergrass and Leach have kept the place neat and orderly. Peele's roving team of mechanics have kept up with the repairs needed.

With this excellent cooperation, the residents are getting repairs when needed and not waiting until the next week before anything gets fixed. The maintenance staff is willing and able to respond to any resident's call.

The most important thing to remember is that you must inform your Resident Assistant of any needed repairs --repairs must be turned into the maintenance department on a specific work order form denoting priority items. Let's keep the maintenance department informed and not let items go to disrepair.

There is one nagging problem that still exists – the availability of hot water. Since the dorm is accomodating more residents this year than in previous years, the hot water drains out much faster.

There are two solutions to this problem and we ask for

# Reagan wins mock election

**BY SHARON K. LITCHFORD**
**Staff Writer**

Ronald Reagan was the winner of the campus election held Wednesday Oct. 29.

The straw ballot was conducted by Mr. James Pritchett, Assistant Professor of History and Political Science, and his political parties class.

Reagan ended up with 45.25% of the vote while President Jimmy Carter was close with 37.10% of the vote. Independent John Anderson managed 14.3%.

Despite the general attitude of apathy toward voting that occurs throughout the country at election time, a majority of staff and students turned out to cast their ballot in the mock election.

Five hundred twenty-five members of the student body voted out of a possible 1051 students. Seventy-eight faculty and staff voted out of 123.

More males turned out to vote then females with 354 men casting ballots to 243 women. As far as classes, the freshmen class had the largest turnout with 194 and the senior class had the lowest with 89.

A total of eighteen states were represented in the voting. Although Reagan was the winner of the election, Carter represented more states than any other candidate.

**RESULTS OF STRAW BALLOT:**

| Total Vote: | % of Total vote | Male | Female |
|---|---|---|---|
| Reagan - 274 | 45.25 | 165 | 104 |
| Carter - 222 | 37.10 | 118 | 105 |
| Anderson - 88 | 14.31 | 59 | 27 |
| Clark - 10 | 1.66 | 8 | 2 |
| Other 9 | 1.66 | 4 | 4 |
| Total - 603 | 99.98 | 354 | 243 |

Not specified - 6

**CLASS BREAKDOWN VOTE:**

| | Carter | Reagan | Anderson | Clark | Other | Total |
|---|---|---|---|---|---|---|
| Freshmen | 68 | 92 | 27 | 6 | 1 | 194 |
| Sophomores | 48 | 43 | 24 | 0 | 1 | 118 |
| Juniors | 43 | 56 | 10 | 1 | 2 | 112 |
| Seniors | 22 | 46 | 19 | 2 | 0 | 89 |

# Campus Cases

**BY DANNY BERRIER**
**Attorney General**

Three ethics code violations were prosecuted during the week before fall break with each resulting in fines of $25 for alcohol possession.

The first charge was placed against a resident of North Hall for alcohol possession. The student was seen in the dorm with a beer and was therefore charged with a violation. She agreed to an administrative decision and was fined.

Carrying a cup of beer down the stairway resulted in charges being initiated against a resident of Yadkin Hall. This student also accepted a decision from Dean Bob Lowdermilk and received the first offense penalty of $25.

One other student was also charged with alcohol possession and was fined $25. This student, a Belk Dorm resident, was reported to the Dean of the Resident Counselor for having beer in her room. She also agreed to an administrative decision.

Each offense of the ethics code carries with it a penalty based upon the severity of the act, but one of the steepest fines is imposed for possession of drugs. The maximum penalty placed on any student caught with any type of illegal drug is an expulsion from the campus. This is a permanent removal from the school with a loss of all credit for classes not completed.

Not only does drug possession result in one's removal from the school body, but it also can lead to prosecution by the High Point police. A student could suffer both the loss of campus life and obtain a police record in exchange for the temporary high of drugs.

The amount of violations continues to rise with each successive week. The count now stands at eleven alcohol violations yielding a total of $275 in fines.

# Davis heads new Hospice

**KAREN L. CRAVER**
**Staff Writer**

After many months of work, Hospice at High Point is finally becoming a reality.

Dr. Vance Davis, Chaplain of High Point College, was elected the new president of the board of directors of the organization last September.

Hospice is based on the concept that maximum care should be provided for the terminally ill on a 24 hour basis, according to Davis.

"We want to provide a total care for terminally ill patients, not just physical, but also mental and spiritual care," Davis said.

The hospice movement offers an alternative to costly hospital care and gives the patient a chance to die at home "in familiar surroundings with pain control to make the patient as comfortable as possible," he said.

Hospice care is not yet covered by Blue Cross/Blue Shield or Medicare, but is considered much less expensive than an extended hospital stay.

Individuals are referred to hospice by a physician and are then cared at home by hospice nurses, physicians, social workers and clergy, but the bulk of the work is done by volunteers, according to Davis.

Though a charter has been granted to Hospice at High Point, the organization has not been formally opened and it does not have a facility to care for patients.

It will probably be a year and a half before Hospice at High Point is actually providing services to terminally ill patients, according to Davis, because of the red tape that is involved in putting the organization in operation.

# New YMCA opens to serve High Point

BY CRYSTAL HEDGECOCK
Staff Writer

With winter creeping up on us, it will only be a short time until we are stuck indoors with little to do. This winter can be different.

There is a year-around paradise where the swimming pool is always warm, the nautilus center is always available and the raquetball courts are just across from the track, which is just above the gymnasium.

This paradise is located only 10 minutes away from High Point College and is called the YMCA.

The new multi-million dollar establishment opened in September and replaces the YMCA which was located on South Main Street. The new YMCA is equipped with a 1/12 of a mile indoor track, a gymnasium with three cross courts, four regulation racquetball courts, a 25 meter swimming pool with underwater lights, a sun patio, a 10-station nautilus center, fitness centers for men and women and an outdoor running trail.

A few highlights of the YMCA's full schedule of activities include nautilus instruction, dance aerobics, volleyball, aquatic fitness class, lap swimming, fitness classes, basketball, raquetball, soccer and gymnastics.

The price for all of these activities is $100 for college students. Since the school year has already begun, the price will be less and the money does not have to paid all at once. The YMCA will accept one-half of the membership cost and the other half can be paid later.

This offers students a winter filled with activity and fun. The YMCA is located at 150 Hartley Avenue, just off of North Main Street. For more information about the YMCA, call 869-0151.

**THE NEW YMCA** opened in September and offers a wide variety of programs to HPC students and the High Point community. (Photo by Lisa Mickey)

# Political Forum held on campus

BY LAURIE PENROD
Staff Writer

A small crowd turned out for the Political Forum held in Memorial Auditorium on Oct. 28. The forum was held in order for a representative of each presidential candidate to speak to students about their candidate.

Representing President Carter was Jim Morgan. Morgan, who is presently an attorney, stated that the present situations could not totally be blamed on Carter because there are also outside influences involved.

President Carter has changed his viewpoints and feels that he has the experience to be an effective president.

Chase White, who is a 1979 graduate of Wake Forest University, was present to represent Ronald Reagan. White feels that Carter is incompetent, distorts facts, gambles with the presidency, and brings about human misery.

Reagan is in support of the B-1 bomber and is for the refurbishing of weapons. He feels that peace can be attained by power.

Ken Swanson, a Political Science major at High Point, spoke for John Anderson.

According to Swanson, Anderson wants to rebuild America. He intends to do this by forming an efficient, flexible military. Anderson is also opposed to the draft.

Anderson feels that since he has worked with Congress before that he will be able to provide an active legislative program.

**JIM MORGAN** speaks to students about President Carter at the recent political forum held in Memorial Auditorium. (Photo by Marisa Firpi)

# Competition in advertising open to students

High Point College undergraduate students have been invited to participate in Creative Advertising Challenge/1980-81, a copywriting and art competition sponsored by McCaffrey and McCall, Inc., a New York advertising agency. Top prize in both the writing and art categories is a fully-paid, eight-week internship at the agency, beginning in June, plus $1,000 cash.

To enter Creative Challenge '81, students must create an advertising campaign to promote High Point College. Individuals may enter either the writing or art category, or two students may enter as a writer/artist team. Participants are required to submit a concept statement of what they intend to communicate in their campaign, as well as the copy or art for three elements of the campaign: a television commercial, magazine advertisement, and outdoor billboard.

Entries will be judged on an individual basis against all others received from students at other colleges and universities in the eastern United States. Judging criteria include creativity, originality, appropriateness of campaign theme, and effectiveness of the solution in addressing the challenge. The judging panel will consist of Creative Department executives from McCaffrey and McCall, and several advertising professionals from outside the agency.

Deadline for entries is Feb. 1, 1981. Announcement of winners and presentation of awards will be made in March. In addition to the top prizes, awards of $750 for Second Place, $500 for Third Place, and ten $100 Honorable Mentions will be made in each category. All entrants will receive a certificate of participation.

Details on how to enter McCaffrey and McCall's Creative Advertising Challenge/1980-81 are available now from Ms. Shirley Rawley, English Department.

# *Gerontology subject of TV news segment*

BY BETH GRUBBS
Staff Writer

The gerontology program at High Point College was recently the subject of a WGHP-TV news segment.

Gerontology is a new major in the curriculum that studies aspects of the aging. High Point College is the only college in North Carolina that offers undergraduate studies dealing with the elderly.

TV 8 designated October as Older American Month, and did different things focusing in on situations of aging Americans. Reporters came to High Point College to observe the program.

The interviewers asked Joyce Bacik, Scott Rathbron, and Jim Garrlington to appear in their series of segments. The segments were run on Oct. 15, 16, and 17. The students were filmed with their newly adopted foster grandparents.

Receiving the foster grandparents was a requirement for the course. The three students were featured because they had known their foster grandparents longer than the other students in the class.

The students were asked their reaction to the gerontology program, and how they felt about having foster grandparents. They were also asked if they thought the program was beneficial. Bacik's and Rathbron's foster grandparents, Mr. and Mrs. Anderson from Kernersville, spoke on their reactions to the program.

"Getting to know my foster grandparents has been a lot of fun," Bacik said.

The students agree that knowing their foster grandparents gets rid of the stereotyped myths of the aging.

# Pep Band receives charter

**PEP BAND members practice their music to get ready for the upcoming basketball season. Conducting the band here is Mr. Raymond Petrea.** (Photo by Marisa Firpi)

BY STEPHANIE HIGGINS
Staff Writer

The Pep Band has become an official organization of the college. The charter for the band was approved on October 1.

The charter was initiated last year after the organized efforts of a nucleus of college musicians to provide music at the basketball games was recognized by a Panther Club member who donated a drum set.

The charter has allowed the band to receive funds from the Student Government Association which can be used for the purchase of new music.

According to Lynn Upchurch, one of the founders, "The band is a service organization with the intent to motivate enthusiasm in both the players and fans participating in High Point College athletics."

The Pep Band has a present membership of twenty-five students and with the help of the advisor and conductor, Mr. Raymond Petrea, has fourteen musical pieces which they are preparing to perform.

The band has been hard at practice since the beginning of the semester and is waiting to make its debut at the first home basketball game.

"We are really psyched about this year; with funding, new music, and the enthusiasm shown by the participants, you couldn't ask for much more," Upchurch said.

Any student, member of the faculty, or administrator who can play a musical instrument can become a member of the Pep Band. The band meets every Tuesday night in the bottom of the Old Student Center at 7:00 to rehearse. Interested musicians are encouraged to attend the rehearsals, Upchurch said.

# Society accepting applications

The society for Collegiate Journalists will meet on Wednesday, Nov. 12 at 11 a.m., in Meeting Room 2 in the Campus Center to discuss final details for the annual Initiation Dinner and Dance and Book Sale.

The Society is a national honorary organization recognizing student participation, work, and interest on campus publications (print and broadcast media). Full membership with voting privileges is open to any student who has worked at least 120 hours on any campus publication, has a 2.0 QPA, and is approved by a ¾ vote of current full members.

Current national members initiated last spring are Scott Hance, Kim Darden, Robin Henson, Stephanie Higgins, Karen Craver and Lisa Mickey. Membership fee for national membership is $15. Initiated members receive a certificate, pin, and press card from the national organization and will be recognized on Honors Day.

Two other memberships are open: assistant member (40 hours of work, $5 membership fee) and associate member (80 hours of work, $10 membership fee). These students must also be voted on by current full members. They will receive a certificate from the local college chapter, be recognized at Honors Day, and can eventually become eligible for full national membership.

The annual Dinner-Dance and Initiation is tentatively being planned for either February 28 or March 21. Members will be notifed later of the exact cost of the function up and beyond any membership dues paid.

A Book Sale will be held on Wednesday, Nov. 19, from 9-3 p.m. on the second floor of Cooke Hall. Any faculty members wishing to donate books for sale should contact one of the following officers: President, Lisa Mickey; Vice-President, Kim Darden, Secretary-Treasurer, Alisa Walker; Historian-Reporter, Stephanie Higgins; or advisor, Dr. DeLeeuw.

Application forms are now being mailed to all Communications majors, students enrolled in the English 191, Practicum, and any eligible faculty and staff members. Membership, however, is open to all students. Copies of application forms are available outside the Communications Lab, Cooke Hall 26.

All application forms and membership dues (checks payable to the Society for Collegiate Journalists) should be mailed to the Society, P.O. Box 3590, Campus Mail. Members will be approved at the January meeting and will be notified. Any application not approved will be returned with the application fee.

# *Practicum meeting upcoming*

There will be a required meeting of all students enrolled in English 191 on Monday, Nov. 17, in Cooke Hall 23 at 2:30 p.m., the regularly scheduled time.

Students should bring any biweekly reports with them to submit to Dr. DeLeeuw, coordinator of the practicum. All reports must be signed by the individual course practicum instructor: Ms. Stutts *(Hi-Po)*, Dr. Smith (Radio Station), Dr. DeLeeuw *(Zenith)*.

Any contracts not submitted can be turned in also. All other work is due on the last scheduled class meeting on Monday, Dec. 8 at 2:30 p.m. in Cooke Hall 23.

# Cross to appear here

Mike Cross, entertainer, will be in concert in Memorial Auditorium for one show at 8 p.m. Friday, Nov. 7.

His performance, sponsored by the Student Union, is open to the public. Doors will open at 7 p.m. for general admission seats.

Cross, well known by his recordings and public appearances, will sing, play guitar and fiddle, tell stories, and generally talk to the audience.

His hit albums, Child Prodigy and Born in the Country, received a designation of Recommended LP Pick in Billboard Magazine.

After starting his career in local clubs in Chapel Hill, where Cross was a student at UNC, he has been on the circuit for 10 years. His stage has changed from small clubs to concert halls with large seating capacities.

He has made concert appearances with Taj Mahal, the Dirt Band, Lester Flatt, Doc Watson, Earl Scruggs, and the New Riders of the Purple Sage. His college engagements have included audiences all over the East and into Minnesota, Wisconsin, Iowa, and Kentucky.

Tickets will be sold at the door, with a student rate of $4 extended to all High Point College students, and $6 for all others.

## *Williams returns after surgery*

# Alumni office serves students and alumni

BY SALLY DAVIS
Staff Writer

Recent back surgery for Dr. Bob Williams, Director of Alumni Affairs, kept him out of the office for 17 days. The surgery on Sept. 19 removed two ruptured discs.

Williams has recovered now and is back at work, seeing to it that the numerous activities of his office are carried out.

The Alumni Office, located in Roberts Hall, caters to the present students of High Point College and in addition provides many services for the alumni.

An Alumni/Student Emergency Loan fund is available to students who find themselves short of cash in an emergency situation. According to Dr. Williams, the loan can provide up to $50.00, payable within 60 days at no interest cost. There is a late charge of $1.00 per day, not to exceed $15.00. Williams stressed that the loan is entirely separate from the SGA Fun Fund. The Alumni/Student loan is exclusively for emergency situations.

Homecoming is a major event for the College, and the Alumni Office has an important part. The office contributes a monetary amount to the winner of the float contest in the Homecoming parade and also contributes the plaques for the banner contest winners. Flowers for the Homecoming Queen and Court are also a responsiblility of the Alumni Office.

DR. BOB WILLIAMS

The Alumni Association's Executive Committee functions separately from the Alumni Office. The Committee has three student representatives: Jacky Hendrix, Peggy Pesce and Scott Hance. Meetings are held four times a year and decisions are made concerning such areas as the Homecoming format and the Alumni/Senior Banquet.

Williams and the Alumni Office coordinate activities with the seniors. Each senior is given a copy of **Graduate** magazine, containing a variety of consumer tips for surviving in the outside world. The selection committee of the alumni association selects the Outstanding Senior Award winner, nominated by members of the senior class.

After graduation, the Alumni Office mails the **Highpoints** newsletter to HPC alumni, consisting of any student who completes a minimum of 30 semester hours here. Announcements are mailed out to alumni on the occasions of births or deaths in the family. A ceramic, emblem-embossed dish is mailed to those alumni who get married.

There are many hidden services within the office of the alumni, according to Williams.

"I think most students see us as working with the graduates and wanting money," he said. "I think it's far from that."

# *Deadline extended for grant application*

The deadline for applications for National Edowment for the Arts (NEA) and Southeastern Center for Contemporary Art (SECCA) grant program for Individual Artists Fellowships for Southeastern Artists has been extended to Nov. 15, 1980.

The program, which is additionally supported by funds provided by the CIBA-GEIGY Corporation, is for artists, 18 years and older, with established residency in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, and West Virginia.

There are seven grants of $2,000 each available for painters, photographers, printmakers, and sculptors. NEA and SECCA define the purpose of the grant program: "to enable southeastern artists to set aside time and/or purchase materials, and generally enable them to advance their careers as they see fit."

The applications will be judged by a National Selection Panel, which due to individual schedules, is unable to meet until late November. Therefore, the extended deadline for final applications will be a postmarked date of November 15.

Southeastern artists are encouraged to request guidelines and application forms by contacting: Southeastern Center for Contemporary Art, 750 Marguerite Drive, Winston-Salem, NC 27106, telephone: 919-725-1904.

# Communications majors to work on spring schedules

Communications majors will meet before Nov. 10-12 to work out a tentative schedule for spring, 1981.

Freshmen will meet on Friday, Nov. 7, at 11 a.m., in Cooke Hall 23 and upperclassmen will meet on Thursday, Nov. 6, at 2:30 p.m., in Cooke Hall 23.

Majors should secure a copy of the spring schedule from the registrar and bring their copy of the college catalogue.

The meeting for the freshmen is particularly important since materials and forms in the Communications Lab will be explained.

Individual registration cards may be picked up from the advisors during their posted office hours Nov. 10-12.

# Alienation to be topic of Humanities Festival

**BY KIM DARDEN**
**Associate Editor**

The theme of human alienation will be explored on campus Nov. 13-22 during the 1980 Fall Humanities Festival.

The Festival, sponsored by the Fine Arts, English, Foreign Language and Religion and Philosophy Departments, will feature poetry readings, lectures, films and a theatre production -- all dramaticizing the theme: Alienation, The Human Condition?

On Thurs. Nov. 13, the Art Department will present a slide lecture on the social alienation and creative fervour of French artists in the late nineteenth century. The slide "Bohemians of Post-Impressionism" will be shown at 10:30 a.m. in Room 4 of the Fine Arts Building.

Contests and workshops in poetry and short fiction lead by well-known writers and poets will highlight the Phoenix X Literary Festival to be held Friday, Nov. 14 throughout the day in the Campus Center. The Festival is sponsored by the English Department.

The Religion and Philosophy Department will sponser two Finch lectures on Mon. Nov. 17. Dr. Russell Monfort, a Tennessee minister, will speak at 11:00 a.m. and 7:30 p.m. in the chapel. His morning lecture is entitled "From Khomeini to Kuehn," and his second lecture is "The Me First Generation."

On Tues, Nov. 18, the Foreign Language Department will show the film "Federico Garcia Lorca: A Murder in Granada," at 9:00 and 10:30 a.m. and 1:00 p.m. in Roberts Hall Audio-Visual Room.

The film is the first to treat authoritatively the life and work of modern Spain's great poet-dramatist. Lorca, in life, expressed the alienation of twentieth-century man, and with his death, became a symbol of martyrdom.

The film "La Grande Illusion," to be shown Thurs. Nov. 20, is set in World War I and explores the alienation of war. The film will show at 9:00 a.m., 12:00 and 4:00 p.m. in Roberts Hall Audio-Visual Room.

The Theatre Department and Tower Players will present the play "Member of the Wedding" Thurs. Nov. 20 -- Sat. Nov. 22. The play, written by Carson McCullers and directed by David Appleton, will begin each night at 8:00 p.m. in Memorial Auditorium.

The play dramatizes the alienation and loneliness felt during childhood and early adolesence.

## *Art competition open to students*

World Research, Inc., the San Diego, California-based non-profit, non-partisan educational and research group, has announced that it's sponsoring a nationwide art competition among high school and college students to find a new, bold, indentifiable logo design, according to Barbara Stevens, promotion director for World Research. All entries must be received by midnight, December 30, 1980 to be eligible for the $500 First Prize.

World Research Inc., since its inception in 1969, has been developing unique and innovative education materials designed to stimulate discussion of historical and current issues. Its primary distribution for these materials has been high schools, colleges and universities and each mailing numbers into the tens of thousands. "We felt that since our main objective has been reaching students that

# Literary Festival to be staged here

The Phoenix X Literary Festival sponsored by the Department of English will be held on Friday, Nov. 14. Contests and workshops will be held in poetry and short fiction.

Talented writers and teachers will attend the Festival to comment on the creative process in general, critique work, and encourage further efforts. All students interested in writing are welcome to attend.

The schedule for the day is as follows:

| | |
|---|---|
| 9:15-9:30 | Introduction to Workshops, Leaders, and Events of the Day<br>Holt McPherson Campus Center Second Floor |
| 9:30-10:25 | Session I: Poetry and Fiction Workshops |
| 10:30-11:25 | Session II: Poetry and Fiction Workshops |
| 11:30-12:15 | Poetry Reading |
| 12:15-1:15 | Lunch |
| 1:15 | Panel Discussion and Presentation of Poetry and Fiction Awards |
| 2:15 | Refreshments in the Lobby |

The following writers and teachers will be featured during the festival.

VIRGINIA RUDDER (MARIPOSA) was a columnist, reporter, and reviewer in newspapers and radio for fourteen years and is now a full-time writer and author of *After the Ifaluk and Other Poems* and *The Gallows Lord.* She has won poetry awards from -- among others -- the New York Poetry Forum and the *International Poetry Review,* and has published work in Colorado, California, Iowa, West Virginia, and prolifically in North Carolina. Well-known as a Poet-in-the-Schools, as a reader and workshop leader in high schools and colleges, she has also read in hospitals, prisons, and rehabilitation centers. She serves as secretary of the Poetry Council of North Carolina and as membership chairman of the North Carolina Poetry Society.

DEBBIE HUTCHINSON FERREL is a graduate of Campbell College, where she was editor of *Lyricist* and recipient of numerous poetry awards. She has published in *Lyricist, Hollins Critic, The Davidson Miscellany, Cairn.* and *Blackberry.* She teaches English and creative writing at East Montgomery High School in Biscoe, North Carolina.

STEVE GARDNER is a graduate of the University of South Carolina and of Oklahoma University (Ph.D. dissertation: *Saving Lives,* a collection of poems.) He is author of published criticism, essays, fiction, and some fifty-two poems in such periodicals as *Mississippi Review, Poetry Northwest, Southern Poetry Review, Hollins Critic,* and *Yearbook of Modern Poetry.* Gardner is editor of *Kudzu: A Magazine of Poetry* and is Associate Professor of English and Coordinator of the English Department, University of South Carolina at Aiken.

ELLEN TURLINGTON JOHNSTON-HALE is an actor, poet, and educational TV writer. She has written three volumes of poetry and numerous articles in such journals as *Read Magazine, English Education,* and *English Journal.* Widely travelled as a workshop leader and teacher of poetry, fiction, and playwriting, as a Poet-in-the-Schools, and as a teacher of children, the handicapped, and the aged, she has won awards from -- among others -- Ohio State National Educational TV, National Council of Teachers of English, and in 1976 for *We Don't Do Nothin' in Here!,* the best volume of poetry by a North Carolina writer.

SUSAN HARMAN earned degrees in English, studio art, and creative writing from the University of North Carolina at Greensboro, where she studied with Robert Watson, James Whitehead, and Gibbons Ruark. She has published in the *Greensboro Sun* and *Greensboro Review.* She is an instructor of English at High Point College and Davidson County Community College.

MARION HODGE is a graduate of East Tennessee State University (M.A. thesis on James Dickey) and the University of Tennessee (Ph.D dissertation on Joyce Carol Oates.) He has read papers at professional seminars and has written reviews, essays, and poetry for such journals as *Children's Literature, The Davidson Miscellany, Lyricist, Hollins Critic, Wind, Green River Review, Cairn, St. Andrews's Review* and *Voices from the Hills: Selected Readings of Southern Appalachia.* He will be chairing a special session on Appalachian Literature at the 1981 meeting of the South Atlantic Modern Language Association. Hodge is Assistant Professor of English at High Point College.

# Greek News

## Pledge dances, mixers, and Greek Weekend highlight Greeks' plans

### KAPPA DELTA

The sisters and pledges of Kappa Delta have had a fun-filled October. On Oct. 10 they had a cookout at the home of Debbie James.

Congratulations to Denise Machamer and Laura Reidenour who were initiated into sisterhood on Oct. 16. On Oct. 30, Joyce Bacik was pledged.

The KDs went Trick-or-Treating for UNICEF on Halloween and a pledge retreat was held on Nov. 1.

They look forward to their Pledge Dance on Nov. 8 at Willow Creek Country Club. The KDs are also having a mixer on Nov. 15 with the Pi Kappa Alpha fraternity and a bonfire on Nov. 16.

### ZETA TAU ALPHA

Zeta Tau Alpha has been busy the last few weeks. On Oct. 15, they celebrated their 82nd Founder's Day in Hayworth Chapel. Later on the same night, they had a successful Night at the Rail.

Thursday, Oct. 16 was a big day for the new pledges. They found out who their Big Sisters are and then were treated to dinner at Pizza Inn.

The future plans for the Zetas include a mixer with Alpha Sigma Phi fraternity at Wake Forest on Nov. 8. Also, they are busy making plans for Pledge Dance to be held Nov. 15. This year it will be a dinner-dance at the Howard Johnson's in Greensboro.

### PHI MU

The Phi Mus spent Halloween trick-or-treating for UNICEF.

They are also excited about participating in the upcoming Greek Weekend.

Pledge Dance is naturally causing excitement. The dance is set for Nov. 8.

They would like to remind everyone to buy a raffle ticket!

### ALPHA GAMMA DELTA

The Alpha Gam's annual Pledge Dance, held at the Elks Lodge on Nov. 1, was a great time for everyone. The pledges were each given personal awards for their achievements this semester.

Their pro and spaz volleyball teams are getting psyched to defend their title again this yar.

The Gams are all looking forward to their mixer with the Pikas.

If anyone would like to buy a study board for $3.50, ask any Alpha Gam. They're going fast!

### DELTA SIGMA PHI

The Delta Sig brothers played the new pledges in a football game on Sunday and came out the winners again. After the game, all the Sigs made their annual trip to Friendly Road Inn for a great seafood dinner.

The Sigs are busy helping out with plans for Greek Weekend and for the big football game between the four fraternities. The fraternity also has entered a team in the College Bowl competition and hope to do well.

The Sigs are currently in second place in intramural soccer and are also planning for the upcoming track meet.

### PI KAPPA ALPHA

Pi Kappa Alpha would like to welcome their newest pledge, Samuel Gragan.

If any girls are still interested in becoming Little Sisters, please get in touch with a brother now. Time is running out on Little Sister RUSH for this semester.

On Nov. 9 the new colony at UNC-G will officially be colonized. A party for the Pika chapters from Wake Forest and High Point will follow the ceremony.

COLE QUITS

|  | MS 153A | Mountaineering | CPT WALTERS | Wednesday only | 20 |

BASIC COURSE (Fresh & Soph) – No Military Obligation/No Uniforms/No Marching

**Mountaineering** **2 Credit Hours**
This course provides a working knowledge in rappelling, mountain operations, ascending and descending mountainous terrain, use of rope bridges, and survival techniques. Includes a field trip to Hanging Rock State Park to rappel and ascend unfamiliar mountainous terrain. Definitely an outdoor adventure course.

**Orienteering** **2 Credit Hours**
Orienteering is much like treasure hunting. You will learn to work with a compass, read a map, decipher the clues, and find the control points hidden throughout the country sidu. Includes a field trip to Hanging Rock State Park for cross-country orienteering through waterfalls, mountains, and wilderness areas of the park.

**Military History, WWII** **2 Credit Hours**
TV documentary films, guest lecturers, seminars, and discussions is the way this history course is structured. Most films are actual full-color footage of the battles and events during WWII. You will definitely get an up front at WWII and gain a new insight to history using a multi-media presentation that's guaranteed to keep your interest.

### *Basketballers expect winning year*

# Steele blending recruits with veterans

BY MARIO WATSON
Staff Writer

After receiving assistant coach Mike Glover's resignation last year, Head Basketball Coach Jerry Steele felt that his recruiting for this year's squad could be hurt. But like always, he managed to get some top notch recruits.

Steele also picked up a new assistant coach, Richard Hoffmann, originally from Norfolk, Virginia where he attended Randolph Macon College. He participated in basketball for three years and in his senior year became student assistant.

Last year he was a graduate student and helped coach basketball at Pembroke State University while he received his master's.

"I feel that Hoffmann is a good person," Coach Steele said. "I feel that my strengths are his weaknesses and my weaknesses are his strengths. He is a hell of a recruiter and he takes the time to be interested in the players not only as athletes but as people. He understands his job."

Steele is hoping for another winning season this year. He feels that if he can blend his returning players with the newcomers and teach them to work hard as a unit, the squad could be tough.

"We have to play hard and smart to be competitors," Steele said.

Returning for the Panthers will be senior Steve Wheless, who has been backup center for the Panthers for three years.

"We feel that Wheless is getting his confidence and coming into his own," Steele said.

Juniors returning include Anthony Parrish and All-Conference selection Bruce Floyd. Parrish had a problem with his leg last year but Steele feels tnat he will have a good season. He has the challenge to be number two guard for the Panthers. Sophomore veterans include Jeff Anderson, Roosevelt Brunson, and Butch Bowser.

"Anderson is the most consistent player on the squad," Steele said. "He's a good ball player and he is very tough inside. I feel comfortable playing Anderson at all positions."

Brunson can play a big role on this year's squad. He is a good shooter and is capable of being an outstanding rebounder. Steele feels if Brunson shows a little more intensity he can be one heck of a ball player.

Bowser is a tough player according to Steele. "He works hard on his weaknesses," he said.

With the loss of Danny

**JUNIOR GUARD Anthony Parrish is expected to have a good season for the Panthers after suffering leg problems last year.**

# Setters finish second in conference tourney

BY ART LOMAX
Staff Writer

In women's volleyball action last weekend, defending Carolinas Conference Champions High Point College fell to Guilford College in the finals of the 1980 Conference Championships, 7-15, 10-15, 8-15.

Despite the loss, the Panthers placed two team members on the All-Tournament team-Viveca Wingfield and Karen Kristofferson, who was also selected to the All-Conference team and named Player of the Year in the Carolinas Conference.

The Lady Panthers, who were seeded second, played well throughout the tournament, dumping Wingate 15-3, 15-13; toppling Catawba 3-15, 15-5,16-14; and upsetting top seeded Guilford College 3-15, 16-14, 15-10, in the double elimination affair.

In their semifinal match against Guilford, the Panthers played excellent volleyball, recovering the best of

# *Lady Panthers look ahead*

BY JOAN MADERT
Sports Editor

The women's field hockey team will be going into the Regional II Tournament Nov. 7 & 8 with a good possibility of going on to Nationals.

After beating East Carolina University in their first game of the State Tournament 6-2 the Panthers looked good. The first goal was scored in the first 45 seconds of the game by Kimberly Carter.

With the field advantage, High Point took charge of the game with four more goals in the first half. The goals were scored by Carter, Jannell Welsh, Lou Taylor (2) and Cheryl Egner, with two also.

In the second game of the tournament, the Lady Panthers battled the weather and the extremely poor field conditions. With mud ankle deep in parts of the field, the ball was impossible to dribble downfield.

"The condition of the field was terrible and according to Debbie Leonard (an official of the game) was unplayable. They were shovelling the mud off the field," said Coach Kitty Steele.

Stephanie Higgins again played an outstanding game.

"She played very well and consistently, especially because of the conditions," said Robin Slate, team captain.

Higgins was confronted with two penalty strokes in overtime and made one terrific save. But because of the mud-filled cage area, she was unable to keep her footing on the second penalty stroke which gave Davidson a 1-0 victory.

The Panthers then confronted Duke University and were defeated 3-1. Sharon Kaler scored the only High Point goal. The stick work of the Panthers was good but the Blue Devil offense was a little more aggressive, especially during the second half.

The Panthers went on to meet Clemson and were defeated 7-1. High Point was outrun but not outplayed. They just lacked the ability to tackle back fast enough. The one goal for High Point was scored by Egner.

Victory came back to the Panthers side when they downed Richmond 2-0 with both

Anderson, Junior Brown, and Johnny McQueen, Bowser, at six feet four inches, will be number one guard.

"He is very capable of leading the squad," Steele said.

"The flexibility of our group is good," Steele said.

Transfer students included Lionell Rogers and Mark Nyswonger, commonly known as the "Cape Crusaders" by the team.

Rogers will not be eligible until second semester. He is a good strong inside player who Steele feels can help the squad at the center position.

Nyswonger is expected to see action at one of the guard positions. He is a good ball handler whose contributions will be welcomed, according to Steele.

New recruits consist of Buddy Sass, Reggie Jones, Mike Everett, and Terry Wilson. "All our recruits are working hard," Steele said. "They're faced with a new system that all freshmen go through. The pace is faster and there's more intensity."

"Sass at times will be a good little player," Steele commented. "He has leadership potential."

"Jones is a smart ball player. He has good, sound fundamentals," Steele said. He was the biggest surprise of our new people."

Everett is a tremendous competitor, and will make some good things happen. Wilson's good touch will give the Panthers depth at front court.

The season opener is on November 15 against Barber Scotia.

**RETURNING VETERAN** Roosevelt Brunson is a good shooter and should also provide some rebounding strength for the Panthers.

**COACH JERRY STEELE** feels his squad has a good chance for another very successful season. Steele is shown here giving instructions to his players during a timeout last season.

# Soccer team downs Guilford for conference lead

**BY JOAN MADERT**
**Sports Editor**

The men's soccer team is presently the Carolinas Conference Champions with an overall record of 12-4.

The result of the Elon-Guilford game will determine if High Point will be the single reigning champions or if they will share the honor with Elon.

High Point has been playing outstanding and tough soccer, winning their last five consecutive games.

The Panthers defeated Liberty Baptist Saturday 4-1, controlling the entire game.

After a scoreless first half High Point began the second half aggressively with Mike Brandell scoring the first of his two goals just six and a half into the half. Pepe Perrone scored the remaining two goals for High Point.

Midfielder Jeff Sloan scored two goals against Guilford on Oct. 30. The first goal came 10 minutes and 35 seconds into the game.

With six minutes left in the first half, Ricky Klier severely sprained his ankle and was carried from the field. Dave Morse came in to replace Klier in the goal.

"Dave did a really good job in the goal," said Coach Woody Gibson.

Klier returned to the game in the second half and played very well despite his injury.

"The skill of our players won the game for us," Gibson said about the Catawba game. "It was our poorest game of the year even though we won the game."

Catawba only made two shots on goal with one scoring.

"It was hard for the team to get up for the game because it was right after break and they were looking forward to the Guilford game," Gibson said.

Brandell's last goal won the game for the Panthers 2-1.

For yet another victory, High Point shutout Roanoke 3-0. Klier made eleven saves in the goal and recorded High Point's sixth shutout of the year.

"It was a good match, we played well," said Gibson.

Perrone got the Panthers off to an early lead by scoring in the first five minutes of the game. The score remained 1-0 at the

see Soccer, p. 12

# *Lambda Chis still winning in soccer*

**BY DONNIE BROWER**
**Staff Writer**

Lambda Chi "A" team has been the team to beat in intramural soccer so far this season as they hold on to first place with a 7-0 record.

The Delta Sigs and the Denotes-Bellacos are not far behind with records of 5-2. These three team are expected to battle it out to the finish for the championship.

One of the most exciting games last week was between the Theta Chis and the Lambda Chi "A" team. The Theta Chis fought hard but in the end the strong defense of the Lambda Chis, led by goalie Eric Bohus, held off the challengers for a 1-0 Lambda Chi victory.

In another important contest, the Delta Sigs defeated the Denotes-Bellacos 2-0 in a very physical and hard-fought battle to determine second place. Charlie Gross scored both Sig goals.

The second half of the season is coming up in the next two weeks. The top four teams will advance into the playoffs to decide the champions.

continued from page 9

**LOU TAYLOR** prepares for a penalty stroke.

goals being scored by Kaler. The communication between the players was very good which helped the team to victory. The women played as a team and were consistent throughout the game.

Davidson also came out the victors in the game Oct. 15 by defeating the Panthers 2-1. Taylor scored the single goal with an assist from Kaler.

The Southern Regional II Tournament will be held this Friday and Saturday with 22 teams being represented. High Point needs to win two games to go to Nationals and with the home field advantage, the chances look very encouraging for the Panthers.

**JANNELL WELSH** congratulates teammate Cheryl Egner.

# Volleyballers fall to Guilford in CC tournament

**(Photo by Teresa Venuto)**

blocking the best Quaker spikes. Kristofferson served as the Panther's offensive power, hitting the ball in, around and through the Quaker defenders.

The most important one-two punch the Panthers had was freshman Sheila Benton and Ursula Watt. Benton and Watt were unstoppable when on the offensive, and awesome when playing back row defense.

Ironically, the two were overlooked for the All-Tournament team, but without their play the Panthers would not have been as successful as they were.

In the finals, it was all Guilford. Tournament Most Valuable Player Terri "BB" Heath commented, "We were determined not to lose. When we lost to High Point in the semis, we got together and decided that we weren't going to let any problems keep us down, like last year."

The Quaker determination and experience proved to be too much for the young, battling Panthers. However, if the tournament had been a single elimination affair, High Point would once again be champions of the conference.

"We made too many mistakes to win a conference tournament," said Head Coach Nancy Little. "It really started in the semifinal match. We made silly mistakes; they were things that were not tough to do."

"I thought Ursula Watt played well all the way throughout the tournament," Little said.

Team captain Wingfield felt the team played well despite their second place finish. "I know we could've won it because we proved that by beating Guilford earlier Saturday. That's where experience came," she said.

The Carolinas Conference Tournament had no bearing on the representatives in the NCAIAW state tournament. The Panthers have defeated NCA & T University three consecutive times, which should give the final nod for a tournament bid to High Point College and not to A&T.

"I think we will go far in the states if we play like we did when we beat Guilford," Wingfield said. "I still say we have a super team and as far as we all know, if we stick together as a team we will go far."

Coaches All-Tournament Team:

Terri Heath, Lynn Zahurak, Cintonya Allison, Guilford; Karen Kristofferson, Viveca Wingfield, High Point; Susan George, ACC. Most Valuable Player-Terri Heath, Guilford.

Coaches All-Conference:

Karen Kristofferson High Point; Terri Heath, Cintonya Allison, Lynn Zahurak, Guilford; Faye Hassle, Pembroke. Player of the Year-Karen Kristofferson sen, High Point

# Worland wins $5,000 in McDonald's game

**BY LISA D. MICKEY**
**Staff Writer**

Dave Worland, a senior human relations major, used to sit in a booth, munching on a hamburger and shaking his head at the number of people who don't bother to look at their McDonald's Hamburgers "$5 Million Silver Mine" game cards.

He didn't take the game too seriously himself, but since he had to eat one meal a day on the road while working on the Student Career Internship Program, he began to pay more attention to the cards that came with all of his McDonald's meals.

**DAVE WORLAND** was a recent winner of $5,000. (Photo by Lisa Mickey)

A month later, Worland was receiving a confirmatory telegram from McDonald's Incorporated that stated, "Congratulations. You have been confirmed as a McDonald's $5,000 Sweepstakes winner".

Worland, who had never won anything in his life, had something like a one in 1.09 millionth of a chance to beat the odds and win $5,000. He was the first of three winners in the United States to do so. He had picked up six cards when he drew what he thought was the winner.

"I was about 95 percent sure I had won but I waited until I got back (from out of town) and had some friends to check it out," Worland said.

"After that, I had to mail in the winning card to McDonald's Incorporated and wait for them to verify it by computer. That took

### Millis Dorm hit

# Break-in being investigated

**BY KIM DARDEN**
**Associate Editor**

A recent break-in in Millis Dorm in which an estimated $3000 worth of valuables were stolen is being investigated by the High Point Police.

On Halloween night, students Eric Hanson and Greg Adams' room, 224 Millis, was cleared of all valuables including stereo equipment, about 60 albums, 30 cassettes, sweaters and several items of jewelry. In addition, $125 Hanson and Adams had stored in a backgammon set was stolen.

Investigating officer H.L. Jones of HPPD said Sunday that there are suspects who have been questioned in the case but that no arrests have been made. He declined further comment since the case is still under investigation.

The police suspect that the thiefs entered the room from outside by climbing a drain near the second floor window.

The sheets and pillowcases were stripped from Hanson's bed.

"We think they used the sheets to lower all the stuff out the window," Adam said last week.

The police were only able to get a few fingerprints because Hanson put his hand through the window glass when he returned about 1:00 a.m. the night of the break-in to find his room emptied. The blood on the window smeared most of the prints.

Later that same morning of Nov. 1, about 3:30 a.m., Adams and Hanson confronted and accused another student who they suspected in the burglary. A fight ensued and the police were called to the college for the second time that morning.

Arresting officer Rick Caldwell of HPPD charged Hanson and Adams with assault and battery and communicating a threat. The assault and battery charge was later dropped. Hanson and Adams were scheduled for trial Monday, Nov. 17, but the judge postponed the hearing to Dec. 8 because the student pressing charges did not show up for the trial.

Adams thinks that about four people were involved in the theft.

"There had to be to get the stuff out, because I had two speakers, a receiver, tape deck, and turntable stolen," he said.

"We know it was someone on campus or that someone on campus tipped somebody off, because somebody knew we had a good bit of money and a good stereo," Adams said.

# Defendants acquitted in Greensboro trial

**BY KIM DARDEN**
**Associate Editor**

A Guilford Superior Court jury Monday acquitted the six Ku Klux Klansmen and Nazis charged in the killing of five Communist Workers Party demonstrators who were shot down in the streets of Greensboro during a "Death to the Klan" march last Nov. 3.

The all-white jury of six men and six women voted unanimously: not guilty on all counts. The six defendants were charged with five first degree murder counts and a single felonious rioting charge.

Defense lawyers and their clients were ecstatic, friends and family of the five communists who died denounced the trial "a sham", and surprised city officials called a press conference Monday night, with mayor Jim Melvin appealing for the city to unify against a potential violent reaction to the controversial verdict.

Greensboro police Capt. J.W. Hilliard said a special plan for patrolling the city following the verdict was prepared months ago and was put into action Wednesday night.

Drew Days, head of the U.S. Justice Department's Civil Rights Division, said the federal government will study the trial and determine whether federal civil rights charges should be filed against the six.

Defense lawyers, using sophisticated Federal Bureau of Investigation audio analysis of videotape recordings of the shootings argued that their clients acted only in self defense.

They say that the tapes show that CWP demonstrators ambushed their clients and fired nearly half of the 39 shots recorded in the shootout.

# One day method has more advantages

This past week, HPC students again were confronted with the task of pre-registration.

Pre-registration is often difficult for many students who can't seem to make it into all the classes they want and so have to sometimes rework their entire schedule.

This process is not only hard on students, but can also be tough on faculty members. And the College policy tends to make it even harder by stretching pre-registration out over a three day period while holding regular classes.

The one-day pre-registration without classes was better for students and faculty. This process has been used only a couple of times but seems to have more advantages.

Students could concentrate on making sure they get to the professor whose classes always filled up the fastest and thus getting the classes they needed. Now students must try to pre-register in between classes and often get closed out by students whose class schedule let them get a jump on pre-registering.

The faculty would also benefit from a one day pre-registration where they wouldn't have to worry about teaching class and trying to get through the lines of students that form at their office doors.

With classes going on during pre-registration, students often stand in line for several minutes and then must leave before seeing the professor in order to get to class on time. Teachers often must turn away students who have been standing in line so that they can also get to class on time.

It seems to be much easier on most people when this process called pre-registration is done in one day without classes being held.

So why does the College stick to the three day format?

The procedure is used in order to prevent the semester from continuing an additional day. Because of scheduling problems, the College prefers to use the three-day method as it fits into the academic calendar better than a day without classes.

In order to give a day off for pre-registration, classes would have to be held on Saturday or the semester would have to begin a day or two earlier.

Another disadvantage brought up concerning one day pre-registration is that students who happen to be sick on that one day don't have a fair chance to get out and get to the professors.

Even with a couple of disadvantages, the one day method of pre-registration still seems the better of the two. Coming back to school one day earlier each semester would not be a major penalty in order to facilitate the use of the one day pre-registration method.

Since the preparation of the academic calendars takes place well in advance, we need to propose a change soon so that a new pre-registration method can be worked into the earliest possible semester.

# New supervisor makes changes

**BY KIM DARDEN**
**Associate Editor**

Several staff and policy changes have been made in security since new Security Director Terry White assumed his position Oct. 13.

Two officers have left the staff and a new part-time officer has been hired.

Officer Peter Geslison, who had been with security for four years, left in early October.

Former Security Supervisor Don Walton, who served at the College for more than six years, left this week.

"I feel I have fulfilled my duties here at High Point College," he said.

Walton is leaving of his own choice and is looking for a change of pace. "I'd like to try something new - to get away from law enforcement altogether for a while," he said.

Ulysses Clinton was hired to replace Geslison, and a new officer is currently being sought to replace Walton.

Dillie Jones, a retired Marine Core Non-Commissioned Officer, has been hired as a part-time security officer.

White has made a few policy changes that he would like the students to be aware of.

From now on, if there is not a student supervisor on duty when the intramural gym is being used, the gym will be closed, White said.

"Security will be making checks, and if a supervisor is not there when we come around, we will close the gym and (the students) will have to find a supervisor to open the gym back up."

Security has also been keeping closer tabs on the buildings and dorms, specifically over Fall break.

For the first time in years, no break-ins or larcenies were reported over Fall break. According to White, a security officer went through the inside of each building and residence hall and recorded who was inside each building and what time they were there. Previously, security only checked the outside of the buildings.

Another policy change will be the changing of the security officers' uniforms. The new uniforms will be more informal -- dark blue pants and a light blue dress shirt. There will be no tie, hat, leather guard or handcuffs.

"We want to have a more personal, student-oriented look," White said.

"Right now we look sort of like military police."

The officers will wear an HPC I.D. card with a picture on their pockets.

In addition, security has now taken over the fire inspections in the dorms. Previously the R.A.s and housemothers were in charge of fire inspections, but now security will go through the dorms every week and check the smoke detectors and fire extinguishers.

Changes in security for the future include security-sponsored student programs. Just as student union now sponsors concerts, etc., security may sponsor a similar event, said White. White would also like to see special programs sponsored in crime prevention, such as a film on rape.

"The biggest thing right now," said White, "Is that students and security have no working relationship. We are after a working relationship; students and security must work together."

*Letter to the Editor*

# Team appreciates support

To the editor:

We appreciate the support of the Alpha Phi Omega Service Fraternity and Suite 305 throughout the field hockey season.

We would also like to thank all the High Point College students, faculty, and administration who gathered on the hill to watch us play during the Regional Tournament. We hope this enthusiasm and support will continue into our season next year.

The Hockey Team

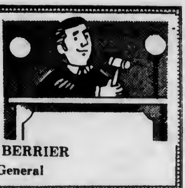
# Campus Cases



BY DANNY BERRIER
**Attorney General**

Alcohol violations continue to be the only cases brought before the SGA Judicial Committee and Dean Bob Lowdermilk. Only one instance of alcohol possession was referred to the Dean within the past two weeks, bringing the semester's total to twelve with fines totalling $300.

A resident of North Hall was the individual that was charged with a violation of Article III, Section II of the ethics code (on-campus alcohol possession). She agreed to her guilt and accepted an administrative decision from the Dean. She was fined the mandatory $25.

The lack of any cases going before the SGA Supreme Court is an interesting fact that presents some problem in interpretation. Do the students that have been charged feel like a court martial is not worth the effort or that the $25 fine is menial and easily accepted?

Actually, the students involved have realized their guilt and have seen that any attempt to escape the penalty would be futile. With continued luck, hopefully all students charged with violations will accept the consequences of their actions without unnecessary trials.

One point that may be overlooked is the right of all students to appeal their conviction and/or penalty to Acting President Cole. The final decision concerning fines rests with Cole and he has the option of overturning the Judicial Committee's decision or increasing the charge.

# Vandals hit machines

BY KIM DARDEN
**Associate Editor**

Two incidents of vandalism and petty theft have occured in the last few weeks on campus.

The game room in the student center was locked for four days the week of Oct. 27-31 after the casing was torn from the front of the pinball machine. About $115 worth of food and money was also stolen from a vending machine in McCulloch Dorm.

Assistant Dean of Students Bruce Tingle said that this is the second time this year the pinball machine has been tampered with. The first time, the coin box was stolen, but the vandals failed to get the coin box the second time because Tingle placed pad-locks on the box.

The game room was closed while the casing was off of the machine until the machine company could put a special lock on the outside of the machine that cannot be pried.

"The game room can be conceivably closed if this keeps up," Tingle said.

An Ingram Pastry Vending Machine in McCulloch's ground floor lobby was forcibly opened early Friday morning Oct. 31. About $90 worth of pastrys and $25 from the coin box were stolen.

Usually, the lobby door is locked at midnight, but that night some students were studying in the lobby, so the room was left unlocked. The students left at 2:00 a.m. without locking the door, and when they returned at 5:00 a.m., they discovered the theft.

Due to the theft, security is now making a check of the lounge, which contains several vending machines. at least once every shift. ,

Ingram Co. has stated that if there is any further vandalism, all their machines will be removed from the lounge. Ingram offers a $100 reward upon conviction to anyone who gives them information concerning thefts to their machines.

# Broken line has to let off some steam

BY KAREN L. CRAVER
**Staff Writer**

After 30 years of pressure, the old line just couldn't take it anymore -- it had to let off some steam.

The week before last, Davis Plumbing fought their way through cold ground and blistering steam to repair a ruptured steam line near Roberts Hall at HPC.

The line, a two and a half inch cast iron pipe, has been in the ground for at least 30 years, according to Earle Dalbey, Vice President of Financial Affairs.

"Sometimes they break in odd places. I hope one doesn't break under Mr. Carter's rock garden out here beside Roberts Hall," Dalbey said.

"We usually have this problem every year when it starts to get cold."

Because of the break, the heat in Wrenn Memorial Library was cut off for two days.

"It always happens around 3 o'clock in the afternoon and then who can you find to repair it that evening?" he said.

The heat on campus is fired by coal which is burned to create steam that is pumped throughout the buildings.

"I'm waiting for the main water line to blow. It's been down there for at least 50 years and there isn't much you can do until it blows," Dalbey said.

"However it happens," he added, "it always seems to be my headache."

# Greek Weekend to aid charity

BY CINDY BURBAGE
**Staff Writer**

The Greeks of High Point College are busy planning their first annual Greek Weekend activities to be held November 21-23.

"The Greeks have really shown interest in a Greek weekend in the past, and everyone has really gotten involved to make this weekend a success," Jeff Koehler, President of the Inter-Fraternity Council, said recently.

"The faculty is giving us their support, and we're aiming for a successful food drive and a good crowd at the football game."

The weekend begins with a social on the 21st for all Greeks on campus. This social event will be held at the High Point Fairgrounds from 8-11 p.m.

"The food drive is the highlight of the weekend with all High Point College students and faculty members participating," Koehler said. Canned goods will be collected on campus and around the community starting at 10 a.m. on Saturday. "Students can take their canned goods to the switchboard in Roberts Hall this week," Koehler said.

Ms. Betty Alston from the Guilford County Social Services will be on campus Saturday at 4 p.m. to accept the food given in the name of the High Point College students.

The name of the game will be football on Sunday, Nov. 23. The Interfraternity Council will sponsor the game with the Lambda Chis and Theta Chis against the Sigs and Pikas. Game time is scheduled for 2 p.m. at the soccer field. The admission will be one dollar.

Sixty percent of the profit from the game will be given to the Methodist Children's Home in Winston-Salem and forty percent will go to the Interfraternity Council for expenses. There will be concession stands with cold drinks and food on sale during the game.

Fifty percent of the money made from the concession stands will go to the Methodist Childrens Home, 25% to I.F.C. and 25% to Panhellenic Council," Koehler said.

Mike Showalter, publicity coordinator for the Greek weekend, is enthused with all of the volunteered help from the fraternities and sororities on campus to make this weekend a success.

"We're hoping for some television coverage of the food drive and also to inform the community of the football game. We are planning, too, to send vans to the Methodist Children's Home in Winston-Salem so the children can enjoy Sunday's football game, too," Showalter said.

# Worland a winner

continued from page 1

about a week," he said.

Worland was treated to a free lunch (at McDonald's) and met for a television interview with the vice president of McDonald's and an assortment of managers and district managers.

Then, when he tried to call his parents in Chattanooga, Tenn., to tell them the good news, he, out of excitement, forgot his home telephone number and had to recall it by sources other than his own memory.

About $300 of his winnings will be collected in taxes. The rest; Worland said, will be invested in the money market with a 12 to 13 percent interest rate. Eventually, the money will be used to make a down payment on a house.

McDonald's Silver Mine game ended yesterday.

# Zams and Chis leading College Bowl matches

BY DANNY BERRIER
Staff Writer

With only one week remaining in the regular season, the Flying Zams hold a one game lead over the Lambda Chi Alpha team in College Bowl competition.

With two games to go, the Zams currently have a 6-0 record while the Chi team holds a 5-1 mark.

The Belk Mafia, 3-2, has a precarious one game advantage over four teams all tied at 2-3. These teams, Delta Sigma Phi, Iota Phi Delta Gamma, Pi Kappa Alpha, and Alpha Gamma Delta, all are fighting for a fourth place regular season finish in order to qualify for the post season tournament.

Both the Unknowns at 2-4 and Zeta Tau Alpha at 0-5 are likely to finish the season out of contention for tournament play.

Highlights of the past week's games included a crucial game between the Zams and Lambda Chi. Both teams entered the contest with identical 5-0 marks, but the Zams won the game by a count of 355-125. The Chis were also involved in a tough match against the Unknowns, but escaped the game with a 195-140 triumph.

Other exciting games were the Alpha Gams 100-90 overtime victory over the Delta Sigs on Mon., Nov. 10 and the Pikas 155-135 win over the Unknowns on Thursday.

College Bowl, the varsity sport of the mind, is in its third year of competition at HPC. It is sponsored by Alpha Chi Honor Society and conducted by its vice-president, Chip Ward. A tournament will be held next spring with the victorious team representing the school in regional play against other state and area teams.

The final two nights, schedule is listed below. Games are held in meeting room 1 of the Campus Center and anyone interested is invited to attend and support their favorite team.

WED. NOV. 19
6:00 Zetas vs. Delta Sigs
6:30 Unknowns vs. Flying Zams
7:00 Belk Mafia vs. Pikas
7:30 Alpha Gams vs. Iota Phi Delta Gamma
THURS. NOV. 20
6:00 Pikas vs. Zetas
6:30 Unknowns vs. Iota Phi Delta Gamma
7:00 Delta Sigs vs. Lambda Chi
7:30 Belk Mafia vs. Alpha Gams

# IVCF to sponsor films

The HPC chapter of Innervarsity Christian Fellowship will sponsor a film series called, "Whatever Happened to the Human Race" Dec. 3-10. Each film will be shown from 7-8:00 in the main conference room of the student center, and there will be an optional 30-min. discussion period after each film. Refreshments will be served at each movie.

"Whatever Happened to the Human Race" is produced by two medical doctors, Francis A. Schaeffer and Everett Koop. The issues of abortion, infanticide, euthanasia, and others are examined in a Biblical context, regarding the Bible as the spoken word of God to man.

Here is the schedule for the movies:

Wed., Dec. 3, "Abortion";

Thurs., Dec. 4, "Infanticide";

Mon., Dec. 8, "Euthanasia";

Tues., Dec. 9, "Human Dignity";

Wed., Dec. 10, "Truth and History".

# Grad school day again successful

BY CRYSTAL
HEDGECOCK
Staff Writer

The Alpha Chi Honor Society sponsored Graduate School Day on Nov. 5.

Thirteen schools were invited to participate and only 3 were able to accept the invitation These schools were UNC at Greensboro, UNC at Charlotte, and Appalachin State University.

Representatives from these schools discussed the various programs offered for graduate school with approximately 30 seniors who attended. This is the third consecutive year that Alpha Chi has sponsored Graduate School Day.

"The Graduate School Day was well attended, and the representatives from the schools seemed to enjoy themselves," said Alpha Chi President Bobby Brownlow.

According to Brownlow, the representatives felt the HPC program, run by students, was as good as if not better than, those they had attended which were run by faculty.

Alpha Chi is also presently sponsoring College Bowl for the third consecutive year.

Alpha Chi is a national honorary organization with approximately twenty members.

# Humanities Festival going well

BY ANDREA
HADZIMICHALIS
Staff Writer

The Fall Humanities Festival has again turned out to be a success this year, thanks to the support of HPC students and several faculty members.

The festival was sponsored by the departments of Fine Arts, English, Modern Foreign Languages, and Religion and Philosophy with each department contributing in a series of various workshops and presentations.

On opening day, Nov. 13, Raiford Porter presented a slide lecture entitled "Bohemians of Post-Impressionism," which included several paintings by french artists of the latter 19th century; namely Van Gogh, Gauguin, and Toulouse-Lautrec.

The English Department sponsored the Phoenix Literary Festival on Friday, Nov. 13. The festival included workshops and poetry readings by leading Carolina poets. Students who submitted works of poetry or short story fiction were judged and critized, and cash prizes were awarded to those who excelled in either of these two categories.

The annual Finch Lectures, sponsored by the Department of Religion and Philosophy, brought an outstanding theologian-lecturer to the campus on Nov. 17. Charles F. Finch again succeeded in capturing the interest of his audience as he delivered a speech concerning the application of religious thought in solving everyday problems of the individual.

The department of modern foreign languages presented its first film on Tuesday, Nov. 18, entitled "A Murder in Granoda." The second film, "La Grande Illusion," will be shown on Thursday, and is geared to the French and German students as it contains only English subtitiles.

The festival will conclude with a three-day presentation of Carson McCullers "The Member of the Wedding," beginning on Thursday night, Nov. 20, at 8 p.m. The entire cast of the Tower Players will be entering this production in a national play competition.

# Tower Players to present play

**BY RAY DANIEL**
**Staff Writer**

The High Point College Tower Players and Fine Arts Department will present Carson McCuller's modern American drama, "The Member of the Wedding" Nov. 20, 21, and 22 at 8 p.m. in the H.P.C. Memorial Auditorium.

"The play depicts the poignantly human story of a young girl's struggles as she reaches adolescence and desperately tries to find her place in the world," the Director, David Appleton, said recently.

Through the central charactor of Frankie Addams, the play shows how children are forced to painfully lose their special individuality and uniqueness to become adult members of a uniformed society.

"We have to ask ourselves if the peace of mind, the membership that Frankie-achieves, is really worth this sacrifice," Appleton said.

The main theme of the play "is something I feel very strongly about. . .I think young people should see the play to help them realize that they should not lock themselves into a mold for society that limits their potential."

He feels that the theme of racism also makes the play important. Set in Georgia in 1945, it deals with the racial problems of "discontented people who are trying to find some form of human dignity."

The play has been entered in the American College Theatre Festival XIII national competition, giving the actors a little more incentive to do well. If the play qualifies, the College will send the production to Alabama for the regional finals.

"The production is going very well. We have an excellent case and we're extremely fortunate to have Lois Kinney to play Berenice," he said.

Kinney, who may be remembered by Greensboro audiences as "Miss K" on WEAL when she became the radio station's first woman announcer, has done many one woman shows and is now teaching at A&T University.

Frankie is played by HPC student, Erika Allion. She has a lot of acting experience and played the governor's daughter in High Point's last production, "The Tavern," by George M. Cohan.

Hedgie Bartol, who has played child roles with the North Carolina Shakespeare Festival, will play the part of the young boy, John Henry.

## *Infirmary releases reminder to students*

The HPC Infirmary recently released a reminder to all students concerning medical excuses for class absences.

With the exception of an 8 a.m. class, students must be in the infirmary before the time of the scheduled class. For 8 o'clock classes, students must be in the infirmary by 8:15 a.m.

The infirmary is closed between noon and 3 p.m. and excuses for afternoon classes can only be given before noon.

A student coming in after 9:15 a.m. will not be able to see the doctor or physician assistant.

Students are also reminded that no medical excuses will be given over the telephone.

# Sharon Petty enjoys family's busy life

**BY ALISA WALKER**
**Staff Writer**

If you should walk across the campus of High Point College and see a young lady about 5 feet 5 inches tall with short brown curly hair and blue eyes, wearing a white Winston cup racing jacket, it may pay for you to say hi. She could be Sharon Petty, 19, daughter of Richard Petty famous race car driver.

Petty is a day student at HPC. She commutes from her home in Randleman County and says that living at home is more convenient for her because her family travels so much.

Most people think having a dad like Richard Petty would cause an abnormal family life for someone like Sharon, her brother Kyle, and her two sisters, Lisa and Rebecca, but she disagrees. She said her family life is just as normal to her as any one else.

She said she has never been anyone else's daughter, so she considers the busy life of her father to be normal for their family. "I can't imagine what it would be like to have a dad home all the time," Petty said.

Petty said her dad's family is very important to him. When he is home, he makes an effort to be with and do things with his family.

Being Richard Petty's daughter creates a lot of opportunities for Sharon, she says. Last Easter, her dad and brother were asked to appear in Canada, and the entire family flew up to Canada for a weekend of excitement with all expenses paid.

Petty says she loves it when her dad is on the race track. "I don't ever take my eyes off of him," she said.

"I really admire my dad," said Petty. She said he puts up with a lot and gives up a lot of his private life in order to please his fans.

Being a part of Richard Petty's family is different she says. Every week or two when her dad is home the whole family gets together and eats fish at the "Hungry Fisherman." She says it never fails that someone will come up to her dad and brother wanting an autograph.

"Basically, we have the same type of family as anyone else. We pay bills, we live in a house, and we do things together," Petty said.

When not at school, Petty spends her spare time working with "Petty Enterprises," in Randleman County.

She also spends some time helping her mother, who owns an antique store, "The Blue Hobby Horse" in Randleman County.

This is Petty's second year at HPC. Her major is Elementary Education.

# Library extends hours

The Wrenn Memorial Library has extended its hours effective Dec. 1 . The new hours will be:

| | |
|---|---|
| Mon.-Thurs | 8 a.m.-11 p.m. |
| Fri. | 8 a.m.-5 p.m. |
| Sat. | 10 a.m.-5 p.m. |
| Sun. | 3 p.m.-11p.m. |

The new hours were announced by Larry B. Keesee, the Director. Keesee also said that the new hours will be evaluated after several months to determine if they are justified by usage.

### *HPC's first graduate*

# Coble remembers life in the beginning years

**By SALLY DAVIS AND SHARON LITCHFORD**
**Staff Writers**

Hundreds of students have graduated from High Point College but one man stands out. He is Mr. Herman Coble, the first graduate of HPC and the recipient of the first diploma.

Coble lives with his wife, Mary, at 830 Circle Drive, High Point. The couple met while both were students of HPC. Mrs. Coble is a member of the Class of '28 and Coble belongs to the Class of '27.

Coble was born in Alamance County and attended Burlington High School. He went to Wake Forest College for one year before transferring to High Point as a sophomore. When he arrived in High Point, Coble worked with the carpenters, helping to complete the unfinished buildings of the campus.

On Sept. 14, 1924, students moved into the dorms of High Point College. That first year, there were 132 students but all were not living on campus. The campus consisted of four buildings: McCulloch Dorm, Woman's Hall, Roberts Hall, and the maintenance building.

According to Coble, at the time that he moved into McCulloch, there were no doors in the dorm. They were finally installed around December.

Most of the activity centered around Roberts Hall. The library was on the 3rd floor and the cafeteria was in the basement. Classes were small and there were only ten or twelve faculty members at that time.

In the cafeteria, the men were required to sit on one side of the table and the women on the other. A dress code was enforced with the men being required to wear suits and ties and the women wearing dresses. A faculty member sat at one end of each table and a senior sat at the other end.

The social life on campus was interesting. In order to be permitted to go out on a date, a girl had to acquire an "honor date." This was accomplished if the girl attended church on Sunday. Most couples walked to town for their dates. Girls were not permitted to ride in a car with a boy.

Sororities and fraternities existed on campus but they were local organizations. They did not become nationalized until later. Coble is a member of Theta Chi fraternity and Mrs. Coble is an Alpha Gamma Delta.

Debating teams existed on campus when the Cobles attended. In fact, Coble received the first Orator's Medal, which he recently presented to the school to be displayed in the Campus Center.

As for college experiences, Coble remembers the "Big Snow" that occured in High Point on March 2, 1927. A record 27 inches fell in that snowstorm.

"The snow covered the doors of the dorm in drifts and the students had to tunnel their way out to get to the cafeteria." Coble said.

Coble was responsible for the naming of the *Zenith* yearbook. He recalls the day when he was searching for a name and peered at the Roberts Hall tower. He wanted another word for "High Point" - thus, the *Zenith* got its name.

In that 1927 *Zenith*, the "Class Prophecy" stated that Coble "with his fine qualities of leadership, will become governor of Texas and probably rise to even greater positions."

College pranks are nothing new. When Coble was at HPC, members of the class of '28 climbed to the top of the Roberts Hall tower and painted "'28" on it. This inspired Coble to retaliate. He and a couple of friends got some tar, climbed the tower, and eliminated the "'28."

While a student at HPC, Coble was a champion horseshoe pitcher - a sport that was common on the campus in the early years.

Coble is one of a class of thirteen. The class consisted of three men and ten women. All but one class member are still alive.

Coble majored in English and history.

In 1927, the first commencement of High Point College was held. Coble was the salutatorian of his class. Alphabetically, two women were ahead of him but Coble was the class president and thus he received the first degree of the College.

After graduation, Coble worked one summer as a recruiter for the college. He then worked in Rockingham County, serving as the principal of the high school and the elementary school for 18 years.

**THE FIRST DIPLOMA from HPC was received by Herman Coble in 1927. (Photo by Lisa Mickey)**

In 1945, Coble was asked to come to High Point. He taught classes in psychology, education, and geography. Coble also managed the bookstore. In 1973, he retired, having worked under all four presidents of the college.

Mrs. Coble was also in the teaching field. She taught in Thomasville for nine years. From 1957-1970, Mrs Coble taught at Brentwood Elementary. Together, the Cobles have devoted 89 years to the teaching profession.

In May of 1976, Mr. and Mrs. Coble were honored with the Alumni of the Year Award for "their leadership and dedication to the cause of Christian education at High Point College and in the community."

Recently, Coble celebrated his 78th birthday. Reflecting back on his years at HPC, he remembers the fact that there were "friendly people. Everyone knew everyone." As for the campus today, Coble said, "I feel that the school has improved greatly."

# SAM members tour RJR

The members of the Society for the Advancement of Management (SAM) toured R.J. Reynolds Co. in Winston-Salem last Tuesday. The tours showed members the machines and processes involved in making cigarettes from raw materials to final products.

SAM has taken previous tours of the Southern Furniture Market and the Hatteras Yacht Co.

SAM presently includes 30 members. It is an organization dealing with business; however, it is open to all majors. Anyone interested in SAM is asked to contact Diana Scotton, Box 3845, campus mail.

# *SNEA honors faculty*

**BY SALLY DAVIS**
**Staff Writer**

Teachers don't always get the credit they deserve.

With this in mind, the SNEA (Student National Education Association) of HPC honored the faculty with the recognition of American Education Week, Nov. 10-14.

On Monday, Nov. 10, apples with worms (artificial!) were distributed to each full-time faculty member.

The next day, the faculty and administration received copies of a poem for teachers.

The SNEA officers presented a tea for the faculty on Wednesday, Nov. 12. The tea preceded the faculty meeting. At this time, teachers were presented with cross stitch bookmarks bearing the word "teacher." The bookmarks were handmade by members of SNEA.

On Thursday, teachers received copies of "Rules for Teachers, 1872."

To conclude the activities of the week, the teachers and staff in the Education Department were presented with flowers on Friday.

# Literary festival attracts young poets and writers

**BY KIM HIGGINS**
**Staff Writer**

The tenth annual Phoenix Literary Festival was held at High Point College on Friday, Nov. 14.

The festival, which took place mainly in the Campus Center, was a literary contest for high school and college students. Workshops for poem and short story writers were also presented.

Many of the workshops were headed by visiting North Carolina poets such as Virginia Rudder, Debbie Hutchinson Ferrell, Steve Gardner, Ellen Turlington Johnston-Hale, Peggy Kent, Karen Poole, and Bill Moore.

Two HPC instructors also held workshops: Susan Harman and Dr. Marion Hodge.

These workshops were held to "find ways to make your poems stronger" as Rudder said in her session.

The majority of the entries was in the poetry category. The students read their poems aloud and then suggestions were made by the students and the workshop leaders on how to improve them. Suggestions ranged from "You might want to improve this line" to "If you get more specific then it will be fantastic."

To encourage the young writers, Rudder also spoke of writing in general. "Working on a story is like a carpenter fitting together a building. . . It's 99% sweat and 1% inspiration," she stated, then added that it was worth it. "Poetry lets you see things in a different way."

In the fiction workshop, Hale, who is also a poet, emphasized how short stories and poetry were a lot alike.

"They both use the same basic elements. You must be concise and carefully structure your lines. It's especially important to use strong verbs."

Hale won the award for the best volume of poetry by a North Carolina writer with her book *"We Don't Do Nothing Here."* Rudder has won many poetry awards including one from the New York Poetry Forum and one from the international Poetry Review. Both women are very active in teaching, and are good judges of poetry and both were impressed with the quality of the work submitted. They said they were seeing more imagery now than they ever have before.

**KAREN POOLE conducts a workshop at the Phoenix Literary Festival last Friday. (Photo by Marisa Firpi)**

Hodge stated the festival was "very, very successful. That was the finest bunch of poems I have ever seen. And this is my fifth festival," he said.

Everyone seemed very impressed with the festival. Dr. John Moehlmann, the organizer and backbone of the festival, said he had heard only good things about it.

The festival was dominated by the approximately 369 students from 19 high schools. Not all were schools in this area. Participants came from places as far as Charlotte and Mount Airy.

The students themselves had good reactions to the festival. Lee Ammons, winner of the poetry contest, commented, "Its great to get together where everyone can share their poems."

Shirley Hunter, a student from East Lincoln High, admitted she was scared at first, but, "now I like it. Its really interesting to have someone analyze your poems. They give you alot of help." She also said she would come back next year if she could.

Darrell White and Mark Sulliven, also from East Lincoln, said, "The festival was very interesting. It opened up new areas of thought -- new ideas for our poems."

"We now have new connections and new addresses for professional help," Sulliven said.

Their advisor, Mrs. Soesbee, thought that the festival encouraged the writers.

Some thought the festival was fun and some thought it was an experience. Ms. Shirley Rawley, acting chairman of the English Department, summed up the festival as a "day of inspiration."

Following is a list of winners announced at the festival.

POETRY
College

Honorable Mention: Laura Whitesel, High Point College.

Winner: James Gross, High Point College.

High School

Honorable Mentions: Donna Singleton, East Montgomery; Ginger Hinson, East Montgomery; Juanita Haskel, East Montgomery; and Lawrence Edgeton, Westchester Academy.

Winner: Lee Ammons, Salisbury High

FICTION:

Honorable Mention: Park Williams, Greensboro Day School; Ann Logan, Wassimiel Day School.

Winner: Maggie Rossen, Greensboro Day School.

# Museum to hold festival

Things will really be "cooking" at the Harvest Festival in the Historical Park at the High Point Museum, Sunday, Nov. 23.

From 1 until 5, visitors can join in the fun of tasting bread cooked on the hearth or help roast a bird on the spit. The spinning, dyeing and weaving of yard will be highlighted, but the blacksmith, gunsmith and broom maker will also demonstrate their skills.

The afternoon of family fun will be free.

# *Girls can enter competition*

High Point College students are invited to Participate in GLAMOUR Magazine's 1981 Top Ten College Women Competition.

Young women from colleges and universities throughout the country will compete in GLAMOUR's search for ten outstanding students. A panel of GLAMOUR editors will select the winners on the basis of their solid records of achievement in academic studies and/or in extracurricular activities on campus or in the community.

The 1981 Top Ten College Women will be featured in GLAMOUR's August College Issue. During May, June or July, the ten winners will be invited to New York to meet the GLAMOUR staff and will receive a $500 cash prize.

Anyone who is interested in entering the search should contact Dean Hanson for more information. The deadline for submitting an application to GLAMOUR is Dec. 15.

# Sororities hold dances; men prepare for big game

### PI KAPPA ALPHA

The brothers of Pi Kappa Alpha would like to congratulate their new Little Sister pledges. They are Kathy Nance, Peggy Pesce, Teri-Ann Cleary, Sharon Lowe, Karen Ashley, Jill Robyn, Kristin Brown and Dianne Bell.

The Pikas held a talent show for the Wesleyan Arms Rest Home on Nov. 14. They would like to extend their deepest gratitude to those people who participated in it.

Their annual Christmas Party will be held on Dec. 6 at Gilwood North Apartments.

### DELTA SIGMA PHI

The Sigs, along with the Pikas, are preparing for the IFC football game coming up on Sunday. They are also helping with plans for the bonfire and the food drive.

During December, the members of Delta Sigma Phi will be helping to man Salvation Army Christmas Kettles around the city.

In sports, the Sigs are looking to defend their intramural volleyball title after a second place finish in soccer.

### LAMBDA CHI ALPHA

Lambda Chi Alpha would like to congratulate its six newest brothers who were initiated the weekend of Nov. 7. They were Warren. Clapp, Glen Denny, Scott Englert, Mike Lopez, Neal Riske, and Jim Sprinkle.

They would like to urge everyone to get involved with Greek Weekend. Everyone please come out to see the interfraternity football game to help out charity.

### ALPHA DELTA THETA

Alpha Delta Theta is happy to announce the initiation of eleven new sisters on Nov. 6. Following a retreat the weekend of Oct. 31, the pledges were formally initiated.

Congratulations go to Sharon Guthrie, Tonya Hogan, Denise Watts, Beth Grubbs, Peri Caudle, Carlene Dix, Anne Murphy, Anne Howard, Wendy Fishel, Sherri Hart, and Sarah Sparks. The Sisters' Dance was held on Nov. 15 at Londonderry Estates clubhouse.

The sisters baked cookies and sold them, and it proved to be a good fundraiser. They plan to do it again in the Spring.

Plans are also being made for the campus-wide Christmas carolling to be held on Dec. 9. Please mark that on your calendars. The student directories are also being worked on.

Alpha Delta Theta is looking forward to a great remainder of the year with their new sisters.

### ALPHA PHI OMEGA

The Alpha Phi Omega annual camping trip was held Oct. 31 - Nov. 2 at Camp Gilrock in Greensboro. All brothers and pledges were in attendance as well as alumni.

On Nov. 7 their pledges painted the secretarial office of the American Humanics office and Mr. Price's office in the Human Relations Department. The APO National Service Day '80 was held on Nov. 8. They took a group of juvenile delinquents to the N.C. Zoo in Asheboro and to Burger King for lunch. Participation in the nationwide APO National Service Day '80 was a great success.

In preparation for National Service Day, the fraternity had a proclamation for a community-wide service day signed by the mayor of the city of High Point. Friday, Nov. 14, they helped the local Council on Aging by doing yard and clean-up work for elderly citizens in the High Point area.

This week, APO will be holding its Self Help Week (Hell Week) for the pledges.

### ALPHA GAMMA DELTA

Alpha Gamma Delta held a wet and wild football mixer with the Pika fraternity on Saturday, Nov. 15 at Montlieu Elementary School. Even the rain did not deter everyone from having a great time!

They would like to congratulate all of the girls who were chosen to be Pika Little Sisters -- especially Peggy Pesce, Teri-Ann Cleary, Diane Bell and Karen Ashley.

To celebrate the festive holidays, their annual Christmas party will be held on Dec. 5 at Gilwood North Apartments.

The Alpha Gams are looking forward to having mixers with the Phi Mu and Kappa Delta sororities in the near future.

The Gams volleyball team is doing great and is enjoying the competition. Their college bowl team is still hanging in there.

The Gams would like to give a special congratulations to the soccer team and coach Woody Gibson for having a great year.

### KAPPA DELTA

The sisters of Kappa Delta gave a dance in honor of their super pledges on Nov. 8 at Willow Creek Country Club. Everyone had a great time and the evening was highlighted when the Little Sisters received a gift from their Big Sisters.

On Nov. 14, a mixer was held with the Pi Kappa Alpha fraternity. The bonfire, scheduled for Nov. 15, was rained out and has been rescheduled for Nov. 22. The KDs are also looking forward to Greek Weekend.

The KDs have also been busy with fundraisers. On Nov. 7, they had a Day-at-the-Rail. Presently, they have started a KD Maid Ser-

| 3-4:30 | MS 111A | Military History | CPT WRAY | Monday only | 50 |
| | MS 153A | Mountaineering | CPT WALTERS | Wednesday only | 20 |

BASIC COURSE (Fresh & Soph) — No Military Obligation/No Uniforms/No Marching

**Mountaineering** **2 Credit Hours**

This course provides a working knowledge in rappelling, mountain operations, ascending and descending mountainous terrain, use of rope bridges, and survival techniques. Includes a field trip to Hanging Rock State Park to rappel and ascend unfamiliar mountainous terrain. Definitely an outdoor adventure course.

**Orienteering** **2 Credit Hours**

Orienteering is much like treasure hunting. You will learn to work with a compass, read a map, decipher the clues, and find the control points hidden throughout the country side. Includes a field trip to Hanging Rock State Park for cross-country orienteering through waterfalls, mountains, and wilderness areas of the park.

**Military History, WWII** **2 Credit Hours**

TV documentary films, guest lecturers, seminars, and discussions is the way this history course is structured. Most films are actual full-color footage of the battles and events during WWII. You will definitely get an up front at WWII and gain a new insight to history using a multi-media presentation that's guaranteed to keep your interest.

# Panthers finish second in District to ACC

COACH OF THE YEAR Woody Gibson cheers on his team during a recent match. (Photo by Cyndi Roberts)

BY JOAN MADERT
**Sports Editor**

The District 26 playoffs were held last week with High Point's Panthers finishing second to Atlantic Christian.

High Point had a bye the first day of the tournament and faced Guilford College on Nov. 13.

The game followed an eight day lay-off for High Point but the Panthers came out with a victory over Guilord 2-0.

According to Coach Woody Gibson, the team did not play as well as they could have but they still won.

The first goal came directly after a corner kick by Jeff Sloan. The corner shot went to Mike Brandell who took a shot on goal which was deflected directly to Jono Jackson who then scored.

The second goal was a set play. The direct kick was a miss-direction kick. Four Guilford players formed a wall in front of the goal with three High Point players forming a wall beside the Guilford players. As Sloan went to take the shot, the High Point layers in the wall fell to the ground, taking the attention of the goalie away from the shooter who had taken the shot. Chris Hohnhold then scored to the corner around the Guilford wall.

On Saturday against Atlantic Christian, the Panthers played, "As hard and as well as we could for 90 minutes but we just couldn't score," said Coach Woody Gibson.

High Point dominated the entire game despite the 1-0 defeat.

Atlantic Christian played almost the entire game with eight or nine defenders in the goal area. "They played defensively until they got a break," Gibson said.

The one major break they got was on a questionable call in the penalty area when Ian Lewis tackled an Atlantic Christian player. The penalty shot was a low hard shot to the corner and Ricky Klier made a great effort to save the goal but the shot was fast. The only goal of the game came over 13 minutes into the second half.

The call and the goal however did not effect the Panthers and their aggressive play. With 30 minutes remaining in the game, High Point forced Atlantic Christian to play with nine men on defense and only one man on offense. High Point had two men marking their one forward and had eight attackers. With so many players in such a small area it was very crowded and hard to maneuver.

"It was frustrating but we kept on trying," Gibson said.

The Panthers again had the opportunity to try their miss-direction shot again but the goal keeper kept Hohnhold's hot shot from going in.

In other soccer action, the Panthers lost to UNC-G 4-0 on Nov. 5.

In the first half Lewis was red carded for a dangerous play, forcing High Point to play one man short for the remainder of the game.

With slight domination, UNC-G went into the second half with a 1-0 advantage.

The second goal was scored in the midst of a crowd. With the goal area so filled, Klier had difficulty moving quickly enough to the ball.

The third goal was a lunging head shot 38 minutes 45 seconds into the second half which was slightly defected by a dive from Klier.

The final goal was another header into the upper corner of the cage with Klier giving another dive to stop the shot at 42 minutes 58 seconds into the second half.

Next week the District team will be named and the final National ratings will be made.

# Panthers win opener

BY MARIO WATSON
**Staff Writer**

High Point and Barber-Scotia opened the 1980-81 college basketball regular season Saturday night, and the Panthers came out on top by a 99-71 score.

Jeff Anderson scored 27 points to lead the Panthers, who finished last season at 22-8. Anderson was joined by Bruce Floyd, Roosevelt Brunson and Anthony Parrish in double figures for the winners. Floyd had 21 points, Brunson 14 and Parrish 10.

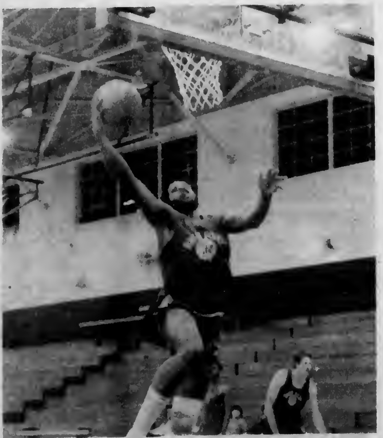
Sparked by Anderson and Floyd, High Point broke open the game midway through the first half en route to a 46-25 halftime lead. Then the Panthers outscored the Sabers 53-46 in the second half.

Every member of the squad saw some action and played good sound basketball.

Sophomore Jeff Anderson displayed much talent in the season opener. Outside of his 27 points, Anderson also did a good job for the Panthers on the boards.

"I was pleased with the way I played. I felt really good for the opening game," Anderson said. "I felt that overall as a team we played well."

The Panthers will face the Sabers again tonight at Barber Scotia.



PANTHER ROUNDBALLER Bruce Floyd is one of the keys to the HPC team this year. (Photo by Lisa Mickey)

# Field Hockey squad loses in tournament

BY COLLEEN BLACKNEY
**Staff Writer**

The High Point field hockey team ended a successful season with two disappointing losses in the Regional tournament held here Nov. 6 and 7.

The Lady Panthers played their first game of the tournament on Friday afternoon against State Champiions Davidson College, before one of High Points largest crowds ever. In a very fast, well played game, the Panthers lost 1-0 as Davidson scored mid-way through the first half.

High Point threatened through much of the second half and played hard but just couldn't get the ball in the goal.

Then on Saturday, the girls went up against the University of Richmond. High Point went ahead 1-0 early in the game on a penalty stroke by Jane Doyle but Richmond came back strong by scoring three goals before the end of the half.

This momentum carried into the second half as Richmond scored two quick goals to make the score 5-1. The Panthers started to come back late in the game and brought the final score to 5-2 when Jannell Welsh scored with just minutes left in the game.

High Point ended their season with a third place finish in the States and a fourth place finish in the Regionals. Although this is not one of their best finishes, it certainly is a fine record that they are all proud of.

The Panthers will miss the four graduating seniors, Stephanie Higgins, Sharon Kaler, Robin Slate, and Lisa Mickey and look forward to

Sports Editor

The eleven man All-Carolinas Conference Soccer Team has five players from High Point on the first team.

The All Carolinas Conference "Player of the Year" is Chris Hohnhold, and Woody Gibson was chosen as "Coach of the Year."

The five chosen for the All-Conference soccer team were junior Jeff Sloan with eight goals and eight assists, freshman Mike Brandell with eleven goals and three assists, sophomore Pepe Perrone with eight goals and ten assists, sophomore Ricky Klier with an average of 1.21 goals per game and six shut-outs, and senior Chris Hohnhold with 5 goals.

The ranking for District 26 colleges was as follows with High Point being seeded in first place and Belmont Abbey second, Atlantic Christian third, Guilford fourth, Pfeiffer fifth, and Elon sixth.

The Panthers finished with a record of 6-1 in the conference and an overall record of 13-6.

## *HPC to host West Germans*

Athletic Director Jerry Steele announced Monday that the High Point College women's basketball team will host a game in December against the West German National Team.

The West Germans will be on a tour of the United States and will play in a series of games arranged by the Amateur Basketball Association of the United States.

The game will be played in Alumni Gymnasium on the High Point campus at 7:00 p.m. on Wednesday, Dec. 17.

# Chis win soccer crown

BY DONNIE BROWER
Staff Writer

Intramural soccer finished up this week and the Lambda Chis captured both the regular season title and the play off title.

Their record in regular season play was 12-0 and they defeated the Delta Sigs in the finals of the playoffs 5-0 to become overall champs.

The interesting action during the last week was the penalty shoot-out between the Theta Chis, I Phelta This and the Hackers to see who would continue into the playoffs. All three teams were tied in fourth place after the regular season with records of 5-7.

In the ensueing gunfire, the Theta Chis came out alive, to continue on. But it was to no avail as they lost to the Lambda Chis in the semi-finals.

The Delta Sigs and the Denotes-Bellacos battled for the other berth in the finals. The Delta Sigs won by forfeit but went on to loose to the Lambda Chis.

# Volleyball team finishes fourth in region

**BY ART LOMAX**
**Staff Writer**

"We wanted it, but not as bad as UNC-G did," exclaimed Panther volleyball captain Viveca Wingfield, explaining her team's 8-15, 12-15 loss to second seeded, state runnerup UNC-Greensboro in the semifinals of the AIAW Division II State Volleyball Championship held in Mars Hill.

The Panthers advanced to the semifinals of the double elimination affair by upsetting topseeded St. Augustine, 15-12, 15-11; sixth seeded Wake Forest 4-15, 15-13, 15-10; and seventh seeded Elon College 15-9, 15-12, to earn themselves a fourth place finish -- two places short of a possible AIAW regional berth.

The Panthers' other loss in the tournament was to Pembroke State, who trounced HPC 15-4, 15-11.

Panther head coach Nancy Little felt that the "conditions" and atmosphere of their first match against Pembroke weren't right: "We were cold . . . uptight, with that being our first game. It was a cold gym."

Little attributes "poor setting" to the Panthers' downfall. And although the Panthers' offensive game was below par, their passing and defensive play was also below normal.

"Nobody was ready," explained Wingfield. "We weren't moving or playing together well."

"In our next game with Elon," Little said, "we had super sets. And against St. Augustine we had the best blocking and setting that we had throughout the whole tournament."

The Panthers were young, aggressive, and had nothing to lose, facing the most explosive force in Division II volleyball in St. Augustine. The young team rose to the occasion behind the efforts of Karen Kristofferson Wingfield, Rebecca Cowles, Ursula Watt and Kim Jones.

In the first game, Watt and Kristofferson combined efforts in putting up a stingy middle block defense that rebounded St. Augustine's powerful offensive drives neatly and conveniently within the confines of the opponents' court.

Wingfield's setting efforts were unmatched by all that day, allowing HPC's Kristofferson and Watt to hit and dink the ball in, around, and through St. Augustine's defenders. Cowles assisted the two in both offensive aggressiveness and defensive stubbornness.

In the final game, Kim Jones came off the bench to play outstanding defense, and she served many unanswered points to help the Panthers run out the match at 15-13. Sheila Benton and Debra Jones also contributed to the HPC victory -- it was a total team effort.

The Panther's most important match of the tournament was against arch-rival UNC-Greensboro who had the best Division II record in the championship, and a team who had edged the Panthers in three close matches earlier in the season. The Panthers had earlier trounced district opponent WFU whom they had not beaten all year, and now they were seeking revenge on UNC-G.

"They were no better physically than we were," explained Little. "UNC-G plays a smart game of volleyball."

Little was not dissatisfied with her young team's play, saying that experience made the difference.

"They dinked us where we were weak. They hit us in the only places we were weak."

The Panthers ended their regular season at .500 with a 23-23 record.

"We've had a long 46 matches. Really long for these young people." Little added, "I'd like to thank those people who supported us and also Tim and Julian for helping us."

This year's season was highlighted by the 9th seeded Panthers' victory over topseed St. Augustine; Viveca Wingfield's and Karen Kristofferson's being named to the Carolinas Conference All-Tournament and All State Teams; and, the Panther's defeating Guilford in the Tri-Finals of the Conference Tournament.

# Cross began with an old guitar

BY JANICE CURCIO
Staff Writer

It was never Mike Cross' dream to be an entertainer. He never even had the ambitious drive it takes most musicians to reach their dream. All it took was an old guitar and an hour of tedium.

His ability on the guitar and fiddle are fascinating, especially if you know that he cannot read one note of music. He taught himself how to play both instruments, beginning with old, worn out strings.

This all began for Cross back in college when he attended UNC-Charlotte. A friend who played guitar, lent him an old, beat up instrument and Cross took it from there. His obvious talent also is expressed in his fiddle playing, an art he taught himself as well.

**MIKE CROSS recently entertained a large crowd in the Memorial Auditorium. (Photo by Marisa Firpi)**

Cross' first "professional" playing was unintentional on his part. It began at The Endangered Species, a cafe.

He had gone in with a couple of friends, and when the entertainment did not show, someone casually mentioned the fact that Cross played the guitar. The manager asked him if he'd play, and the musician agreed, with the stipulations that he could sit at the table without a microphone, and receive free beer as payment.

"It was real enjoyable, just sittin' around with my buddies and playin' songs," Cross said.

The manager asked Cross back, and after about five weeks, he found himself playing every Friday and Saturday night. He had gone from the table to the platform, with microphones, performing for groups of people.

This debut is the reason for Mike Cross' intimacy with the audience. His beginnings, relaxed and candid, have given him the conversational attitude demonstrated in his music and concerts. He carries the conversations into the songs, making them easier to relate to and add an element of audience participation.

Cross' interest in his own music is basically for critical purposes only. He is more interested in trying to perform it well, than to make it famous.

"There are people who work in my behalf to do that," he said. He'd rather focus his energies on being a performer and musician.

Which is exactly what he did Friday, Nov. 7, at the Memorial Auditorium at High Point College for a crowd of 795 people. He strummed, picked and fiddled his way through 170 minutes of concert time, the audience clapping and stomping along.

The audience reaction was nothing in comparison to Cross' own performance. His facial expressions and jocularity kept the audience alive, and his incessant musical enthusiasm had some dancing in the aisles.

Cross enjoys his skill and it is evident in his originality and creative songs, each arrangement filled with a catch or touch of sentimentality. He put out his all; every ounce of energy is emanated from entrance to exit. He seems to channel all attention toward playing his best and putting on a show.

In that sense, Mike Cross is a true performer.

## *Interfraternity football contest*

# Delta Sigs, Pikas dominate Chis 20-0

**BY SCOTT A. HANCE**
**Editor-in-Chief**

After weeks of practice, the four fraternities took to the grid iron on Sunday, Nov. 23 and did battle in the second interfraternity football game.

The Delta Sigs and Pikas team came out the winner in this contest by a 20-0 score over the team of Lambda Chis and Theta Chis. The last time the game was held, two years ago, the game ended in a scoreless tie.

Dressed in equipment borrowed from Guilford and Catawba colleges, the teams played much better football then the last time the teams squared off, and the fans that came out on the cold, rainy day were treated to a hard-hitting contest.

The Chis took the opening kickoff and marched into Sig-Pika territory until they failed on a fourth down and fourteen attempt giving the Sig-Pika team the ball at their own 35 yard line.

On their first play, the Sig-Pikas fumbled and the Chis got the ball back. They then moved to the 2 yard line but the defense of the Sig-Pikas held on fourth and goal to go.

The offense of the Sig-Pikas, behind quarterback Coy McNeil, then marched 98 yards for a score and a 7-0 lead at the half. McNeil hit receiver Rusty Hawes for 17 yards for a key first down to keep the drive going and then connected with Hawes for a 19 yard touchdown pass. Bill Seay booted the extra point.

The Sig-Pikas threatened again before the end of the half but an interception by Greg Adams at the five yard line halted the drive.

The winners then took the kickoff for the second half and moved in for another score and a 13-0 lead. Doug Glenn received the kick for the Sig-Pikas and ran upfield to their 48 yard line. After a first down at the 31, the offense stalled bringing up fourth down and long. McNeil dropped back to pass and hit Hawes again for 35 yards and the TD. Trey Little blocked the extra point attempt.

The Chis were unable to move the ball against the stubborn Sig-Pikas defense and were forced to punt. Ed Brunton got a hand on Sid Baxley's punt and the Sig-Pikas took over on the Chis 43 yard line. Again McNeil went to the air and found Hawes for a first down at the 30. After moving the ball inside the ten, McNeil pitched out to Glenn and Glenn rambled seven yards for the touchdown. Seay's extra point gave the Sig-Pikas a 20-0 lead.

The two teams then battled defensively during the fourth period and neither team could score. The Sig-Pikas threatened near the end but ran out of time and the game ended at 20-0.

In the passing department, McNeil hit on 12 of 15 attempts for 171 yards with one interception and 2 TD's. For the Chis, Baxley

See Sig-Pikas, p. 11

# Committee to narrow choices

**BY KIM DARDEN**
**Associate Editor**

The Presidential Search Committee will narrow the number of candidates it is considering for the presidency by more than half today in its second meeting, according to Dr. E. Roy Epperson, administrative officer of the committee.

The committee will use compiled results from questionnaires sent to every constituency of the college and the recommendations of a reading committee appointed at the first search committee meeting to perform the initial screening, Epperson said. Approximately 100 applications will be considered today.

Since the Oct. 7 meeting, a questionnaire asking what qualifications would be necessary for our next president was sent to every faculty member, the trustees, and 7400 alumni. The questionnaire also appeared in the *Hi-Po*, so that students could fill it out and return it to SGA President Jacky Hendrix, the student representative on the committee.

In addition, the 5-person reading committee was appointed to read each complete application, while the other committee members read only summaries of the applications.

The reading committee has tentatively divided the applicants into three groups: a bottom group that does not meet the qualifications of a president, a middle group that is reasonably qualified but not outstanding, and a top group whose members are qualified and outstanding.

The members of the reading committee are Charles Hayworth, Chairman of the Board of Trustees; Robert Rankin, Vice-chairman of the search committee; Dr. Thomas Stockton, Dr. Charles Carol, and Dr. Epperson.

Considering the reading committee's recommendations, the search committee will glean the top applicants from the others today. The committee will then request further information and recommendations on these applicants, and they will be further narrowed down to the eventual 4 to 6 candidates who will be interviewed by the College in the final stage of the selection process.

# *Midterm grades low*

**BY ALISA WALKER**
**Staff Writer**

Would you be surprised to learn that, of the upperclassmen at the college, one-third had unsatisfactory grades at midterm this semester?

According to statistics given by Acting President David Cole, there were 532 unsatisfactory grades at midterm among the upperclasses. He said he estimated there were at least two unsatisfactory grades per person, meaning that 266 upperclassmen had D's and F's.

Among the freshmen class, according to Cole, there were 329 unsatisfactory grades. He said the average number for unsatisfactory grades for freshmen has usually been around 275.

As compared to figures in the past, Cole said the grades are the worst they have ever been. "The students are capable of doing average work, but are just not doing it," he said.

Cole also said that the college board scores indicate that academically the student body at High Point College is above average.

Unsatisfactory grades are not always due to poor study habits, Cole said. He said many students come to High Point College wanting to major in business administration or one of the sciences. By the time the student becomes a sophomore or junior, he may realize he is not able to cope with the major, Cole said.

Another reason for unsatisfactory grades given by Cole is that most of the grades given at midterm are based on one exam. Cole added that a student being tested more might eliminate poor grades.

"The students are just as smart and bright as college students have always been," Cole said. He said he thinks they just haven't been taught to study as well.

One the other hand, Vice President of Student Affairs Dr. Murphy Osborne said that the biggest problem causing unsatisfactory grades is students not knowing how to manage their time. "Leisure time does present a problem," he said.

Osborne said he feels that

# Library site still under consideration

Since Board of Trustees Chairman Charles Hayworth made the announcement that HPC would be building a new library in the near future, there has been much talk about where the new library should be built.

One thing that everyone agrees on is that it needs to be built in an area where there is heavy student traffic. The present location of the Wrenn Memorial Library is not exactly in the most widely used area of the campus.

So where should the new library be built in order to get more students to use it?

The College recently had a study made on the traffic flow of students around the campus and the study showed that the most widely traveled area of the campus was around the Roberts Hall and McCulloch Dorm area.

The Library Committee originally proposed the site of Harrison Hall as the primary spot for a lew library. This proposal was turned down by the Executive Committee of the Board of Trustees.

So then the Library Committee chose the site between Roberts and McCulloch where the main entrance to the College lies. The new building, if built here, would be perpendicular to McCulloch and would offset the auditorium.

These two possible sites are still the major sites under consideration.

The first proposal was turned down because the Trustees did not want to tear down a building to erect a new one. But the proposal by the Library Committee did include plans for a new auxiliary gym to be built before Harrison was torn down.

This still didn't satisfy the Board members who can't see the need to tear down a building that is practically falling down anyway.

Two weeks ago a proposal was adopted by the Student Government Association to recommend a site for the library other than the Roberts Hall site.

This site would further congest the area and would necessitate tearing up the main drive and rerouting traffic in front of Roberts Hall. The *Hi-Po* feels that this is just as costly and more destructive than tearing down old Harrison Hall.

Even though the traffic study showed the area between Roberts and McCulloch is the most widely used area of the campus, the area of Harrison Hall would also be an area of heavy student traffic.

We feel that students here should be questioned about such an important matter which directly affects them. Both the Library Committee and the Trustees should consider students ideas concerning such a major decision.

The walkway between Roberts and McCulloch is a major path used by students in going to and from classes. So why congest it with a building that would be squeezed in bet-

See Site, p. 3

*Letter to the Editor*

# Riders should be considerate

**Dear Editor:**

There comes a time in everyone's life when he or she is justified in writing a "Letter To The Editor." My time has come.

This letter is intended for the many students here at HPC who do not have their own cars and who get rides home with other people. If I may speak directly to you all for a moment:

You know, we both live pretty far from school. I have a car and you don't. You ask me to give you a ride home and I'm happy to do it. Usually I'm happy to do it anyhow. But, if I give you a ride one time and you don't offer to help with the cost of gas, don't ever ask me again for a ride. Sure, I'm going home anyway so it's no extra trouble to take an extra person. Unless you consider the extra miles I have to drive to take you directly to your house or to a rendezvous point where someone can pick you up. Or, unless you consider the extra gas my car used because of the extra weight (I have a small car so every extra pound makes a difference). Or, unless you consider the added wear and tear on my car because of the extra weight (remember, I have a small car).

The way I look at it, I'm doing you a favor. Suppose you couldn't find another ride and had to take the bus. That cost about $30 and three extra hours of travel time each way. Or the plane, that costs about $50 each way, but then, you get home much sooner.

One other thing. When you drink or eat in my car, please clean up after yourself and throw away your trash. I really don't appreciate having to do it for you.

My main point is this: either have some consideration for me and some respect for my car, or find another way home. I hear there's this new method of getting rides --you stand on the side of the road and point your thumb in the direction you want to go and wait for someone to pick you up.

I hope all riders take note of this and learn something from it.

Oh, also, I'd like to thank those considerate ones who do offer to help with gas. Any time you need a ride home, feel free to ask me for one.

# Poor grades disturb administration

continued from page 1

involvement in social activities is no excuse for poor grades. "Students sometimes involve themselves in social activities as an escape," he said.

"I'm not sure that student activities are a detriment to the education process," said Osborne. He said activities should be considered as co-curricular.

Osborne agreed that students have not been taught to study well. He said that many of the dormitory rooms appear to be an entertainment center consisting of distractions for proper studying.

According to Dean of the College, Bob Lowdermilk, some students have a motivation problem. Therefore, poor grades have resulted.

Lowdermilk said that counselling is always available for those making unsatisfactory grades. "We like to make contact with the people who aren't doing well," he said.

Counselling, if a student seeks it, involves finding answers to how the student may be using his time to study, how organized he is, and how he plans ahead.

Lowdermilk said that the studying time for some students making poor grades could be effected by problems with roommates, family, friends, and an undecided major. "Some people just don't test well," he said.

Osborne mentioned that students are in a crucial time with exams coming up. He, along with Cole and Lowdermilk, agreed that planning ahead is important to the studying process.

Osborne said all students must set an atmosphere for studying and allow education to be top priority.

# Campus Cases

**BY DANNY BERRIER**
**Attorney General**

Only one new case was brought before the Judicial Committee during the past three weeks and it resulted in an administrative decision and the acceptance of the prescribed penalty. The one case was an alcohol violation, first offense, which resulted in a $25 fine.

The student charged with alcohol possession was a Belk Dorm resident who was seen leaving the dorm with a beer in his hand. Several students positively identified him as having the beer as well as the resident assistant who charged him with possession of alcohol on campus.

The number of cases decided through the Judicial Committee now stands at thirteen with each being an alcohol violation with a $25 fine as penalty. The total fines collected for the year is currently $325. There is one referral pending at this time which will be completed before the end of the semester.

As this semester draws to a close, it would be wise for students to remember the possible penalities involved if caught drinking on campus or in violation of any of the articles of the ethics code of the SGA Constitution. Now is certainly not the time to be charged with a second offense of alcohol possession as this would result in a two week suspension from class, possibly including final exams. The possibility that an entire semester's work could be lost because of one night's enjoyment is not a very comforting thought.

Also, being charged with drug possession the last few days would result in the student's dismissal from campus and the loss of the hours taken for credit this semester. The best way to insure that you are not caught and caused to suffer these harsh penalties is to refrain from these activities for the remainder of the school year.

One final note, as exams approach we all need to be more aware of others and respect your neighbor's right to have some quiet time to study. Though you might be finished and ready to go home, remember that some unfortunates will still have tests to take.

# Site for library still undecided

continued from page 2

ween two other buildings when there is plenty of open space on campus where the new library could be built.

A new library is important to the future of High Point College. But the site of this building will have just as great of an effect as the facility itself.

Lets build the new library where it is easily accessible to students but not where it will disrupt the entire layout of the campus.

*SCOTT A. HANCE*

# Zams win regular season title

**BY DANNY BERRIER**
**Staff Writer**

The Flying Zams closed out the 1980 College Bowl regular season with a perfect 8-0 record and captured the top berth in the post-season tournament scheduled for next spring.

Lambda Chi Alpha finished second at 7-1 and will take on the third place team, Iota Phi Delta Gamma (5-3) in the first round of the tournament.

Fourth place was taken by the Pi Kappa Alpha team which finished 4-4. The Pikas and the Belk Mafia finished the season with identical records, but the Pikas advanced due to their 175-160 regular season victory over the Mafia.

The Zams and Pikas will also meet in the first round with the winner of the contest playing the winner of the Chi-Iota Phi Delta Gamma game. The tournament will be a double-elimination affair with the victor representing HPC in the regional competition held this year in Tennessee.

Several teams entered the last night's contests with hopes of entering the tournament. Belk Mafia lost a tough game to the Alpha Gamma Delta team which resulted in their losing a playoff spot and their fifth place finish. The Delta Sigma Phi team also had a chance for the tournament if they could have defeated the Lambda Chi team, but they too fell victim and ended up in seventh place.

The final standings had the Zams first, then the Chis, Iota Phi Delta Gamma, Pikas, Belk Mafia, Alpha Gams, Delta Sigs, Unknowns, and in last place was the Zeta Tau Alpha team.

The tournament winner will also compete against the faculty in several games in addition to the regional competition. These contests will be held in January before the team is sent to Tennessee.

College Bowl Director Chip Ward expressed his thanks to this year's teams for the high level of competition and hopes each participant enjoyed the games. College Bowl is sponsored by Alpha Chi Honor Society on the HPC campus and is in its third year of competition.

# New scholarships available

College students should begin applying now for a variety of new scholarships and work opportunities announced today by The Scholarship Bank, a nation-wide scholarship search service for college students.

According to Steve Danz, director, several of the new programs are a work program sponsored by The Scholarship Bank for two hundred students throughout the US, including one or two at this campus; a series of new programs for female students, especially those returning to campus after some years away; and new scholarship programs for students in law, education, political science, medicine and social work.

The Scholarship Bank is anxious to hear from those students who need additional financial aid or work opportunities to stay in school or to pay for graduate school next year. They maintain the only complete data bank of undergraduate and graduate grants in the United States. Students wishing to use the service should send a stamped, self-addressed envelope to The Scholarship Bank, 10100 Santa Monica #750, Los Angeles, CA. 90067, or call toll-free 800-327-9009, ext. 397.

# Policies committee approves new courses

BY KIM HIGGINS
Staff Writer

Possible new courses for next year were discussed at a recent meeting of the Educational Policies Committee.

Dr. E. Roy Epperson, chairman of the committee, expects major revisions in the Foreign Language and the English departments due to consultant grants. He also stated that a new chemistry course, a new program of language applied to business and a minor in international studies have been proposed. Epperson is not sure of what other new courses will be offered since new courses may be summitted until March 1981.

The Educational Policies Committee is a standing body of faculty appointed by the president. It has been in existence since the foundation of High Point College. The main function of the committee is "to plan and recommend to the faculty the academic programs of the college," Epperson said.

Before a proposal for a new course or a course change can be submitted, a form describing it must be filled out. "A clear explanation of the need for this course and an indication of how it fits into the sequence of departmental courses must be included," Epperson said.

Then copies of the proposal are given to the Dean of the College and to Epperson. If any problems appear they will be worked out before the proposal is submitted to the committee.

After this, the course may be presented to the committee by the person or department sponsoring it. The committee may question the sponsor before deciding if the proposal should be put before the faculty.

A vote by the faculty determines if the course will be added to the college catalogue. Because of the thorough examination given to each proposed course, few are rejected by the committee. Even fewer are voted down by the faculty.

All accademic areas of the college are represented in the committee. The faculty members of the committee are Dr. Frances Hoch, Dr. Vance Davis, Dr. Richard Bennington, Dr. Carl Wheeless, Dr. Leo Weeks, Ms. Kitty Steele and Epperson. There are also two student members selected by the SGA who have full voting privileges. The student members this year are Teresa Sellers and Scott Hance.

# Tampering can result in fine

BY SALLY DAVIS
Staff Writer

According to Dean Bob Lowdermilk, "it's the better part of wisdom to keep hands off." Lowdermilk made this comment in reference to the issue of tampering with fire extinguishers, fire alarms, and smoke alarms on campus.

Number eleven in the College Policies and Regulations, found in the Student Handbook, states that "any person who commits an act which violates municipal, state, and/or federal statutes will be reported to the proper law enforcement authorities for prosecution and/or disposition. The Administration will allow civil authorities to take legal action against persons who commit acts on campus that are considered as criminal acts off campus."

Section XI of the SGA Ethics Code states the campus policy regarding punishment for illegal tampering with fire extinguishers.

The college recognizes that such tampering is dangerous. The state statute regarding fire extinguishers is given on the label of each extinguisher. Maximum penalty carries a six month jail sentence and/or a $500. fine.

Presently, "the college reserves the right to allow legal authorities to handle cases of tampering," said Lowdermilk. "We want to stress that these (fire extinguishers) are potential life saving devices. Anyone who handles such equipment illegally is jeopardizing everyone else and is not acting responsibly."

As for pulling a fire alarm falsely, the College lets the civil authorities handle the case. Often, the city charges the offender with a fine equal to the cost of sending out fire trucks to the site. Presently, it costs the city $80-$90 per truck, each time a truck is taken out.

The College is in the process of replacing all water fire extinguishers with the dry powder extinguishers. The powder extinguishers are suitable for all types of fire. This replacement will be a gradual process.

Smoke detectors have been installed in some locations on campus. Lowdermilk commented that "students have been removing the batteries from the alarms to use in radios. I'd like to mention that this is also illegal tampering and if such an action was observed, that person could be prosecuted."

The easiest solution is obvious -- leave the fire equipment alone. "I hope the issue speaks for itself," said Lowdermilk. "We haven't had much of a problem this year. But if it becomes necessary, we will involve the civil authorities to protect our students."

# *Notice to all seniors*

This past week all seniors who will graduate in May were mailed a survey to decide on a candidate for graduation speaker.

All seniors who received the survey should carefully rate the possible candidates and return the survey to Campus Mail Box 3382 by Friday, Dec. 12.

Results of the survey will be forwarded to the acting president before Christmas.

# Paper offers internship

The Journal and The Sentinel newspapers in Winston-Salem, N.C. are accepting applications for the 1981 Summer Internship program.

The program is designed for students with good academic records who have demonstrated serious intentions to pursue careers in newspaper journalism. Rising seniors are generally preferred, but others will be considered.

Selections are based on consideration of grades, interest in newspapers as a career, evidence of writing or editing ability demonstrated in clippings or class exercises, experience on college or other publications, and personal interviews and references.

Editors announce their selections in late winter.

For further information and an application blank, write to:

All Physical Education Activity examinations will be given the last day of the regularly scheduled classes.

# Montfort speaks at recent Finch Lectures

BY JANICE CURCIO
Staff Writer

Russell Montfort, a well-traveled minister, spoke at the Finch Lectures, Nov. 17, at the Chas. E. Hayworth Sr. Memorial Chapel.

His two lectures, one in the morning and one in the evening, were the highlights of the day's activities. The first was entitled "From Khomieni to Kuehn", the latter entitled "The Me-First Generation".

The evening lecture was a poignant, powerful talk on Americas change in attitude over the last decade. Montfort spent three years in Bonn, Germany, and upon his return, was appalled at how the "me generation", a healthy, self-assertive generation, had turned into a "me-first generation", a grim, "dump-on-others" generation. The hostility of Americans, he found, was printed on walls, buttons, t-shirts, and the TV set.

Montfort labeled the cruel generation as "meaninglessness", life having no meaning, and diseased by a lack of direction. Montfort continued to say that the only cure for this "meaninglessness" is the turning to Christ, in whom we'd find "true freedom and reconciliation."

According to Montfort, the "plague (meaninglessness) can only be cured by Love for God" through "Doctor Jesus Christ." The speech closed with discussion between Montfort and Dr. Earl Crow, where it was concluded that man has placed his hope and faith in materialistic things, instead of where faith should be -- God.

The lectures are held annually as part of the Humanities Festival.

### *New students inducted*

# Rogers made honorary member

J. Wilson Rogers, associate professor of business administration and economics here, was recently given an honorary membership in Delta Mu Delta, national honor society in business administration.

Student members inducted at the same time were Debra Bouldin, Margaret Brown, Cheryl Gurney, Connie McDaniel, Betsy J. Canupp, Cassandra L. Grier, Nancy J. Houlberg, Robert Moss, and Maureen Ann Tormey.

Rogers was recognized for his professional competence and his personal interest in students. The honorary membership was given "in appreciation for his contribution to the life of the College."

MR. J. WILSON ROGERS

He came to High Point College first as a student, graduating in the class of 1937. He earned his master's degree at Northwestern University and was in private business until 1963, when he returned to his Alma Mater to join the faculty of the Earl N. Phillips School of Business.

He earned his professional degree of Chartered Life Underwriter from American College of Life Underwriters. He is a member of several professional associations.

Known for his interest in sports, he has been a coach of the College's tennis teams for several years. He won a faculty award from Alpha Gamma Delta in 1972 and was also named Civitan's "Man of the Year."

# Loan program helps students

Interested in going into the health care field? North Carolina's Educational Loan Program may be able to help you with education costs.

The Educational Loan Program provides loans for students going into medical and other health related studies such as dentistry, medicine, optometry, physical therapy, nursing, dental hygiene, pharmacy, nutrition and several others.

Loans range from $500 to $6,000 per year per individual depending on the particular field of study. The loans are repaid through practice in medically underserved areas of North Carolina or in cash.

Interest, academic standing and motivation for service are examined carefully in selecting students to participate in the loan program. Financial need is also a criterion when the number of applicants exceeds the availability of funds.

The Educational Loan Program, which began in 1945, is the oldest and largest health education loan program in the nation. More than 3,800 students have studied under the program since 1945, 90 percent of them since 1965. The loan program currently has $8 million invested in people who are in training or practice to repay their loan obligations.

Janet Proctor, head of the Educational Loan Program, says, "This type of program is good because we can consider the needs of both the state and the student. We work very closely with our students while they are in training as well as practice. We get to know each one of them and their families, and they know us."

If you are interested in the program and would like an application packet, contact the Educational Loan Program, Division of Facility Services, N.C. Department of Human Resources, P.O. Box 12200, Raleigh, North Carolina 27605; telephone 919/733-2164.

IT'S THE MOST!

One of the most inflationary price rises in consumer prices in American history came when our dependence on foreign oil producers enabled them to raise our costs nearly 300 percent in just four years.

# Lennon shot to death

Ex-Beatle John Lennon was shot to death late Monday night in front of his home in Manhattan on New York City's upper west side.

Lennon took three shots in the back from a lone gunman and was rushed by police cruiser to a nearby hospital.

Doctors operated unsuccessfully to save the singing star.

Lennon and his wife had just returned home in their limousine when the gunman fired five shots at Lennon.

Police later took the gunman into custody.

# Davis places three priorities of chaplain duties

**BY JANICE CURCIO**
**Staff Writer**

Dr. E. Vance Davis, assistant professor of Religion and Philosophy, has been with High Point College since 1973, and has been chaplain since 1979.

During the past two years, Davis has tried to place priority on three major aspects of his chaplaincy: to conduct and arrange Sunday services, to assist students with counseling and to perform at certain social functions on campus where a chaplain is necessary.

Davis enjoys conducting public worship, trying more to point out humanity's good, than sin in his services. He avoids the traditional, "hellfire and damnation," fundamental religion from which he came. His type of religion circumvents the demands and laws of Christianity, and emphasizes expression of love for God and humankind.

He refashions tradition, leaving behind formality, trying to relate, in a contemporary manner, to his congregation. His goal is not to challenge each individual's established religious beliefs, but he merely tries to strengthen and bring religion to those who desire it.

Student attendance and participation at chapel on Sunday is low and it disturbs Davis. He feels he hasn't done enough when students show lack of interest. He also tries to keep from getting "hung up" on grandeur, but feels as if he could do more.

His second responsibility, that of counselor, has central importance in his chaplaincy. Davis fears that many students who are in need to speak to someone in a neutral position do not come to him. He admits that his time is limited, but he would not turn a troubled person away.

DR. VANCE DAVIS

Davis also feels that he may have too critical of an image as an instructor from the students, which may inhibit some students. This is an image which he would like to change. He wants to listen to and understand the students, hoping that in the future, they'll go to him when they are doubting themselves, life, or God. But he cannot force students; they must go to him on a voluntary basis.

Davis' third responsibility is generally the easiest of the three. He must attend convocations, breakfasts and most social functions on campus requiring the services of a chaplain.

Davis' caring for students as human beings is evident, whether speaking to him about classes, problems, or simply stopping by to say hello. He'd like to get to know as many students as possible, so that in time of need, they will feel confident in going to him.

# *Museum offers Christmas exhibitions*

What do the house of an avant-garde architect, a parsonage, a soda shop, circus acts, a Victorian kitchen, and Napoleon's soldiers have in common? They are all miniatures, and they are all part of the High Point Museum's 1980 Christmas exhibit.

This year's exhibit features miniatures -- small models of people, places and things. Doll houses that are complete to a sink full of dirty dishes the size of a dime, rooms furnished with chairs, desks, and tables no higher than an iced tea glass, a complete home in a cigar box, a ringmaster and his troupe that could fit onto a box of popcorn, and soldiers the size of your thumb at the Battle of Guilford Courthouse are all part of this small world.

Many of the miniatures on exhibit have been loaned the Museum by the Greensboro Mini Club, a group of people from the Triad area who are devoted collectors, builders and exhibitors of life on a small scale.

"It's A Small World" was opened to the public on Thursday, Dec. 4 during the annual High Point Museum Guild Party. The party began at 7:00 and in addition to witnessing the unveiling of the exhibit, those at the party were treated to a candlelight opening of the Haley House and other buildings at the museum. Santa Clause himself even made an appearance.

"It's a Small World" is open to the public and it is free!

**PERRY LEOPOLD recently entertained HPC students at a coffeehouse in the Old Student Center. This was Leopold's second appearance here. The event was sponsored by the Student Union. (Photo by Marisa Firpi)**

# Greeks wrap up another semester of work

### ALPHA PHI OMEGA

Alpha Phi Omega has seven pledges that have completed their pledgeship for this semester.

On Dec. 3, they served dinner to some of HPC's Athletic Contributors who have given financial contributions to the Physical Education department. On Friday, Dec. 5, they weatherproofed the infirmary here on campus by placing polyethelene over the windows.

Their Christmas social was held on Dec. 6 in Kernersville.

Alpha Phi Omega would like to express their sincere appreciation for the work that Frank Caulfield and his staff put into the Thanksgiving dinner. Also, they would like to recognize the Alpha Delta Theta sorority for putting together and distributing a campus Student Directory.

Finally, they wish all students a very Happy Christmas and New Year. Please drive safely if you drive home.

### DELTA SIGMA PHI

Delta Sigma Phi recently had a visit from Rick Sparks of their National Headquarters. Rick observed the workings of the local chapter for about a week.

The Sigs have three teams in volleyball intramurals. The "A" team is the defending champion in volleyball.

The brothers, pledges and their dates enjoyed the annual Christmas party on Dec. 5 at Raintree. The evening was highlighted by big brother imitations.

They will be helping with the Blood Drive today at the Armory.

The Sigs are looking forward to a New Year's Eve party to be held at Dave "Salt" Morse's house on the Eastern Shore of Maryland.

### ALPHA DELTA THETA

Alpha Delta Theta would like to invite anyone interested in joining them Thursday, Dec. 11 in Christmas carolling. They will visit area nursing homes and refreshments will be served afterwards. Anyone interested should meet in front of the Campus Center at 6:30 on Thursday.

### ZETA TAU ALPHA

The Zetas visited the Kendall Center in Greensboro on Nov. 28 and threw a Thanksgiving party for the mentally retarded patients there.

All the girls enjoyed their sorority Christmas party at the home of Jenny Tucker '80 and Mylene Fisher '80 on Dec. 7. The following night the Zetas went roller skating at the rink on N. Main Street.

The Zetas are also helping out with the blood drive being held today at the Armory.

### PHI MU

The Phi Mus had their Christmas dance Dec. 7 at Londonderry. They also had a Christmas party Dec. 5 and they would like to thank Jon Richardson for being their Santa Clause.

They are mainly spending their time preparing for exams and would like to wish everyone luck.

Also, Merry Christmas and a Happy New Year!

### KAPPA DELTA

The KDs really enjoyed Greek Weekend thanks to the hard work of Jeff Koehler, Debbie Hutter, Mike Showalter, and Karen Magill. During Greek Weekend, the KD's held their 2nd annual KD Bonfire at Ellen Meyers' home.

After Thanksgiving break, the KD's went to the Panhellenic Christmas party. They were awarded the Panhellenic Scholarship Award for having the highest grade point average for the Spring 1980 semester. This is the second time they have received this award.

The Kappa Deltas are now planning a Big/Little Sis Christmas party for Dec. 11. They would also like to wish everyone a Merry Christmas and good luck on exams!

### THETA CHI

This year has been good for Theta Chi with a strong pledge class of six. The pledges are Mike Brandell, Brian Grahman, Pete Olson, Phil Rees, Delbert Hickman, and Greg Adams.

The Bong Show went over well and they are in hopes of having another variety show this spring called Encore.

All Theta Chis involved in the football game express their thanks for the support for the game and the raising of food for the needy families in the area.

They would also like to say thanks for the help given in the past by everyone in support of their functions at the Rail.

### PI KAPPA ALPHA

The annual Pika Christmas party was held on Saturday, Dec. 6 at Gilwood North.

The pledge class of Pi Kappa Alpha will sponsor a Day at the Rail this Friday, Dec. 12, from 9-12. They also will be sponsoring a Day at the Rail on the first Friday after Christmas Break.

The Pikas and Pika Little Sisters would like to extend their sincere hopes that everyone will have a Merry Christmas.

### LAMBDA CHI ALPHA

Lambda Chi Alpha was very busy this past weekend. On Friday, Dec. 5, they had their 5th annual alumni party which turned out to be a real surprise. Saturday, the Lambda Chis participated in a service project collecting money for the Salvation Army's annual Christmas drive at Rose's department store.

The Lambda Chis would like to thank all who participated in Greek Weekend. They are extremely proud of their brothers Mike Showalter, Bob Hannum and especially Jeff Koehler for their fine work on the Weekend.

The Chis would also like to recognize Rob "Dando" Moss for being elected to the Delta Mu Delta national business society.

They would also like to welcome Lem Clement as an Associate Member.

*Benefited charities*

# First Greek Weekend successful

BY STEPHANIE HIGGINS
Staff Writer

Greek Weekend 1980 was held the weekend of Nov. 21-23 and was termed by its organizer, Jeff Koehler, as "very successful."

The first event on the agenda was a bonfire for the Greeks held at Jaycee Fairgrounds on Friday afternoon, followed by a special discount night at TOC's. There was a good turnout of about 250 people in attendance at both events.

Saturday morning and afternoon were highlighted by the Greek-sponsored food drive. 700 cans of food were collected and formally presented to the Guilford County Social Services.

"We could have used more help, but the people who worked did a fantastic job, especially Karen Magill and Mike Showalter," Koehler said of the drive.

Basically Koehler was pleased with the amount of food collected and grateful to the Alpha Gams and KD's, who he termed as "exceptionally resourceful" during the entire weekend.

On Sunday there was a Chapel Service oriented toward the Greeks but open to all, and the football game between the Chis and the Sigs and Pikas. The game was made possible by the organizing of Dr. Murphy Osborne and Bob Hannum. The equipment was borrowed from Catawba and Guilford colleges and two Carolinas Conference officials donated their time to referee.

The Sigs and Pikas won a decisive victory by a score of 20-0. According to Koehler, "It was an exciting game in that the game held two years ago ended with no score."

About 225 spectators showed up for the game which allowed the IFC to donate $150 to the Methodist Children's Home in Winston-Salem.

IFC paid the expenses for the weekend, and according to Koehler went in the hole $60. But on the whole he still feels the weekend was very successful.

"It should take a year to plan something like this, but we did it in six weeks," stated Koehler.

He also stated that he looked forward to another Greek Weekend next year, possibly even an entire Greek Week with total campus involvement.

# Lady Panthers defeat ACC 79-66

BY ART LOMAX
Staff Writer

In women's basketball action, HPC's lady cagers toppled defending Carolinas Conference Champion Atlantic Christian College 79-66 in Alumni Gym last Wednesday night.

The first half of the contest was a defensive battle between the two teams. Atlantic Christian concentrated on double teaming and blocking out HPC All-American Andreia Blanchard, whereas HPC's major concern was ACC's Tyia Boyd.

ACC succeeded in getting Blanchard into early foul trouble with 4:06 remaining in the first half, but not before Blanchard had snagged three rebounds, and scored 14 points. Led by the defensive efforts of Theresa Holt and Dee Dee Wardlaw, the Panthers managed to escape with a four point half time lead, as Wardlaw hit a 20 foot jump shot at the buzzer.

The second half belonged to High Point. Although the Panthers turned the ball over to their opponents a total of 13 times as compared to ACC's four. High Point played excellent defense and was unstoppable offensively, shooting 60% from the floor and a sparkling 100% from the line. In this half the Panthers put to rest all rumors that they were a "one-woman team," in their reliance upon Blanchard in clutch situations.

With Blanchard on the bench with four fouls and 16:33 remaining on the clock, the Panthers relied on the offensive touch of Wardlaw, who stunned the visitors with the accuracy of her southpaw shooting touch. For every one basket ACC scored, HPC scored two. For a span of nearly three minutes the Panthers held the visitors scoreless. And with 7:44 remaining on the scoreboard and the Panthers ahead by 14 points, Rebecca Cowles threw in what proved to be the game winning basket and gave HPC a 68-54 lead.

Blanchard came off the bench to score back-to-back goals, and steal the ball twice, with just under two minutes showing on the clock. Sarah Leonard retailiated for the visitors as she scored ACC's last basket of the game, with 1:28 remaining. It was none other than Wardlaw who scored the final basket for HPC, giving them a 79-66 win.

ACC's Boyd led all scorers with 26 points followed by HPC's Blanchard and Wardlaw who combined for 55 of the Panthers 79 points, throwing in 23 and 22 points respectively.

The victory leaves HPC with an unblemished 1-0 conference mark, while ACC falls to 0-1.

# Panthers down ACC; lose to Guilford

BY MARIO WATSON
Staff Writer

Following two big victories over Campbell and Atlantic Christian, the HPC Panthers traveled to Guilford Saturday night and were beaten 64-60 by the Quakers.

The two teams battled closely for much of the game but in the end it was Guilford on top. Anthony Parrish led the Panthers with 16 points as HPC was handed its first Carolinas Conference loss of the season.

After coming off of a big win last Monday night against Campbell College, it seemed as if the Panthers were sluggish going into the Wednesday night game with ACC but the men came back for a 53-48 overtime victory.

"We had a few fundamental breakdowns and we didn't play with our normal zip," commented Coach Jerry Steele.

Atlantic Christian took control in the early part of the game and tried to run with the ball. The Panthers, on the other hand, wanted to slow up the tempo and did so by going into their 3-2 spread offense.

As the score exchanged back and forth, each team

# *Ali named greatest athlete*

MILWAUKEE, Wis. -- Muhammad Ali has been selected as the all-time greatest athlete by college sports editors from across the country participating in the Miller 125 Sports Poll, it was announced recently by Lauren S. Williams, Executive Vice President of the Miller Brewing Company.

Ali, three-time heavyweight boxing champion, was nominated on 129 of the nearly 150 ballots cast by college sports editors participating in the Miller 125 poll.

Also included among the top five finishers in the Miller 125 Sports Poll are baseball legend Babe Ruth (122 votes), second; basketball star Wilt Chamberlain (177), third; football great O. J. Simpson (115), fourth; and Olympic swimmer Mark Spitz (113), fifth.

Rounding out the top ten places are soccer great Pele (109), sixth; professional golfer Jack Nicklaus (108), seventh; homerun king Henry Aaron (103), eighth; football standout Jim Brown (101), ninth; and all-around athlete Jim Thorpe (88), tenth.

The Miller 125 Sports Poll, conducted nationally by the Miller Brewing Company in honor of its 125th anniversary this year, asked 148 college sports editors to de-

# Second Turkey Trot run

**BY ALISA WALKER**
**Staff Writer**

The second annual Turkey Trot was held Thursday, Dec. 4 at 4 p.m. with a run of one and one-fourth mile long. It began on the HPC track and continued around the campus.

The run was divided into four categories: faculty, male students, female students, and varsity.

The winner in the male faculty division was Mel Mahler, finishing in 7:26. Kitty Steele was the winner in the female faculty division with a time of 12:02.

In the male students division, Mario Benalcazar posted a winning time of 7:25. Second place went to Greg Fox who completed the run in 8:02.

Sharon Kaler, winner of the female students division, finished the course in 10:26 with runner up Patti Fortus finishing in 10:31.

In the varsity division, the winner was Brad Rogers, completing the run in 6:59. The second place finisher was Jorge Nobre with a time of 7:19.

First place winners in each category received 12 pound turkeys. Those finishing in second place received six pound hens.

Other runners in the event were Jeff Koehler (7:32), Don Wilborne (7:36), Mark Lackey (8:16), Bill McCown (9:17), Mike Showalter (10:41), and Vickie Williams (11:13).

The trot was sponsored once again by the SGA and was organized by the directors of the intramural program.

### *Nancy Isenhour*

## Men's team helped out by female

**BY CRYSTAL HEDGECOCK**
**Staff Writer**

When the men's basketball team practiced in the gym in 1944 there was one very distinct difference from how our 1980 team practices today. That difference was 20-year old Nancy Isenhour.

The senior forward and guard started practicing casually before the season after an invitation from HPC coach Virgil Yow.

"I knew she wanted to coach when she got out of school, so I asked her to come out and practice with the boys. This would help her out with her coaching too," stated Yow.

"When it became time to start the season," Yow remembers, "the boys wouldn't let me kick her off the team!"

In 1944 the war was raging in Europe and there were not many boys, due to the draft. Being short of boys and having the best girl player in school, Yow went to the president of HPC with his request.

The president thought the idea was superb and "thought it would be a good morale builder," remarked Yow. Because of the war the morale was low, so Isenhour was exactly what the school needed to boost school spirit.

Obviously several changes had to be made. A female P.E. teacher had to accompany the team to all of their games. Yow had to be extra careful in protecting Isenhour from injuries. He avoided playing her directly under the basket as much as possible.

Yow stated in the *High Point Enterprise* in 1944, "She's a born athlete, but unless we can form a screen for her when she is shooting, we may not be able to use her as much as we would like."

Although there were many obstacles to overcome, Isenhour played in every game but one. "She wasn't the star," remarked Yow, "but she played as well as many of the boys."

Isenhour made history that year by becoming, according to Yow, "the first women and only woman to play on a men's college basketball team."

Newspapers from all over the United States wrote articles about Isenhour. She received a letter from France once from an American soldier who had read an article about her in an American newspaper.

After college, Isenhour coached some, but later became a teacher. Nancy Isenhour Gamewell now lives at Badin Lake, N.C. with her husband and children.

# Second Turkey Trot run

BY ALISA WALKER
Staff Writer

The second annual Turkey Trot was held Thursday [illegible] with a run of one and nine-tenth mile long. It began on the NTC track and continued around the campus.

The run was divided into four categories: faculty, male students, female students, and faculty.

The winner in the male faculty division was Mel Mahler finishing in 7:25. [illegible] Roads was the winner in the female faculty division with a time of 10:02.

In the male student division, Mario Sandoval posted a winning time of 7:52. Second place went to [illegible] Fox who completed the run in 8:02.

Sharon Kohr, winner of the female student division, finished the course in 10:20 with runner up [illegible] finishing in 10:31.

In the faculty division, the winner was Brad Rupert, completing the run in 6:55. The second place finisher was Jorge Baker with a time of 7:49.

First place winners in each category received [illegible] pound turkeys. Those finishing in second place received [illegible] pound hams.

Other runners in the event were Jeff Kessler (7:35), Ray Williams (7:58), Mark [illegible], Bill McCown [illegible], Mike Benedict [illegible] and Vickie Williams [illegible].

The trot was sponsored once again by the Ski club and was organized by the director of the intramural program.

was 3 for 11 for 16 yards.

Hawes led all receivers with nine catches for 133 yards and two touchdowns. Barry Meredith also caught two passes for the winners for 33 yards. Mike Duffey caught all three Baxley passes for 16 yards for the Chis.

Jon Richardson of the Chis led all rushers with 69 yards on 19 carries. Baxley ran the ball six times for 17 yards. The leading rusher for the Sig-Pikas was Glenn with 62 yards on 19 rushes and Charlie Gross added 28 yards on nine carries.

Ed Brunton led the Sig-Pikas defense with 11 tackles and Skinny Innis had 6. Mark DiCarlo and Jack Hamilton led the Chis tacklers with 10 tackles each.

The MVP's for the game, as chosen by the announcer, spotters and statisticians, were Hawes and Richardson, offensive, and Brunton and Dicarlo, defensive.

# *Top athletes selected by editors*

continued from page 9

termine the greatest 125 athletes of all time.

"The Miller Brewing Company, because of its traditional association with all levels of professional and amateur athletics, is pleased to release the results of this Miller 125 collegiate survey and to help celebrate the company's founding 125 years ago in 1855," said Williams.

Earlier this year, in a sports poll conducted with professional sports writers and broadcasters, Babe Ruth was voted the best of the 125 greatest athletes of all time.

Rounding out the top five in the professional Miller 125 Sports Poll were Muhammad Ali, second; Jim Brown, third; Jack Nicklaus, fourth; and Jim Thorpe, fifth.

The results of the Miller 125 poll of professional sports writers and broadcasters were announced at a press conference held in June in New York City and attended by several of the great names in sports including, Dick Butkus, Frank Robinson, Henry Aaron, Earl Campbell, Don Budge and former heavyweight champ Jack Dempsey.

# Panthers playing slowdown

continued from page 9

stayed with their game plan. At intermission High Point led 17-14.

"Coming out at halftime we wanted to pick up the tempo, but we seemed too sluggish to pick up the pace," said Coach Steele.

The 3-2 spread offense seemed to take the zip from both squads as movement on offense became seldom. It wasn't until the last few minutes that excitement returned to the game. Each team exchanged points until Atlantic Christian regained the lead with a few seconds left.

Panther Anthony Parrish hit a pressure free throw to send the game into overtime and eventually another win for Coach Steele.

Against Campbell, High Point also slowed the tempo and came away with a 48-35 victory. Campbell was a slight favorite in the contest but Steele's game plan worked well. Bruce Floyd led the Panthers with 18 points.

The Panther records now stands at 6-2 overall and 2-1 in the conference.

### "Final Exam Night"

It's finals night
And here I sit
A poem to you
I write
Accompanied by
Some books and pens
And one, small
Dim, white light

It's three o'clock
The halls are bare
The noise completely null
At times I think
There's only me
Up on
This whole damn hall

My roommate sleeps
It looks so good
But these thoughts
I dare not think
Until I get
This Spanish done
And then
I'll take some winks

I try to keep
My mind on thoughts
Like only
Five more days
And then I'll be
Beneath the sun
And dancing
With the waves

But now
I must get busy
And face reality
My study break
Is over
And my books
Call out to me. S.L.

## Inflation - Fighting IDEAS
### TIPS TO HELP YOU

**Tips to Reduce Auto Expense**

Maintaining a car if often your greatest expense, but you can save by buying spare parts from a local junk yard. Sometimes, you'll find them in near-mint condition, and at only half the price you'd pay at a garage or parts store.

* * *

You can increase gas mileage by keeping your engine in tune. The recommended interval is set forth in your owner's manual. You should have a minor tune-up, preferably in the spring, before hot weather and vacation travel. It is also good to consider a late fall tune-up to prevent sluggish starts and possible trouble during the winter.

# Zams remain undefeated; Capture College Bowl crown

BY SCOTT A. HANCE
**Editor-in-Chief**

Four College Bowl teams entered a double-elimination tournament last week to determine the High Point College championship and the Flying Zams came out on top.

Led by team captain Danny Berrier, the Zams swept through three contests en route to the title. The other team members were Alan Dorsett, Warren Owens, Teresa Sellers, and Chip Ward.

The Zams entered the tournament as the team to beat after completing an undefeated regular season last semester. The Lambda Chi Alpha, Pi Kappa Alpha and Iota Phi Delta Gamma teams also competed in the tournament.

**THE ZAMS and the Chis did battle Thursday night to determine the College Bowl champion. (Photo by Marisa Firpi)**

In the first round, The Zams downed the Pikas and the Lambda Chis beat the IPDG's. The next round saw the Zams handle the Lambda Chis and the Pikas eliminated the IPDG's.

The Lambda Chis and the Pikas then squared off to determine who would face the Zams for the championship and the right to represent HPC in the regional tournament.

The Chis jumped out to an early lead and went on to win easily and advance to the finals.

In the championship contest, both teams got off to a slow start and the Zams could manage only a 30-25 lead at the half. The second half was a different story though as the Zams dominated and took a 145-35 win.

The Zams finished the College Bowl season with an 11-0 record and will take on the faculty in a pair of contests in the near future.

They also competed in a tournament at UNC-G last weekend.

# Students named to Who's Who

BY SHARON LITCHFORD
**Staff Writer**

A group of seventeen High Point College juniors and seniors were recently selected for Who's Who Among Students in American Universities and Colleges.

The process was directed by Dr. Frances S. Hoch, Assistant Professor of Modern Languages, and chairman of the Student Personnel Committee. The panel of judges consisted of five faculty members including Dr. Frances Hoch, Mr. William Cope, Mr. Earnest Price, Dr. Carl Wheeless, and Dr. John E. Ward, and three administration members, Dr. Murphy Osborne, Dr. Robert E. Lowdermilk and Dean Bruce Tingle, who were all appointed by the President of the College, and four students, Jill Yarboro, Robert Gates, Bill McCown and Bill Rountree, who were appointed by the student government president.

Fifty students were first nominated by the faculty. They were then contacted and asked to fill out a form of their various activities, grades and services on and off campus. After the forms were returned, the committee sat down and made a selection of seventeen students.

"We looked at all aspects: leadership, character, and service to the college and community," Hoch said.

The students selected were, Danny Berrier, Colleen Blackney, Steve Burton, Rhonda Carlman, Tim Gray, Scott Hance, Jacky Hendrix, Robin Henson, Stephanie Higgins, Nancy Houlberg, Karen Magill, Mike Moran, Peggy Pesce, Nancy Reichle, Mike Showalter, Mark Snyder, and Ann Wheeless.

Besides being noted in Who's Who, the selected students will receive a certificate at Honors Day Convocation in the spring.

### *Admission's survey shows*

# Academic performance is main consideration

BY CRYSTAL HEDGECOCK
**Staff Writer**

High Point College, like 65 percent of the colleges and universities surveyed by the College Board, says that the high school academic performance is a top consideration when admitting students.

This two-year study which was conducted by the College Board, along with the American Association of Collegiate Registrars and Admissions Officers, was intended to provide a clear picture of admission processes in both four-year and two-year public and private institutions.

According to the Associated Press, college admissions practices are often critized as rigid and focused on academic achievements.

The results of the study showed that 31 percent of the 1,463 insitutions responding to the survey considered the high school academic performance the single most important factor when admitting students. It was a very important factor to another 34 percent of the institutions surveyed.

Only two percent of the schools surveyed considered aptitude tests, such as the SAT, the most important factor in admissions.

Of the responding institutions, 65 percent considered the academic performance, as determined by the high school grade average or class rank, to be the most important or a very important factor in making admission decisions. Aptitude tests (44 percent), the pattern of high school subjects completed (26 percent), interviews (15 percent) and high school recommendations (13 percent) were considered less important by the institutions surveyed.

Mr. Al Hassell, Admissions Director at HPC, said that the college did participate in the survey and, like the majority, considers the high school academic performance a very important factor in making admission decisions.

The process that High Point uses in determining a high school grade point average is the averaging of three grades. The high school English grades, math grades, foreign language grades, science grades and social studies grades are averaged together for one major grade. This grade is averaged with the SAT verbal score and the SAT math score. By figuring a high school grade point average this way, HPC can perdict the grade point average of the student at the end of the freshman year in college.

By using this process, the SAT score does not have more emphasis placed on it than high school grades. Hassell believes that in highly competitive schools there is more emphasis on the SAT score.

When asked if he believed admission standards will get higher, Hassell replied, "During the next ten years, admission standards will definitely not get higher. They will either stand the same or become lower."

Hassell feels this will happen because the amount of college applicants will decrease during the next ten years due to the decrease in population of college-aged people.

According to the Associated Press, questionnaires were sent to 2,623 institutions and 1,463 or 56 percent responded. Those responding included four-year and two-year public and private institutions.

# Patience paid off

Patience once again has paid off.

In the case of the 52 former hostages, the patience of the United States paid off and got the hostages home unharmed.

For 444 days, the 52 Americans were held hostage in Iran. For 444 days, the two sides made demand upon demand in attempt to end the crisis.

As time drew near for former President Carter to leave office, the negotiations were stepped up in an attempt to free the hostages. Some say it was because the Iranians did not want to deal with President Reagan. Others feel the captors were simply getting tired of keeping the hostages.

Whatever the reason, the hostages are home and the United States won the tug-of-war.

After many months of negotiations, the U.S. and Iran finally agreed to the terms for release of the hostages. But not without the help of the Algerians to whom we all should be grateful.

The Algerians acted as mediators in the ordeal and have offered their services as a third party to the agreement between the U.S. and Iran.

The terms of the agreement are too great to go into detail about but the basic point of the arrangement deals with the Iranian assets held by the U.S.

The militant students who took over the embassy over 14 months ago originally demanded the return of the Shah and his wealth to Iran. They also wanted the release of military equipment held by the U.S. and a promise that the U.S. would not interfere in Iranian matters again.

Since that time, the U.S. has been patient and not given in to these original demands. Instead we now have our hostages home and really have lost very little in the process.

The only thing we gave up for our hostages was that which belonged to Iran in the first place. None of the original demands were actually met even though we will not interfere in Iranian matters in the future.

What we returned to the Iranians was their own assets which we were holding. We are also holding enough money to cover any claims which may result against Iran for their actions toward the hostages. Private claims against Iran will be submitted to the International Tribunal.

The money involved in the agreement is being looked after and controlled by the Algerians. Again we should be grateful to these people for helping and for assuming the responsibility to look after the conditions of the agreement.

There is much more detail to the arrangment but the main point is that the United States waited patiently until an agreement could be reached which would free our hostages without giving in to some of the ridiculous demands made earlier in the crisis.

The work of former President Carter, Deputy Secretary of State Warren Christopher, the Algerians and other officials has paid off in a good way for the U.S.

We can all be proud that our hostages are free and unharmed.

We can also be proud in the way it was brought about.

### *Letter to the Editor*

# Spirit lacking at HPC

Dear Editor:

Sitting in the cold, damp, stands at the district soccer championship, I looked around to see a minimal turnout.

I have also noticed that this kind of turnout is evident throughout our intercollegiate sports. Basketball is a prime example.

Our women's team is one of the best in the country and what kind of turnout do we get for their games? Men's basketball is ranked very high in the conference polls and how much school spirit does one see at any of their games? I feel insulted when a visiting team's fans make more noise than we do at a home game.

For a college that is constantly trying to improve its image with the students, the community and with prospective students, I feel that not enough is being done in the athletic department.

The soccer team, compared to others, are dressed like a junior high school team. Finally the basketball team got some stylish uniforms to go along with their up-to-date warm-ups.

The cheerleaders have to be some of the worst-dressed people I have ever seen. If one looks at other colleges in and around the area, with the same student size, I feel you, the students of High Point college, the faculty, the administration, the Board of Trustees and the all important alumni would be ashamed. The cheerleaders get minimal assistance with regard to finances and transportation.

I feel that they should have just as many opportunities as other organizations. I wish that the Board of Trustees, the faculty and the administration would take the time to consider a plan to boost school spirit and pride.

### *Passed by SGA*

# New legislationaffects drivers

**BY SCOTT A. HANCE**
**Editor-in-Chief**

The Student Legislature recently passed legislation which added to Article III of the Ethics Code concerning campus violations and punishments.

The bill stated that "It is unlawful for the driver of a motor vehicle to allow a person to ride on the exterior of an automobile or to tow or pull any person on a skateboard or bicycle or any similar conveyance. Violation will subject the driver of the motor vehicle to a fine of $100 and revocation of permission to keep car on campus for the remainder of the school year."

The bill was drafted by the security committee of the legislature and was passed on Dec. 4. The bill became effective on Jan. 8.

The bill will be added to Article III of the code and will constitute Section XIV.

In other legislative action, the legislature passed a bill to give $180 to the cheerleaders to buy pom pons and to allocate $750 to the softball club to purchase equipment and to use for transportation.

## Campus Cases

BY DANNY BERRIER
**Attorney General**

Since the beginning of the spring semester, a flurry of activity has occured involving fourteen students all charged with possession of alcohol on campus. Six of these cases have been handled administratively, six are currently scheduled for court trials, and the remaining two cases will not be porsecuted due to the fact that the students involved have left school since their referral.

Ten of the referrals handed over to the Judicial Committee originated from a party held on the third floor of Millis Dorm the weekend before exams last semester. Four of these students took an Administrative decision while the remainder will present their case before the Supreme Court of the SGA this week.

Every student is given the option of taking his case to court if he feels innocent of the charge or if he questions the evidence against him. During the trial, the student, or his representative, presents his defense to the nine member court which then proceeds to debate the case and reach a verdict.

The two other cases which were handled administratively were separate incidents involving a resident of Women's Hall and a resident of North Hall. The first case was placed before the Judicial Committee by the resident counselor of the dorm. The RC caught the student drinking a beer in her room after she had gone to the room to ask that the stereo be turned down. The student, once brought before Dean Bob Lowdermilk, admitted her guilt and accepted a $25 fine.

The case against the North resident was referred to the Judicial Committee by a resident assistant in Millis. The student charged did not feel the need for a preliminary conference and her case was handled solely by Dean Lowdermilk. She too was fined $25, as stipulated by the Ethics Code.

Eight additional cases have been turned over to the Judicial Committee, but no action has been taken on these. Seven of the charges are alcohol violations, while the other case involves a theft of a textbook.

The total for the 1980-81 academic year now stands at nineteen cases settled by administrative decisions. This brings the total amount of fines levied to $475.

All of the students already convicted of alcohol violations either this semester or last need to be especially careful not to be charged again. A second conviction results in a two week suspension from campus which could severely hamper a student's progress in his courses. If you feel you must drink, do so off campus.

The rash of cases this semester only serves to emphasize the point that students do not adhere to the policy of no alcohol on campus. This policy was outlined by the Board of Trustees, not only because of the school's ties to the United Methodist Church, but because they feel that alcohol is not a necessary part of student life. Students have to learn to accept responsibility for their actions and learn to live by the rules wherever they find themselves.

Several of the students charged this semester felt that they deserved a warning before they were turned in for possession of alcohol. In effect, all students receive a warning when they enroll at HPC and are advised of the school's policy concerning alcohol and its use. We all as students need to be careful of our use of alcohol on campus.

# Wake pledges nabbed in robbery of APO bookstore

BY KIM DARDEN
**Associate Editor**

Two pledges of the Delta Sigma Phi fraternity at Wake Forest broke into High Point College's APO bookstore in November and stole 5-700 blank I.D. cards, according to Terry White, HPC Security Director.

The pledges also stole a roll of film and one of the students took a picture of himself, leaving the negative behind.

The mysterious break-in was discovered Nov. 19 when a security guard found the padlock to the APO bookstore broken, but the case was not closed until just before break. The case was under investigation when High Point Security received a call from the Thomasville Police Dept. in December.

"They said they had picked up a couple of Wake students for drug charges and had found the I.D. cards, the film and the picture in their car," White said.

When the Wake students later confessed to the break-in, security learned that the pledges had come to HPC on a dare from their fraternity. "They had been told that our Delta Sigma Phi chapter here on campus had stolen some property from their chapter, so they were sent as part of their pledgeship to recover the property."

The Wake Forest pledges tried to break in to the Sig lounge here, but failed. The fraternity brothers had told them that if they couldn't get into the lounge to get the alleged stolen property back, they had to prove in some way that they had been on campus.

"So they stumbled across the APO bookstore and I guess they thought that would be a way to prove they had been here," White said.

The students had been drinking heavily before they broke into the bookstore, according to White.

White said that the Wake students never said specifically what our Sigs were supposed to have stolen from them.

"When we asked them to make a formal complaint against (our Sigs), they wouldn't," said White.

Because of the special nature of the case, HPC security worked out a deal with the students, and they were not charged. They confessed to larcency and breaking and entering, which can result in up to ten years imprisonment, regardless of the value of property taken.

"Because of the fraternity situation, and because our fraternity was accused, we worked something out and stayed away from the police. The fact that they were here as pledges -- we could look at it a little more leniently than if they had come here with the sole purpose of breaking in to a building," White said.

The pledges had to write a letter of confession, which was notarized, and had to go to the Dean of Wake Forest. HPC sent a letter to the national Delta Sigma Phi fraternity explaining the situation to them, and asked them to take some kind of action. The students also had to do a number of hours of volunteer work here on campus.

Though the case is closed at High Point, it is still pending at Wake Forest, and the students may have to pay further penalties there.

# Legislation passed

continued from p. 2

The bill to give money to the softball club has not yet been approved by the student government president, Jacky Hendrix. The bill went through considerable debate in the legislature before being passed.

The major objections to the bill dealt with the fact that the equipment purchased with the SGA money could possibly belong to the athletic department if the club became a team. Some of the legislators felt that there should be a way for the athletic department to reimburse the SGA when they took over the club if it did become a varsity team in the near future.

The legislature also elected Kristin Brown to be its Homecoming representative.

The next meeting of the legislature will be on Feb. 3 at 6:30 p.m. in meeting room 2 of the Campus Center.

# Elections upcoming

It's time once again to nominate someone to represent your organization on the Homecoming court.

Homecoming this year will be on Feb. 13, 14. The dance at the Village Green will be on Friday night and the basketball game and crowning of the queen will take place Saturday night.

The deadline for submitting a nomination is Jan. 30. All nominations should be turned in to Karen Magill, SGA Vice President.

Elections for class representatives will be at lunch and dinner on Jan. 29. Each class will vote for one girl to represent that class.

The elections for the Homecoming Queen will be on Feb. 12 during lunch and dinner.

# Williams takes new position

**BY KATHY FULP**
**Staff Writer**

Dr. Bob Williams, Director of Alumni Affairs will soon be leaving High Point College.

Williams has accepted the position of Associate Pastor for Education and Administration at Emerywood Baptist Church in High Point. His new position will include responsibilities in education, administration and pastoral ministries.

Williams said he is leaving High Point College with mixed emotions. He has been at High Point College since July 1973.

Of his years at High Point College he said, "They've been very gratifying."

DR. BOB WILLIAMS

According to Williams, the work has been very exciting with no dull moments.

The new position was right for the time according to Williams. He also commented that the opportunity came in an area for which he was trained.

Williams began serving in the pastoral position on Jan. 1. However he will not leave HPC until a successor has been hired and orientated. He is currently working at the College Monday afternoons and all day on Thursdays and Fridays.

Pastoral work is not new to Williams. He has previously held pastoral positions at two Baptist Churches in Virginia.

Williams received his Masters and Doctoral Degrees at New Orleans Baptist Theological Seminary. He also has a Master of Arts that he earned at Baylor University.

# Poor grades continue

**BY ALISA A. WALKER**
**Staff Writer**

Last semester at midterm there were 532 unsatisfactory grades among upperclassmen. According to Acting President and Dean of the College David Cole, the unsatisfactory grades continued throughout the remainder of the fall semester.

Many of the unsatisfactory grades resulted in academic probation. Academic probation, defined by Cole, "is a student not having the necessary overall average at the end of a semester." Presently, 184 students are on academic probation.

Cole said there were nine students who were ineligible to return this semester because of poor grades. Three of these students appealed to the Admissions Committee and were able to return for one more semester.

There were 117 students who made Dean's List last semester. Cole said, "We think this is inordinately high." He also added that normally there are as many students on Dean's List as on academic probation.

"I don't think we will have as many unsatisfactory grades this semester," he said. He added that the students were more settled now.

There are many things a student can do to improve his studying habits. One of them, Cole said, is to start studying at the beginning of the semester and not get behind.

Cole says an Academic Advising Committee has been formed to do a study on the academic advising system of the college. The purpose of the committee is to see how effective academic advising is for the student. According to Cole, the system will benefit students with unsatisfactory grades.

# Amount of food waste causes problems for cafeteria budget

**BY SALLY DAVIS**
**Staff Writer**

"If students would think about it as they go through the line and then take only what they want, it would help the situation," commented Frank Watley.

Watley was speaking in reference to the alarming amount of food that is being wasted in the cafeteria.

Due to the amount of wasted food, the cafeteria operates in the hole each year. Last semester, approximately $10,000 was lost in overtime labor and food wastes. Watley estimates that each student contributes approximately 75 cents per meal in wasted food.

What can be done about the situation? Returning students from last year discovered one change - they were no longer allowed to take bowls for extra portions the first time through the line. Any student who wants seconds must take his or her plate and go back to the servers.

"This portion control has helped the situation," Watley said. "However, I've been in the food service for more than 30 years and I see more food wasted here than at any place I've been before."

Presently, a particular concern of Watley's is the waste of drinks.

"I see students take five or six glasses of coke on their trays and then three or four glasses end up getting thrown away. The coke costs about 25 cents per glass," Watley explained.

Student thefts from the cafeteria don't seem to be much of a problem. The checkers keep an eye on the amount of food a student carries out.

According to Watley, the students should stop to realize what a good deal they are getting.

"With the rising costs of food, it's hard to go anywhere and get a complete meal for $3.25 (the cost of a meal in the cafeteria), much less with second helpings allowed."

The loss affects the students. If the food waste problem continues to be so major, it is the students who will have to pay more.

# Summer jobs available

You can work this summer in the forest of Germany, on construction in Austria, on farms in Germany, Sweden and Denmark, in industries in France and Germany, in hotels in Switzerland.

Well there are these jobs available as well as jobs in Ireland, England, France, Italy, and Holland. All are open by the consent of the governments of these countries to American university students coming to Europe the next summer.

Already, many students have made application for next summer jobs. American-European Student Service (on a non-profitable basis) is offering these jobs to students for Germany, Scandinavia, England, Austria, Switzerland, France, Italy, and Spain. The jobs consist of forestry work, child care work (females only), farm work, hotel work (limited number available), construction work, and some other more qualified jobs requiring more specialized training.

The purpose of this program is to afford the student an opportunity to get into real living contact with the people and customs of Europe. In this way, a concrete effort can be made to learn something of the culture of Europe.

### *High Point's predecessor*

# Yadkin College had a troubled existence

**BY EVERARD H. SMITH**
**Special to the Hi-Po**

By the time they have been on campus a few days, most students can point out such local landmarks as Yadkin Hall and the Victory Bell.

It's a safe bet, however, that few of them know much about the institution these landmarks commemorate: Yadkin College, which operated from 1856 to 1924 in Davidson County, about 25 miles southwest of here.

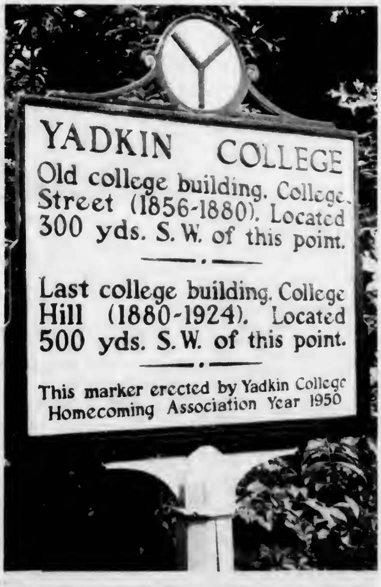
Yadkin College represented the first effort of the Methodist Church to establish a seat of higher learning in the Piedmont of North Carolina. The school led a troubled and precarious existence throughout most of its 68-year history. It conferred college degrees for only seven years, from 1877 to 1883. Before and after this period it was simply a preparatory school. Yet its story is an important chapter in the history of education in this state, and its heritage has been honored at High Point College down to the present.

Prior to the Civil War, the Methodist Church was an enthusiastic sponsor of higher education in North Carolina. In 1851 it recommended the establishment of a men's college in the Piedmont which would have as its primary mission the education of students for the ministry. Shortly afterwards a prominent local planter and politician, Henry Walser, offered to contribute land and a building for this purpose on the banks of the Yadkin River, about midway between Lexington and Mocksville.

Yadkin Institute, as the school was first known, opened in October of 1856 with an enrollment of about 80 students. At his own expense, Walser had constructed a handsome two-story brick building, with classrooms on the first floor and an auditorium on the second. Students boarded out in the small residential community that soon arose near the school. In 1861 the Trustees began making plans to convert the institute into a college, but the Civil War intervened before this could be done.

Like most educational institutions throughout the South, Yadkin stood vacant during the war years, and it was not until 1867 that a small academy reopened in one room of the building. Meantime, the Trustees, still under Walser's indefatigable leadership had not yet abandoned their dream of building the school into a leading donominational college. In 1873, therefore, they embarked once again on a vigorous and ambitious program of expansion, and Yadkin College entered its brief "golden era."

**YADKIN COLLEGE'S administration building was built in 1882.**



YADKIN COLLEGE

Last college building. College Hill (1880-1924). Located 500 yds. S. W. of this point.
This marker erected by Yadkin College Homecoming Association Year 1950

**YADKIN COLLEGE, HPC's predecessor, was closed in 1924.**

The transformation began with the hiring of an active new president, Shadrock Simpson. Only 25 years old, a recent graduate of Trinity College (now Duke), Simpson was a forceful leader who hired new faculty, instituted a four-year curriculum, and began a decade-long fund drive for the construction of a new building. In 1877 the first graduate, Lee Ramsey, received his degree. The following year the college went coeducational by merging with a local women's seminary. Simpson's efforts culminated in 1882 with the dedication of an impressive new three-story brick building, complete with tower, which was situated on a hillside near the original structure and commanded a picturesque view of the Yadkin River.

The Yadkin College Catalogue for 1879-80 reflects the general optimism of this period. "A village," it observed,' "presents fewer causes of diversion from study, fewer temptations to extravagance, and, a thing which is of the greatest importance, fewer temptations to dissipation. In this view of the case Yadkin College. . .surrounded by a people simple in manners and ingenuous in spirit, in a section of country widely known for its pure water and healthful air, is without doubt most favorably situated for Educational Enterprises."

Student enrollment totalled 53 men and 25 women. "Young ladies board near the College and have every necessary protection and safeguard thrown around them," the Catalogue assured parents. The faculty consisted of five instructors, including a "Professor of Penmanship" and a "Professor in Female Department."

The curriculum, typical of such programs for the time, was heavily oriented toward the Classics. An entering Freshman took six courses his first term, including Latin and Greek Grammar, Latin Exercise, Practical Arithmetic, Geography, and Composition. By his Senior year he had progressed to Classical Mythologies and Antiquities, Reviews of Horace, Olmstead's Mechanics, Lectures on International Law, Shakespeare's Plays, and Higher English.

The college day began with the ringing of the bell at 7:30, followed by Chapel and "recitation periods" which commenced at 8:00 and continued at half-hour intervals until 4:00, with an hour and a quarter out for lunch. Tuition, absurdly low by modern standards, ranged from $12.50 per semester for entering Freshmen to $20.00 for Seniors. Sternly, the college insisted that new students fork over a third of this total ($4.17) at registeration. Boarding rates in the town varied from $7.50 to $8.00 a month, making the maximum cost of a year's education about $120.00.

Sadly, Yadkin's "golden era" ended soon after it began. Within a decade the school was plagued by a substantial debt, including a large mortgage on its costly new building. Underlying this financial difficulty was a deeper and ultimately insoluble problem: the college

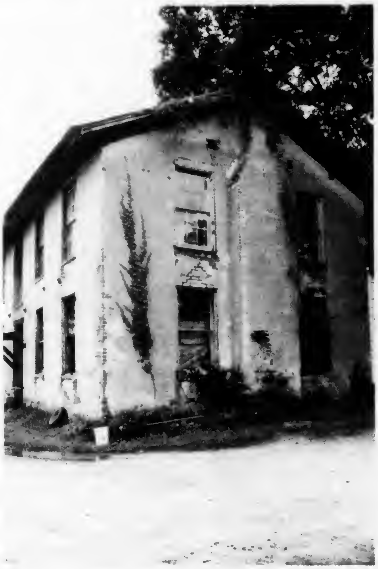
# Yadkin had troubled history

continued from page 5



THE ONLY REMAINING building of Yadkin College is used as a tobacco barn today.

was simply too isolated to survive. Its rural situation was not, in the 19th century, the advantage it would probably be today. The nearest town, Lexington, was eight miles away, a full day's journey round trip.

Thus in 1883 the administration finally had to admit failure. In an effort to pay off its debts, Yadkin remained open as a boarding school, but its college program was abandoned. Soon afterwards President Simpson resigned. Between 1877 and 1883 the college had conferred 16 B.A. and two B.S. degrees.

The years after 1883 saw a slow but inexorable decline, characterized by slumping enrollments and administrative instability. Some degree of financial security eventually returned in 1898 when the troublesome debt was retired, but by then it was too late. When the Methodists revived their dream of a church-sponsored college in the early 20th century, their attention focussed, not on Yadkin, but on the nearby urban center of High Point.

Yadkin Institute graduated its final class in May of 1924. Despite sentimental publicity to the effect that the closing was timed to coincide with the opening of High Point College that fall, the two events were not related. Yadkin's last president later indicated that the expanding role of the state public school system was the principal factor in the decision to close.

High Point College did inherit the long educational tradition which Yadkin represented. Today, small monuments on East College Drive commemorate both the old school and the women's seminary which merged with it, a dormitory is named in its honor, and the Yadkin bell continues to herald athletic success. Even more important is the human connection which has developed over the years. Many of Yadkin's alumni transferred their allegiance to High Point, and they and their descendants have remained enthusiastic supporters of the college ever since.

# Photo contest open to students

Nashville -- The Great American Photo Contest with it's Grand Prize of $10,000 and 458 overall winners is now accepting entries.

Small entry fees are required with a special incentive for early entrants. All contestants who postmark their entries by February 13, 1981 can enter an equal amount of additional photos at no extra cost. The final deadline is March 27, 1981.

The Great American Photo Contest is open to amateur photographers only. There are two wide fields of competition. The general competition, in which any type of camera can be used, includes people, travel-nature, and open categories.

## *Editor positions open to students*

Students who wish to serve next year as editor of the *Hi-Po*, *Zenith* or *Apogee*, or station manager of the campus radio station, should submit applications to Dr. Hodge, Chairman of the Publications Committee, Campus PO Box 3111, on or before February 6. Applications should include qualifications and a statement of the applicant's reasons for desiring the position.

*Greek News*

# Homecoming and formals highlight Greek events

**KAPPA DELTA**

After a great Christmas break, the sisters and pledges of Kappa Delta celebrated the New Year with a Pajama Party, complete with dates and "PJ's" on Jan. 10 at Raintree Apt. Clubhouse.

Their NCA, Carol Noller, visited Gamma Gamma from Jan. 10-14. She had many new and helpful ideas. On Jan. 13, the KD pledge class had a Night-at-the-Rail. Thanks to all who supported them.

The High Point Jaycees presented a certificate to the KD's in recognition of their outstanding participation for the Holiday Blood Drive on Dec. 15.

Congratulations to Kathy Nance who was initiated into the Pika Little Sisters.

On Jan. 16, the pledge class kidnapped the sisters and dumped them off campus. When the sisters arrived back on campus, the pledges gave the sisters a party on the hall! TLF, you guys!

White Rose Week began on Jan. 18 with Second Degree. They are proud to have Joyce Bacik, Kim Jones, Sharon Lowe, Kim McAllister, Kim Thomas and Heidi Young as new sisters bound by AOT.

With January coming to an end, the KD's are having a roller skating party on Jan. 29, a Night-at-the-Rail on Jan. 30, and a hot dog supper and a mixer with the Pi Kappa Phi's on Jan. 31.

**PHI MU**

The Phi Mu's have recently initiated eight new sisters. They include Lori Covington, Amy Everett, Jill Harris, Heather Lynn, Diane Sherry, Leslie Tucker, Susy Urmston and Luanne White. Congratulations!

They had their Wine and Cheese Dance on Jan. 24.

The Phi Mu's are planning a Night-at-the-Rail for Feb. 11.

**ALPHA GAMMA DELTA**

The Alpha Gams are back in full force this semester. They began by having a New Year's party at the Thomasville Moose Lodge on Jan. 17.

The following weekend a mixer was held at Londonderry with the Lambda Chi Alpha fraternity. The theme of the get-together was an Iranian one in honor of our 52 returned hostages.

A special congratulations goes to Beth Spencer and Sharon Harper who have just been pledged to the sorority. Welcome to their circle of love.

The Alpha Gams have also been involved in many money-making schemes. Thanks to the support of everyone, their nights at the Rail have been huge successes.

Good luck to all of the Homecoming representatives on this year's Homecoming court.

**ZETA TAU ALPHA**

Zeta Tau Alpha ended last semester by helping with the Holiday Blood Drive. They received a certificate of recognition in honor of this from the High Point Jaycees.

The Zetas are anticipating a very active semester. They are making plans for Sweetheart Dance, Sister's Dance and Mother's Weekend.

The pledges have been busy having fund raisers in preparation for Sweetheart Dance. The Dance will be held at Sedgefield Country Club on Feb. 6.

The sisters invited the pledges to a slumber party last Friday. They are all looking forward to a great semester.

**ALPHA DELTA THETA**

Alpha Delta Theta is ready for a new semester to begin. Their Open House for spring RUSH was held on Jan. 26. Plans are currently being made for the Sister's Dance on Feb. 28 and the beach retreat in April.

Service projects are also being planned. A talent-variety show will be given at the Presbyterian Home in March and a car wash will be held sometime in April.

**DELTA SIGMA PHI**

The Delta Sigs are looking forward to their annual Dream Girl Dance. The dinner-dance will be held on Fri., Feb. 6 at the Thomasville Women's Club in honor of the new brothers.

They are also expecting to see many alumni during Homecoming weekend.

The Sigs are beginning to make plans for Sailor's Ball which will be held in April at Myrtle Beach, S.C.

**THETA CHI**

The Theta Chi's would like to express their congratulations to new brother Brian Caskie.

On Feb. 12, they are sponsoring a pre-Homecoming and Valentine's dance night at TOC's from 8-12. Go on out and bring in Homecoming and Valentine's the right way. 50 cents admission and 25 cents beverage.

The Theta Chi's will be having their Dream Girl Dance on March 20 at Thomasville Woman's Club.

**LAMBDA CHI ALPHA**

The Lambda Chis recently elected new chapter officers. They are: Larry Corson, President; George Yates, Vice President; Dave Eckart, Secretary; Mark Lambert, Treasurer; Keith Baker, Fraternity Educator; Jeff Koehler, RUSH Chairman; Joe Davis, Alumni Correspondent; Bob Hannum, Social Chairman; Geoff Fleshman, Scholarship Chairman; and Bill Robertson, Ritualist.

The Lambda Chis would like to thank the Alpha Gams for a great mixer.

Craig McLean was recently made the newest associate member of Lambda Chi Alpha.

The Chis would like to welcome everyone back from break and wish everyone good luck in the upcoming semester.

# Touring group presents "The Tempest"

BY JANICE CURCIO
Staff Writer

A delighted interpretation of Shakespeare's *The Tempest* was presented by the National Players, Saturday, Jan. 17, at Memorial Auditorium.

The play, a comedy, was skillfully turned into a musical by James Petosa, intriguing a large audience of High Point College students and High Point citizens.

*The Tempest* is a magical story about how a deposed Spanish duke (Prospero) and his beautiful daughter (Miranda) are stranded on an island in the Mediterranean. The duke, with the assistance of his sweet spirit-slave, Ariel, uses his magical powers to create a storm, by which the king of Naples (Alonso) and his party are ship-wrecked on the island.

There is much confusion among the party about who is alive and who isn't. Three separate convoys roam about the island in search of each-other. Two of the kings servants (Trinculo and Stephano) meet up with Caliban, Prospero's monster-slave, and drink themselves into believing that they will rule the island once they are able to dispose of Prospero. Their antics, tripping and rolling around, served as an amusing aspect to the play.

Meanwhile, the kings son (Ferdinand) finds his way to Prospero and Miranda's cell, falling deeply in love with Miranda, and she with him. Prospero celebrates the match, only after making them endure the "labour of love."

At this point, Ariel, who has been flitting about causing laughable chaos, leads the king, his brother, a faithful servant and the usurping duke to Prospero, where all are united. Prospero puts the group into a hypnotic daze, recalls to them their evils, and forgives all.

The play closes with the entire party planning the trip back to Naples, where Miranda and Ferdinand will marry and Prospero will once again serve as duke.

The National Players production of the comedy was a smooth musical version, filled with joviality and enchantment. Petosa did a splendid job of putting music to the already lyrical verse of Shakespeare, a feat not always accomplished in other attempts. The actors played their parts well, with a strong sense of mirthful satire. The contrasting characters; Ariel, full of angelic sprightliness, versus Caliban's growling bitterness, added and interesting trace of moralistic diversion to the otherwise comic escapades of the other characters.

* * *

ABOUT THE NATIONAL PLAYERS

The National Players touring repertory company began in 1949, as the Players, Inc., under the direction of Father Gilbert V. Hartke. It originally was a three month operation but later became a year-round touring group.

The Players' productions travel nation-wide, and have been seen on national television as well as Off-Broadway. The cast of the group is small and young, and has graduated such actors as Jon Voight and Chris Sarandon.

**CALIBAN (lying down) drinks an "unearthly brew" along with his two companions Trinculo (jester) and Stephano during the National Players production of Shakespeare's THE TEMPEST.**

# Apogee accepting entries

High Point College students and faculty members may now submit their entries for publication in the *Apogee*.

The *Apogee* is the College's annual literary-visual arts magazine.

The submitted material will be reviewed as anonymous works by two separate Judging Committes. The most worthy submissions will then be printed in the *Apogee*, and cash prizes will be awarded in each of the four categories.

The *Apogee* is the only campus publication which awards creativity, so we urge you to experiment and be unconventional. Become uninhibited!

Each student or faculty member may submit a total of three poems. The poems may be traditional forms (e.g., rhyme, blank verse, free verse) or nontraditional forms (e.g., prose poems).

Each poem should be titled and must be neatly typed on standard typewriting paper. For each page submitted, the author's name, local address, and telephone number should be typed in the upper-righthand corner.

Each person may also submit one short story not exceeding 500 words. The stories must be neatly typed, double-spaced, on one side of standard typewriting paper. Author identification (see above) should be typed on the first page of full text only.

In addition, each person may submit three black and white 8" x 10" glossy photographs and three 8" x 10" pen and ink sketches.

All entries will be judged on originality, quality of expression, and skill in handling the particular genre.

Deadline for entries is February 20, 1981.

For more information, contact Dr. John Moehlmann of the English department.

# Seniors to meet

There will be a very important meeting of the senior class on Tuesday, Feb. 3 at 12:15 p.m. in the lobby of the Campus Center.

The class will discuss the situation concerning a speaker for graduation. All seniors should attend this meeting. A decision about a speaker will be made.

# Lady Panthers moving closer to conference crown

**BY MARIO WATSON**
**Staff Writer**

As the Lady Panthers continue to move closer to their goal of being conference champions, Coach Nancy Little views her squad as "progressing every game."

"I feel there are no easy games for us," Little said.

The Lady Panthers stand at 10-3 for the season with two defeats coming from Campbell College and UNC-G, both non-conference foes.

In the Carolinas Conference, the ladies are 4-1. The only loss came at the hands of Pfeiffer last week when they downed the Lady Panthers by a 67-64 score.

High Point is also ranked 20th in the nation in the AIAW.

Coach Little feels that if her ladies can hang tough, their goal of another conference crown will soon be a reality.

In the Pfeiffer contest, Andreia Blanchard led High Point in scoring with 20 points. At one time, the Lady Panthers led by as much as 13 points but Pfeiffer outplayed the Panthers in the second half to notch the victory.

The Lady Panthers have been playing good sound basketball with only a few breakdowns. Their best showing of the season so far has been against Elon and the touring West Germans. The Lady Panthers were the first team to beat the West Germans.

Little feels good about her squad and feels that they will respond to the call of duty.

The squad is led by the conference leading scorer 6-1, 155 pound senior Andreia Blanchard. Last week she broke Ethel White's all-time scoring record of 1952 points.

With players such as Blanchard and the rest of the squad, Little feels they are on their way with only one element needed. That element is the support of students, fans and faculty members.

The next home game for the Lady Panthers will be on Feb. 3 against the Deacons of Wake Forest. They will also play in the Foxy Lady Tournament this week at Francis Marion College.

High Point College

HI-PO, Wednesday, January 28, 1981, Page 9

# Panthers beaten by Catawba in slow-down contest, 24-21

**BY MARIO WATSON**
**Staff Writer**

Just as sure as death and taxes, High Point College and Coach Jerry Steele will start a basketball game of late in a 3-2 spread offense.

The crowd booed the action right from the beginning Saturday night as the Indians of Catawba defeated the Panthers 24-21 in another one of those slow-motion evenings.

With 11:26 left in the first half, Catawba had doubled the score on High Point. . . 4-2. Racehorse basketball it wasn't.

"At the first part of the season we played the slow tempo because of our personnel," stated Steele. "I feel that we play the slow tempo better now."

It seemed that Steele's strategy worked until the closing stages of the game. Catawba secured the win on a fast break as senior Bob Mason slam-dunked during the closing seconds.

The Indians hit on 10 of 18 shots from the field for 55 percent accuracy, while the Panthers hit on just 8 of 17 from the field. There were just 20 rebounds the entire game and Catawba claimed 12 of them. In other words, if you don't shoot there won't be rebounds.

Catawba, which is undefeated in Carolinas Conference play, extended its winning streak to 12. The victory boosted the CC leaders to 6-0 and 13-2 in all games, while the Panthers stumbled to 2-4 in the league and 10-6 overall.

Anthony Parrish of High Point led all scorers with 11 points.

# Streak broken against Falcons

**BY JOAN MADERT**
**Staff Writer**

High Point's Panthers broke their three game losing streak on Saturday night by defeating the Falcons of Pfeiffer 81-72. The Panther victory over Pfeiffer was the first road victory of this season.

The high scorer of the game was sophomore forward Roosevelt Brunson who had his career-high of 25 points. Anthony Parrish added 20 points to the score with Jeff Anderson scoring 17.

After taking an early lead, scoring 1:24 into the game. High Point pulled out to a substantial lead. The falcons rallied to 72-65, but with 1:42 left, High Point put an end to the Falcon comeback.

The Panthers ran into foul trouble very early in the game. In less than four minutes the Panthers had committed their sixth foul. With 14 minutes to play three High Point players had four personal fouls.

The Falcons are known

for making long outside shots but against the Panthers they could not sink them.

Brunson, Parrish and Anderson did most of the scoring for the Panthers with 58.8 percent from the floor. With Brunson making 10 of his 14 attempted field goals and Parrish pulling down 9 rebounds, High Point seemed to be a little more relaxed now.

The Panthers, are now 11-7 on the year and 3-4 in conference play.

During the Guilford Christmas Tournament against Bluefield State December 20, Anthony Parrish had 15 rebounds and 5 assists, both being the season highs.

Against Gardner-Webb High Point was defeated 44-53, with Parrish having a high score of 20 points.

# Blanchard sets scoring record

BY NELL TORAIN
Staff Writer

"There have been times when I have felt like quitting but I'm not a quitter," said High Point College's All-American Andreia Blanchard.

Blanchard, who is in her final year at HPC, has won many rewards and has brought recognition to the college. Three years ago the 6'1" center helped lead the Lady Panthers to the National Championship. "I would like to make that trip one last time," she commented.

Recently, Blanchard became the all-time leading women's scorer at HPC when she poured in 30 points against Guilford to give her 1954 points during her career. The old mark was held by Ethel White with 1952. White graduated in 1979.

"It's been a long four years, and I couldn't have made it without my friends and teammates."

Blanchard commented on the contributions made by other players on the team. "Rebecca Cowles and Lisa Setzer are great contributors to the team. Cowels is a great player and she contributes a great deal to the team. With her in the game it takes some of the strain off me.

"Setzer is a great point guard. She plays with the smartness that a point guard should have because a point guard controls the game."

When asked about the team, now 10-3, and their future goals, Blanchard replied, "The team's main focus is pointed towards the nationals, but naturally we have to concentrate on the remainder of the season; therefore, we're taking it one day at a time."

As for her future goals, Blanchard would like to finish at High Point College and become a second lieutenant in the U.S. Army.

Blanchard, who is considered by many as pro-material, feels that the U.S. Army would be a more stabilized future than playing professional basketball.

"I love basketball and I've been playing since I was a child, but there is no future in it for me," the star player said.

# Blanchard sets scoring record

BY NEIL [illegible]
Staff Writer

"There have been times since I have felt like quitting but I'm not a quitter," said High Point College's All-American Andrea Blanchard.

Blanchard, who is in her final year at HPC, has won many awards and has brought recognition to the college. Three years ago she [illegible] helped lead the Lady Panthers to the National Championship. "I would like to make that trip one last time," the senior [illegible].

Recently, Blanchard became the all-time leading women's scorer at HPC when she poured in [illegible] points against Guilford to give her [illegible] points during her career. The old mark was held by Ethel White who [illegible]. White graduated in [illegible].

"It's been a long four years, and I couldn't have made it without my friends and teammates."

Blanchard [illegible] the contributions made by other players on the team. Rebecca Gaskins and Lisa Betts are great contributors to the team.

"Gaskins is a good player and she contributes a great deal to the team. With her in the game it keeps some of the strain off me."

"Betts is a great point guard. She plays about the same as a point guard should have because a point guard controls the game."

When asked about the team, now [illegible], and their future goals, Blanchard replied, "The team goals [illegible] pointed towards the nationals, but naturally we have to concentrate on the [illegible] of the season, therefore, we're taking it one day at a time."

As for her future goals, Blanchard would like to [illegible] High Point College and become a [illegible] to the U.S. Army.

Blanchard, who is considered by many as [illegible], feels that the U.S. Army would be a more stabilized future than playing professional basketball.

"I love basketball [illegible] I've been playing since I was a child, but there's no future in it for me," the star player said.

### Summer in Spain

# Travel program offered

Each year for 5 weeks of the summer, a program is offered to students in the U.S. and Canada to travel and study in Spain.

Last summer, 93 students from 25 states, Canada and Puerto Rico departed from Kennedy Airport in New York and flew to Madrid.

The group was then bused to the campus of the Ciudad Universitaria of Madrid where they lived and attended classes. The living quarters consisted of one room per student. Each class met five days a week and courses ranged from Elementary Spanish to Literature and Culture. Students toured La Mancha for two days, visiting all the interesting places related to Cervantes and Don Quixote. Sixty students made a four day tour to Santiago de Compostela and Leon.

Once or twice a week a group was scheduled to visit such historical places as Valle de los Caidos, El Escorial, Segovia, Avila, Toledo, Museo del Prado, Palcio Real etc.

Students found that they had also more than enough time to do, see and learn whatever they chose.

As part of the program, a trip was taken to Southern Spain, visiting famous cities as Cordoba, Sevilla, Granada, Malaga, and two days were spent in the beautiful Torremolinos Beach.

Plans are already in progress for the 17th Summer School Program in Spain 1981. Students may earn 9 quarter college credits.

All persons interested should write to Dr. Doreste, Augustana College, Rock Island, Ill. 61201 as soon as possible. **Space is very limited.**

# HPC grad named to post

RALEIGH-The Reverend Timothy M. Albert, a graduate of High Point College, has been named president of Randolph County Hemophilia. The selection is announced by Attorney General Rufus L. Edmisten, honorary chairman of the North Carolina Chapter of the National Hemophilia Foundation. Albert is pastor of Mount Shepherd and West Chapel United Methodist Churches.

Albert is a High Point native and the son of the late Mr. & Mrs. Ralph Albert. He is currently enrolled in the divinity school of Duke University. He is married to the former Miss Terry Lynn Walker and has a three-month-old son, Timothy Mark Albert, Jr.

### Changes from coal to gas

# College installs new heating system

**BY CRYSTAL HEDGECOCK**
**Assistant Editor**

In an effort to conserve energy and money, High Point has recently switched from the long-used coal heating system to a gas heating system.

According to Mr. Earle Dalby, one of the reasons HPC changed to gas heat was economical. The cost of coal heating for the college was $50 per ton, including transportation costs. A boiler tender, who had to be present at least sixteen hours each day, had to be paid also.

The new gas heating system, which cost HPC $30,000, is self-operating and can be turned on and off at will. The gas heating system is also much easier to regulate than the coal. The school anticipates recovering the costs of the new system in only three years.

All construction for the changeover of systems was completed over Christmas break, so High Point has been gas heated since the beginning of the spring semester.

While HPC was changing to gas heat, they also installed new auxiliary hot water systems in all of the dorms. These new hot water systems use gas instead of oil. The college hopes to recover the hot water system's cost in only two years.

By using gas, Dalby explained, High Point is getting many benefits.

Gas is much cleaner than the coal. When using coal, HPC had many problems with cinders and coal soot. With gas, there are no cinders or soot, and gas is also the cheapest way to heat.

All of the campus is now heated with gas, so HPC does not have to worry about the new decontrol of oil prices.

HPC has not gotten rid of all the coal, though. Dalby explained that the college has a 30-day supply stored so in the case of any emergency, the campus will be able to stay warm. The main heating system has the capacity to use either coal or gas.

Dalby feels that not only will the gas heating system be much easier and save more money than the coal system but that there will also be far less headaches.

**THE CHANGE** from coal to gas heating required weeks of construction, such as the installation of new pipelines. (Photo by Lisa Davido)

# Dunn accepts position at CSU

**BY CRYSTAL HEDGECOCK**
**Assistant Editor**

Mr. Terrence Dunn, after five years as Executive Director of the American Humanics Program at HPC, will be moving to Colorado State University on March 1.

Because Dunn works for American Humanics, Inc., and not HPC, the move to CSU is a transfer-promotion. The American Humanics program at CSU is new, so as Executive Director of that program, Dunn considers his move a new challenge.

Located at Ft. Collins, Colorado, CSU has 18,000 students, and Dunn is excited about the opportunity to start a new program in a different part of the country.

A decision for Dunn's replacement has not been made yet. The decision will be made jointly this month by HPC and American Humanics, Inc.

Prior to his job at High Point, Dunn worked at Bowling Green University in Ohio and for the Boy Scouts of America.

"My five years here have really been an exciting experience," Dunn said.

Dunn is excited and anxious about his transfer to CSU, although he feels his years at HPC were a positive part of his life.

MR. TERRY DUNN

# Flu epidemic hits campus

**BY JANICE CURCIO**
**Staff Writer**

Since school has resumed and through the month of January, an epidemic of several strains of the flu has taken its toll on approximately 335 students at High Point College.

Forty of those students who reported to the infirmary were kept there for 24 hours or more.

Students reporting body aches, sore throat and nausea flooded the infirmary during the first month back to school, and received advice of bed rest, liquids and aspirin. The only drugs administered were Dramamine (for nausea) and Symmetril to lessen the severity of the flu. The latter was also offered to those students whose roommates were effected.

The infirmary has asked the students who have had the flu and are suffering from a persistent cough or chest congestion, to please report it to them. These complications may lead to bronchitis or pneumonia.

Mrs. Isenhour, head nurse, also said that students should be aware of the infirmary hours and class dismissal rules.

In order to receive an excuse from class, a student must arrive by 8:15 for 8:00 classes, and before all other class periods. Class excuses required between the hours of 12:00 and 3:00 must be approved before 12:00 (nurse leaves), or the student must be at the infirmary at 3:00 (nurse returns). If you would like to see the doctor, you must be at the infirmary by 9:15.

There are no excuses from class given over the phone.

# A junior or senior should be queen

Who will be crowned Homecoming Queen for 1981?

We won't know until Saturday night but everyone on campus probably has a different idea as to who the winner will be.

Another question on the minds of some is whether a sophomore girl will be the winner for the fourth year in a row.

Wendy Dunham, Marcella Bullard and Nancy Houlberg, the last three Homecoming Queens, were all sophomores when they were crowned.

Why have we awarded the honor of being Homecoming Queen to a sophomore for the last three years?

All three girls mentioned above deserved the award as much as anyone else. But why not make the Homecoming Queen a senior or at least a junior?

After being crowned as a sophomore, what do the girls have to look forward to on Homecoming Weekend. They are not eligible as a junior and chances are good that they will not be nominated much less win again as a senior.

So why not stipulate in the voting procedure that only a junior or a senior may be the queen?

Other girls could still be nominated to the court and represent the different organizations but would not be eligible to be crowned as the new queen.

Freshman and sophomore girls who are deserving should be recognized by being members of the court. But the top honor should go to the girl who is in her junior or senior year.

At Atlantic Christian College just a few years ago, a freshman girl was crowned as Homecoming Queen. Two years later another freshman won the crown.

Shouldn't the honor and prestige of being a college Homecoming Queen be reserved for those girls who have served the campus for more than just a year?

The Homecoming Queen is not always the prettiest girl on the court but is one who has beauty and has served the campus through extracurricular activities as well.

In Nancy's case, she won the crown because she was pretty, well-known and involved in many campus organizations as a freshman and as a sophomore. But now when she is making an even bigger contribution to those organizations, she can only turn over her crown to the next queen.

It would also seem more appropriate for a senior or an alumnae to turn over the crown to her successor.

With 22 girls on the court this year, it's anybody's guess as to who will be the winner.

Will it be another sophomore?

Or will a junior or senior girl reign as Homecoming Queen for 1981?

# Bad checks costly to students

If you're like most people these days, every visit to a store to make a purchase can become a depressing experience for you.

Our dollars just aren't buying as much as they once did. Inflation takes more and more of our personal finances, and it's no surprise that many folks come up short in having money to buy what they need and want.

There are, however, those brave souls who attempt to perform financial magic by squeezing more money from their financial accounts than is actually available. Their practice is simple: you write a check for more money than is on deposit in your checking account, and hope that the mistake goes unnoticed.

By following this practice, these "money magicians" are able to buy an item or get cash, leaving the store or check-cashing business in a predicament. They don't get paid or reimbursed because of insufficient funds.

This practice of "bouncing" checks is becoming a real problem for many stores, banks and other places of business where checks are accepted. Check-bouncing at High Point College is no less of a problem, and it's one that could lead to increased difficulty for students.

In January alone, the business office reported 75 bad checks written to the college. Estimates indicate that 40 to 50 bad checks can be reported here each month. Many persons may shrug off this practice as insignificant; however, check-bouncing can be a costly experience in several ways.

*First*, most banks charge a person a substantial fee for writing a bad check. This fee could be $5 to $7. In addition, many businesses will also charge a fee for a bad check.

At High Point College, a person is charged $3 for a bad check. Conceivably, if you wrote a bad check to High Point College for $25, you could end up paying $35 with the additional penalty fees added. The cost to you, in terms of money, is great.

*Second*, writing bad checks may lead to your inability to use checks as an accepted form of payment. Persons who write bad checks often lose their privileges at businesses and must resort to payment in cash. The loss of this privilege is another costly result.

*Third*, the cost of losing check-cashing privileges can not only affect an individual, but also affect others associated with that person. This is typified by businesses who notify High Point College that HPC students will no longer be allowed to write checks, mainly due to the check-bouncing antics of a few persons. What you do as an individual may be costly to many other people.

*Fourth*, check-bouncing can lead to difficulties with your bank, and can make it difficult for you to establish a positive credit rating in many communities. With the need for a good relationship with a bank and a positive credit rating, it seems foolish to risk passing a bad check. Again, it is costly.

*Fifth*, should a person decide that check-bouncing is acceptable he/she may find that local communities don't always share this belief. Most communities have laws which prohobit this practice, and the continued practice of passing bad checks can lead to some very unfortunate consequences. Is it worth this cost?

Those of us who care about you who are students would urge you to be careful with your finances and to avoid check-bouncing at every turn. Don't even give it a second thought. You are responsible for your actions, and this means that it's up to you not to spend more than you have.

When you bounce a check, a business can suffer, your friends can suffer and you can suffer. If, however, you think that you can beat the odds and get by with check-bouncing, then good luck, friend. Just remember one thing: bouncing that check can cost you in more ways than you might have thought.

Don't tell anyone that you weren't warned.

*BOB LOWDERMILK*
*DEAN OF STUDENTS*

# A junior or senior should be queen

Who will be crowned Homecoming Queen for 1981?

We won't know until Saturday night but everyone on campus probably has a different idea as to who the winner will be.

Another question on the minds of some is whether a sophomore girl will be the winner for the fourth year in a row.

Wendy Dunham, Marcella [illegible] and Nancy [illegible], the last three Homecoming Queens, were all sophomores when they were crowned.

Why have we awarded the honor of being Homecoming Queen to a sophomore for the last three years?

All three girls mentioned above deserved the honor [illegible]. But why not make the Homecoming Queen a senior or at least a junior?

After being crowned as a sophomore, what do the girls have to look forward to at Homecoming Weekend. They are not eligible as a junior and chances are good that they will not be nominated much less win again as a senior.

So why not stipulate in the voting procedure that only a junior or a senior may be the queen?

Other girls could still be nominated to the court and represent the different organizations but would not be eligible to be crowned as the new queen.

Freshmen and sophomore girls who are deserving should be recognized by being members of the court. But, the top honor should go to the girl who is in her junior or senior year.

At Atlantic Christian College just a few years ago, a freshman girl was crowned as Homecoming Queen. Two years later another freshman won the crown.

Shouldn't the honor and prestige of being a college Homecoming Queen be reserved for those girls who have served the campus for more than [illegible] year?

The Homecoming Queen is not simply the prettiest girl on [illegible] but is one who has [illegible] and has served the campus through extracurricular activities as well.

In [illegible] case, she was the [illegible], well-known and involved in many campus organizations [illegible].

It would also seem more appropriate for a junior or senior to [illegible].

With 10 girls on the court this year it's anybody's guess as to who will be the winner.

Will it be another sophomore?

Or will it finally be a senior girl who is Homecoming Queen for 1981?

DEAN OF STUDENTS

# Campus Cases

**BY DANNY BERRIER**
**Attorney General**

Six court cases were handled by the Supreme Court of the SGA during the past two weeks, all dealing with alcohol violations resulting from a party in Millis Dorm. Two of the defendants were found guilty of the offense, one was acquitted and the remainder were turned over to Dean Bob Lowdermilk.

The two convictions resulted from the Court's decision that the resident counselor's testimony was conclusive evidence. His testimony was that he could positively identify the students involved as having beers in their possession even though he did not take the alcohol from them.

The Court felt that considering the position he occupies, the RC's word should be taken as evidence in a trial. As a member of the school staff, the RC deserves the same respect for his testimony as any professor or member of administration.

The one acquittal was due to the Court feeling that there was not conclusive evidence to convict the student. He was identified as being seen in the hallway of the dorm with alcohol and the court felt it was impossible to determine absolutely that he had a beer in his hand.

The three cases turned over to Dean Lowdermilk were due to the fact that the students involved did not appear for their court trials. Chief Justice Keith Chance decided that the cases should therefore be turned over to the Dean to handle administratively. Each was fined $25 as a result of this procedure.

Two interesting matters were decided by this series of court cases. First, a student can be convicted of alcohol possession even if he does not have the beer in his hand and is in another student's room. The court felt that evidence would indicate whether or not the student was drinking by the number of beers taken and the number of people in the room.

A second point was that the appeal process is best considered when a student discovers new evidence or feels his trial was not properly conducted. Acting President David Cole will hear the case and reach a verdict in light of the new evidence or procedure violations.

Several violations have been turned over to the Judicial Committee which will be prosecuted within the next few weeks. The amount of violations continues to rise with many students facing the penalty of $25 for having alcohol on campus.

# Spring semester enrolls 75

**BY KIM HIGGINS**
**Staff Writer**

Seventy-five new students are enrolled at High Point College this semester, including those in the Continuing Education Adult Program.

With this figure, Mr. David Holt, Registrar, estimated High Point has around 1,010 students this semester. Last semester the enrollment was 1,041.

"We always expect fewer students in spring than compared to the fall," Holt said. "We don't particularly like it, but we just typically expect it."

According to him, High Point lost approximately 105 students. This is still tentative because some students are still considered enrolled even if they aren't at High Point. Of the 105, 23 students completed graduation requirements and 7 more have incompletes, but may still fulfill their requirements.

Fourteen students withdrew during last semester for personal reasons including sickness.

Eleven students were special students not seeking degrees. They came for certain courses so they left after one semester. These are unclassified students.

Six students were ineligible to return because of their grades. These students entered during the spring of last year so they were evaluated for a full year before the College told them they couldn't return.

"Fifteen to twenty of the 105 left because they were in academic difficulty. They were probably disheartened by their poor performance and decided college was not for them," Holt said.

Twenty-one students transfered to other schools. Holt says he found these students mostly went to state schools, the large universities like Appalachian or UNC-G. Only five went to community colleges.

Two or maybe three "were not happy at college" and went to technical schools.

"Only three went below college level, like to a charm school," Holt said.

Many of the transfers went to senior colleges. These statistics seem to conform to the pattern of the past.

"We don't lose students to colleges like High Point. They usually go to large schools like Carolina," Holt said.

The rest left for various reasons. Some got married, one got a great job opportunity and one followed a boyfriend North. And a few just didn't return.

Approximately twenty-eight that did not return were freshmen, which is not quite ten percent of the freshmen class. This is about normal according to Holt.

"That's bad to lose 9 percent of the freshmen." Holt said. "Of course the freshmen class always has the largest loss. It's mostly for academic and personal reasons. And some just decide college is not for them.

"I know at UNC-G they send home their students after one semester if they don't make their grade point average. Also if they don't pass a certain number of hours they're gone. High Point gives them a year to make the required grade point average."

Of the seventy-five new students, twenty-six are transfers, twelve were readmitted, seventeen are first time freshmen and twenty others are unclassified. There are seven new foreign students: one each from Finland, Greece, Bangladesh, Nigeria, Pakistan and two from the Dominican Republic. The transfers come from every level of college from junior and small four-year schools to large state schools.

"We receive quite a number from large state schools. People find these schools too large for them," Holt said.

These figures are almost identical to the registrar's figures of the last few years. For example, last year at this time HPC lost 106 students and gained 69 new students. This year the fall enrollment was up, so the actual number of students attending is higher.

"Everyone was happy with our fall enrollment. It was by far the largest enrollment in the last four years. Our spring enrollment is up because, though we lost and gained about the same number as in former years, we started with more people," Holt said.

# SGA allocates more moneys

**BY SCOTT A. HANCE**
**Editor-in-Chief**

A special session of the SGA was called by Speaker Mike Showalter on Jan. 28 at noon to discuss a proposed allocation of money to the Black Unification Movement.

The BMU requested the money to help fund their "Black Awareness Week". Showalter called the special meeting in order to move on the matter quickly because the BMU needed to know the legislature's decision in order to finalize plans for the event.

At the beginning of the meeting, a motion was made to limit debate and if no decision had been reached, the matter would be tabled and voted on at the regular meeting of the legislature.

The original request by the BMU was for $828. After much debate, the motion was tabled and taken up at the regular meeting on Feb. 3.

At that time, the BMU had revised their budget and requested only $311. After more discussion, the motion was passed and the money allocated.

In other legislative action Alpha Chi Honor Society was allocated $300 to sponsor a series of film showings.

The legislature also discussed parking problems and cafeteria problems but no legislative action was taken in either area.

SGA President Jacky Hendrix reported that he had not made a decision concerning the bill to allocate money to the softball club.

The next meeting of the legislature will be on Feb. 17 at 6:30 p.m. in meeting room 2 of the Campus Center.

# WWIH increases hours

Due to the increased number of listeners who are tuning in to WWIH 90.5 FM, the station is expanding its hours. Along with an expansion of hours, WWIH has trained a new group of disc-jockeys to join the other crew, who together promise their listeners a variety of music to "rock the soul."

Effective Feb. 9. the new hours along with the disc-jockeys are:

| | | | | | |
|---|---|---|---|---|---|
| Monday | 3-6 | Lynn Preston | Friday | 3-6 | Elizabeth Brack |
| | 6-9 | Janet Gibbons | | 6-9 | Liz Tyrrell |
| | 9-12 | Speedee | | 9-1 | Patricia Woodle |
| Tuesday | 3-6 | Joe Budd | Saturday | 12-3 | J.J. |

# Library hours to be evaluated

KIM HIGGINS
Staff Writer

The extended hours of the library will probably not remain in effect, according to Larry Keesee, Director of the Wrenn Memorial Library.

The hours were extended at the end of last semester.

The library is now open from 8:00 a.m. to 11:00 p.m. on weekdays, 10:30 a.m. to 5:00 p.m. on Saturdays, and 3:00 p.m. to 11:00 p.m. on Sundays.

Keesee says they do a head count during the extended hours. According to his observations, students are not taking advantage of the extra time. Dr. David Cole and the President's Advisory Council will decide in March whether the hours will continue to be extended.

"It depends on whether the usage justifies keeping all or part of the hours," Keesee said.

"According to the present statistics they probably won't be permanent," Keesee added.

He suggested they might only be extended during final exams.

One reduction he said would probably take place are the Saturday morning hours. But the library will probably keep opening at 8:00 on weekdays.

"We will be happy to stay open if usage justifies it. If there is a significant increase of usage then the hours will probably be kept," Keesee said.

# Society to sponsor photography contest

The Society for Collegiate Journalists had its first meeting of the semester, Wednesday, Feb. 4. During the meeting, the SCJ set a deadline date of March 4, for all membership applications and fees.

The Society plans to sponsor a photo contest in the early spring. All photos entered in the contest must be black and white. The winning photographer will receive $25.

Among other issues discussed was the possibility of having a buffet dinner for the SCJ and other publication staffs and committees on campus.

The SCJ will have its next meeting Wednesday, Feb. 25 at 11 a.m. in meeting room 2 of the Campus Center. If you are a member or are interested in the SCJ, the Society urges you to attend.

# BMU to sponsor special week

BY MARIO WATSON
Staff Writer

The "Black Awareness Week," sponsored by the Black Unification Movement, will be held from Feb. 16-22 on the HPC campus. The event is an attempt at sharing the culture of the Black people through speakers, gospel music, films, talent shows, fashion shows and a disco with the students of the college.

The BMU feels that it is important for others to learn about different existing societies in our great nation. The week will enable them to have better relationships with a variety of the people.

Following is a schedule of events for the week:

Monday, February 16
Speaker: Mr. Albert Campbell, NAACP
Choir: Heavenly Voices
Tuesday, February 17,
Films
Wednesday, February 18
Talent Show: Participants interested see Anthony Jenkins
Thursday, February 19
Fashion Show
Friday, February 20
Induction of new officers
Saturday, February 21
Disco: Old Student Center
Sunday, February 22
Speaker: Mr. Willie Middlebrook
Voices of Zion

# Newspaper scholarships available

ATLANTA -- The Ralph McGill Scholarship Fund offers scholarships for the 1981-82 school year of up to $1,500 each to students with southern backgrounds who have completed at least two years of college, Jack Tarver, chairman of the Scholarship Fund said recently.

Tarver said May 1 is the deadline for applications. He said a number of scholarships are awarded each year to students who have demonstrated a long-time interest in the news and editorial phase of newspapering.

Scholarships, he said, are limited to those young men and women whose roots lie in the south. Applicants must also convince the Awards Committee that they firmly intend to pursue a career in daily or weekly newspapering. Tarver said the Awards Committee wants to give scholarships to those who are likely to become leaders in the newspaper field.

Successful applicants will be required to maintain a "B" average in order to keep the scholarship.

A letter of not more than 500 words telling why the applicant wants a scholarship, together with a photograph of the applicant, must accompany each application. Applicants also must have a letter of recommendation from a college authority.

Application blanks may be obtained from: The Ralph McGill Scholarship Fund; Box 4689; Atlanta, Georgia 30302.

# Art tour offered

An art tour of Italy for High Point College is being sponsored by the art department and the International Travel Club June 10-24. The tour, organized by Ms. Jane Burton of HPC, is being offered to anyone interested.

Tour cost is $1,697 per person - round trip from Greensboro to New York to Milan, Italy.

Burton will teach the orientation sessions and accompany students throughout the field trip in Italy.

If you are interested, registration and a $150 deposit is due to Burton before Feb. 27. Registration deadline and final payment for the tour is due May 11.

# Ring day to be held

The High Point College Bookstore has announced that ring day will be held on Feb. 23 and 24 from 10:00 a.m. to 3:30 p.m.

Mrs. Bernice Webb, manager of the bookstore, announced Tuesday that a representative of Jostens Inc. will be on campus in the bookstore to take ring orders on those two days.

# Dance set for Friday

The 1981 Homecoming Dance will be held at the Village Green in Greensboro on Friday, Feb. 13 at 8 p.m.

Tickets are now on sale in the cafeteria and in the student activities office. Admission is $3 per person in advance and $4 at the door.

The band for the dance will be the seven-member group Threshold.

**THRESHOLD WILL PERFORM** at the Homecoming Dance Friday night at the Village Green.

## *Initiations and formal dances keeping Greeks on the move*

**ALPHA GAMMA DELTA**

The Alpha Gams are getting psyched for Homecoming Weekend. They are all busy working on their banner. On Feb. 14, they will be having a Homecoming tea in honor of their alumni. Congratulations go to their girls on the court: Jannell Welsh, Teri Scarchello, Nancy Chipman, Teriann Cleary and Kathy Halligan. They hope that everyone has a fantastic .Homecoming Weekend.

**THETA CHI**

The Theta Chis are sponsoring a pre-Valentine's Day and Homecoming night at TOC's on Thursday, Feb.12. Come on out and dance the night away. There will be a 50 cents admission charge.

They would also like to congratulate Sharon Litchford for being nominated as their Homecoming representative for 1980-81.

They are also planning their spring Dream Girl Dance which will be held on March 20 at the Thomasville Women's Club.

**KAPPA DELTA**

Kappa Delta celebrated the end of January with a roller skating party on Jan. 29 and a mixer on Jan 31.

On Feb. 6, Gamma Gamma's Province President, Kitty Barnes, paid her annual visit. On Feb. 9, the KDs held a country jamboree to show the northerners how to be southern! Gamma Gamma will be celebrating their 26th Anniversary on Feb. 12. The pledge class of 1980-81 will be giving the sisters a party on Feb. 20 at Raintree Apartments.

The sisters and pledges are proud to have three KDs on the Homecoming Court. Sharon Lowe will represent IVCF; Carol Rogers will represent WWIH; and Sue Pierce will represent Kappa Delta. The KDs would like to wish good luck to each Homecoming representative.

**LAMBDA CHI ALPHA**

The Lambda Chis are anticipating a great Homecoming Weekend which will include an alumni party following the game on Saturday night. They would like to wish Cindy Burbage, as well as the rest of the court, good luck.

The following weekend, the Choppers will be on the road to UNC-G for a squamish match.

If any girls are having trouble falling to sleep at night, the Chis are telling bedtime stories this week as a fund raiser. More fund raisers in the making are a book of coupons from various area stores and a car wash for March 21.

Future events include Don Ho Dance scheduled for Feb. 21 and the annual White Rose Dance on Easter weekend.

**ZETA TAU ALPHA**

The pledges of Zeta Tau Alpha honored the sisters at Sweetheart Dance on Feb. 6 at Sedgefield Country Club. Sweetheart for 1980-81 is Bill Corbett. The next night, the sisters and pledges enjoyed a night away from campus.

The sisters and pledges are looking forward to Homecoming Weekend. They would like to congratulate all the girls who are on the court and especially Debbie Bouldin, Cindy Burbage, Kristin Brown, Bettie Bolen, Karen Graupensperger and Sharon Litchford. Good Luck!

The Zetas would also like to congratulate Ann Wheeless for being selected as Delta Sigma Phi Dream Girl.

**ALPHA PHI OMEGA**

The brotherhood of Alpha Phi Omega would like to welcome their six new brothers and nine new pledges. The brothers include April Callahan, Mike Louia, Bonnie Hopkins, David Young, Ann Smith and Dana Gilbert.

The fraternity would also like to thank all those who participated in the spring semester Open House. There were over 50 students in attendance.

A special thanks goes to their advisors for all their help and support.

**DELTA SIGMA PHI**

The Delta Sigs recently initiated seven new brothers into the bond. The new brothers are Randy Hawes, Glenn Groseclose, Tom Greco, Jeff Zivic, Griff Thompson, Tim Bartlett and Geff Yarborough.

The new brothers were honored at the Dream Girl Dance on Friday, Feb. 6 at the Thomasville Women's Club. Everyone enjoyed a great dinner and dance. Ann Wheeless was crowned as Delta Sigma Phi Dream Girl for 1980-81.

Nancy Chipman will represent the Delta Sigs on Homecoming court. The Sigs wish all the girls good luck.

The Sigs are doing well in intramural basketball and are looking forward to spring sports in defending their intramural crown.

With Sailor's Ball coming up on Easter weekend, the Sigs will be busy raising money this semester. They are planning to sell light bulbs in the near future as well as working on tennis courts.

**PI KAPPA ALPHA**

Pi Kappa Alpha would like to congratulate their new brothers. The brothers would also like to thank the Little Sisters for the great job they did on the party held after initiation. The following are the new brothers: Doug Glenn, Al McLean, Donny Wilbourne, Chris Williams, Tom Burgess, Tom Leech, Carl Ernst, David Stacey, James McComas, Sam Gragen, Pat Connely and Burt Evans.

The Pikas have also recently taken in two new pledges. They are Jeff Wolfe and Mark Lackey. Congratulations!

Upcoming events for the Pikas include Gangsters Dance to be held on Feb. 28 and Dream Girl Dance on April 3. They will also be participating in a Spring Ralley on March 21.

Happy Valentine's Day!

See Greeks, p. 10

# Academic advisor system being studied

**BY ALISA WALKER**
**Staff Writer**

One of the most unique things about being a student at High Point College is having an academic advisor to guide you throughout your four years of college.

However, it seems there have been a few problems with the academic advising system here.

Acting President David W. Cole has set up a special committee to study the academic advising system of the college. The chairman of the committee is Dr. Owen Weatherly, professor of religion and philosophy.

Weatherly said the committee is a temporary one designed to take a look at academic advising and see if there are ways to improve the system.

A member of the committee, Susan Wooten, said the committee is going over the whole system thoroughly.

"I think the system as a whole is good, but there have been problems," she said.

Wooten said one of the major problems is that freshmen do not read the catalogue closely enough. As a result, they may assume they do or do not need a certain course for their major requirements.

According to Weatherly, it is the academic advisor of a student who is responsible for directing him to the college catalogue under which he came in as a freshman.

Another problem the committee is studying is communication between the advisor and his advisee.

"We ought to let students know it is our responsibility to listen to him as a whole person," Weatherly said.

"I feel that the academic advisor should be concerned about how well a student does in his classes."

Many times a student may do poorly because of other problems outside of school. Weatherly said he thinks in this case an advisor has the responsibility to direct the student to other types of counseling on campus.

There are two types of advising systems. Other than the academic advising committee, there is the orientation advising system. According to Weatherly, the orientation system is designed for freshmen. Its purpose is to help the new students adjust to college life.

According to Weatherly, the first important step of a student entering High Point College is to get a college catalogue and read it carefully. When approaching registration, a student needs to consult his advisor about what to take, then register.

Weatherly said a transfer student needs to get a copy of his credits before registering. Finally, he said all students should keep up with their credits through the registrar.

When having a problem with an advisor, Weatherly suggests it is best to go to the department head. If nothing is resolved, then a student should go to the division head. If all else fails, then the next step is to go to the dean of the college.

# Career Day upcoming

Where can a student find information on thirty-five career opportunities -- all in one location -- survey business and professional organizations, requirements, and market demands?

The Division of Behavioral and Social Sciences, headed by Mr. William F. Cope, in conjunction with the Earl N. Phillips School of Business, is sponsoring a Career Day on Wednesday, Feb. 18, from 9:30 a.m. to noon.

Representatives from over thirty business and professional organizations in the greater High Point area will be on campus to provide information and answer questions concerning opportunities in their various fields.

Cope says this is an ideal time for students to talk with professionals representing various organizations in the High Point area and explore career possibilities.

# Fitzgerald published

Dr. Ernest A. Fitzgerald has recently published a new book entitled *God Writes Straight With Crooked Lines.*

Dr. Fitzgerald received an honorary D.D. Degree from High Point College in 1968.

The book, published by Atheneum Publishers of New York, has received many good reviews from such publications as the *Los Angeles Times* and *Publishers Weekly.*

In the book, Dr. Fitzgerald suggests ways that will aid people in coping with such problems as boredom, loneliness, criticism, anxiety, success and more.

Dr. Fitzgerald is the senior minister of Centenary Methodist Church in Winston-Salem and has written five other books.

The book is scheduled for official publication on Feb. 24.

### *Many organizations represented*

# Campus queen to be crowned Saturday

**BY SCOTT A. HANCE**
**Editor-in-Chief**

Almost every campus organization will be represented Saturday night when 22 girls will be presented as the 1981 Homecoming court.

The representatives will be presented following the girls' basketball game and the Homecoming Queen will be crowned at halftime of the men's contest.

The 22 girls represent nine states, three sororities and all four classes.

Eight girls are from North Carolina and four are from Maryland. There are six members of Zeta Tau Alpha, five Alpha Gams and three Kappa Deltas on the court. The junior class placed seven girls on the court while the freshmen and sophomore classes have six each. There are three seniors on the court.

Each of the four fraternities selected a representative and two sororities elected a representative. Each of the campus service organizations will also be represented.

Nancy Chipman will represent Delta Sigma Phi for the second year in a row. Chipman, a junior, is a physical therapy major from Rockville, Md. and will be escorted by Toby Tobin. She is a member of Alpha Gamma Delta sorority and participates in intramurals and College Bowl for the Gams.

Representing Pi Kappa Alpha will be Teriann Cleary, a freshman from Sarasota, Fla. She will be escorted by Steve Burton. Cleary is also an Alpha Gam and a Pika Little Sister. She is majoring in business administration and enjoys all sports, including sailing and waterskiing.

The Theta Chi representative will be Sharon Litchford. Litchford is a junior from Wilmington, Del. and is majoring in political science. She will be escorted by Chris Graney. Litchford is a writer for the *Hi-Po* and is a member of the cheerleading squad. She is a Zeta and also the judicial representative for the junior class.

Cindy Burbage, a senior from Raleigh, N.C., will represent Lambda Chi Alpha. Burbage is a communications major and has worked on the various school publications. She is a Zeta and was on the court last year as the junior class representative. She will be escorted by Mark Lambert.

Zeta Tau Alpha will be represented by junior Debbie Bouldin, a business major from High Point. Bouldin was also a member of last year's court as the Student Union representative. She is secretary of the junior class and secretary for the Zetas. Bouldin is a Presidential Scholar and a member of Delta Mu Delta honorary business society. She will be escorted by Scott Killian.

This year's representative from the Kappa Delta sorority will be Sue Pierce. Pierce is a sophomore human relations major from Winter Park, Fla., and will be escorted by Doug Shields. She is a counselor with the High Point YMCA and a member of the American Humanics Student Association.

Representing the Alpha Delta Theta service sorority will be freshman Tonya Hogan from Norman, N.C. Her major is pre-med and biology and she enjoys tap dancing and music. Hogan will be escorted by Michael Greene.

The Alpha Phi Omega service fraternity chose Anne Smith as its representative. Smith is a sophomore communications major from Atlanta and is on the staff of WWIH radio station. She enjoys composing songs and writing poetry. Her escort will be Ronnie Chapmen.

The four class representatives will be Karen Graupensperger, Jannell Welsh, Teri Scarchello and Kathy Halligan.

Graupensperger, a senior is a business-furniture marketing major from Lancaster, Pa. She is a member of Zeta Tau Alpha and Delta Mu Delta. She is secretary/treasurer of the class and will be escorted by Jim Gladden.

Welsh, who was first runner-up last year as class representative, is a junior majoring in biology and will be escorted by Jeff Sloan. She is a Presidential Scholar, a member of the field hockey team, treasurer of the P.E. Rec. Majors Club and a member of Alpha Gamma Delta. Welsh is from Randallstown, Md.

Scarchello, also a member of last year's court, is a sophomore from Chantilly, Va. She is an Alpha Gam and is majoring in behavorial science. Scarchello enjoys skiing and playing lacrosse. She will be escorted by Mike Brandell.

Halligan will represent the freshmen class. She is a business major from Wilmington, Del. and an Alpha Gam. She is a member of her dorm council and of the Student Union. Halligan enjoys skiing, horseback riding and photography. Chuck Meisel will be her escort.

Two campus publications and the radio station will be represented again this year.

Crystal Hedgecock, a freshman from High Point, will represent the *Hi-Po*. She is a communications major and assistant editor of the newspaper. She is a member of the Society for Collegiate Journalists and enjoys waterskiing and playing the piano. Hedgecock will be escorted by Mike Cook.

The *Zenith* will be represented by Bettie Bolen. Bolen is a junior from Greensboro and is majoring in Christian education. She is a cheerleader, sports editor of the yearbook and a Zeta. She enjoys cooking and reading and will be escorted by French Bolen.

WWIH radio station will be represented by Station Manager Carol Rogers. Rogers is a communications major from Bowie, Md. and will be escorted by Art Prillaman. She is a Presidential Scholar, member of the Society for Collegiate Journalists, member of Kappa Delta and judicial representative of the sophomore class.

Seven other campus organizations chose representatives for the 1981 court.

The SGA legislature will be represented by freshman Kristin Brown of Allenwood, N.J. Brown is legislative representative of her class and is a Zeta. She is a communications major and enjoys painting and photography. John Van Horn will be her escort.

The Student Union representative this year will be Lisa Baumann. Baumann is a business major from St. James, N.Y. and is a Pika Little Sister. She is a junior and enjoys photography and skiing. Her escort will be Bob Kluckhohn.

Lillia Harris will represent American Humanics on the court this year. Harris is a sophomore from Adelphi, Md. and is a human relations major. She is also a member of the APO service organization and she enjoys swimming, playing tennis and playing the piano. Delbert Hickman will escort her.

The Day Student Organization selected sophomore Rhonda Hardin to be its representative. Hardin is an early childhood education major from High Point and is a member of the SNEA. She enjoys cooking, sewing and needlepoint. She will be escorted by Derick Apple.

Junior Elaine Croker, a recreation major, will represent the P.E.-Rec. Majors Club. Croker is from Trinity, N.C. and she enjoys all sports. She will be escorted by Jay Yow.

Sharon Lowe, a freshman from Rivervale, N.J., will represent the Inter-Varsity Christian Fellowship. Lowe is an education major and is a member of Kappa Delta sorority. She enjoys soccer and music as well as working with children. Her escort will be David Matzko.

The Black Unification Movement's representative this year will be Barbara McQueen. McQueen is a senior elementary education major from Laurinburg N.C. She is a member of SNEA, Student Union and the High Point College Choir. Lenwood Graham will be her escort.

Voting for Homecoming Queen will take place on Feb. 12 at lunch and dinner in the cafeteria. Students will vote for two girls and will only be able to vote if they cast two votes.

Last year's queen, Nancy Houlberg, will help crown the 1981 Homecoming Queen Saturday night in Alumni Gym.

## Homecoming Calendar

# Bolich has traveled far and lived diversely

BY KATHY FULP
Staff Writer

Teaching is not new to Dr. Leon Bolich.

In the last 27 years Dr. Bolich, who is in his second year of teaching business and economics at High Point College, has taught many class levels ranging from kindergarten to graduate school.

Dr. Bolich's first full time teaching experience was in 1956 in Philadelphia. He had an average class load of 275-290 students per day.

Dr. Bolich had an unusual study hall that contained 500 boys. He said the study hall presented two problems. First of all, he had to keep the boys from throwing things. Secondly, he had to keep from getting sick from the smell of peanut butter sandwiches. His study hall was right before lunch and the boys would sneak out their sandwiches. Therefore the whole room smelled of peanut butter.

The subjects Dr. Bolich has taught are as varied as the many levels in which he has taught them. In addition to business courses, he has taught music, English, Latin, ancient literature, education, philosophy and history.

Dr. Bolich's admitted love for teaching and people shine through in his classes. He is an experienced speaker who always keeps his students' attention. He always looks forward to coming back to school.

"My impression of what teaching requires is that you've got to be a little bit of a showman, have a sense of humor and unfortunately be a bit of an egotist to make material appear important," Bolich said.

Dr. Bolich said the danger of this philisophy is that a teacher can make a real fool of himself by getting carried away. According to Dr. Bolich, the best teacher he ever had was a good showman. The teacher clowned constantly even though he was in his middle sixties. "The students flocked to him," Bolich added.

Peapicking, wirebending, working in a steel foundry, counseling at a boy's camp, managing the grounds of two estates and institutional cooking are some of the interesting jobs in Dr. Bolich's past. He said he hated his cooking job because he would work three or four hours for a meal and in 20 minutes all that would be left was garbage. The crowds Dr. Bolich cooked for ranged in size from 20 to 400 people.

Foreign travel, crossword puzzles and collecting and refinishing antiques (especially wooden) are some of Dr. Bolich's hobbies.

He has traveled in 17 countries. England is his favorite of the ones he has visited. This is because he loves the English people.

According to Dr. Bolich the English people have a gentile, unaggressive attitude and they are not materialistically dominated, but courteous and very dignified.

Theater is another of his interests.

"I did everything from writing scripts to directing," Bolich said.

He usually played supporting slapstick roles in musical comedies.

"I love music. I have music on all day long," Bolich commented.

He has written a number of pieces of music-both solos and mixed voices, and was a musical director for six years.

Architectural design is another of Dr. Bolich's hobbies. He has designed a number of buildings which are mostly institutional. This hobby began 30 years ago in a high school course.

Dr. Bolich also finds time to be a parent to his fourteen-year-old adopted son.

He was born in Seneca Falls, New York and lived there until he graduated from high school. He attended school for eleven more years at Niagara University, Catholic University, American University and Howard University. Dr. Bolich has three degrees which are a B.B.A. (Bachelor of Business Administration), M.A. in Education and Business and a Ph.D. in Economics.

Dr. Bolich has loved his eight years in North Carolina.

"I chose North Carolina, then I chose the place to work," he said. "I prefer this area to any area I've ever lived in. The Piedmont has the best combination of all things."

Students at HPC get a much better education than they are aware of, according to Dr. Bolich.

"In general I think students here underestimate the value of the experience they have here," Bolich said.

Academically "High Point College can be compared very favorably with some of the best institutions in the country." He feels students here should get rid of their inferiority complex.

"More real teaching occurs per class hour here than at most large universities," Bolich pointed out. This is because HPC emphasizes teaching rather than research.

"High Point College has the best spirit of any institution I've been associated with," Bolich said.

He also said there were positive and warm relationships between the different groups on campus.

Of the students, Dr. Bolich said "I wish they'd study more."

Dr. Bolich admitted he would not leave High Point College for anything short of the president's cabinet in Washington, D.C.

# *Applications being accepted for CSO*

The East Carolina University School of Medicine Center for Student Opportunities (CSO) is now accepting applications for the 1981 CSO Summer Program. The eight-week enrichment program for minority and/or disadvantaged rising sophomores, juniors, seniors and students who are planning to apply to medical and related health professions schools runs from May 21-July 16.

The curriculum includes course work in the basic and clinical sciences, medical terminology, reading and learning skills, behavioral and coping skills and an elective in MCAT preparation. Credit hours may be granted upon the discretion of the home institution. Amount of financial aid is dependent upon grant approval.

Applicants must submit an application, a complete college transcript, three letters of recommendation and SAT scores. Deadline for application is March 1, 1981.

For further information or to request an application, write:

SUMMER PROGRAM, Center for Student Opportunities, 225 Whichard Annex, School of Medicine, East Carolina University, Greenville, North Carolina 27834, or call (919) 757-6122.

**PHI MU**

The Phi Mus have recently taken in three new Phis. They are Karla Thornhill, Sharon Elrod and Lisa Parsons. Congratulations!

They are busy working on a Homecoming banner as well as planning fund raisers. They are sponsoring a Night-at-the-Rail tonight and another one on Wednesday, Feb. 18. Come out and support the Phi Mus.

Anna Brady will be on the Good Morning Piedmont show on Friday, Feb. 20 at 6:00 a.m.

The Phi Mus would like to extend their congratulations to all new brothers and sisters of all sororities and fraternities.

**ALPHA DELTA THETA**

The sisters of Alpha Delta Theta are planning for their Yellow Rose Formal to be held on Feb. 28. They welcome three new pledges into their group: Susan Durbano, Laurie Walker and Ursula Watt. Congratulations!

Visits to their adopted grandparents are continuing and plans are being made for their Variety Show coming up in March.

Homecoming plans are also being made and congratulations go to Tonya Hogan, their representative.

# Seniors begin searching for jobs

**BY NELL TORAIN**
**Staff Writer**

Graduation is around the corner and many seniors are busy preparing for the future.

Some seniors prefer to continue their education whereas others are looking for immediate careers.

Paula Prillman plans to attend graduate school while Peggy Pesce is applying for law school. Kinta Otterman, a senior sociology major, has already had four interviews and has applied to several different school systems.

"Finding a job is a lot harder than I anticipated," Otterman said.

According to Diane Hanson in Student Personnel, many students have been coming in for advice and help with resumes. Several resume writing sessions have been held throughout the semester.

"Over 100 students have been participating in these sessions," Hanson said.

Information on interview techniques has also been offered.

Hanson, who is the Director of Career Planning and Placement, has gone to several senior education classes and has spoken to students.

"As far as education is concerned, the schools are being filled up quickly because of their full schedules," she said.

Hanson stated that interviews are being set up by individual companies for students.

"It depends on the interest of the company as to how many students sign up for interviews. We make individual contacts with large companies for students that are involved with a major that only has a small amount of people."

She also remarked that the students have to be aware of their skills in able to inform the various companies.

"Everyone needs to know what their assets are. Besides talking to student personnel for assistance you should talk to relatives, friends, ministers, advisors or any employers you have worked with or been in contact with," she added. "Pay close attention to the newspapers, magazines and professional journals for possibilities."

Some important dates for seniors to remember are Feb. 11, 19, 25 and 27. Various interviews are scheduled for these dates and anyone interested should contact Student Personnel for further information.

# Field school open to interested students

If you are a college student majoring in history, archaeology or anthropology, are a certified diver, and enjoy hard work combined with a learning experience, then perhaps the 1981 Field School in Underwater Archaeology and Maritime History is for you.

Conducted on an annual basis by East Carolina University and the Underwater Archeology Branch of the North Carolina Division of Archives and History, the field school program will be held this year in New Bern, N.C. from May 19-June 25.

Archaeological objectives will include the conduct of a magnetometer survey of portions of the Neuse and Trent Rivers in efforts to locate and assess shipwrecks and other submerged cultural resources.

Selection of student participants will be based on current field of study (those majoring in history, archaeology or anthropology are preferred), academic standing and diving experience.

Students who successfully complete the course will receive six hours undergraduate or graduate level credit. In addition to practical field experience, students will receive classroom instruction in underwater archaeological method and theory, maritime history and ship architecture.

Each student will be responsible for completing an individual research project during the six-week program.

Tuition for the six-week course will be approximately $387.00 for in-state students and $673.00 for out-of-state students. These figures include $200.00 for room and board and $100.00 for laboratory fee.

For further information contact Dr. William N. Still, Jr. History Department, East Carolina University, Greenville, N.C. 27834.

# Panthers looking to defend baseball championship

BY JOAN MADERT
**Sports Editor**

The High Point baseball team finished the 1980 season with a 21-18 record, but the Panthers pulled together as a team in the Conference Tournament and won their fourth consecutive Conference Championship title.

For the '81 baseball season, the prospects look hopeful for the Panthers to again have a winning season.

The fall season for High Point proved to be a very encouraging sign for the spring.

The pitching staff this year will give High Point a definite advantage.

"The pitching staff is stronger and deeper this year. If we had had this much depth last year, we may have won it all," said Coach Jim Speight.

After a surprising showing during the final game against Elon in the Conference Tournament, sophomore pitcher Joe Grabis continues to look good for this season.

"If he throws strikes he will be good," Speight said.

A transfer from Lewisburg College, Tony Moodey will also be a strong addition to the pitching staff.

"Moodey may be the best out there if he pitches strikes," Speight said.

In the 1980 season, High Point was plagued with some pitching problems but this year the Panthers should have more depth.

"We won't have to stay with the same one if they're having a bad day," Speight said.

The only questionable factor facing the Panthers is their hitting. Freshman Andy Dupree was a hitter in high school and proves to be a potentially good hitter for High Point. Grabis, a good man with the stick, will be a designated hitter when he is not on the mound.

After losing Tim Reid at second base with a .350 batting average, senior Kevin Albertson is expected to fill the void.

"Albertson will help to keep things going. He is a consistantly good hitter and can turn a quick double play," Speight said.

**HPC BATTERS have been swinging away for the past few days. (Photo by Lisa Davido)**

At first base again this year will be junior Neil Van Asch who has the ability to be a good hitter again for High Point.

"Van Asch may be the best hitter in the league if he stays under control," Speight stated.

Ken Carter returns to third base to add depth to the strong infield.

"We may have the best defensive infield in our league . . . and pitching also," Speight said.

One bad note for the Panthers is the ineligibility of shortstop Mike Pisano

See Baseball, p. 14

# Panthers win two close ones

## HPC squeaks by Catawba

BY MARIO WATSON
**Staff Writer**

High Point College defeated first seeded Catawba College 37-34 in an exciting Carolinas Conference battle last Saturday night.

The Panthers played sound basketball and took it right to Catawba to hand the Bulldogs their only loss of the season.

"Last time we played them, we lost and paid an enormous price - physically and emotionally," said Coach Jerry Steele.

Catawba has already locked up first place in the conference and the race now is for second place. HPC moved into the second spot by virtue of the win. Elon and Guilford are one game behind in third.

In the win over Catawba, the Panthers may have lost the services of freshman guard Buddy Sass for the remainder of the season.

Sass was headed for a wide-open layup when he was undercut by a Catawba defender. He came down on his wrist and fractured it.

"It was just one of those things. I've never been hurt in my life," Sass said. "My only regret is that I was beginning to play a lot more." Sass was also injured in the High Point win over Pembroke last week when he caught an elbow in the eye and was out of the action for awhile.

## Free throws beat Pembroke

BY MARIO WATSON
**Staff Writer**

Sophomore guard Butch Bowser hit a pair of free throws in the closing seconds to seal a 43-42 win in a hard fought battle over second place Pembroke State.

It was a game that either team could have won in the frantic final nine seconds. The Panthers, who held third place in the Carolinas Conference standings, moved up a notch by defeating the Indians.

"I feel that we did enough things that we had to do to win," said Coach Jerry Steele. "We got enough from our defense and fastbreaks to win the ballgame."

High Point started out hot as they led Pembroke 9-2 with 5:50 remaining in the first half. High Point went in at intermission leading 21-16, but Pembroke came out sizzling after intermission. The Indians hit their first 3 shots to take the lead 22-21 with 18:18 left to play.

For most of the remaining time, the score alternated back and forth until the final seconds as Bowser claimed the game's final points.

Jeff Anderson was high man for High Point with 10 points and Melvin Reid took the honors for Pembroke with 16.

**GUARD BUDDY SASS has been seeing more playing time recently but a fractured wrist will keep him off the courts for awhile. (Photo by Lisa Mickey)**

# Men's intramurals head for playoffs

BY GLENN JONES
**Special to the Hi-Po**

In the battle of the undefeateds last week in men's intramural basketball, the Swaffers slipped by Lambda Chi Alpha "A" on the strength of John O'Brien's 28 points, and Uncle Jam's Army downed Delta Sigma Phi "A"; Mario Watson led the way for the winners with 22 points.

In other exciting action last week, the Unionizers beat the Tarheels 49-47, on a shot by Danny McConnell at the buzzer; the Terps squeaked out a victory over BSU 54-53; the Hackers eaked out a victory over the Tarheels 60-59, a foul shot by Don Stewart with four seconds remaining deciding the game; the USA All Stars edged the Flying Zams 59-56; and the Theta Chis beat the snakebitten Tarheels 44-42 on a desperation shot by Chris Graney as time ran out.

Uncle Jam's Army led all teams in total scoring this year, averaging over 104

# Track team finishes a strong second in Lynchburg

**BY BILL ROUNTREE**
**Special to the Hi-Po**

On Jan. 29, the track team traveled to Lynchburg, Va. to compete in a track meet with six other teams.

At the end of the competition, High Point College made its best showing of track talent in five years with a second place finish.

Points were contributed by each member of the team as they finished no worse than third place in 12 of 15 events.

Ralph Barnes finished first in the triple jump and second in the long jump. Marty Ponder added points by finishing second in the triple jump and third in the long jump.

Bill McCown took second in the 60 yd. high hurdles and Phil Dickerson finished third in the pole vault.

Jack Songster finished number two in the high jump.

Brad Rogers, a transfer student from Campbell College, took first in the mile run with Jorge Nobre finishing third in the same event. Rogers and Nobre added more points later with second place finishes in the two mile run and the 1,000 yd. run respectively.

Doug Glenn won the 60 yd. dash with Ian Lewis and Keith Chance finishing second and third respectively in the 440 yd. dash.

Mike Duffy and Mario Benalcazar added points with fourth place finishes in the 600 yd. dash, and the 800 yd. run respectively. The two mile relay team composed of Benalcazar, Duffy, Brian Campbell and Jeff Koehler finished fourth.

The mile relay team of Chance, Lewis, Jon Richardson and Glenn finished ahead of the rest of the field.

Coach Bob Davidson was pleased with the performance of the team in their first meet of the season.

First place went to Bridgewater College by only 14 points over the Panthers.

# Soccer stars honored

Three members of the High Point College soccer team have been named to AMERICA'S OUTSTANDING NAMES AND FACES by a College Athletic Selection Committee.

Senior Chris Hohnhold, junior Jeff Sloan and sophomore Ricky Klier were each named to the prestigious group which is comprised of less than 1% of all students nationwide.

This national distinction is bestowed exclusively upon those students who have satisfied select criteria of excellence in academics, athletics, extra curricular activities or community service.

Hohnhold was selected Player of the Year in the Carolinas Conference and in the District 26 of the NAIA. Sloan and Klier were selected All-Conference while Sloan was named to the All-District team as well.

# Panther alumni honored by NAIA

JOAN MADERT
Sports Editor

Two High Point alumni, Gene Littles and Rodger Watson, have been selected for induction into the NAIA Athletic Hall of Fame.

Littles played basketball for High Point between 1965-1969 and Watson was a golfer for the Panthers between 1962-1966.

Littles was a three-time NAIA All-American at High Point. The Panthers went to the quarter-finals of the NAIA National Tournament with a record of 28-3 under the leadership of Littles.

One of the top intercollegiate golfers in North Carolina, Watson finished third nationally in the NAIA Tournament in 1966 and was also named to the All-American team.

After college, Littles played for the Carolina Cougars of the American Basketball Association from 1969-1974 and played the 1974-1975 season for the Kentucky Colonels.

Watson served as a club professional at MacGregor Downs Country Club in Cary, N.C. after leaving High Point. While there, Watson won many titles including the 1969 North Carolina Open and the 1974 and 1975 PGA Club Pro Championships, making it the only time anyone had won the event in consecutive years.

Watson won the Carolinas PGA Section Championship in 1975 and 1976. He was a member of the United States PGA Cup Team in 1976 and 1977 and in 1976 was selected as the Carolinas Section Player of the Year. In 1976 he was runner-up for the PGA of America Club Professional Player of the Year award.

In 1975, after leaving professional basketball, Littles became assistant basketball coach at Appalachian State University. Littles became head coach at A&T State University in 1977. In 1979 he was named the MEAC Coach of the Year.

Watson remained in Cary and has become a General Sales Manager for MacGregor Realty.

Littles stayed with basketball and is now an assistant coach with the Utah Jazz of the National Basketball Association.

Littles will be inducted at the NAIA Hall of Fame Banquet on March 12 in Kansas City and Watson will be inducted into the Golf Hall of Fame June 1 at Sam Houston State University in Huntsville, Texas.

Two High Point alumni, Gene Littles and Rodger Watson, have been selected for induction into the NAIA Athletic Hall of Fame.

Littles played basketball for High Point between [illegible] and Watson was a golfer for the Panthers [illegible]

Littles was a three-time NAIA All-American at High Point. The Panthers went to the quarter-finals in the NAIA National Tournament with a record in [illegible] under the leadership of Littles.

One of the top [illegible] golfers in North Carolina, Watson finished third [illegible] in the NAIA [illegible] in 19[illegible] and was also named to the All-American team.

After college Littles played for the Carolina Cougars of the American Basketball Association from 19[illegible] [illegible] the [illegible] season for the Kentucky [illegible]

Watson served as a club professional [illegible] Country Club in Cary, N.C. after leaving [illegible] White Gate, Watson won many titles including [illegible] North Carolina Open and the [illegible] and [illegible] Championships, making it the only time anyone [illegible] the event in consecutive years.

Watson was the Carolinas PGA [illegible] Champion in 19[illegible] and 19[illegible] for [illegible] a member of the United States PGA Cup Team in [illegible] and [illegible] and in [illegible] was selected as the Carolinas [illegible] Player of the Year. In 19[illegible] he was runner-up for the PGA [illegible] Club Professional Player [illegible] Year award.

In [illegible] after leaving Wednesday, [illegible] Littles became assistant basketball coach at Appalachian State [illegible] Littles became head coach at A&T State [illegible] In 19[illegible] he was named the [illegible] Coach [illegible]

Watson [illegible] in Cary and has become a General [illegible] champion for [illegible]

Littles [illegible] with [illegible] and is now an assistant coach with the Utah Jazz of the National Basketball Association.

Littles will be inducted in the NAIA Hall of Fame [illegible] on March [illegible] in Kansas City and Watson will be inducted into the Golf Hall [illegible] [illegible] Sam Houston State University in Huntsville, Texas.

# Irmiter to appear here

Kier Irmiter will appear in an HPC coffeehouse on Feb. 17 from 8-11 p.m. in the Student Center.

Irmiter, a fresh singer-songwriter out of Clemson, S.C., has been playing colleges and bars throughout the Southeast since 1977.

**KIER IRMITER**

In his act Kier uses acoustic guitar, harmonica, Rhodes Electric Piano and acoustic piano (when available). Diversity as a performer has always been important to him.

He reaches out to audiences with his quick wit and personable style which makes for a warm and exciting evening of entertainment.

Kier's original songs range from the light and humorous to the personal and thought provoking. On stage he maintains a high level of involvement with his music and the audience, particularly with his own songs.

As an especially talented vocalist, a highlight of Kier's act is his musical impressions of such greats as Billy Joel, Neil Young, the Beatles, Jackson Browne and Dan Fogleberg - to name a few. You can't possibly have them all on stage the same night - but you can have Kier!

# Auditions for "Between Two Thieves" to be held

Open auditions for the play "Between Two Thieves," this year's spring production of High Point College's Department of Fine Arts, were announced this week.

Auditions will be held at Memorial Auditorium Feb. 12 and 13, 3-6 p.m. and 8-10 p.m., and Feb. 14 and 15 from 3-6 p.m. only, according to Paul J. Lundrigan, who will be directing the production. Anyone who cannot be present at the announced audition times should call for a private audition.

Auditions are open to everyone, Lundrigan said. Auditions should be prepared for: 1) performing a 1-2 minute monologue or scene; 2) a "cold reading" to be handed out at audition; and 3) improvising a scene or two. Lundrigan noted there are a number of parts in the play for both males and females.

"Between Two Thieves," written by Warner LeRoy, is a different and provocative treatment of the trial of Christ. The dates of performance, April 16-18, coincide with Easter and should provide a thought-stimulating experience for the holidays.

One special feature of "Between Two Thieves," Lundrigan noted, is the presence of professional actors. David Lenthall known for fine work with the North Carolina Shakespeare Festival, will perform as a member of the company of actors.

Anyone wishing further information on auditions or the play itself should call Paul Lundrigan in the Fine Arts Department.

MR. PAUL LUNDRIGAN

## High Point Jaycees sponsor clinic

The High Point Jaycees will sponsor a HYPERTENSION CLINIC on Saturday, Feb. 14 at Westchester Mall. The hours of operation will be 10 a.m. until 4 p.m.

With the assistance of the Nursing School of Guilford Technical Institute we will be conducting a blood pressure screening clinic. Your blood pressure will be recorded and literature will be distributed concerning proper blood pressure levels for your age groups.

Since it is Valentine's Day, it is only appropriate that you bring the one you love to this clinic. High blood pressure is the greatest single risk a person may have in developing heart disease. High blood pressure can lead to heart attack, stroke, and kidney disease, even in the young.

Bruce B. Tingle, Assistant Dean of Students at HPC, will be operating this clinic. Anyone wishing to offer assistance may contact him at 885-5101 or call a Jaycee. The High Point Heart Assn. supports the Jaycees in this community service.

# Burbage wins 1981 Homecoming Crown

BY SCOTT A. HANCE
Editor-in-Chief

Senior Cindy Burbage was crowned last weekend in Alumni Gym as the 1981 Homecoming Queen of High Point College.

Burbage, a communications major from Raleigh, was the Lambda Chi Alpha representative. She was crowned at halftime of the men's basketball game with Guilford.

Dr. Murphy Osborne, Vice President for Student Affairs, presented Burbage with her flowers and Dr. Bob Williams of the Alumni Affairs office gave her a silver tray. She was presented her crown by last year's queen, Nancy Houlberg.

Jannell Welsh, representing the junior class, was the first runner-up. Welsh is a biology major from Randallstown, Md. She was first runner-up last year as well.

The second runner-up was Delta Sigma Phi representative Nancy Chipman. Chipman is a junior from Rockville, Md. and is majoring in physical therapy.

The Homecoming court was presented between the women's and men's basketball games and was introduced again at halftime before the winners were announced.

In other Homecoming activities, the Phi Mus were the winners of the banner contest and the Pikas were given the Rowdie Crowdie award. The Alpha Delta Theta service sorority won the float contest Saturday morning.

# New members chosen for society

BY KIM HIGGINS
Staff Writer

The new members of the Order of the Lighted Lamp, High Point College's oldest honor society, were recently selected.

The new members were selected by a unanimous vote of the society's members and by a majority vote of the faculty. No more than 15 members can be elected in a year.

The seniors selected were Danny Berrier, Colleen Blackney, Scott Hance, Stephanie Higgins, Robin Henson, Michael Moran, Kristi Mills, Peggy Pesce, Nancy Reichle, Mark Snyder, Ann Wheeless and Teresa Williams.

Three juniors were also selected: Jeff Koehler, Nancy Houlberg and Karen Magill.

To be selected, a student must have a grade point average of 2.75 for the last five college semesters, must have an excellent character rating, must have a proven ability for leadership and must have outstanding contributions of service in campus activities like student government, athletics, publications, religion, and social activities.

All students selected this year have been actively involved in campus life through a number of groups including their fraternities and sororities, the student union, sports and the freshmen orientation committee. Twelve of these fifteen have also been chosen for Who's Who and nine are Presidential Scholars.

The Order of the Lighted Lamp was formed in 1935 under the guidance of Dr. Clifford Hinshaw. Dr. Allen Thacker is the faculty sponsor for the group.

**NEW MEMBERS of the Order of the Lighted Lamp were recently inducted. # *Committee narrows choices for new HPC president*

BY: KIM DARDEN
Associate Editor

The presidential search committee has narrowed the number of candidates for the presidency to a group of "semifinalists," and in less than two months will recommend to the Board of Trustees that one of these finalists be the next chief administrator of the college.

Dr. E. Roy Epperson, Administrative Officer and spokesman for the committee, declined to reveal either the number of applicants still being considered, or their names.

"The committee has decided to keep the identities of the applicants at a top confidential level," he said. "There are persons who apply without making it known on their own campus, and it would be embarrassing if it got back to their superior."

He would not give the number of semifinalists who were chosen from the original group of about 100 applicants, saying, "at this point, there is no advantage in knowing the numbers involved. The committee doesn't feel that numbers are important."

The original pool of applicants includes at least two current college administrators: Vice-President for Student Affairs Dr. Murphy Osborne and Acting President Dr. David Cole.

Osborne told the *High Point Enterprise* two weeks ago that he has applied for the presidency.

"I have been asked to apply and did," he said. "I'm relatively sure that others at the institution have done the same thing."

At the end of last year, former President Patton appointed Osborne Assistant to the President, and Osborne acted as head administrator last summer during Patton's leave of absence before his resignation.

# No more peanut butter

What?

No more peanut butter!

What will HPC students do without peanut butter in the cafeteria?

It looks like we'll just have to eat the "mystery meat" instead of peanut butter and jelly sandwiches.

The cafeteria is no longer buying peanut butter because of the unavailability of it from different suppliers and because the cost has risen sharply and is expected to continue to rise.

Now what will students eat? With cheese available only on certain days, we'll have to eat some of those meals we never ate before or go to "B.K." more often.

And while we are on the subject of the cafeteria. What is this new rule about not eating or drinking in line?

Not too long ago, I came to the cafeteria after an intramural basketball game, got a glass of lemonade and attempted to get back in line and quench my thirst while waiting to eat another great meal.

But not this time. I was told by Mr. Watley that I had to stay inside the cafeteria with my drink. What a ridiculous rule!

Students have always taken drinks out while they stand in line. Ice cream cones are another favorite that have been enjoyed in line while waiting to eat.

And before you make it to the door, you sometimes end up showing your I.D. to a certain checker three or four times. It is one thing to make sure that only High Point College students take advantage of the delicious meals served here, but one look at a student's I.D. card should be enough.

Another cafeteria problem which seems to have cropped up more often this year is long waits for food because the main course has temporarily run dry.

In years past, there have been occassions when students had to wait a little longer because there was no more chicken or no more grilled cheese sandwiches. But this year it seems as though these types of shortages have occurred more frequently and the wait seems to be longer. Is this because the kitchen crew is slower, or is it because of poor planning?

Whatever the reason, the cafeteria crew should look into these problems and plan more accurately for the heavier flow of students at certain times during the meal hours.

The cafeteria staff has been very concerned this year with food waste and rightly so. With food prices going up, we all need to conserve and take only what we can eat.

If we continue to be careful about food waste, maybe the cafeteria can scrape up enough money for one more case of peanut butter.

In the mean time, keep the cheeseburgers and french fries coming!

The college's radio station, WWIH, is increasing its power to 100 watts, but no one seems to know when.

According to station manager Carol Rogers, the application to the FCC for the increase in wattage never arrived in Washington although the radio station's lawyer assured her of its arrival.

Mr. Earle Dalbey called the FCC in Washington and the FCC had no copy of High Point's application. This means that the lawyer, who works out of Winston-Salem, must send 80 to 100 pages of engineering information to the FCC once again.

The deadline for the applications has been waivered, so there is no deadline to meet. Rogers said that the lawyer would contact her as soon as the FCC receives the application.

The increase to watts will go into effect 30 to 60 days after the FCC receives the application. This increase will expand the listening range to an approximate 750,000 people. The range is now between a 5 to 10 mile radius.

"There should be no problem with us getting approved," assures Rogers.

# Search

continued from page 1

Cole confirmed Monday that he has applied for the presidency. Cole is Dean of the College and was appointed Acting President by the Board following Patton's resignation.

The candidates were narrowed to semifinalists at the committee's Dec. 10, 1980 meeting, and since then the committee has "continued to gather data" on the finalists, Epperson said.

A date has not been set for the next search committee meeting.

The semifinalists have all been notified and will soon be interviewed by the committee, he said. The committee plans to make its final recommendation to the Board of Trustees by mid-April and hopes to have the next president in office by June 1.

# No more peanut butter

What?

No more peanut butter?

What will HPC students do without peanut butter in the cafeteria?

It looks like we'll just have to eat the "mystery meat" instead of peanut butter and jelly sandwiches.

The cafeteria is no longer buying peanut butter because of the unavailability of it from different suppliers and because the cost has risen sharply and is expected to continue to rise.

Now what will students eat? With almost available only on certain days, we'll have to eat some of those meals we never ate before or go to "B.K." [illegible]

And while we are on the subject of the cafeteria. What is this new rule about not eating or drinking in [illegible]?

Not too long ago, I came to the cafeteria after an intramural basketball game, got a glass of lemonade and attempted to go back to [illegible] and quench my thirst while waiting on yet another great meal.

But not this time. I was told by Mr. [illegible] I had to stay inside the cafeteria with my drink. What a ridiculous rule!

Students have always taken drinks out while they stand in line. [illegible]

# Campus Cases

BY DANNY BERRIER
Attorney General

Seven alcohol violations have highlighted the past two weeks judicial proceedings as several students were charged with on campus alcohol possession. All of the cases were first offense violations with fines of $25.

The first case involved a resident of North Hall. She was identified by the resident assistant as having several bottles of liquor in her room. She accepted an administrative decision and fine.

Four residents of Millis Dorm were charged with alcohol possession during the past two weeks. All four were turned over to Dean Bob Lowdermilk by the resident counselor of the dorm. Each student decided to take an administrative decision and the mandatory fine of $25.

The sixth case involved a student living in Women's Dorm. A bottle of beer was found in her room by the RC and she admitted that the beer was hers. Though several other students were present in the room, none of them were charged with possession as only one beer was found and it was claimed by the student. She accepted an administrative decision and fine.

The last case was against a resident of McCulloch Dorm who also was identified by the RC of Millis as having a beer. He was seen in Millis late one night by the RC and his case was turned over to the Dean. He too accepted an administrative decision and a $25 fine.

The total cases handled administratively now stands at thirty-one with a total fine of $775. One fine remains uncollected at this time, but all other charges have been paid by the students.

Three cases are pending currently, two alcohol violations and an ID card violation. All three should be handled within a week clearing the court's schedule of activities.

Alcohol use on campus continues to rise despite the school's policy against this and the possible penalties one faces if caught. An important question is raised by this fact: is the school's policy reasonable and enforceable?

Certainly the school has the right to set any guidelines it deems necessary to promote good campus life and an academic atmosphere at the school. Alcohol does not help a student to do better in his courses nor is it a necessary part of school life. It's main use on campus is socially, but this use too could be avoided.

Even though thirty-one individuals have been charged and fined this year, this is probably only the tip of the iceberg. Many more students could be charged than have been apprehended and certainly some would have been expelled for drug use. The judicial committee can only try to process all the cases that come before the court and hope that these few will discourage others from using alcohol on campus.

# Zams, faculty split matches

COLLEGE BOWL
The Varsity Sport of the Mind

The Flying Zams and the faculty met in a pair of College Bowl matches last week and the teams split the contests as the faculty easily won the first game and the Zams eked out a win in the second.

The faculty team consisted of Dr. Nelson Page, Dr. Francis Hoch, Dr. Gray Bowman and Dr. E. Roy Epperson.

The Zams, the school champions, played with their regular members Danny Berrier, Alan Dorsett, Chip Ward, Warren Owen and Teresa Sellers. Vicky Williams also joined the team for the faculty matches.

In the first contest, the faculty caught on to the game right away and took an easy 245-155 victory over the stunned Zams.

The second match went down to the wire before the Zams pulled out a 185-180 victory. They held a comfortable lead after the intermission. The faculty dominated the second half but ran out of time in the end.

# Health care loans available

Interested in going into the health care field? North Carolina's Educational Loan Program may be able to help you with education costs.

The Educational Loan Program provides loans for students going into medical and other health related studies such as dentistry, medicine, optometry, physical therapy, nursing, dental hygiene, pharmacy, nutrition and several others.

Loans range from $500 to $6,000 per year per individual depending on the particular field of study. The loans are repaid through practice in medically underserved areas of North Carolina or in cash.

Interest, academic standing and motivation for service are examined carefully in selecting students to participate in the loan program. Financial need is also a criterion when the number of applicants exceeds the availability of funds.

The Educational Loan Program, which began in 1945, is the oldest and largest health education loan program in the nation. More than $3,800 students have studied under the program since 1945, 90 percent of them since 1965. The loan program currently has $8 million invested in people who are in training or practice to repay their loan obligations.

Janet Proctor, head of the Educational Loan Program, says, "This type of program is good because we can consider the needs of both the state and the student. We work very closely with our students while they are in training as well as practice. We get to know each one of them and their families, and they know us."

If you are interested in the program and would like an application packet. contact the Educational Loan Program, Division of Facility Services, N.C. Department of Human Resources, P.O. Box 12200, Raleigh, North Carolina 27605; telephone 919/733-2164.

# New minor adds to curriculum

BY NELL TORAIN
Staff Writer

The administration of High Point College recently accepted a new proposal to add to its curriculum.

The proposal was that the creation of an Institute of Free Enterprises be added to the campus.

With the great expansion of government programs and involvement in the economy, it has become urgent that Americans re-examine the economy of the United States in the future of the free enterprises system.

According to Dr. Leon Bolich, business professor and director of the free enterprises system, the study of American free enterprises will be in the form of an inter-disciplinary curriculum minor which will be open to all students, both part-time and full-time, enrolled at the College.

"Some of the major projects of the Institute will be the sponsorship of scholarly research on free enterprise by faculty and student body; the publication of an annual journal containing scholarly articles on free enterprises by members of the Institute; an annual seminar on a particular aspect of American free enterprise and the development of a library collection of scholarly books, monographs, journals and audiovisual materials devoted to the matter of free enterprises," Bolich said.

Several courses totaling up to 24 credit hours will be offered during the semester.

# Site chosen for new library

BY SALLY DAVIS
Staff Writer

There may be something new in the future for High Point College. The Library Committee has recommended an architect and a site for the new library, and the recommendation has been accepted by the Executive Committee of the Board of Trustees.

"No final decision will be made until the full Board meets on March 11," said Acting President and Dean of the College David Cole. "The full Board has to approve everything. If they give their approval, then a campaign will be mounted to raise the money. The money will be sought primarily from the people in Guilford County, students of HPC, their parents, and alumni."

The proposed site for the new library will be between the present library and Women's Hall. The old library will remain in use.

The Library Committee consisted of student representatives Karen Magill and Jacky Hendrix; faculty members Cole, Mr. Earle Dalbey, Mr. James Nelson, Mr. Clete Kruyer, and Dr. Leon Bolich; and members of the Board. Mr. Kermit Cloniger served as Chairman of the committee.

"Mr. Cloniger was greatly concerned with the opinions of the students. He emphasized the importance of considering the students' best interests," said Magill.

"It was a good experience to be on the committee," continued Magill. "I'm in favor of our recommendation. Some may feel that Harrison Hall would be the best site but we can't tear down one building to build another. Our choice was the second best."

March of Dimes medical service programs for emergency prenatal care provide for hot-lines between the medical center and local community hospitals. These hot-lines speed up procedures for mobilizing transport teams and vehicles to pick up and transport sick newborns.

# Cooke Hall renovations are being planned for top floor

BY KATHY FULP
Staff Writer

The possibility of renovating the third floor of Cooke Hall is being investigated.

The renovation would include a communications lab, a closed circuit television station, a radio station and a small photo lab.

Dr. William DeLeeuw of the English department will design a possible lay-out sketch before March 2. Mr. Earle Dalbey, vice-president for Financial Affairs, will then obtain construction bids for the job.

If approved, the progress will depend on many things according to DeLeeuw. However, he feels the construction could be completed this summer.

The third floor is currently being used for storage.

Cooke Hall has already undergone some minor renovations. The Communications Lab and CAEP office space has been divided. One third of the lab was blocked off for the CAEP office according to DeLeeuw. The remainder is being used for the Communications Lab and video tape recording equipment.

FUTURE RENOVATIONS are being considered for the third floor of Cooke Hall. (Photo by Lisa Mickey)

# Burton hosting art tour of Italy

**BY ALISA WALKER**
**Staff Writer**

Once again Ms. Jane Burton, assistant professor of art, is organizing an art tour to Italy. The two-week trip begins Wednesday, June 10 as tourists depart from Greensboro Airport for Milan, Italy.

According to Burton, the trip is a study program designed to help the student, through practical experience, gain a knowledge of the monuments and art treasures seen in Europe's finest museums.

"This trip will be different than the last one," said Burton. The tour will include many new attractions this time. "We will see things that other tourists don't normally get to see," she added.

One of the tourist attractions planned is a visit to Murano to see the glass blowers. While in Milan, the tourist will take a look at some of the contemporary furniture there.

Also in Milan, tourists will visit the 15th Century monastery of Santa Maria Delle Grazie. There they will see the great painting by Leonardo da Vinci, "The Last Supper."

By a motorcoach, the travellers will go to Venice. Along with other attractions, they will visit the Cathedral of St. Mark which contains beautiful mosaics from the 13th Century.

Traveling into the great Renaissance city of Florence and Rome, the tourist will see and compare the beautiful Renaissance furniture to the contemporary furniture seen in Milan.

Other attractions in Florence and Rome will include a visit to the Church of St. Francis to see Giotto's fresco. Other Renaissance art and culture by Michelangelo, Dante and Galieo and Doratello will be seen there.

**ENJOYING ITALIAN artwork, Mrs. Jane Burton visits an art gallery on a recent trip to Italy.**

The tour costs $1,697 per person which includes everything but personal expenses and passport fees Burton said most of the money, outside of the air fare, is going towards a private minnie bus for the tourists.

Burton said Italy is still one country in Europe that is less expensive to travel in than other countries such as England.

"The food in Italy is fantastic," she added. She said to her that will be one, of the most enjoyable highlights of the trip.

"Anyone interested in art should go to Italy," she said.

She also feels this will be a great opporunity to learn and see the art works in their natural settings.

# Internships in government available at UNC-G

GREENSBORO -- A summer internship program for 15 to 20 college students, which features work with local government and private agencies as well as a weekly academic seminar, will be offered again this summer in Greensboro.

The program will run from May 19 to Aug. 6 and is sponsored by the Department of Political Science at the University of North Carolina at Greensboro.

The internships are being directed by Dr. Charles Prysby, a UNC-G associate professor of political science. All applications should be made to Prysby at the UNC-G Department of Political Science (379-5048) by Feb. 27. Selection of those to receive internships will be announced by March 31.

"The internships represent a good combination of work experience and academic coursework," said Prysby. "Each student will work between 30 and 40 hours weekly and then the seminar will help focus some of the concepts that underlie government work."

Participation in the program is limited to students from UNC-G, Greensboro College, High Point College, A&T State University, Guilford College and Bennett College -- or the Guilford County residents who attend college elsewhere. The internships are open to sophomores but preference will be given to rising juniors and seniors.

Applicants can major in any academic subject but background in government or urban studies is desired. The internship program is part of UNC-G's regular summer session and students will be required to enroll as regular fee-paying students. Six hours of academic credit will be awarded to those who complete the program.

# Division heads at heart of academic structure

**BY CRYSTAL HEDGECOCK**
**Assistant Editor**

On the HPC campus are four men who must report directly to the Dean of the College and to whom the department heads report. These men serve as division heads.

The division heads at High Point are Mr. Bill Cope, Dr. E. Roy Epperson, Dr. Owen Weatherley and Dr. Richard Bennington.

The college academic programs are separated into four divisions.

The Social and Behavioral Sciences division, of which Cope is the head, includes the departments of human relations, education, psychology, sociology, history and political science.

The science, mathematics, physical education and health division is composed of the departments of math, biology, physical science, physical education and health. Dr. Epperson is the division head.

A third division is the humanities division with Weatherley as the head. This includes the English, fine arts, modern foreign languages, religion and philosophy departments.

The Earl N. Phillips School of Business is the final division which is headed by Bennington. This division includes all business departments.

Since the division heads work closely with the Dean of the College and the department chairman, they have many major functions and much authority.

A division head is responsible for the effective functioning of all aspects of that division. He develops long and short term objectives for the division and reports these to the Dean. All objectives must follow the philosophy, aims and objectives of the college. The division head plans and presides over all divisional meetings.

The division head acts as the official channel of communication between the division and the president, and of the college and other administrators. He also relates all departmental matters to the adminstrative officials. He serves as counselor between members of his division.

A very important duty of the division head is the recruiting and recommending of teaching personnel to the dean and president of the College.

The division head promotes plans for the evaluation of the teaching effectiveness of the faculty in his division and then actually evaluates and appraises those faculty members.

The division head, while working with the department chairman, suggests to the dean those members of the faculty for promotion, dismissal, probation and reappointment.

Annually, the division head prepares capital and equipment needs of his division. He designs programs which will attract students to HPC and to his division. He also evaluates these programs.

The College has had division heads since 1974. They are appointed by the president of the College with no time limitations to their term.

When division heads were chosen in 1974, the criteria for their appointment included experience in leadership in the HPC system, being heads of various committees on campus and excelling within their own division.

The division heads also work closely with students. Before it becomes necessary to take a problem to the dean of the college, a division head can intervene and possibly handle the problem.

CAMP SEA GULL
CAMP SEAFARER

SUMMER JOB OPENINGS FOR CAMP COUNSELORS at Camp Sea Gull (boys) and Camp Seafarer (girls). Serving as a camp counselor is a challenging and rewarding opportunity to work with young people, ages 7-16. The Phi Mus had a great Day-at-the-Rail last Friday.

They are making plans for Phi Mu Weekend. It will be March 27, 28 and 29.

Elections were held recently and the following people were elected: Tracy Yarborough - President; Tona Parker - Vice President; Kelly Payne - Secretary; Lori Covington - Panhellenic Delegate; Jill Harris - Panhellenic Officer; Corrine Cuba - Phi Director and Amy Everett - Membership Director. Congratulations!

**THETA CHI**

Theta Chi would like to express how much they enjoyed Homecoming Weekend with new and old friends. They would also like to congratulate winners in the banner and float competition and of course our new homecoming queen Cindy Burbage. Much thanks also goes to Sharon Litchford for representing Theta Chi on this year's court.

They would like to express their congratulations to the men's basketball team and Coach Steele for a fine win over Guilford. The women's team also deserves recognition for their win over Appalachian.

The Theta Chis would like to thank all the people who supported them at TOC's.

Dream Girl Dance is coming up on March 20 and will be held at the Thomasville Women's Club.

**ZETA TAU ALPHA**

Zeta Tau Alpha would like to congratulate Cindy Burbage for being chosen as homecoming queen. Congratulations also goes to Jannell Welsh and Nancy Chipman.

On Feb. 16, 15 girls became sisters in ZTA: Kristin Brown, Donna Blackstone, Melissa Adamson, Lee Carinci, Shelley Shovlin, Becky McGown, Karla Liedtke, Stef Vukovic, Yvonne Hurley, Joan Gilbreth, Nancy Young, Michelle Downs, Vicky Cockerham, Janice Hall and Lisa Osborne. Congratulations girls!

The Zetas have just had elections for the 1981-82 school year. The new officers include Kathy Wilson, President; Debbie Bouldin, First Vice-President; Jan Harrison, second Vice-President; Lisa Osborne, Secretary; Connie McDaniel, Treasurer; Anne Bostrom, Membership; Nancy Houlberg, Ritual; Sue Lupino, Historian-Reporter and Shelley Shovlin, Panhellenic Treasurer.

ZTA will be having a doughnut sale this Saturday, Feb. 28 and a Night-at-the-Rail on Wednesday, March 4. Come on out and start Spring Break the right way.

**ALPHA GAMMA DELTA**

The Alpha Gams would like to congratulate Jannell Welsh, representing the junior class, and Nancy Chipman, representing Delta Sigma Phi, for placing first and second runners-up on this year's homecoming court. Gams also succeeded in winning second place in the homecoming banner contest. Good work girls!

The Gam's annual Sister's Dance was held on Feb. 21 at the High Point Moose Lodge. The theme was double-vision; both the girls and their dates dressed as twins.

A special welcome goes out to their seven newly initiated sisters: Jennifer Holmes, Angela Franco, Liz Tyrrell, Kelly Jones, Miriam O'Malley, Teriann Cleary and Sharon Sweeney. Welcome to their circle of love.

The Alpha Gamma Delta intramural basketball team is presently battling for the position of first place. The girls are doing an excellent job of combining their physical and mental skills to create a united, working team.

They would like to wish everyone a wild time over Spring Break!

**KAPPA DELTA**

On Feb. 11, the KDs pledged two new girls. They are Alma Ortiz and Esther Flores. They had First Degree on Feb. 15.

Kappa Delta has elected the following new officers: Claire Carruthers - President; Nancy Siersted - vice president; Laura Ridenhour-secretary; Sharon Lowe - treasurer; Kim Jones - Assistant Treasurer; Carol Rogers - Editor and Sue Pierce - Membership.

The 1980-81 Pledge class gave the sisters a party on Feb. 21. The sisters would like to thank the pledges for a great time.

The KDs would like to congratulate Nancy Siersted on becoming secretary for student union.

The KDs are having a Day-at-the-Rail on Friday. Feb. 27 and a car wash on Feb. 28.

**PI KAPPA ALPHA**

The former pledges of Pi Kappa Alpha fraternity will be holding their annual Gangsters dance for all the brothers this weekend.

Elections for the new officers will be held this Sunday, March 1, during the regular brothers meeting. Good luck to all those running for an office.

Just a reminder; all sororities don't forget about the Spring Rally on March 21. Everyone talk it up because it should prove to be an exciting day for all involved.

## Blanchard wins MVP

# Lady Panthers fall to Elon in tourney finals

**BY DANNY BERRIER**
**Staff Writer**

Despite a spectacular tournament by Adreia Blanchard, High Point's Women's basketball team was unable to capture the Carolina's Conference Tournament title this past weekend in Alumni Gym.

The Lady Panthers fell to the Fighting Christians of Elon College 77-70 in the finals despite a 35 point performance by Blanchard. Elon was lead by Vanessa Corbett's 27 points and held off an HPC second-half rally to record the victory.

Elon played a consistent, team game and never faltered on their quest for the conference championship. For the Christians, it was their fifth victory in five days and advances them into further post-season play.

Blanchard's three game performance was the highlight of the tournament for the Lady Panthers. She recorded games of 40, 24, and 35 points in route to capturing the tournament's Most Valuable Player award. She was also named to the All-Tournament team with four Elon players.

The two teams played a tough game in the first half and with 1:28 left, the score was knotted at 33-33. HPC then proceded to fall asleep as Elon reeled off eight unanswered points to lead 41-33 at the end of the first twenty minutes.

High Point attempted a comeback late in the game, but fell short of a victory. Teresa Holt and Dee Dee Wardlaw also placed in double figures in the championship game as each scored 12 points in the losing effort.

For the Panthers, it was the second year in a row that

# Panthers fall twice in close contests

**BY MARIO WATSON**
**Staff Writer**

Last Wednesday night in Alumni Gym, the Panthers fell to the Fighting Christians of Elon 57-54.

In the early going, each team matched baskets until 8:45 left to play in the first half when Elon took charge for a 31-26 halftime lead.

The Panthers trailed the rest of the way until the closing minutes when they tied the score at 54-54 with :58 showing on the clock. The Panthers had a chance to go ahead but couldn't take advantage of the opportunity.

The loss dropped High Point to 8-5 in conference action.

Another heartbreaker took place on Saturday, Feb. 21 as HPC lost an afternoon contest to Pfeiffer, by a 61-59 score. Due to the Carolinas Conference women's tournament being played in Alumni Gym, the Panthers moved their game to an earlier time. It seemed as if the earlier

See Panthers, p. 11

# Panthers defeat Guilford

**BY MARIO WATSON**
**Staff Writer**

High Point stopped the Guilford Quakers dead in their tracks last Saturday night to take a Homecoming victory over the Carolinas Conference rivals by a 50-46 score.

It was an exciting game as the Panthers took the early lead and held for a halftime lead of 30-24 over the Quakers.

The second half was explosive as each team converted several three-point plays. A technical foul on Guilford's assistant coach helped the Panther's increase their lead.

Roosevelt Brunson had 16 points along with 12 rebounds to spark High Point.

Jeff Anderson led the HPC scoring with 17 points. Bruce Floyd also grabbed a big rebound in the final seconds to preserve the win.

PANTHER JEFF ANDERSON slams one home for High Point against Guilford.

## Women's team looks strong

BY JOAN MADERT
Sports Editor

The High Point women's tennis team looks strong in preparing to battle for a fifth consecutive conference title.

The Lady Panthers have five All-Conference players returning from last year.

High Point has three returning seniors in Vicky Williams, Kathy Neblett and Kinta Otterman. For the past two years they have played in the top positions leading the Panthers to two state championships and gaining three trips to the regional tournament.

The freshmen this year are experienced players all of whom have won numerous amateur championships. Theresa Regnante was her high school's number one player and represented West Islip High School in the county playoffs for three years. Lynn Sharkey was a state champion in doubles in New Jersey at 16 years old.

Ana-Maria Medina from Bolivia, won her country's national championship in her age group for five consecutive years.

Not only have the players won recognition, Coach Kitty Steele has been named Coach of the Year for the past four years.

The Panthers seem to have a lot of depth this year with a team that has well balanced talent and the ability to go far again.

## Men's team young; Freshmen should help

BY JOAN MADERT
Sports Editor

The High Point College men's tennis team is entering the 1981 season with a young team, including three sophomores and three freshmen. Only two lettermen will return.

In the past four years, three players dominated the High Point courts, All-American Willem de Groot and All-American players Chris Hohnhold and Phil Parrish.

The sophomore lettermen, Jim Holleran and Griff Thompson, reached the conference finals in doubles last year.

The Panthers finished the 1980 season with a 16-9 record, second in the Carolinas Conference and fourth in District 26.

At number two singles, Thompson had a record of 11-7, and at number five singles Holleran had a record of 14-7. Playing at number three doubles Thompson and Holleran finished with a 18-5 record.

Freshman Matt Lange, who advanced to the finals of the Maryland Men's Open Championship, is expected to help the team.

Another freshmen, Vince Vrana, was a top-ranked player in Louisiana before moving to Maryland. He won his high school district tournament and advanced to the state playoffs.

Also a newcomer to the Panthers is Mark White who is a transfer student from Prince George's Community College and was the Maryland NJCAA champ at number three singles.

High Point has always fielded strong teams in the Carolinas Conference and this year they are striving for another winning season.

VETERAN GRIFF THOMPSON stretches for a return shot as he prepares to be one of the men's tennis team leaders this spring. (Photo by Lisa Mickey)

# *Track team has high hopes*

**BY JOAN MADERT**
**Sports Editor**

The Panther track team placed second in the Carolinas Conference last year and has hopes of placing high again this year.

High Point lost conference champions Tracy Lyons in the pole vault and Charles Dennis in the 100 meters and seniors Richard Arning and Dave Gladden.

But the Panthers will have some strong members returning this year. Among those returning are Jon Richardson, the conference champ in the javelin and Ralph Barnes the third place finisher in the triple jump and sixth man in the long jump.

Veterans Mike Duffy finished third in the 880 and senior Keith Chance placed fourth. Expected to make strong showings this year are returnees Doug Glenn and Bill McCown who suffered injuries last year.

The High Point team will have a strong squad this year with the additions of several newcomers. A transfer student, sophomore Brad Rogers is a good long distance runner. Jeff Doerr and Ian Lewis were both outstanding track men in high school.

Junior Sallye Ledford, an outstanding female performer ran along in a meet last spring at Appalachian State University and gained enough points for High Point to finish fourth in the overall meet.

The Panthers, who finished fifth in District 26 a year ago, expect to have a good season with several new team members and again see good showings from the returning members.

# Panthers bring home Lynchburg Relay title

**BY BILL ROUNTREE**
**Special to the Hi-Po**

The High Point College track team traveled to Lynchburg, Va. this past weekend and came away with the first place trophy in the Lynchburg Relays.

Four other teams were vying for the title, a title HPC had never won.

In nine of 13 events, High Point finished no worse than third. The Panthers grabbed five first place finishes and four seconds.

The long jump relay was won by the Panther team of Doug Glenn, Ralph Barnes, and Ian Lewis. Barnes, Glenn and Jack Songster took first in the triple jump relay.

HPC also won the pole vault event behind the efforts of Phil Dickerson, Mike Pinnix and Dave Tibbles.

In running events, Barnes, Glenn, Lewis and Jon Richardson took first in the 440-yard relay while Jorge Nobre, Mike Duffy, Mario Benalcazar and Brad Rogers won the 2-mile relay.

Glenn, Barnes, Lewis, and Richardson combined for a second-place finish in the 880-yard relay. High Point also picked up second-place points in the shuttle hurdle event behind Bill McCown, Jeff Doerr, Songster and Glenn.

The team of Keith Chance, Lewis, Glenn and Duffy took second place in the sprint medley relay and the team of Nobre, Rogers, Don Wilborne and Dave Flory.

In the mile relay, McCown, Doerr, Pinnix and Jeff Koehler finished third. The distance medley relay team of Brian Campbell, Chance, Wilborne and Flory took HPC's only fourth place finish. A fifth place finish went to the shot put team of Stuart Kneedler, Al McLean and Burgess.

Sophomore team member Doug Glenn was selected by the participating coaches as the outstanding performer of the meet. He ended the meet with three first place finishes and three seconds.

High Point won the meet by the seven points over Bridgewater, the team that beat the Panthers in the last meet at Lynchburg.

# Panthers

continued from page 9

time hurt the Panthers as they played one of their worst games of the season.

The first half was all Pfeiffer as High Point couldn't seem to put the ball in the basket.

"They were a little hungrier than us," said coach Jerry Steele. "We didn't have any kind of movement.".

Pfeiffer led at halftime 42-31.

The second half the Panthers were a bit more aggressive in spots. In the closing seconds, High Point tied the score but a last second shot by Pfeiffer killed any dreams of a comeback win for the Panthers.

This was High Point's final regular season contest before heading into the conference tournament at Catawba.

continued from page 8

The Pikas want to congratulate Kerry Corbit for being initiated into their brotherhood, Doug Glenn for winning the most valuable player award at last week's track meet and Pete Gibson for being elected president of the Student Union.

The regional convention for the Pi Kappa Alpha fraternity was held on Feb. 20-22 at Clemson University. Delta Omega chapter sent four brothers to the convention. There is a good possibility that the convention will be held at HPC next year.

### DELTA SIGMA PHI

The Delta Sigs have been busy raising money for their annual Sailor's Ball to be held on April 10-12 at Cherry Grove Manor in Myrtle Beach, S.C.

The Sigs held a very successful car wash last Saturday and will soon be selling lightbulbs on campus and in the community.

Buddy Sass and Mike Everett are the Sig's newest pledges and the brothers are happy to have them aboard.

In intramurals, the Sigs are ready to defend their bowling title and look to have a top contender for softball.

### ALPHA PHI OMEGA

Alpha Phi Omega held an open house as well as a post-game party for their alumni that were here over Homecoming Weekend. Both were great successes!

Their spring pledge class includes nine outstanding pledges: Kevin Cowan, Jeff Daucher, Lilla Harris, Bonna Jaffe, Regina Jensen, Elisa McInnis, Cindy Mize, Terry Dait and Valdes Snipes.

They would like to wish everyone a great Spring Break!

The Placement Office in Student Personnel now has a microfilm machine that receives job openings from the N.C. Employment Security Commission.

The job announcements are up-dated each week. Anyone interested in securing a job in North Carolina would benefit from this information.

# SGA passes parking resolution

**BY CRYSTAL HEDGECOCK**
**Assistant Editor**

A resolution was given to the administration of High Point College concerning campus parking and vehicle regulations following the March 2 meeting of the SGA.

This resolution recommends that certain parking spaces, which are now reserved, should be changed to student parking spaces.

The spaces recommended for change are five spaces, located behind Haworth Hall, which are presently painted yellow to be painted white, six yellow-lined spaces behind Wrenn Memorial Library to be painted white, a 25 feet by 20 feet area adjacent to the curb and in the center of the "Pit" parking lot behind the library be painted with yellow stripes and labeled as "no parking" and the parallel parking spaces in front of Cooke Hall should be moved to the opposite side of the driveway for fire safety purposes.

The resolution also stated that the no parking areas in front of Cooke Hall and the ones adjacent to the coal pit should be designated as no parking areas, and the reserved areas for the Resident Staff in the lot adjacent to Harrison Hall should be repainted. An extension of the fire lane in front of Belk Dorm was recommended. The resolution suggested that lengths of telephone poles (or similar items) be placed in the gravel parking lot which is adjacent to the Panhellenic House in order to mark off parking spaces.

The parking resolution suggested three changes in the vehicle regulations policies.

The number of parking violations that a student can receive before having his or her car suspended from campus would be lowered from five to three violations in one semester, if this resolution is accepted.

The current procedure dealing with the payment of fines would be changed also. The person would have until the second session of Traffic Court in which to pay the fine or appeal the ticket. If the person appeals the ticket but is found guilty, that person has one week to pay the fine. If the fine is not paid, the person relinquishes all rights to appeal to Traffic Court and will meet with the Assistant Business Manager and the Director of Security. If the fine remains unpaid at the end of the semester, the student's grades and/or transcripts will be withheld until payment of the fine.

The final recommendation was that the "grace period" of five days be given from the day of registration at the beginning of the semester in which to register the vehicle. The current "grace period" is ten days.

These suggestions by the Security Committee and the Legislature Committee of the Student Legislature will go into effect immediately upon the approval of the HPC Administration and Acting President David Cole.

# Student Union elects officers for 1981-82

The High Point College Student Union recently elected officers for the 1981-82 school year.

The new officers are as follows: Chairman-Pete Gibson, Business Manager - Lisa Baumann, Secretary-Nancy Siersted, Dance Chairmen - Steve Ingram and Lynn Andrews, Publicity Chairman-Elizabeth Brack, Coffeehouse Chairmen-Ellen Quinn and Denise Watts, Films Chairman-Terry Spittal, Concert Chairman-Kevin Seidl, Information Resource Chairman-Regina Jensen and Recreation Chairmen-Carolyn Driscoll and Debbie Scanlon.

Outgoing Chairman Peggy Pesce said she felt the Student Union served the student body well during the 1980-81 school year and she praised each of the committee chairmen and other officers for the fine jobs they did.

She felt the highlights of the year for the SU were the Homecoming Dance, the Mike Cross concert and the variety of films sponsored by the SU.

Any student can become a voting member of the Union by attending three consecutive meetings. The SU meets every Monday at 11 a.m. in the Campus Center.

**MANY HPC students were among those in Bruce Springsteen's audience at his concert Feb. 28 in Greensboro. See story page 5. (Photo by Lisa Mickey)**

# Johnston to speak at graduation

North Carolina Congressman Gene Johnston will be the speaker for the 1981 Commencement Exercises on May 3.

Johnston was selected in the recent class survey by a narrow margin over Michael Broome, a humorous speaker from Charlotte. Johnston has accepted the invitation to speak from Acting President David Cole.

Graduation ceremonies will take place at 11 a.m. in Alumni Gym.

Rehearsal for graduation will be on Saturday morning, May 2, in the gym. According to Cole, the rehearsal will last about 30 minutes and all graduates should attend.

This year's graduation fee is $25 and should be paid as soon as possible by graduating seniors so that all records can be processed as early as possible. The Business Office will begin billing students if the fee is not paid by the first week in April, according to Assistant Business Manager Charles Barker.

Graduation invitations are now available in the College Bookstore and are priced at 35 cents each. An optional insert of the graduation week schedule will also be available by the end of next week according to Cole.

Caps and gowns have also arrived and are available in the bookstore. The price of the cap and gown is included in the graduation fee.

On Saturday, there will be a dinner in the cafeteria for seniors and their families. Parents and seniors can eat free while other relatives will have to pay for the meal. Baccalaureate will begin at 8 p.m. in the Wesley Memorial United Methodist Church with the Reverend Floyd L. Berrier as the speaker. Berrier is a graduate of HPC and pastor of Christ United Methodist Church.

The Alumni-Senior Banquet is planned for Saturday, April 25 at Christ UM Church. The speaker for the event will be decided upon this week by the senior class officers and Alumni Executive Committee members.

# President should be given time he needs

A recent bill passed by the student legislature was held by SGA President Jacky Hendrix for 30 days before any action was taken by him.

During these 30 days, Hendrix was pushed by many opposing forces to take action on the bill, one way or another.

Legislators and administrators were saying that he was holding the bill too long and should have taken action on it much sooner than he did.

What good does it do then to have the power of the presidency when the legislature and the administration are going to hound the president into doing something he's not sure should be done?

The bill in question here is the bill to allocate money to the softball club. After much debate in the legislature, the bill passed. It was then up to Hendrix to pass the bill or to veto the bill.

Hendrix held the bill while he did some investigation into the circumstances around the SGA giving money to an athletic club which should be funded by the athletic department.

The main concern of Hendrix was that if the club did become a varsity team in the next few years, then the equipment paid for by the SGA now would go the athletic department at that time. Hendrix was opposed to the idea of funding athletics with SGA money.

But whatever his reasons, Hendrix, as SGA president, has the right to hold any bill, either for approval or veto, for as long as he feels he needs to make the proper decision. This is especially true when it involves allocation of SGA money in great amounts.

After two weeks of waiting for Hendrix' decision, another bill was introduced in legislature that would limit the time a president could hold a bill. The bill would amend the SGA Constitution and would give a president only two weeks to take action on a bill. Under the new bill, if no action is taken by the president in two weeks, a bill would automatically become approved by the president. The legislature passed the bill but Hendrix has not taken any action on it and it's my feeling that he probably won't take any action any time soon on a bill to limit his powers.

It is the power of the executive branch to check on the actions of the legislative body. The executive branch should be allowed the time it needs to make the best decision and should not be pushed by the legislature or anyone else to make a decision.

If the president is doing nothing about the bill but letting it remain in his desk drawer, then he needs to be pushed. But if he is investigating matters surrounding legislation he should be given the time he needs to complete his inquiries.

In the case of the softball club, Hendrix was using the

## Letter to the Editor

# Speaker praises cafeteria

Dear Editor:

I'd like to say a few things on behalf of the cafeteria. These "few" probably will turn into "many," so please bear with me.

Our cafeteria is run by the College on something like a "co-op" basis. However much money the college takes in from students in the form of board (meal) fees is how much the cafeteria has to work with. The cafeteria does not operate with a profit motive as top priority, as do college cafeterias which are run by outside food services.

Our cafeteria has lost money for the past three fiscal years. Its last profit year yielded only about $900.00 profit. We (dorm students and day students who purchase the meal plan) currently pay only about $4.25 a day for THREE meals. Try eating out three times a day for only $4.25. You'll soon be very hungry!

This "co-op" system enables our cafeteria to offer us the assortment of food that it does. We get a wide variety of meats, vegetables, desserts, fruits, drinks and a pretty good salad bar. Even meals at home tend to be limited as to variety when money is tight. However, since the cafeteria is not in business to make a profit, they put more money into food assortment and food quality. Most schools, our size and larger, are lucky to get steak once a semester – we have it once, sometimes twice, a week.

Another point here is that our cafeteria doesn't use Brand X foods. They use brand name foods, such as Campbell's Soups and Heinz Ketchup. Speaking of ketchup, the cafeteria staff has used three different brands recently in an effort to find out which one we, the students, like best. The one that we do like best is not the least expensive, but they are going to buy it because it is the one that WE want.

There are a lot of myths about the cafeteria these days. One is that the cafeteria has stopped buying peanut butter altogether. The fact is that the price of peanut butter has almost tripled since last September, from $24.70 a case then to $68.45 a case in January. Right now, there simply is not enough money in the budget to pay that much for it. The cafeteria is in the process of trying to find a supplier who has peanut butter at a lesser price. When they do, we'll have more of it.

Another myth is that we are served cheesburgers four to six times a week. The fact is that the cafeteria plans them on the menus only two or three times a week. The week before spring break we only had them once-for lunch. I know people who go to B.K. or Mac's more than twice a week for the very same thing.

Still another myth is that the cafeteria doesn't plan well enough because there are sometimes long lines waiting for food. This is done intentionally so that food will be hot and just cooked when it is served. I think most of us would rather have food that was just cooked instead of food that has been sitting in a warmer for two or three hours.

Think for a couple of minutes about the many other services that the cafeteria offers us. Outside meals from time to time, soft ice cream five or six times a week, ice cream sundaes from time to time, bagged meals when we are not going to be on campus for meals because of work or class, "specialty" nights, baking cakes, etc., for special occassions and many more.

The cafeteria really is a friend to the students of the college. Mr. Caulfield, Mr. Watley and the staff deserve our thanks and appreciation for the job they do. Show you care by taking your complaints, comments or compliments to them. They want to hear them so that they can better serve us.

Sincerely,
Mike Showalter,
Speaker of the Student Legislature

[illegible]

Speaker of the Student Legislature

# Starling to play at coffeehouse

Robert Sterling will appear in a student union coffee hour at HPC on Tuesday, March 31 at 8 p.m. in the Old Student Center.

Starling has earned quite a following while touring universities and clubs in the South. His versatility as a BMI songwriter, performer and now producer of his first album, has distinguished him as a true talent.

Although Starling performs material by artists such as Billy Joel, Jackson Browne and Dan Fogelberg, his one-man concerts consist mostly of his own compositions. His music is best described as a delicate blend of folk and jazz, performed on acoustic guitar, piano and harmonica. Between songs, Starling communicates and involves the audience through stories and his own brand of urbane humor.

In the past, Starling has been seen at clubs such as the Pier in Raleigh, P.B. Scotts in Blowing Rock, N.C., and at colleges such as Florida State, North Carolina State. and Clemson University.

Until recently Starling has stayed close to home in and around the Carolinas building a strong regional following. However, with his bookings at Catch A Rising Star in New York and the Apple Tree in Washington, D.C. along with the release of his debut album, "Welcome to The Island," it is evident that his music will reach more people this year than ever before.

In fact, his music has already been heard nationwide over the CBS television network. The title track from Starling's album was used as the theme for the Heritage Golf Classic, originating from Hilton Head Island, S.C.

Even though the music business has grown large and competitive, Starling's natural talent has already distinguished him, and in the future will surely take him far.

**ROBERT STARLING will entertain HPC students at a coffeehouse March 31.**

# Humanics seniors to be honored

Eleven graduating American Humanics seniors will be honored at the annual Senior Banquet to be held at 7:30 p.m. April 10, 1981 at the Thomasville Women's Club.

Approximately one hundred persons are expected to be in attendance including American Humanics members, faculty and administrators and executives from youth serving agencies in the area.

Tammy Allen, Rhonda Carlman, Kathy Crane, Dave Flory, Robert Gates, Danny McConnell, Brian Overton, Mark Snyder, Anne Soots, Frank Whalin and Dave Worland will be the honored seniors.

Chief Scout Executive J.L. Tarr, Dallas, Texas, will be the guest speaker at the banquet.

Tarr has been active in scouting since 1931 and has been the Chief Scout Executive since 1979.

As top professional leader of the Boy Scouts of American, Tarr directs the administrative work of the organization, which includes nearly 4,000 professional Scouters and one million adult volunteers.

Also in attendance at the banquet will be Mr. David Wendel from Syracuse, New York who became the Executive Director of American Humanics at High Point College after Mr. Terry Dunn assumed a position with American Humanics at Colorado State University.

# Campus Cases

BY DANNY BERRIER

Attorney General

Only one preliminary conference occured during the last week of school before spring break, resulting in the quietest period of judicial activity this semester. Several other referrals have been turned over to Dean Lowdermilk since school reconvened, but these are still pending.

The one conference held involved a student living in Women's Dorm. She was charged with possession of alcohol when the bottle of wine she was carrying slipped from her hands and spilled on the floor. She accepted an administrative decision and was fined $25.

The current total for the year is now thirty-two convictions and $800 in fines. Most of the fines levied have been collected with the money placed into the SGA Contingency Fund.

One rising problem on campus is the use of drugs by the student body. More and more people seem to be making a habit of regular marijuana smoking even though both school and federal laws forbid it.

The possible penalties for someone caught smoking on campus are not only expulsion from school, but it also opens one up for possible prosecution by the High Point Police Department.

The problem of enforcing the school's rule against drugs on campus is that it is difficult to catch someone with the drugs in their possession. Just the odor of marijuana is not conclusive evidence to convict someone of drug possession.

New methods will have to be employed to reduce the amount of drugs on campus including room checks and close watches of areas on campus believed to be high use areas. The rate of drug use can be lowered by tighter security and stricter enforcement of both federal and college laws.

# President

Continued from page 2

time to talk with members of the administration and others in order to understand the situation fully.

An SGA president should be allowed to use the powers given him by his office without more restraints from the legislature. In the future, I hope those people elected by the student body to serve as president will continue to use the powers given them by the constitution and not allow the legislature to force them into making decisions or try to limit their powers.

*SCOTT A. HANCE*

# Students receive scholarship info

All students of High Point College were recently mailed a financial aid booklet for the 1981-82 school year.

The booklet contained a listing of all available scholarships as well as a scholarship application. Students wishing to apply for scholarships should read and study the booklet carefully.

Students should complete the application form and return it to the Financial Aid Office no later than May 1. Students having questions concerning scholarships and financial aid for next year should go by the Financial Aid Office in Roberts Hall.

Students who received scholarships for 1980-81 are reminded that they must re-apply for scholarships for 1981-82, except for those receiving Presidential Scholarships.

THE CHIMES in Roberts Hall Tower have been repaired and should begin ringing again soon. (Photo by Lisa Mickey)

# Tower bells ringing again

BY KIM HIGGINS
Staff Writer

The bells of Roberts Hall should be ringing at the right times after spring break.

Mr. Charles Barker of the business office has had repairmen working on the bells during the eight months he has been at High Point College.

Because the system is old, it took the repairmen from Rose Radio Sales and Service a long time to get certain parts. But finally the parts came in and the system worked. Except they set the times wrong.

The chimes are set with a big metal wheel that has activators so the recording will go off at certain times. The system needs to be reset.

The chimes are supposed to ring every half hour. Also, every day at 12:00 noon and 6;00 p.m. they will play songs for ten minutes.

# Prospective scholars to visit campus

Some 70 high school seniors from up and down the east coast have been invited to compete for scholarships during Presidential Scholarship Weekend, March 27 and 28.

Each student will be evaluated on class rank, grades, and most importantly, interview results. The interview, which lasts 20 minutes, is conducted by a team of two faculty members and three current Presidential Scholars.

The prospective scholars, however, won't be here for all work and no play. Activities, such as a movie, ice cream social and Spring Rally have been planned to make their weekend more enjoyable.

The students will also have an opportunity to talk further with professors and present scholars at an informal tea following the interview sessions.

The nominees will find out the results of the weekend by the middle of April.

# Study in Denmark being offered

A new opportunity for study in Denmark is being offered by Scandinavian Seminar with two separate one-semester programs, one in the fall and one in the spring, for college students and the other adults. The first one will start at the end of July and extend over the fall months till mid-December, the other one will begin in February and extend into June.

The fall program will be run along the same lines as Scandinavian Seminar's regular academic year program in Denmark, Finland, Norway or Sweden. No previous knowledge of Danish is necessary. After a short introductory course, the students will participate in an intensive two-week language course and then spend some time with a Danish family practicing the language. From early September the students live and study among Scandinavians at Danish Folk Schools (small residential liberal arts schools), where they will further improve their language skills and immerse themselves in the Danish life and culture.

The spring semester program is only for students who already have some knowledge of Danish, equivalent to at least one year of college study. The program consists of a family stay of several weeks for language practice and 16 weeks of living and learning at a Danish Folk School.

On the basis of a detailed written evaluation, recommendation for credit will be sent to each student's home college or university. The fee, which covers tuition, room, board and course-connected travel in Denmark, is $3800 for the fall semester and $3200 for the spring semester program. Interest-free loans are granted on the basis of need, as are a few small scholarships. Applications for the programs will be accepted until May 15th.

For further information, write to:

SCANDINAVIAN SEMINAR, 100 East 85th Street, New York, NY 10028.

# Society to sponsor photograph competition

BY ALISA WALKER
Staff Writer

The Society for Collegiate Journalists met Wednesday, March 4.

During the meeting the Society made final arrangements for a photo contest. The contest will begin shortly after spring break and will continue through April 1.

The contest is open to all High Point College students, faculty and staff members, except for members of the SCJ. Prize money of $25, $10 and $5 will be awarded to the winners.

All photo entries must be black and white, 8 x 10 prints. The subject matter must pertain to "general campus life."

Each photo will be judged according to technical and artistic quality. Judging will be done by the Society and others.

For more information, students should contact Lisa Mickey or Dr. DeLeeuw. The Society urges those with photographic talent to take part in the contest.

The society decided during the meeting to sponsor a floating social "get together" Saturday, April 4 at the home of Dr. Deleeuw.

### *A review*

# Springsteen fans get money's worth

**BY LISA D. MICKEY**
**Staff Writer**

Anyone who can completely sell out a coliseum in just over two hours had better put on a good show. Bruce Springsteen went beyond that.

In his Greensboro Show Feb. 28, Springsteen lashed his musical repertoire at the screaming, singing and dancing crowd for almost 3½ hours. One woman even managed to get on stage and plant a kiss on the rocker's face before literally being picked up and taken away by a stage band.

The hits rolled out like a fine carpet, laying wall-to-wall tunes for the multitude of tapping feet and as Springsteen belted ''Prove It All Night,'' it was indicative that he planned to do just that. Off came the blue-jean jacket, up went the lights and the roar of Jersey rock rolled around Greensboro Coliseum like a giant musical cyclone.

Springsteen, looking like either a 50's greaser out of Sha-Na-Na or just a Trenton back-street hood, leaped about on the amplifiers and piano, slid on his knees about the stage, wagged an upraised fist and coaxed the E Street Band's big man, Clarence Clemmons, into some vivacious saxophone riffs.

The night was complete. Springstean slid from ''Tenth Avenue Freeze Out,'' to ''Jungleland,'' to ''Sandy'' then to some surprise melodies like ''This Land is Your Land'' and Creedence Clearwater Revival's ''Who'll Stop the Rain.'' Many cuts from his latest album ''The River'' were included in the show and Springsteen, sharing the stage handed over the microphone to the audience for the first verse of ''hungry Heart,'' one of the album's more catchy tunes.

''Born to Run'' was kept under lock and key until one of the two three-song encores. When the first chords were struck, it would be safe to say that there were few people still in their seats.

The performance was top-notch and was well worth the unhawked ticket prices of $10.50 and $11.50. The only dwonfall was the inevitable poor acoustics that accompanies just about any fast paced music in a large hall. One could have heard the music better on a good stereo, but the experience of Springsteen as a performer and as a raw, non-glittered musician along with the incomparable E Street Band, was worth far more than vinyl crispness.

The show was not just a concert -- it was an experience, and with the continuation of such efforts, it will be a long, long time before Springsteen, as his latest Top 40 song laments, ''fades away.''

# High Point wins regional field hockey tourney

High Point College now has the number one indoor hockey team in the region.

On Saturday, March 7, the USFHA Regional Indoor Hockey Tournament was held at Virginia Tech in Blacksburg, Va. In the double elimination tournament, High Point, after losing their third game, had to come from the losers bracket to win it all.

High Point played six games in all, scoring 32 goals while allowing only 19

The leading scorer for High Point was Yawer Hasan, followed by Patty Fortus, Sharon Kaler, Dilshad Peters and Shahzad Peters. Other team members included Stephanie Higgins, Lisa Mickey, Mary Wohlleban and Jane Doyle.

Coach Leslie Clark was extremely pleased with what she called "a true team effort."

High Point won the tournament with back-to-back wins over the club from Washington, D.C. by scores of 6-3 and 4-3. The WRR team had beaten High Point earlier in the tourney.

Nationals will be held in Cortland, NY on April 10-12. The High Point team will participate only if they can raise the money to go.

# Softball club gets funding

BY NELL TORAIN
Staff Writer

Last semester a charter was passed for a women's softball club on High Point College's campus.

Funding for the club was passed in legislature on Jan. 20, 1981, and was approved by SGA President Jacky Hendrix on March 3.

For a long time the women of HPC have been thinking about forming a women's softball team on campus. One young lady finally decided to put her thoughts into action.

Stephanie Higgins has been working hard trying to get the softball club started. She is responsible for the chartering of the club and getting the money to start it.

"The reason why we've had such a hard time getting the club started is because the school claims that they can't afford a team right now," Higgins stated. "Allocation of the money took so long because there was a question of whether the SGA should be responsible for allocating funds or whether the athletic department or school should allocate funds.

**STEPHANIE HIGGINS**

"After the long wait, the SGA allocated $750 for the

# Panthers get needed victory

The Panther baseball team downed Western Carolina 9-6 Sunday in a game Coach Jim Speight termed as "one we had to have."

The Panthers, who were 5-0 against Susquehanna earlier in the year, lost a 10-9 battle to N.C. State on Friday and a 14-4 game to Western on Saturday.

Neil Van Asch led the Panthers with a pair of homers, a double and six RBI's. His homer in the seventh gave HPC a 7-6 lead. Bob Hearon had a good day at the plate with three hits in five appearances while Kenny Carter went 2-for-3.

Mickey Powers picked up the win as High Point used five pitchers in the contest. Speight said he felt his staff needed the work. Joe Grabis, Tony Moody, Jayson Crump and Andy Dupree also threw for the Panthers.

In Saturday's contest, Western shelled HPC pitching for 17 hits, scoring six runs in the second inning and adding four more in the ninth.

Starter Jay Schwamberger (1-1) gave up nine runs before being lifted in the fifth. Western belted out five homers in the rout.

Mental errors cost HPC in the 10-9 loss to State according to Speight. Errors led to three State runs and HPC failed to capitalize on a scoring opportunity in the eighth when they had bases loaded with nobody out.

They managed only one run when a double play closed the door.

State took a 7-5 lead with four runs in the fifth before High Point tied it at 7-7 with two in the sixth.

State hit six home runs on the day.

High Point is now 6-3 and faces North Carolina A&T today at 3 p.m.

club. I was shocked that we got the money, but now that we do have it we're going to play as many scrimmages as we can get."

According to Higgins, approximately 22 girls have actually attended the meetings but many more have signed up. To begin, the team will be set up as a club instead of a regular softball team. "Anyone can play," she stated.

They will begin playing scrimmages against other schools who already have regular softball teams.

"We want to show the administration that there is enough interest in the sport here at HPC and our ultimate goal is to have a varsity sport," Higgins added.

Higgins also said that Kitty Steele and Dr. Jack Williams have contributed their help to the building up of the club and that Dr. Williams will be the coach.

CONCERTS: April 11 -- Styx, Greensboro Coliseum, 8:00 p.m. Tickets now on sale.

MUSIC: March 18 -- The North Carolina Symphony presents Duane Hulbert, pianists; 8:00 p.m. High Point, High Point Theatre.

March 21 -- The High Point Arts Council presents Sunny Joy Langton, soprano, 8:15 p.m. High Point Theatre.

## Lecturers to speak today

Dr. Richard Bardolph and Dr. Jeutonne P. Brewer will be the featured speakers during the first lectures of "The American Experiment" today from 2:30 - 4:30 p.m. in Hayworth Chapel.

Bardolph will speak on "Individuality and Individualism" and Brewer will address the topic of "Individuality through Language." Small group discussions will follow the lectures.

Admission for the program is free.

## Job fair to be held

Georgia Learning Resources System will be offering a Special Education Job Recruitment Fair which will enable participants to interview with a large number of employers under one roof. The job fair will be held in Atlanta at a time when the city is at its best -- spring! The date is March 20, 1981. The location is the Holiday Inn Downtown which is within walking distance of the famous Peachtree Center. Hours for the Job Fair are 9:00 a.m. - 3:00 p.m. Light refreshments will be served and drawings for door prizes will be held each hour. Participants will not be charged a registration fee.

All prospective special education teachers as well as those already in service are invited to attend. Employers will be offering positions in all areas of special education and related services. It is anticipated that approximately 60 school systems will be represented.

## *Proficiency exam to be given*

The High Point College Proficiency Examination in Writing will be given on March 25 to all students who have not yet taken the test.

Any student who is required to take the test but has not yet done so should plan to take the test on this day. The test will begin at 11 a.m. and will be given in the writing lab of Cooke Hall.

# Career News

THE CITY OF GREENSBORO has established a Summer College Intern Program for rising juniors, seniors, & recent graduates. Students will be selected and placed in a variety of assignments of a research or administrative nature.

Application deadline is March 20. Internships will be filled by last week of April. Employment is June 3 through July 28. Applications are available in Student Personnel.

********

K-MART will interview for management trainee candidates in the area of general manager and K-Mart Apparel on Friday, March 20. Students should sign up in Student Personnel.

********

SCHOOL SYSTEMS will be recruiting teachers from Moore County, Brunswick County, Guilford County and Randolph County. Students should sign up now for the March 27 interviews.

********

AN INTERNSHIP is available at Piedmont-Triad Advertising Federation for the rising senior who lives in the Triad area and plans to pursue a career in marketing, advertising or merchandising. The pay is $100 per week. For additional information, contact Lisa Jorgenson at WFMY-TV, 2315 Wachovia Building, Winston-Salem, N.C.

# Trustees approve site for library

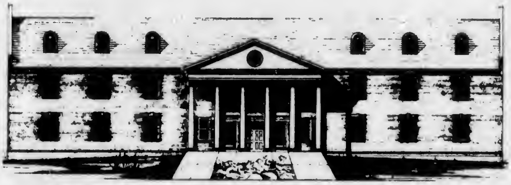
High Point College trustees recently approved a site on the campus for a proposed new, $3 million library, selected an architect, and made plans to launch a financial campaign.

The replacement for Wrenn Memorial Library wil be located in the open area in the northeast section of the campus, bounded by the present library, Roberts Hall, and Women's Hall.

Architect for the traditinal style building will be J. Hyatt Hammond Associates Inc. of Greensboro.

The library will follow the style of Roberts Hall, the main administration building, with six columns on a portico, a gabled roof, and brick construction.

In announcing the site, trustee chairman Charles E. Hayworth said a site selection committee had been at work for several months. The committee, headed by trustee Kermit Cloniger of Thomasville and Dr. Leon Bolich of the faculty, was composed of students, faculty members, alumni, and members of both the board of trustees and the board of visitors.



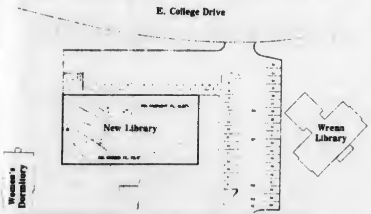
THE PROPOSED library for HPC has been designed and approved by the Trustees.

"We had a difficult task because we wanted to consider accessibility, the general plan of the campus, and the usefulness to the students. The committee studied several sites before making the recommendation of the site," Hayworth said.

Gifts for the library already total $500,000 with the remainder being anticipated through a capital campaign beginning the first week in May and continuing "about three months," according to Hayworth.

Contributions for the remaining $2.5 million will be sought from alumni and friends of the college including business and corporations particularly centered in the Triad area.

While the college is supported by both the North Carolina Conference and the Western North Carolina Conference of the United Methodist Church, Hayworth said that contributions for the building will not be sought directly through the church. "There is no doubt that many of the people who will be asked for gifts are members of Methodist congregations, but the conference already is giving the college support for regular operations," he said.



# Junior Marshals selected

Twenty juniors were recently honored at High Point College by being selected as Junior Marshals for 1980-81.

The students selected include Debra Bouldin and Connie McDaniel, High Point; April Callahan, Kernersville; Paul Boyles and Kim Darden, Winston-Salem; Janet Goble and Stephanie Halker, Thomasville; Teresa Sellers, Asheboro; Ray Daniel, Greensboro; Tim Gray, Graham; and Betsy Canupp, Hickory.

Out-of-state students include George Brandt, Arlington, Virginia; Brian Campbell and Nancy Chipman, Rockville, Maryland; Michael Coleflesh, West Milford, New Jersey; Nancy Houlberg, Miami, Florida; also Karen Magill, Crofton, Maryland; Robert A. Moss, North Springfield, Virginia; Kevin O'Connell, Clinton, Maryland; and Jannell Welsh, Randallstown, Maryland.

Canupp will serve as chief of the group and Darden will be the co-chief.

Selection as marshal recognizes students for their outstanding academic performance and is limited to the top twenty students in the junior class. They will escort the seniors at the formal graduation events May 2-3.

# Two women named to Board of Trustees

BY CRYSTAL HEDGECOCK
Assistant Editor

Two area women, Mrs. Sylvia Robinson and Mrs. Lois Gay, were recently appointed to the Board of Trustees of High Point College.

Robinson was contacted about her appointment to the Board by the Conference Agency on the Role and Status of Women. She is unaware of the exact reasons behind her appointment, but the fact that she is a member of the Methodist Church is surely of importance.

Robinson is an educator. She was a teacher and guidance counselor prior to her move to High Point. She has previously served as P.T.A. president and has been actively involved with scouting.

Gay, an alumni of HPC, has been involved with the alumni of the college since her return to High Point five years ago and serves on the Executive Committee of the Alumni Association. While at High Point, she was a charter member of the Order of the Lighted Lamp. She was the president of the Nikanthan Literary Society and was listed in Who's Who. In 1936, Gay served as business manager of the *Zenith*.

Gay has been actively involved in her children's schools and has been a volunteer in her church and community.

Both women have attended their first Board meeting and were impressed with the intelligence and organization of the Trustees.

"They are a hard-working Board," Robinson commented. "They have a sturdy concern for the students of now and for decades to come. They are a committed and dedicated Board.

"It's very fine for college life to have this input from men of knowledge for a springboard of ideas," Gay remarked.

"I am committed to private education. I have always been impressed with High Point College," Robinson states. "This is certainly a privilege for me I am looking forward to working on the Board."

# Committee members have vested interests

With the school year winding down and another summer approaching, many students are beginning to wonder who will be the president of High Point College when they return next fall.

No one knows for sure. Not even the Search Committee.

Or do they?

Is it possible that the committee has already made up its mind? Some seem to think so.

For a period of weeks now, the committee hasn't made much information public about the handful of candidates it is considering. It has been rumored that they have pretty much made up their minds and are just killing time.

But last week they invited one of the top candidates to visit High Point and meet with the faculty and staff. So now its anybody's guess again as to what the committee is going to do.

But whatever the committee decides, there is one person who will undoubtedly have a lot to say about the decisions the group makes.

Dr. E. Roy Epperson, Associate Dean of the College, is that man. Epperson is one of the three faculty members on the committee and is the administrative officer for the committee.

But should Epperson even serve on the committee? If Acting-President and Dean David Cole, who has openly announced that he is a candidate for the presidency and is considered one of the top prospects, should be named president by the Board of Trustees, then Epperson would, in all probability, take Cole's place as Dean of the College.

How can the Trustees allow him to continue to serve on the committee when it is plain that he could and does have a conflict of interests in helping to make a recommendation for the next president of the College.

It is very possible that Epperson could render a fair and unbiased judgement in the matter. But why allow him to be in that position. Once it was known by the committee that Cole was one of the top choices, they should have asked Epperson to step down or he should have done it on his own.

If Cole were named to the post, Epperson would not automatically move into the Dean's office. The Dean of the College is appointed by the president. But with Epperson's experience at High Point College and the positions he currently holds, it is plain to see that he would have to be considered the top candidate for the job.

And if Epperson were named Dean of the College, than someone would have to fill his post as department chairman. One of the top candidates for that position would be Dr. John Ward, also a member of the Search Committee.

Some faculty members are not pleased with the selection of their representatives to the Search Committee. Some feel that the faculty representatives have vested interests in who becomes the next president of the College. Others feel that the members of the committee should have been chosen after the faculty returned to school and that they should have had a say in who they wanted to represent them on this important committee.

There is also one student member of the

# President defends position, Hendrix

**Dear Editor:**

Allow me to clarify a statement made in your editorial, "President should be given time he needs," in the March 19, 1981, issue of the *Hi-Po.*

The statement is "Legislators and administrators were saying that he was holding the bill too long. . ." As chief administrator of the College, I openly defended the right of Mr. Hendrix to take action when he saw fit.

My only reason for comment is that the term administrator(s) and president too frequently are thought to be synonynious.

**Sincerely yours,**
**David W. Cole**
**Acting President**

# Campus Cases

**BY DANNY BERRIER**
**Attorney General**

The level of activity for the Judicial Committee has again increased as three new cases have been prosecuted and six more have been turned over to it for investigation. All three cases involved alcohol violations and each resulted in an administrative decision and $25 fine.

The first case involved a resident of Belk Dorm who was charged by the resident counselor. Mary Young had gone up to the student's suite to investigate a complaint that the music was too loud and saw the student charged with an alcoholic beverage in her possession. The student charged was brought before Dean Bob Lowdermilk and accepted the $25 fine.

A McCulloch resident was the next student charged for alcohol possession. He was identified in Belk Dorm by a resident assistant as having a bottle of wine in his possession. The RA took the bottle from him, emptied the contents into a sink, and turned the referral over to Dean Lowdermilk. At his preliminary conference, the student accepted an administrative decision and fine.

The last case again involved a Belk resident. This student was identified as being in one of the dorm's suites holding a beer. He admitted his guilt freely and agreed to the fine.

Several students have asked where the money collected from the fines is placed. All monies collected are deposited into the SGA Contingency Fund which is used for capital improvements here on campus. The $7,500 necessary to increase the radio station's output to 100 Watts came out of this fund as well as money to purchase new refrigerators this year.

The three new cases brings the total of violations for this academic year to thirty-five. A total of $875 worth of fines have been levied. With the possibility of six more convictions within a week, the total could exceed $1,000.

# Supplies missing

In recent weeks, many *Hi-Po* supplies have disappeared from the publications room in the Campus Center.

The items missing include six pairs of scissors, eight exacto knives and two metal pica rulers. All of the items are very expensive and replacing them will cut deeply into the newspaper's budget.

If anyone has any information concerning the whereabouts of any of these items or about people being in the publications room on days other than *Hi-Po* meeting days, please see the editor as soon as possible.

If you have any of these missing items, please return them.

### *Letter to the Editor*

# Hockey player thankful

**Dear Editor:**

On behalf of the members of the newly formed indoor hockey team, I'd like to thank those individuals and groups who have given support and financial assistance to us in our attempt to raise money for the National Indoor Hockey Tournament in New York.

To begin with, the team -- consisting of regular season field hockey players and three HPC male foreign students -- compiled monies from our own pockets and the remainder of the regular hockey budget to play in the Regional Indoor Hockey Tournament at Virginia Polytechnical Institute right before break. By a prayer, we ate our jellybean lunch (literally), tied together our loose ends and came from the loser's bracket to win the tournament, qualifying us for nationals.

The fact that we rightfully earned a chance at the national tournament is glimmering compared to the dull reality of lack of funds. This is the first year for indoor

### *Letters to the Editor*

# Legislator feels bill needed

**Dear Editor:**

I am writing in response to your recent editorial about the Student Legislature forcing the SGA President into making decisions or trying to limit his powers.

I feel that the recent bill passed by the legislature, limiting the time a president could hold a bill, is an important one. The two weeks that would be given to the president to take action is not to limit his powers but to make sure he is not taking advantage of them.

As stated in Article VI, Section III of the constitution, the SGA President has certain veto powers. At the same time, he should have certain limitations as to how long he can take to veto a bill or pass a bill. This will enable the legislature to go on with its business. If a bill is held by the president, there is not much that the legislative body can do. This is especially true with the bill brought to the legislative regarding the allocation of monies to the softball club. If this bill had been held, these girls would not have been able to purchase the necessary equipment and, would not have been able to participate as an interscholastic club this season.

The executive branch does have the power to check on the actions of the legislative body. But it should have a specific time within which to take action against or with the legislature. Who can say whether or not the president is investigating matters concerning a bill? Until that can be determined, the SGA President should have two weeks to take action on a bill.

**Sincerely,**
**Debbie Hutter**
**Sophomore Class Legislator**

# Time should be limited

**Dear Editor:**

I would like to make some clarifications in response to the editorial on the SGA President's power in the March 19, 1981, issue of the *Hi-Po*.

The issue in question is whether or not the SGA President should be limited in his/her time to make a decision on a bill. The bill was prompted by a previous bill allocating money to the new formed Softball Club.

The softball bill was passed in the Student Legislature on Jan. 20, by a vote of 13-1. The SGA President, Jacky Hendrix, approved the bill on March 3, 6 weeks, or 30 working days, after it was initially passed by the Student Legislature.

The bill concerned with limiting the time a president could hold a bill was introduced and passed by the legislature on February 17, 4 weeks after waiting for a decision on the softball bill. Under this bill, the president would have two weeks to take action on a bill. If no action is taken within this time, the legislature will have the power to assume the bill is approved; it is not automatically approved. The president can always explain that more time is needed, and if this is the case in the legislative body's eyes, I'm sure he/she will get the time needed to complete necessary inquiries.

It is true that the executive branch has the power to check on the actions of the legislative body, but it is also true that the legislative body has the power to check on the actions of the executive branch. The president can veto any bill he is opposed to. At that time, the bill is brought back to the legislature with an explanation of the veto and the legislature is given the opportunity to override the veto. In the case of the softball bill, the legislature could not act while the bill was held by the president for 6 weeks.

My understanding of the bill is that two weeks is enough time for the president to complete his/her investigations on a bill in question. It is not a bill to limit powers. The president still has the power to approve or veto any bill that is approved by the legislature. The bill just makes the president use these powers instead of holding a bill so nothing can be done.

Sincerely,
Stephanie Higgins
Senior Class Legislator

# Hunter needs help

**Dear Editor:**

HELP! I am involved in a scavenger hunt.

One of the items that I have to find is . . . "Lyrics of "Ballad of a Young Man" as sung by Helen Ramsey."

I have written to the Library of Congress, copyright division, over 50 record finders on both coasts, several radio stations and numerous magazines and unions connected with the music world. No success.

Perhaps one of your readers has heard of the song and/or the artist and would write to me at the address below. A prompt response would be appreciated as there is a deadline involved.

Thank you.

# New editors selected

The new leaders of the campus publications and radio station were recently selected for the 1981-82 school year.

The selections were made by the publications committee, in late February and the nominees were recently approved by Acting President David Cole.

**CRYSTAL HEDGECOCK**

**CHARLES BURTON**

The new editors will be: Crystal Hedgecock, *Hi-Po*; Art Prillaman, *Zenith;* and Charles Burton, *Apogee*. Pat Connelly will be the new station manager of WWIH.

Hedgecock, a freshman, is a communications major from High Point. She served as editor of the High Point Andrews school newspaper her senior year and was made assistant editor of the *Hi-Po* at the beginning of the spring semester.

Another communications major, Prillaman, will move up to the editorship of the *Zenith*. Prillaman served the *Zenith* as associate editor this past year. Prillaman is a sophomore from Martinsville, Va., and is a member of the Pi Kappa Alpha fraternity.

Burton is a sophomore from High point and will take over the *Apogee*, the literary magazine from Gina Marlette and James Grose, this year's co-editors. He is an English major.

WWIH will be headed next year by Connelly, a freshman from Norfolk, Va. He is a communications major and worked on the radio station as a disc jockey this past year. He also worked in the news department of the station.

The students were selected from a number of applicants by a vote of the students and faculty on the publications committee. The committee also heard recommendations from the current editors and station manager.

**PAT CONNELLY**

**ART PRILLAMAN**

# Wendel appointed to post

David L. Wendel, of Syracuse, New York, has been appointed executive director of the American Humanics program at High Point College. He and his family will move to High Point immediately.

**DAVID L. WENDEL**

Wendel is on the executive staff of the Hiawatha Council, Boy Scouts of America, headquartered in Syracuse. He has previously been a Scout executive in Suffolk County, New York and Manchester, New Hampshire.

At High Point College, he will direct the co-curricular activities which supplement the academic department of human relations. American Humanics is a private, non-college organization that provides supplemental activity and support for human relations.

The total program works in a partnership to prepare students for positions of professional leadership in youth agencies. Wendel replaces Terry Dunn who recently took a director's position in Colorado.

Wendel is a graduate of Syracuse University School of Management with a major in marketing. He has earned graduate credits at Syracuse Graduate School of Business and at Keene State College, New Hampshire.

He and Mrs. Wendel are the parents of two young daughters.

# Library cuts back hours

BY KIM HIGGINS
Staff Writer

Wrenn Memorial Library has gone back to its old hours of operation because of lack of interest in its extended hours.

The library is now open Mon-Thurs 8:00a.m.-10:00 p.m., Friday 8:00a.m.-5:00 p.m., Saturday 1:00p.m.-5:00p.m., and Sunday 3:00 p.m.-10:00p.m. These hours will remain in effect until April 21. Because of Easter, the library will be closed Sunday and Monday, but it will have its hours extended for exam studying when it reopens on Tuesday.

The Student Advisory Council met March 4 and decided to put the library back on its old hours. "The usage did not justify keeping it open," stated Larry Keesee, Director of Library Services.

"I regret the hours did not encourage a good turnout," Keesee said. "But it was a referendum by the students and they didn't seem to want the hours."

# Concert to be held

The fine arts department of High Point College will present a spring concert on Thursday evening, April 9, at 8 p.m. in the Charles E. Hayworth, Sr. Memorial Chapel. The program will feature the High Point College Signers and pianist Marcia Garrett.

The singers will be heard in a group of madrigals, sacred selections, music by John Lennon and Paul McCartney and selections from the musical. "Carousel." Dr. James Elson is director of the ensemble and accompanists are Teresa Williams of Jamestown and Bob Clark of High Point.

Garrett will play music by Chopin and head a quartet of pianists in selections from Debussy's "Petite Suite."

There is no admission charge and the public is invited to attend.

# Students could be affected by President Reagan's cuts

BY CRYSTAL HEDGECOCK
Assistant Editor

An approximate 72 percent of High Point College students could be affected by President Reagan's proposed cuts for financial aid.

Another 84,000 North Carolina college students could be affected also. According to the Associated Press, up to one-half of North Carolina's 165,000 college students receeive some kind of financial aid.

The Reagan proposals, which have not yet been approved, would affect the two largest aid programs - Basic Eductional Opportunity Grants and Guaranteed Student Loans. The proposal for the B.E.O.G. was sent to Congress only days ago. Congress has 45 days in which to make a decision. The Guaranteed Student Loans proposal has not yet been sent to Congress.

The extent of the cuts will be the determining factor in the amount of students actually affected.

Whether the cuts will keep a certain student from attending college depends, according to Susan Koonce, Director of Financial Aid, on the creativity of the student.

"Students will come up with the funds someway," Koonce said.

The average amount of financial aid that a HPC student receives is just under the cost of tuition, reports the Financial Aid office. The financial aid includes scholarships, grants, student loans and work-study.

The college hopes to be prepared for whatever decision Congress makes concerning the proposed cuts. According to Mr. Al Hassell, Director of Admissions, HPC has taken steps to better utilize scholarship funds.

Koonce suggests that students seek financial help from sources outside of the college, such as civic clubs, businesses and industries.

"Industry and businesses will certainly have a role in subsidizing students in their education in the future," predicts Koonce.

Although the cuts have not been approved yet, Hassell feels that the proposals have already affected college enrollment for the fall.

"People are unsure of their financial situation and most likely are holding off making decisions until more specifics are known," Hassell said.

# Berwick to speak to design class

Joann Berwick, the editor of *House Beautiful* magazine, will speak to Mrs. Jane Burton's interior design class April 10 at 2 p.m. in the main conference room of the Campus Center.

Berwick will speak on the opportunities for women in business and the trends in interior design.

The talk will be open to the public.

# New editors selected

The new leaders of the campus publications and radio station were recently selected for the 1981-82 school year.

The selections were made by the publications council [illegible] in late February and the decisions were recently approved by Acting President David Cole.

The new editors will be Crandal Hedgepeth, Hi-Po; [illegible] Pullaham, Zenith; and [illegible] Burton, Apogee. Pat Connelly will be the new station manager of WWGH.

Hedgepeth, a freshman, is a communications major from High Point. She served [illegible] the editor of the High Point Andrews school newspaper her senior year and was made [illegible] editor of the Hi-Po at the beginning of the spring semester.

Another communications major, Pullaham, will move up to the editorship of the Zenith. Pullaham served the Zenith as associate editor this past year. Pullaham is a sophomore from [illegible], Va. and is a member of the Pi Kappa Alpha fraternity.

Burton is a sophomore from High Point and will take over the Apogee, the literary magazine, from [illegible] and [illegible], the past [illegible]. He is an English major.

WWGH will be headed next year by Connelly, a freshman from Norfolk, Va. He is a communications major and worked on the radio station as a disc jockey this year. [illegible] worked in the news department of the station.

Darrell L. Wendel, of Syracuse, New York, has been appointed [illegible] director of the American Humanics program at High Point College. He was [illegible] and moved to High Point [illegible].

Wendel was [illegible] staff at the [illegible] of Boy Scouts of America headquarters in Syracuse. He has previously [illegible] Scout executive in Suffolk County, New York and Manchester, New Hampshire.

At High Point College he will direct the co-curricular [illegible] which supplements the academic department of Human Relations. American Humanics is a private, non-college organization that provides supplemental activities and support for human services.

The total program works in a partnership to prepare students for positions of professional leadership in youth agencies. Wendel replaces Terry Dunn who recently [illegible] in Colorado.

Wendel is a graduate of Syracuse University School of Management with a major in marketing. He has earned graduate credits at Syracuse University School of Business and at Keene State College, New Hampshire.

He and Mrs. Wendel are the parents of two young daughters.

## Library cuts back hours

BY JILL HIGGINS
Staff Writer

Wrenn Memorial Library [illegible] back on the [illegible] hours of operation [illegible]

The library [illegible] Thursday [illegible] Saturday [illegible] and Sunday [illegible]. These hours will remain in effect until April. Because of Easter, the library will be closed Sunday and Monday, but it will have its hours [illegible] for those studying when it reopens on Tuesday.

The Student Advisory Council met March [illegible] and decided to put the library back on its old hours. [illegible] did not justify keeping it open, stated [illegible] Kenney, Director of library Services.

"I regret the hours did not encourage a good turnout," Kenney said. "But it was a referendum by the students and they didn't [illegible] the hours."

# Concert to be held

The fine arts department of High Point College will present a spring concert on Thursday evening, April 9, at 8 p.m. in the Charles E. Hayworth, Sr. Memorial Chapel. The program will feature the High Point College Singers and pianist [illegible] Garner.

The singers will be heard in a group of madrigals, several selections, music by John Lennon and Paul McCartney and selections from the musical "Carousel." [illegible] is director of the ensemble and accompanists are Teresa Williams of Johnstown and Bob [illegible] of High Point.

Garner will play music by Chopin and lead a quartet of pianists in selections from Debussy's "Petite Suite."

There is no admission charge and the public is invited to attend.

# Students could be affected by President Reagan's cuts

BY [illegible]
[illegible]
Assistant Editor

An approximate [illegible] percent of High Point College students could be affected by President Reagan's proposed cuts for financial aid, [illegible] NDSL [illegible] [illegible] according to [illegible] Kenney, Director of Financial Aid, on the [illegible] of the students.

"Students will [illegible] up with the [illegible]," Kenney said.

The [illegible] interest of financial aid [illegible] just [illegible] the [illegible] of [illegible], [illegible] the Financial Aid office. The [illegible] will [illegible] scholarships, grants, [illegible] and work-study.

[illegible] Reagan proposals, [illegible] have not yet been approved, would affect the [illegible] aid programs: [illegible] Educational Opportunity Grants and [illegible] Loans. [illegible] in Congress only [illegible] Congress [illegible] which [illegible] The [illegible] proposal has been [illegible].

The extent of the cuts will be [illegible] determining [illegible] the amount of students affected.

[illegible] will keep [illegible]

The college hopes to be prepared for financial decisions Congress makes concerning the proposals [illegible]. According to Mr. Al Hassell, Director of Admissions, HPC has taken steps to lessen [illegible] scholarship funds.

Kenney suggests that students seek financial help from sources outside of the college, such as civic clubs, businesses and industries.

"Industry and businesses will certainly have a role to [illegible] education in the future," predicts Kenney.

Although [illegible] have been approved yet, Hassell feels that the proposals have already affected college enrollment for the fall.

People are unsure of their financial situation and most likely are holding off making proposals until more specifics are known, Kenney said.

## Berwick to speak to design class

Jason Berwick, the editor of [illegible] Magazine, will speak to Mrs. Jane Burton's [illegible] design class April 10 at 9 a.m. in the multi-purpose room of the College Center. Berwick will speak on the opportunities for women in [illegible] and the trends in [illegible] design.

The talk will be open to the public.

The 1981 Presidential Scholarship Weekend was a success according to people involved with its planning.

"The present Presidential Scholars did an outstanding job. Everything functioned as it should," said Dr. Murphy Osborne.

Forty-six prospective scholars came to HPC March 20-22 for interviews. Interviewers were selectred from the faculty and present Presidential Scholars. The new scholars will be chosen on the basis of their grades, recommendations SAT scores, and the interviews.

Presidential scholarships range from $500 a year ($2000 for four years), to $1250 a yeard $5000 for four years).

Dr. Osborne expects most of the 46 prospective scholars to form the nucleus of the freshman class for the 1981-82 school year. This year most of the nominees participating had already decided they were coming to HPC. This is because the weekend is in March and they had already paid the required $100 down payment.

Weather problems had caused the weekend to be moved to March from February. In February, students were more uncertain about attending High Point because their down payment wasn't yet required. This also explains why there were fewer students this past weekend. The administration is now trying to decide whether to move the weekend back to February during the basketball season or keep it in March.

Scholarship Weekend was designed so the scholars could get acquainted with HPC. Dr. Osborne feels the weekend presents a view of the HPC student body and faculty at its best.

"I feel the student and faculty are really the strong point of High Point College," Dr. Osborne said.

Dr. Osborne explained why HPC has the Presidential program: "I think there are two ways for any institution to die. One is to have no students coming at all. Now, High Point College can attract students.

"The other way is to have poor academics. This program assures good academics at this school," Dr. Osborne continued.

"High Point College is still in constant search for highly qualified students who also fit in with our value system," he said.

# Professor to visit campus

BY ALISA WALKER
Staff Writer

Dr. Lewis S. Ford, active professor of religion and philosophy at Old Dominion University, will be on campus April 8-9 conducting lectures concerning process philosophy and theism.

Ford attended Yale University where he received a B.A., M.A., and Ph. D. in philosophy. He also engaged in biblical studies at Yale Divinity School.

Throughout the years of study in religion and philosophy, Ford has written and edited numerous articles and books pertaining to process theism. His latest book is *The Lure of God: A Biblical Background for Process Theism.* Presently, he is editor of the scholarly quarterly, "Process Studies."

According to Dr. Owen Weatherly, professor of religion and philosophy, process theism is an interpretation of Christian faith which uses conceptual framework of process philosophy.

Weatherly said process philosophy is a new form of study which has emerged out of the writings of Alfred Whitehead. "It is a move from substance philosophy to a move of organism or process philosophy," Weatherly said.

Ford will arrive on campus at 5 p.m. Wednesday, Apr. 8. The religion and philosophy department will welcome him with a dinner in the Trustee dining room where he will lead an informal discussion on proces theism.

Along with the process philosophy and christian thought class, the dinner will be open to anyone who would like to attend. Those interested, however, must see Dr. Earl Crow or Dr. Weatherly before hand.

On Thursday, April 9 at 9 a.m., Ford will conduct his first lecture, "Science, (Religion), in the Modern World" in room 106 in Haworth Hall.

At 1 p.m., Ford will conduct another lectue in the conference room of the Campus Center on "The Emergence of Process Theism."

# Lowdermilk to speak at banquet

Dean of Students Bob Lowdermilk will be the guest speaker at the Alumni-Senior Banquet on April 25.

Lowdermilk was chosen as speaker by Dr. Bob Williams of Alumni Affairs, Dr. Vance Davis and class President Scott Hance.

The itinerary and program for the evening was also discussed at the meeting.

During the banquet, the Alumni of the Year award will be presented as will the Outstanding Senior award. There will also be a short business session of the Alumni Association while they install a new president.

The dinner is given to the senior class by the Alumni Association and has been successful in the years it has been done. All seniors are invited and urged to attend.

The banquet will be held again this year at Christ United Methodist Church on Lexington Avenue just across from the intramural fields.

It will begin at 6:30.

# IFC to sponsor Alcohol Awareness Week on campus

What is your conception of alcohol and its effects?

April 6-10 might just be an eye-opener for you, for that is when the IFC is sponsoring an Alcohol Awareness Week for the students of High Point College. The week will not stress abstinence, rather it will recommend that if you're going to drink, drink with moderation.

The "week" starts on Monday, April 6, when there will be two movies in the cafeteria during lunch. They are "Pink Elephant" and "The Alcoholism Film," the latter is narrated by Rod Serling.

Also, pamphlets will be distributed on tables in the cafeteria and Campus Center. They will contain information concerning alcoholism.

Tuesday's lunch will feature a bottle display in the cafeteria which will give information abut alcohol related diseases in a unique way.

On Wednesday, April 8 there will be a "Keg Race." It will start and end in front of the Campus Center. Each of the four fraternities and the top four independent intramural teams will participate. It will consist of an obstacle course around campus to be covered by two-man teams carrying an empty keg. Starting time for the event is 3 p.m.

Later on Wednesday there will be a controlled drinking demonstration conducted by the N.C. State Highway Patrol. Students and faculty members will participate in this test to see how varying amounts of alcholic beverages affect different people. This will begin in the cafeteria and will be completed in the lobby of the Campus Center.

On Thursday, another film "Conspiracy of Silence," will be shown about alcoholism and how it can destroy a family. Watch for it in the cafeteria at lunch. From 6:15 - 7:15 p.m. a college-age, rehabilitated alcoholic will talk about his plight under alcoholism.

The week concludes on Friday, April 10, with one final movie in the cafeteria during lunch. "It Can't Happen to Me" deals with the life and rehabilitation of a teenage alcoholic.

The week is specifically structured for the students at High Point College, and the IFC extends a cordial invitation to each and every member of the college community to attend.

# Hockey

**Continued from page 3**

hockey, so it is not budgeted by the athletic department. And, because we are not a chartered club, we cannot receive monies from the Student Government Association nor support from other groups to whom the SGA allocates money, aside from fund raising events on their part in our behalf.

To make a long, tiring story short, this indoor hockey group is on its own -- on its own to raise approximately $800 before April 9. Technically, we cannot represent High Point College because we are receiving no financial support from it as an institution. Underlyingly, we ARE representing HPC because all the playing members are students from this school. We ARE in essence, a High Point Indoor Hockey Club consisting of nine HPC students, and even if the school will not back us, allow us a possible two day cut permission (for which we are totally responsible) or give us the time of day as a newly extended season, we will still be a part of HPC and you had better believe that if we won the national tournament, High Point College would say we were THEIR students. So goes life.

It has been discouraging. You can only sell so many hotdogs or have so many car washes. We are at the mercy of patrons. To all of you who have pitched in, thanks! To the rest of you who haven't, I hope you will. The team has worked hard to prepare for the tournament. With your help, we'll at least get there. With a little luck, we'll bring home the bacon.

Sincerely,
Lisa D. Mickey

# Committee

**Continued from page 3**

committee. That's right, just one - SGA President Jacky Hendrix. Hendrix is a good choice to represent the students since he has been elected by us for two straight years to be our president. But how about some company for him.

If a group of 65-70 faculty can have three representatives on the committee, than why can't a group of over 1,000 students have more than one voice. It would be much easier for two or three students to voice their opinions and have an impact on the committee than for one student among the "important" people on the committee.

Whatever the outcome of this search, I hope the committee weighs the evidence carefully and chooses a president which will keep High Point's present image and build upon it in the years to come.

I also hope that the next time the College must choose a new president, the Trustees think very carefully about who should be on the committee and who will do the best job of representing the different groups that must have a voice in the matter.

# Greeks busy with dances, beach trips

**KAPPA DELTA**

The sisters and pledges of Kappa Delta would like to thank all of you who helped make the 1981 rock-a-thon a success. Everyone had a great time while helping the North Carolina Heart Association. A special thanks goes to the Pikas for rocking with the KDs.

The KDs came in second at the Pika Spring Rally. Congratulations to the Zetas for their first place finish and to the Phi Mus for placing third. The Pikas are to be commended for the great job they did on the rally. Everybody had fun -- no matter where they placed.

The night of rollerskating at Carousel two weeks ago went well. The next rollerskating night will be Thursday, April 2 from 7:30-10:00. Come out and have a super time! The cost is only $2, which includes skate rental.

The KDs are looking forward to April 4 and the White Rose Ball being held at the Howard Johnson's in Greensboro. The highlight of the evening will be the crowning of the KD Sweethheart.

Congratulations go to Debbie Hutter, new panhellenic president, Heidi Young, program coordinator for Inter-Varsity Christian Fellowship and to Sharon Lowe, outreach-missions chairman of the same group.

**PHI MU**

The Phi Mus had their traditional Phi Mu Weekend this past weekend. It began with a B -- Blast on Friday night. They had a formal dance on Saturday night and then a trip to Hanging Rock on Sunday. Congratulations to Ken Swanson who was chosen as their new Phi Mu Sweetheart. The weekend was a great success.

They will be having a car wash on Saturday, April 4.

The Phi Mus would like to thank the Pikas for sponsoring the 1981 Spring Rally for the sororities. It was a blast!

They also wish all the spring athletic teams good luck in their competitions.

**ZETA TAU ALPHA**

The sisters and pledges of Zeta Tau Alpha have been very busy and will continue to be that way for a couple more weeks.

During the week before spring break, Delta Gamma chapter was visited by a field consultant, Alice McCann. She gave the chapter, especially the new officers, a lot of new ideas.

Zeta Tau Alpha won first place in the Pika Spring Rally. They all had a great time and would like to congratulate the KDs who placed second and the Phi Mus who won third place. They would like to thank their team coaches, Don Wilborne, Keith Chance and John Van Horn.

ZTA would like to congratulate Deb Shaver who recently was selected as Theta Chi Dream Girl. Also, congratulations go to Shelley Shovlin who was a second runner-up to Deb.

This past weekend was Mother's Weekend for the Zetas. On Saturday, the mothers were honored at a brunch during which they learned a little bit about what Zeta means to all the girls. That night there was a banquet at Sirloin Ranch followed by a ritual at which the mothers were presented a pin. 38 mothers came for the weekend filled with fun.

The Zetas are looking forward to State Day and Sisters' Dance, both to be held on April 4. State Day will be at Lenoir-Rhyne College in Hickory. Sisters' Dance will be at the Holiday Inn Airport.

The future also includes plans for mixers with the baseball team and also with the Pikas.

The Zeta softball team has been working with their coaches, Dave Strong, Ricky Klier and Ken Douglas and are hoping for a good season. Good luck to all other softball teams.

**BETTY MAYNOR and her mother, Mrs. Joyce Maynor enjoy a brunch given by the Zetas during ZTA Mother's Weekend. (Photos by Lisa Mickey)**

**THE KD's and the Pikas held a Rock-a-Thon this past weekend to raise money for the N.C. Heart Association.**

**ALPHA DELTA THETA**

Alpha Delta Theta welcomed in spring by participating in the first Pika Spring Rally. They had a great time battling it out with the other sororities in various races. Thanks to the Pikas for including them and special thanks to Chris Williams and Steve Burton for coaching them.

The sisters sold Balloon Greetings after spring break, and it was a great success. They are making Easter baskets for the Winston-Salem Children's Home. Currently, plans are being made for their Spring Retreat which will be at Tanglewood Park in Winston-Salem.

Special congratulations go to Susan Durbano, Laurie Walker, Lenor Compton, and Ursula Watt who were recently inducted into the sisterhood. New officers were elected on March 25. These officers include Cathy Wilhoit, President; Sarah Sparks, Vice President; Beth Myers and Rachel Eldridge, Secretary; and Vickie Barnes, Treasurer. Other officers will be elected on March 31.

**PI KAPPA ALPHA**

The Pi Kappa Alpha fraternity is readying itself for a full line-up of spring activities. The Pikas made Presidential Scholarship Weekend all the better by sponsoring the first annual Spring Rally on Saturday, March 21. The festival was a huge success, partly because of the dedication of Dean Bob Lowdermilk, Mrs. Murphy Osborne and Mr. Al Hassell who helped with the judging. They would also like to thank all other faculty and administration for helping with the rally and also the five sororities who competed.

Officers for the 1981-82 year were elected recently. They are Bill Scay, President; Art Prillaman, Vice President; Pat Connelly, Secretary; Bryan Christian, Treasurer. Congratulations to these individuals and a special thanks to the officers who preceded them.

On Thursday, April 2, the Pikas are sponsoring a night at Touch of Class. Dream Girl is scheduled for the next night with KENTUCKY as the band.

Softball intramurals began with a 5-4 win over the Sig-B team.

The Pikas participated in a rock-a-thon with the KDs last weekend. Thanks for all the support.

Future plans include a mixer on April 10 with ZTA and a senior picnic on April 18.

**ALPHA GAMMA DELTA**

The Alpha Gams have been busy since spring break with alot of activities. Early in March they held officer elections. The new officers to be congratulated are Nancy Chipman, President; Marion Shriver, Vice President, Fraternity Education; Teri Scarchello, Scholarship; Jannell Welsh, Ritual; Carolyn Caggiano, Treasurer; Marilee Warren, Publicity; Patti Krivka, RUSH; Joan Madert, Congratulatory; Kelly Anderson, Corresponding Secretary; Joanne Cooley, Recording Secretary; Sharon Sweeney, House and Guard; Mandy McGuirt, Social/Standards; Teriann Cleary, Panhellenic Delegate; Jennifer Holmes, Panhellenic Officer; Liz Tyrell, RUSH Counselor; Kelly Jones, Activities/Altruism; and Page Hess, Membership.

On March 18, the Alpha Gams sponsored a faculty tea. It was a success and they would like to thank all who attended.

On March 28, they held a car wash and ended the day with a mixer with the Theta Chis.

They are looking forward, once again, to their annual Rose Ball which will be held April 11 at the Winston-Salem Downtowner. Preceding the dance will be the International Reunion Day Luncheon with the alumni at Howard Johnson's in High Point.

The Gams would like to thank the Pikas for sponsoring the Spring Rally. It was alot of fun.

They are working hard now to raise money. Several nights-at-the-Rail and carwashes are being planned.

**THETA CHI**

The Theta Chis recently held elections and the new officers are Chris Graney, President; John Machesky, Vice-President; Brian Caskie, Secretary; and Rick Klier, Treasurer.

They would like to extend their congratulations to Deborah Shaver for being this year's Theta Chi Dream Girl. The following brothers and pledges also received awards: Chris Graney -- Outstanding Brother; Delbert Hickman -- Outstanding Pledge; Rick Klier -- Outstanding Athlete; Ken Gray

# Zetas capture crown in Pika Spring Rally

**BY DENISE WATTS**
**Special to the HI-PO**

With the ceremonial lighting of the eternal flame, the first annual Pi Kappa Alpha Spring Rally began.

Five sororities met in the spirit of competition for a trophy and flowers. On the first day of spring, enthusiasm pervaded the atmosphere surrounding the competitors, the judges and the spectators. Each caught up in the animation which characterized every event.

The united atmosphere was the primary goal which the Pikas sought. The fraternity also strived to depict to the onlookers, the friendship which bonds each sisterhood together.

The tremendous success of the rally was due to the long term planning, and Little Sisters devoted their time and energy to make this day a success. Purdue University inspired this competition, which the Pikas hope to make an annual tradition every Scholarship Weekend. The united atmosphere displayed throughout this competition reflected favorably upon the students, the greeks and the college as whole. Each sorority remained amiable despite the fierce competition.

The contest included a wide variety of games as well as winners. The events and their respective winners included the Cone Obstacle Course -- Kappa Delta; the Softball Throw -- Alpha Delta Theta; the Suitcase Relay -- Zeta Tau Alpha; Body Spell -- Kappa Delta; The Tricycle Relay -- Zeta Tau Alpha; Jug Race -- Zeta Tau Alpha; The Egg Toss -- Zeta Tau Alpha; Dress the Coach -- Zeta Tau Alpha; the Banner Competition -- Kappa Delta; and the Tug-of-War -- Alpha Gamma Delta.

Numerous people highlighted the days events: Nancy Houlberg trying to carry the suitcase in the Suitcase Relay; Shelley Shovlin struggling to maneuver a three-wheeler in the Tricycle Relay; Cindy Mounce and Tracy Yarborough tumbling to the ground during the Jug Race; Ken Swanson hopping around in his playboy bunny costume; Ursula Watt hurling a softball one hundred and eighty feet; Diane Bell moaning as a crushed egg oozed through her fingers; and Melanie Hamilton flexing her muscles in the Tug-of-War.

Despite the enormous attempts by all five sororities, Zeta Tau Alpha was the first place winner, the Kappa Delta's took second place with the Phi Mus finishing in third. Honorable mention belonged to both Alpha Delta Theta and Alpha Gamma Delta. Each team left the playing field in high spirits as the competition ended.

# Trustees approve renovation

**BY NELL TORAIN**
**Staff Writer**

Harrison Hall is in desperate need of renovation according to Jeff Koehler, student director of intramurals at High Point College.

"For the last three years I have been trying to get the administration to renovate. I think they're finally going to come through," he said.

Recently, the Board of Trustees met and decided to send in an expert to examine the building. The expert decided on a long-term renovation and $50,000 was allocated toward renovating.

To begin with, the floor will be improved. Secondly, "I would like to see the insulation for the roof will be installed.

The remainder of the work will mainly be concentrated on cosmetics, painting and other small additions.

The work will probably begin this summer.

work done by winter because that is when it is used most," Koehler said.

"We need Harrison Hall for intramurals. It is really the most used building on campus and it's in the worst shape."

# SGA ELECTIONS '81

*The articles in this Elections '81 insert were written by the candidates and submitted to the Hi-Po.*

## Experience against change for SGA presidency

### *Karen Magill*

Hi! My name is Karen Magill. I'm a junior from Crofton, MD, majoring in business administration. I'm running for president of the Student Government Association.

It takes someone with experience, dependability, interest and knowledge in the concerns of the entire student body to be a good president. I feel I have all of these qualities.

During my freshman and sophomore years I was president of the Class of '82. As president, I was also a member of the Student Legislature. In my sophomore year I served as elections chairman for SGA. As a junior, I am presently the vice-president of the Student Government Association. As vice-president, I was chairman of Freshman Orientation (which was very successful this year) and chairman of Homecoming.

In addition to the leadership positions I have held with SGA, I have also held many leadership positions not directly affiliated with SGA. I was vice-president of my sorority pledge class last year, and this year I have been activities chairman for my sorority, chairman of the food drive during Greek Weekend and a resident assistant. I have also served on the President's Advisory Committee and the Library Committee. Through these leadership positions I have gained the experience necessary to make a good SGA president.

In addition to my experience, I am dependable, and am interested and knowledgable in the concerns of the students. I have been involved in many activities in many different areas of campus life since my freshman year and feel I know the concerns of the many different organizations and groups on campus.

If elected, I hope to regenerate some of the lost school spirit, to make everyone more aware of what Student Government Association is and does, and to serve you, the students, in the best possible way. The SGA is here to serve you, and if elected I plan to do just that. So, if you want a president with experience, interest, and concern vote KAREN MAGILL for SGA PRESIDENT on April 1 and 2.

LEE WILLIAMS

KAREN MAGILL

### *Lee Williams*

I am Lee Williams and am running for president of the Student Government Association (SGA). I am a political science and history major from Rockville, Maryland.

I have been a voting member of the Student Union for the past couple of years and served as publicity chairman this past year. I am currently active on the dance and concert committees. I also represented High Point College at the National Entertainment and Campus Activity Association (NECAA) convention in Washington, D.C. and at the NECAA Southeast Convention in Savannah, Georgia. I was a delegate for the SGA and I served on the class council in high school.

I know and get along well with many students, faculty, and administration members at HPC. I am willing to listen to anyone who wishes to discuss any problem or idea, college related or not, and I am very capable of presenting your feelings, concerns and opinions to the administration, faculty and trustees. A good leader is one who listens to everyone.

My main goals as president of the SGA would be to maintain open communications among students, faculty and administration; work with security problems on campus; help improve conditions in the cafeteria; strengthen the SGA; and get more people involved.

It's not every day that one finds a place like HPC, where so many people really know each other. We can accomplish many things together with your participation.

I try to be as honest and sincere as I can in everything I do, and I am always open to suggestions. I know that I would be very capable of handling the position of president of the SGA. If I am elected, I will do my best to complete my job, successfully.

I would greatly appreciate your support. Vote Lee Williams, for a CHANGE!!

## Hutter unopposed for VP spot

I am Debbie Hutter and I am running for the position of SGA vice-president.

In the coming fall, freshmen will arrive on campus with little knowledge of college life, and it is the job of the SGA vice-president to orient them to the lifestyle of High Point College. The vice president helps select the orientation committee and is responsible for directing them in their duties as Big Brothers and Big Sisters to the freshmen. I feel I can perform these obligations and perform them at their best.

DEBBIE HUTTER

I have served on the CORE committee for orientation in 1980. I was freshman and sophomore class legislator to the SGA and currently I am Panhellenic president. These offices have prepared me to accept the tasks of SGA vice-president. The vice-president is important and should be approached with respect. This is my view as I pledge my utmost ability in performing its duties!!

Vote Debbie Hutter on April 1-2.

## *Harrison running for SGA secretary position*

I'm Jan Harrison, a junior from Fairfax, Va. I am running for SGA Secretary.

In the past I've been sophomore vice-president and junior class president. I hope SGA will work well together and come up with new ideas for the betterment of all students at HPC

Vote for Jan Harrison for SGA secretary on April 1 and 2.

JAN HARRISON

# SGA ELECTIONS '81

*The articles in this Elections '81 insert were written by the candidates and submitted to the Tel-Pic.*

## Experience against change for SGA presidency

### Karen Magill

Hi! My name is Karen Magill. I [illegible] from [illegible] Fashion, [illegible] majoring in business administration. I am running for president of the Student Government Association.

It takes someone with experience, dependability, interest, and knowledge in the concerns of the entire student body to be a good president. I feel I have all of these qualities.

During my freshman and sophomore years I was president of the Class of '81. As president, I was also a member of the Student Legislature. In my sophomore year I served as elections chairman for SGA. As a junior, I am presently the vice-president of the Student Government Association. As vice-president, I was chairman of Freshman Orientation (which was very successful this year) and chairman of Homecoming.

In addition to the leadership positions I have held with SGA, I have also held many leadership positions not directly involved with SGA. I was [illegible] of my sorority [illegible] last year and this year I have been [illegible] chairman for my sorority, [illegible] of the [illegible] Weekend and a resident [illegible]. I have also served on the President's Advisory Committee and the Library Committee. Through these leadership positions I have gained the experience necessary to make a good SGA president.

In addition to my experience, I am dependable, and am interested and knowledgeable in the concerns of this position. I have been involved in many activities in many different areas of campus life since my freshman year and feel I know the concerns of the many different organizations and groups on campus.

In closing, I hope to [illegible] some of the [illegible] spirit, to make [illegible] more aware of what [illegible] Government [illegible] and them, and to serve the students in the best possible way. [illegible] hope to serve you, and if elected I plan to do just that. So, if you want a president with experience, interest, and concern vote KAREN MAGILL for SGA PRESIDENT on April [illegible] and 2.

LEE WILLIAMS

KAREN MAGILL

### Lee Williams

## Hutter unopposed for VP spot

I am Debbie Hutter and I am running for the position of SGA vice-president.

In the [illegible] my freshman [illegible] with [illegible] this year with [illegible] knowledge of college life, and is to the job of the SGA vice-president to [illegible] here to [illegible] lifestyle at High Point College. The vice-president helps select the Association committees and is responsible for directing them in their duties [illegible]. For freshmen and [illegible] the freshmen I had [illegible] to perform these obligations and [illegible] these in their [illegible]. I have served [illegible] [illegible] committee [illegible] [illegible] [illegible] 1980. I was [illegible] and [illegible] [illegible] directing to the SGA [illegible] by [illegible]. I [illegible] knowledge president. [illegible] must have [illegible] to [illegible] the [illegible] of SGA vice-president. The vice-president is important and should be [illegible] with respect. This [illegible] [illegible] I [illegible] ability to perform the duties. Vote Debbie Hutter on April 1 [illegible].

DEBBIE HUTTER

## *Harrison running for SGA secretary position*

I'm Jan Harrison, a junior from [illegible]. I'm running for SGA Secretary.

In the past, I've been [illegible] vice-president and junior class president. I hope SGA will work [illegible] [illegible] and [illegible] [illegible] [illegible] the betterment of all students at HPC.

[illegible] for Jan Harrison [illegible] SGA secretary on April [illegible] 1.

JAN HARRISON

# Two newcomers vie for SGA treasurer

## *Larry Corson*

I am Larry Corson and I am running for treasurer of the Student Government Association.

I am a junior and I'm majoring in accounting. I have a wide background in treasury positions and I feel that I would be very capable in this position.

Aside from handling the day to day aspects of the job, I hope to bring the SGA back to the students. Often, I hear the students say that the student government operates without regard for the students. This is a major concern of mine.

If I am elected treasurer, I will be working hard to make the SGA a little bit more approachable than in the past. The Student Government Association is for all of us.

LARRY CORSON

Remember to vote on April 1 and 2 during lunch and dinner.

## *Mary Hunter*

I am Mary Hunter and I am running for the position of SGA treasurer. My past experience includes: treasurer of the Career Exploration Clubs for Fair Grove Jr. High, Davidson County; business manager of Camelot, (1st annual) of 1978 Governor's School - East at St. Andrews's College; treasurer of The Creative Writing Club, East Davidson Sr. High 1977-78; treasurer of the Student Government of East Davidson Senior High, Davidson County.

I have also been a public speaker for WGHP-TV on patriotism, youth, and moral issues, for special Memorial Day and Independence Day programs for three years.

A second semester sophomore, I am majoring in business administration with a concentration in finance, and a minor in communications.

MARY HUNTER

As an HPC student, I have been a worker in the Financial Aid office (freshman year). I have also worked as a Wachovia Bank Teller, during the summer and am presently a student worker in the Audio Visual Department, a member of the Creative Writer's Club and Inter-Varsity Christian Fellowship.

SGA is an important organization of HPC's functions for growth of the students and college. I would enjoy being a part of this organization, and would do my best. Please make this possible by voting Mary Hunter as SGA Treasurer.

# Houlberg seeks senior presidency

Hi! I am Nancy Houlberg, a business major from Miami, Fla. I am seeking the position of senior class president.

For the past three years I have been involved with the SGA and my class, through the office of class legislator. While in the SGA, I have been the PR chairman for one year, and a member of committees the other two years.

There is nothing like knowing what is going on at HPC, and having a vote in decisions made for the students and the school as one!

The president of each class should be a person ready to work for the class!! As senior class president I would be ready to work - ready to work with and for you, the senior class!

NANCY HOULBERG

# Bouldin running for VP

Hi, I'm Debbie Bouldin. I'm a junior from High Point, majoring in business administration and I'm running for vice-president of the senior class.

I feel that I am well qualified for this position and am challenged at the thought of having the opportunity to aid in the organization of all the senior activities, which includes the 1982 graduation ceremonies.

I have had experience as class officer, for I am presently secretary-treasurer of the junior class. I was also secretary of Zeta Tau Alpha for the 1980-81 year, and am presently first vice-president of Zeta. I am also a presidential scholar here at HPC. I'm a member of Delta Mu Delta honorary business fraternity, and I have been selected as a junior marshal for the 1981 graduation ceremonies.

DEBBIE BOULDIN

I am psyched for my upcoming senior year and I would like to have a part in its planning. Juniors, please come out to the polls on April 1 and 2. I would appreciate your support!

# Tucker a write-in

I am Waynona Tucker and am running as a write-in candidate for secretary-treasurer of the senior class

I am an education major (K-9) and I transferred here from UNC-G. Since coming here, I have become very interested in being a part of student government.

If I am elected, I will do my best to be a very dedicated secretary-treasurer. Working with the other senior class officers, I will strive to make our senior year a truly memorable and special one. I will be there to serve you in as many ways as I can.

# Senior legislators

## *Lisa Baumann*

I am Lisa Baumann and I am seeking the position of senior class legislator.

To me, taking an active part in school related activities outside of the classroom is just as important as schoolwork itself -- if not more so. Already an active member of the Student Union -- having been co-dance chairman and currently working as business manager -- I find that being an integral part of an organization is a very rewarding and enhancing experience.

I feel that as a legislator I will be able to be more involved with the most influential organization on campus and hopefully be able to not only better myself through the experience but help out, in some way, the entire student body. After all, that's what the SGA is there for, isn't it?

## *Kim Darden*

I'm Kim Darden and I'm running for senior class legislator.

I care very much about High Point College and you, my fellow students, and would be grateful for the opportunity to serve you in SGA.

After working with the *Hi-Po* for three years, and being associate editor this year, I feel I am very aware of campus issues, and would like to be directly involved with these issues through student government.

I am also a member of Zeta Tau Alpha, am a small group co-leader of Inter-Varsity Christian Fellowship, and have served on Freshman Orientation committee for two years. I was a member of student council in high school for three years and an officer one year.

Thank you for your vote on April 1-2.

KIM DARDEN

I feel that [illegible] qualified for the [illegible] running of having [illegible] tion of all [illegible] which includes [illegible] 1981 graduation [illegible]

I have had experience [illegible] personally [illegible] treasurer of the junior class. I was also secretary of Zeta Tau Alpha for the 80-81 year, and am presently first vice-president of Zeta. I am also a [illegible] here at HPC [illegible] member of Delta Mu [illegible] honorary [illegible] and I have been selected as a [illegible]

ROBIN BOULDIN

[illegible] graduation [illegible]

I see [illegible] would like to [illegible] planning [illegible] April 1 and 2 [illegible]

## Tucker a write-in

WAYMOUTH TUCKER

I am Waymouth Tucker and I am running as a write-in [illegible] treasurer of the senior class.

I am a business major [illegible] and I transferred here from UNCG. Since coming here I have become very interested in being a part of student government.

If I am elected, I will do my best to be a very dedicated [illegible] treasurer. Working with the other senior class officers, I will strive [illegible]

## Senior legislators

### Lisa Baumann

I am Lisa Baumann and I am seeking the position of senior class legislator.

To me, taking an active part in school related activities outside of the classroom is just as important [illegible] I am now an active member of the Student [illegible] [illegible] business [illegible] I feel that being a [illegible] part of an organization is a very rewarding and enhancing experience.

I feel that as a legislator I will be able to be more involved with the [illegible] campus and hopefully be able to not only better myself through the experience but help out in some way, the senior class body. After all, that's what the SGA is there for, isn't it?

### Kim Darden

I'm Kim Darden and I'm running for senior class legislator.

I care very much about High Point College and you, my fellow students, and would be grateful for the opportunity to serve you in SGA.

After running with the Hi-Po for three years, and being treasurer of the class [illegible] I feel I am very aware of campus issues [illegible] directly involved with these issues running student government.

I'm also a member of Zeta Tau Alpha, am a small group co-leader of Inter-Varsity Christian Fellowship, and have served on [illegible] for two years. I was a member of student council in high school for three years and an officer one year.

Thank you for your vote on April 2.

KIM DARDEN

# Two males contest junior class presidency

## Chan Shaver

My name is Chan Shaver and I am running for junior class president. My major points of interest are the concerns of the junior class members.

I want you to feel like you can talk to me whenever problems arise that I could help you solve. I also would like to know your views and opinions on certain issues.

My previous experiences with school government were in high school. I served as a representative in the student government for three years. I have also held previous offices of president of the Fellowship of Christian Athletes, vice-president of HPC Baptist Student Union and 1980-81 president of HPC Baptist Student Union. I feel that these offices have given me great experience with the responsibilities and concerns of others.

I am proud to be a member of the Class of '83. I feel that each member of our class, as well as members of other classes, have something special to contribute to the student body of High Point College. All it will take is interest and team effort to put these interests into perspective. I remind you that the benefit will be for the whole class.

Please exercise one of your rights as a member of the student body by voting for the candidates of your choice on April 1 and 2.

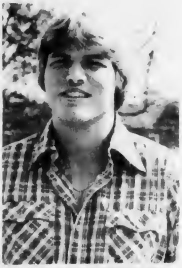
CHAN SHAVER

## Stuart Kneedler

I am Stuart Kneedler and I am running for president of the junior class.

I am presently a resident assistant for McCulloch dormitory and have held this position since the spring semester of my freshmen year. I am member of the HPC track team and am involved with the Lambda Chi Alpha fraternity.

As president, I would like to see a greater involvement and enthusiasm among the members of the junior class. I plan to achieve this through functions such as fund raising projects, junior intramural teams, involvement in Homecoming and also a service project for the school or community.



STUART KNEEDLER

I am an oceanography major from Penfield, New York and I urge everyone to get out and vote on April 1 and 2.

# Bolen candidate for secretary/treasurer

My name is Bettie Bolen and I'm a junior from Greensboro, majoring in Christian education/-counselling. I am a write-in candidate for the position of secretary/treasurer of the senior class, 1981-82.

I feel I am qualified for this job as I have served in the following leadership positions: orientation, Spring Weekend, Secretary of SGA, cheerleader (co-captain), and sports editor of the 1981 *Zenith*.

I enjoy working with people and would like to represent the senior class. So get out and vote!

# Vink running for senior legislator

Hello! I'm Martha Vink, and I'm running for senior class legislator.

I have been a member of the legislature for two years, and have worked with the security and election committees. My major is Christian education and I'm minoring in religion. I make my home in New York.

Myother activities on campus include Inter-Varsity Christian Fellowship, Alpha Delta Theta Christian service sorority, High Point College Singers and Student Union.

I really enjoy working with people, and I look forward to putting time into student legislature. Thanks!

MARTHA VINK

# Junior VP battle

## Chris Williams

My name is Chris Williams. I am a candidate for junior class vice-president.

I decided to run for the office of vice-president because of past experience in this capacity. In high school, I was vice-president of the student council. I am currently a vice-president in the Society for the Advancement of Management here at HPC.

Basically, I feel that it is the duty of any elected person to be an unbiassed representative of the people. The only way in which our student government can be an effective tool of the students is for the students to elect people who will listen to and who will pursue the desires of the student body.

This is my main concern, and I feel that I can be a good representative of our class. In addition to conveying the ideas of the juniors, one should be industrious enough to generate new ideas and projects. If elected, I intend to do my best at being your representative and generating new ideas.

Thank you for your consideration on April 1-2.

CHRIS WILLIAMS

## Mandy McGuirt

My name is Mandy McGuirt and I am running for vice-president of the junior class. I am a sophomore, majoring in human relations. I was the sophomore class president this year and the secretary-treasurer of last year's freshman class.

I am running for junior class vice-president because I wish to continue to be active in High Point College's student government. As a class officer, I would like to continue trying to get our class more involved in school activities, and I would like to see our class as a more united body.

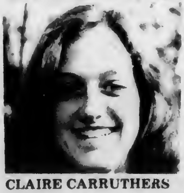
We, as a class, have a lot of potential, and we must begin to put this potential to use. You can do this by voting for me, Mandy McGuirt, for junior class vice-president on April 1-2.

# Carruthers running for judicial

I am Claire Carruthers and I want to be the junior class judicial representative so that I may serve the class in a SGA position.

I have acted as an alternate in court a few times, and I can be an effective part of the judicial system. I have the time and the willingness to devote myself to this position.

Here on campus I am involved in SAM, Inter-Varsity, Student Union, and I am president of Kappa Delta sorority



CLAIRE CARRUTHERS

More Elections on page 19

# Two males contest junior class presidency

## Chan Shaver

CHAN SHAVER

My name is Chan Shaver and I am running for junior class president. My major points of interest are the concerns of the junior class members.

I want you to feel like you can talk to me whenever problems arise that I could help you solve. I also would like to have your views and opinions on various issues.

My previous experience with student government was in high school. I served as a representative in the student government for three years. I have also held previous offices of president of the Fellowship of Christian Athletes, vice-president of [illegible] FPC Baptist Student Union, and 1979-80 president of HPC Baptist Student Union. I feel that these offices have given me great experience with the responsibilities and concerns of others.

I am proud to be a member of the Class of '83. I feel that each member of our class, as well as members of other classes have something special to contribute to the student body of High Point College. All it will take is concern and team effort on your [illegible] to see this become a reality. I remind you that the benefits will be for the whole class.

Please consider me one of your voices as a member of the student body by voting for me as the candidate of your choice on April 1 and 2.

## Stuart Kneedler

STUART KNEEDLER

I am Stuart Kneedler and I am running for president of the junior class.

I am presently a resident assistant for McCulloch dormitory and have held the position since the spring semester of my freshman year. I am a member of the HPC track team and am involved with the Lambda Chi Alpha fraternity.

As president, I would like to see a greater involvement and enthusiasm among the members of the junior class. [illegible]

I ask [illegible] April 1 and 2.

# Bolen candidate for secretary/treasurer

My name is Bettie Bolen and I'm a junior from Greensboro, majoring in [illegible] counseling. I am a write-in candidate for the position of secretary/treasurer of the junior class. [illegible] the following leadership positions: [illegible] Secretary of [illegible] and sports editor of the 1981 Zenith.

I enjoy working with people and would like to [illegible]

# Vink running for senior legislator

MARIE VINK

Hello, I'm Marie Vink, and I'm running for senior class legislator.

I have been a member of the legislature for one year, and have worked with the [illegible] My major is Christian Education and [illegible] religion [illegible] My home is in New York.

My other activities include [illegible] Fellowship, Alpha Delta Theta Christian service sorority, High Point College Singers and Student Union.

I really enjoy working with people, and I look forward to [illegible] senior legislature.

# Junior VP battle

## Chris Williams

CHRIS WILLIAMS

My name is Chris Williams; I am a candidate for junior class vice president.

I decided to run for the office of vice-president because of my past experience and [illegible] capacity. In high school I was vice-president of the student council. I am currently a vice-president of the Society for the Advancement of Management here at HPC.

Basically, I feel that it is the duty of any elected person to be an [illegible] representative of the people [illegible] The only way in which student government can be an effective tool of the students is for the students to elect people who will listen to and who will pursue the desires of the student body.

[illegible] and I feel that I would be a good representative. In addition [illegible] the ideas of [illegible] should be [illegible] enough to govern [illegible] ideas and [illegible] elected, I would do my best in being your representative and governing [illegible]

Thank you for your consideration on April 1 and 2.

## Mandy McGuirt

My name is Mandy McGuirt and I am running for vice-president of the junior class. I am a sophomore [illegible] treasurer of [illegible] freshman class.

I am running for junior class vice-president because I want to continue to be active in High Point College's student government. As a class officer I would like to continue [illegible] our class more involved in school activities, and I would like to see our class as a more unified body.

We, as a class, have a lot of potential, and we must begin [illegible] You can do this by voting for me, Mandy McGuirt, as junior class vice-president on April 1-2.

# Carruthers running for judicial

[illegible]

I am Helen Carruthers and I want to be the junior class judicial representative so that I may serve the class in a [illegible] position.

I have served as an [illegible] to serve a few times, and I am [illegible] an effective part of the judicial system. I have the time and the willingness to devote myself to the position.

[illegible] involved in BSU [illegible] Student Union, and I am president of [illegible] sorority.

More Elections on page 19

# Jr. secretary/treasurer

## Sean Russell

My name is Sean Russell and I am running for the office of secretary/treasurer of the Class of '83.

Student government at High Point College is not a new area of interest for me. I have been a student legislature representative for the Class of '83 for the past two terms. I have learned how to deal with college and class funds through my work in Student Legislature.

I believe it is time for us to turn over a new leaf. We must strive to be more than just a good class, and grow to become a great class. As secretary/treasurer of the Class of '83, I plan to work for great things, especially you.

SEAN RUSSELL

Vote Sean Russell for secretary/treasurer of the Class of '83, a vote for experience.

## Pam Sanchez

I am Pam Sanchez and I am running for secretary-treasurer of the junior class.

I am presently employed at the switchboard on campus and have recently been elected as assistant treasurer for the Zeta Tau Alpha sorority.

I would like to see a more aware and active junior class and feel there is a need to elect officers that will enhance more activities for the members of the class.

I am a biology major and a psychology minor from Somerset, New Jersey.

PAM SANCHEZ

Remember to support all the candidates by voting on April 1 and 2.

# Sophomore president

## Sharon Sweeney

My name is Sharon Sweeney and I am running for sophomore class president.

I am interested in this position because I want to contribute to the sophomore class and this is the area where I feel I could do the best. In high school, I was active in many areas of school activity. I was vice-president of my junior high

See Sweeney, P. 19

## Wendi Hora

I am Wendi Hora and am running for the office of sophomore class president because I would like to see our class get involved on campus in the way in which we are certainly capable of. I know that during this past year, the freshmen class has been almost completely inactive with relatively little school spirit as a whole. However, I know that we

See Hora, p. 19

SHARON SWEENEY

WENDI HORA

# Junior class legislators

## Bill Seay

I am Bill Seay and I am a candidate for junior class legislator who is concerned for the continued growth and development of High Point College.

I want to see High Point College enjoy another successful year such as 1980-81. I feel this can be accomplished by backing the student body by voting in their best interest.

My background involvement includes working on the Health Care Consumer Committee of Hawaii and as a member of my Battalion's Human Relations Committee, both while serving in the U.S. Army. Since coming to HPC, I have been very active in community affairs, public relations, and student unity. I have served my fraternity as pledge president, vice-president, and currently president.

## John Van Horn

My name is John Van Horn and I am running for the position of junior class legislator.

Working this past year as sophomore class legislator, I learned that this position is one of great importance and effects the activities and lifestyles of many of our students. Therefore it is essential that all candidates for legislature be of a representative nature.

Also, this past year I was involved with the security committee. I found that within the committee system, numerous goals may be accomplished to enhance lifestyles and activities at HPC.

In conclusion I would like to see this responsible representation put to work with enthusiasm in order to create a more productive legislature.

## Carol Rogers

I, Carol Rogers, would consider it an honor to serve the rising junior class as a student legislator. I think I am qualified for this position, as I have been an ex officio member of the legislature this past year.

As a non-voting member, I had the opportunity to learn first hand how this body operates. After observing the operation of the legisture, I am confident of my abilities for this office.

If elected, I will listen to suggestions you, as a class or individually, have for improving life at High Point. I will keep in mind that as a legislator, I am representing the junior class.

Please remember to vote on April 1 and 2 for the candidates of your choice. Hopefully, one of those choices will be me.

BILL SEAY

JOHN VAN HORN

CAROL ROGERS

# Watson running as write-in

Hello, my name is Mario Watson and I am running for the position of student legislator for the junior class. My purpose for running is quite simple. I hope to stay involved with school activities by representing our junior class as a write-in candidate on April 1 and 2.

Some of my extra curricular activities are: publicity manager for WWIH, sports writer for the *Hi-Po*, a member of BMU and a member of the Student Union where some of my duties include making announcements. Also, I have represented the junior class by being an alternate for Mandy McGuirt in some SGA meetings.

Vote Mario Watson, write-in candidate for student legislator on April 1 and 2. Your support is appreciated.

MARIO WATSON

# Leech seeking re-election

I am Tom Leech and I am running for re-election to the sophomore class as vice-president.

Although the freshmen class got off to a slow start, I believe this was due to inexperience.

It takes a while to get settled down. Now that the settling down is past, we (the officers) can start working for the class.

Originally from Damascus, Maryland, I am very involved in student government, as well as sports and other school organizations. I was nominated to Who's Who Among American High School Students.

Upon coming to HPC, I continued to be active in various organizations. I am active in the Pi Kappa Alpha fraternity, where I was recently elected pledge master, and am a member of the track team.

# "Between Two Thieves" to be presented by HPC

**BY ALISA WALKER**
**Staff Writer**

Once again the theatre department is getting ready for their spring theatre production, "Between Two Thieves." The play opens Thursday night, April 16 at 8 p.m. and will continue through April 18 in the HPC Memorial Auditorium.

According to Paul Lundrigan, director, "Between Two Thieves" is a play about the re-enactment of the trial of Christ with the hope of giving some insight to what really took place during this time.

Lundrigan said the purpose of the play is, through improvision and scripted elements, the characters will be able to gain an inspiration of the trial of Christ and come to a better understanding of the feelings that were felt during the event.

Along with the other cast members, there will be two professional actors from the N.C. Shakespeare Festival, Ron Dortch and David Linthall. Both, according to Lundrigan, will contribute a lot to the play.

Television interviews about the play have been reserved on the local stations. You can see these interviews on TV 8's "Good Morning Piedmont," on April 8 at 6 a.m.; TV 12's "Piedmont," April 15 at 11 a.m.; and TV 2's "Good Morning Show."

The theatre department urges you to see the play. Lundrigan said it will definitely be a unique Easter experience.

**PROFESSIONAL ACTOR** of the N.C. Shakespeare Festival Ron Dortch rehearses along with HPC cast members.

**CAST MEMBERS** of the play "Between Two Thieves" rehearse their lines for the production which will be held April 16-18 in HPC Memorial Auditorium.

## Orientation Committee applications available

Applications for the 1981 Freshman Orientation Committee are now available in Student Personnel.

Applicants must have a 2.0 average and two faculty recommendations. All application materials, including faculty recommendations, must be in the Student Personnel Office by 5:00 p.m. Friday, April 10, 1981.

# Campus bears his gentle touch

**BY KIM DARDEN**
**Associate Editor**

Like some loving father, he bends over the dirt. With pride and gentleness he sprays and waters and cuts his flowers.

"A flower is such a fragile thing," he says. "They remind you of some beautiful girl."

Ira Carter, the campus gardener at High Point College, has been courting flowers for 35 years.

Maybe that is what keeps him so young at 61. That, and the shy, school-boy love he has for his wife of 35 years.

Standing over a tulip bed or a daffodil patch in his favorite denim cap, blue work pants and dirt-stained jacket, Carter seems more than content. There is a peacefulness about him, and always an earthly sparkle in his gray eyes.

Carter speaks constantly of his love for his work. "Did you see the tulips around the water fountain last spring?" he asks. "Did you think they were pretty?"

Then, displaying bulb and seed catalogues from a stack he keeps in the maintenance building basement, he muses: "There — Red Emperor and Yellow Empress tulips. They'll go around the campus center. Do you think that'll be pretty?"

Eagerly, he tells of the 6,500 pansies which he is presently potting, or about the 35,000 daffodils he "dug up, divided, and put back" last year.

"I've got a big project in mind now," he adds, as though he has taken his listener into confidence. Pulling out a picture of a rock garden which he is planting next to Roberts Hall, Carter sweeps his hand over the photo and asks: "I think a stone bench under this tree would be pretty too, don't you?"

Yet, as much joy as he gets from his flowers, he gets more pleasure from people's reaction to them.

"I do what I do for people every day," he says. "When the students and faculty tell me every day how pretty everything looks, that is my reward."

Every Friday, he brings

HPC GARDENER Ira Carter works on his latest project – a rock garden in front of Robert's Hall.

# Program becoming popular

**BY ALISA WALKER**
**Staff Writer**

The College-Level Examination Program, sponsored by the College Entrance Examination Board, is becoming a popular way for many students, through examination, to earn college credit.

The CLEP program was established in 1965 by the CEEB to advance the awarding of credit for nonconventional learning. CLEP is becoming more acceptable in American education as a way for receiving credit for knowledge gained outside the formal classroom.

According to David Holt, registrar at High Point College, "the purpose of CLEP is to offer students the opportunity to show their knowledge in the form of a test sufficient for that knowledge to be equated into credit."

Holt said CLEP is a program based on high competency taken from a student's background in other work and learning experiences outside of the classroom.

According to him, there are two forms of the test: the general examination and the subject examination.

The general examination is a 90-minute multiple-choice test that measures achievement in the liberal arts: English composition, humanities, mathematics, natural sciences, social sciences and history.

The Subject Examination measures achievement in specific college-level courses. These examinations are 90-minute mutliple-choice tests also.

Holt added that a student must request to take the test at one of the nearby institutions administering the exam, such as UNC-G or Davidson County Community College. Then he must register.

"We recognize CLEP at High Point College," Holt said. In order to get college credit, a student must score within the 50th percentile or above, Holt added.

Holt mentioned that Florida is the only state he knows of that allows students to skip their entire freshman year based on competency shown through the CLEP examiniations.

"It's foolish to make a student go back and take, for example, classroom English because he hasn't had the course in a classroom, but he shows competence," Holt said.

The Continuing Adult Education Program at HPC is utilizing CLEP, especially for those students who have been out of school for several years.

"It's a good opportunity for a person who has been out of school for several years and has gained competency," Holt said.

Another use of CLEP, especially at HPC, is for those studens who have gone to trade or technical schools. CLEP gives them a chance to show competency which they have gained at these institutions.

According to statistics given by Holt, presently one-fourth of the N.C. community colleges participate in the CLEP program. Three-fourths of the Deans of Instruction at the 57 institutions acknowledge CLEP on their campuses.

Along with recognition of the CLEP program, the faculty at HPC has just accepted a new program, Credit for Prior Learning, which will go into effect next fall.

# Panthers fighting for conference title

**BY JOAN MADERT**
**Sports Editor**

Plagued by snow and rain, the High Point baseball team is still fighting for the conference title.

On Sunday, the Panthers were defeated by Guilford 6-2 after the game was tied in the eighth inning at 2-2.

I don't think Guilford is as good as we are," said Coach Jim Speight. "We have some trouble with off-speed pitchers."

Tony Moody allowed two runs before he was relieved by Danny Mizell. "I may have made a mistake by taking him out when I did," Speight said.

"I am pleased with the way we are playing," Speight said.

High Point defeated Gardner-Webb both games of a double-header March 28, by scores of 7-2 and 12-4.

Joe Grabis picked up the first win allowing five hits and Moody got the second win.

Grabis had a slow start in the first game and after the first inning had no real problem the rest of the game.

Jason Crump pitched the first winning game of the double-header against Atlantic Christian by allowing only seven hits. Jay Swamberger got the win in the second game. Swamberger pitched the first five innings, being relieved by Mizell and then Andy Dupree finished the game. The final of the games were 11-4 and 11-2 respectively.

Neil Van Asch has been one of the most consistent hitters for High Point with a batting average of .468, with 21 hits, 25 runs batted in and seven home runs.

Ken Carter, with a .383 average, and Delbert Hickman with a .306 have also been consistent.

Speight commented that Barry Roberts seems to be another player that is effective at the plate.

Another player that has been improving and becoming more consistent at the plate is Vinnie Espada.

The Panthers will play Catawba College today at home and Elon College at Elon on April 2 at 3 p.m.

**NEIL VAN ASCH** squeezes a pop-up as Bernie Miller backs him up. (Photos by Lisa Davido)

**PANTHER DELBERT HICKMAN** scores another run for High Point during a recent baseball game.

## Night at TOC

The HPC Student Union will sponsor a night at the Touch of Class disco for High Point students on April 6 from 8 p.m. to midnight.

The Full Circle Band will provide the entertainment for the evening.

Admission is free but college ID and driver's license will be required.

# Youth guides men's tennis

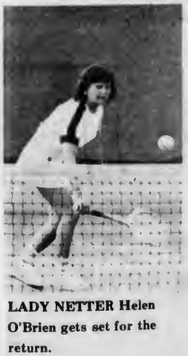
BY MARIO WATSON
Sports Writer

The ending of winter and the advent of spring brings each year to High Point College another season of tennis. The 1981 men's season should prove the saying, "youth is good but experience is better."

Coach Charlie Futrell lost eight players to graduation which will definitely be a factor on this year's squad. Futrell's squad consists of five freshmen and four sophomores. One important factor is that he has some favorable freshman who he feels can hold their ground.

Last week the Panthers took four matches over M.I.T., East Stratford, Pfeiffer and Greensboro colleges, while going down to defeat against Atlantic Christian, Mercyhurst and Campbell. At the present, second place in the conference is being battled for by Guilford College and High Point.

ON THE COURTS for some practice are tennis players Sami Nahri (left) and Griff Thompson. The team is currently heading down the stretch to the CC tourney.



LADY NETTER Helen O'Brien gets set for the return.

# New computers installed

Since the first week of March, room 6 of Haworth Hall has become a center of activity for the math department. Formerly a classroom for upper level history courses, the room is now occupied by two Apple II Computer systems and many interested students.

The two new computers, plus a third that has been set up in Mr. Lyman Rickard's office, were ordered at the beginning of the semester to bring to HPC the first stages of computer programming. All three systems are currently programmable in BASIC, but they do have the capability of handling the Pascal computer language with only a few alterations.

A need for some type of computers has long been felt at HPC, but no major drive was started to get something on campus until last fall. At that time a group of students and one faculty member presented to the administration a proposal to get five Apple II computers on campus by the spring of 1981.

These students, Jacky Hendrix, Scott Hance, Bill McCown, Chip Ward, and Danny Berrier represented a cross-section of the various departments that could benefit from computer programming on campus. Along with Dr. Nelson Page's help, the group presented their ideas to Acting-President David Cole plus several other administrators in two meetings.

The Apple II system was decided on by the group as the best alternative because of its relatively low cost, its capibility of handling Pascal, the excellent graphics available, and the ease in which it could be assembled and transported.

The administration debated over the idea and decided that the Apple II system would definitely be a good investment and would make a good start in establishing computers here. The school then proceeded to join a new computer outfit that had developed out of the TUCC program and was able to purchase the three systems at a reduced rate.

The computers, plus hopefully others that might be purchased over the summer, will be used in a course to be taught next fall. The course will require a high math prerequisite and will be taught with a strong emphasis on the applications of computers to mathematical problems.

An entire Apple II system consists of a keyboard, a screen, a thermal printer, and a disk drive. The drive allows the recording of programs easily on small record-like disks and prevents the student from having to make paper copies of his work. It also allows the computer to read in other programs written by Apple technicians or fellow students.

The computer age has definitely arrived at HPC and with continued work by both students and faculty, the amount of possibilities can only grow. The three Apple II's are only the start in establishing a computer proficiency on campus. With the rise of computer use by all areas of business, High Point is definitely making a progressive step in preparing its students for the current work world.

**THREE NEW COMPUTERS were recently installed in Haworth Hall for use by students in learning computer programming. (Photo by Lisa Davido)**

**LARRY CHILTON recently lectured on the topic of economics to HPC students and othere in Memorial Auditorium. (Photo by Lisa Davido)**

## Hora

continued from page 12

have some of the best leaders and some of the most enthusiastic students in our class but during our freshman year they never had the opportunity to get involved with class activities.

My plan, as sophomore class president, is to combine our efforts, strive to be organized, and to work together as a united class.

I am from Hendersonville, North Carolina. I am a Presidential Scholar and a chemistry-business major. During my freshman year I was a legislator and a member of the Student Union. In high school, I held several offices in student government and other organizations.

## Sweeney

continued from page 12

youth group and president of my senior high youth group.

Since coming to High Point College, I have been a member of the Student Union and have taken part in many school activities. I would like to unite the sophomore class and keep all sophomores aware of activities here on campus. I would also hope to have many fund raising activities.

I will be here to help any sophomore who is having problems with school policy. Finally, I would like to say that I will be open to the needs and suggestions of sophomores to help the Class of 1984 be strong.

# Sophomore legislator candidates

## Mark Mashburn

I am Mark Mashburn and I'm seeking the position of sophomore class legislator.

I am the son of Rev. and Mrs. Dwight Mashburn of Tobaccoville, N.C. I am a religion major here at High Point College and a member of Lambda Chi Alpha fraternity. I have been in the student legislature this year as a freshman legislator. I have enjoyed the experience and would like to serve again as a sophomore legislator.

I have enjoyed my first year at HPC and look forward to three more productive years here. I would certainly appreciate your support.

Vote for Mark Mashburn on April 1 and 2.

MARK MASHBURN

## Kristin Brown

My name is Kristin Brown and I am running for the position of sophomore class legislator.

I am from Allenwood, N.J. and majoring in communications. I enjoyed being in legislature this year, and would like to continue to represent the class again next year.

KRISTIN BROWN

## Connie Hadden

CONNIE HADDEN

My name is Connie Hadden and I am a freshman from Pompano Beach, Florida.

Although I have not been a part of SGA here at HPC, I am very interested in becoming involved by being one of the three class legislators for the sophomore class. I have held offices in the past and acted as a freshman legislator's alternate this year.

Vote for Connie Hadden for sophomore legislator.

LISA SWING

## *Swing running for secretary*

My name is Lisa Swing and I am a freshman from Lexington, North Carolina. I am running for the office of secretary/treasurer of the rising sophomore class.

Although I have not been involved with SGA this year, I am very interested in becoming involved next year. I am always open to suggestions, and anxious to work for you!

Vote Lisa Swing for secretary/treasurer on April 1-2.

# Scholarship bank has applications available

The scholarship bank announced that applications are available for thousands of summer job openings for college students interested in work in their career fields, as well as applications for fall scholarships.

According to Steve Danz, director of this nation-wide college scholarship search service, many scholarships for fall require action by April or May. He urges students to get busy finding their best scholarship or work opportunities and apply now.

"If the choice is between a low-paying campus job busing dishes or possibly working as a professional aid for a company or individual in your major field, jump in now and get the position that will give you experience and help your resume," Danz said.

The scholarship bank offers students an opportunity to learn about the private, off-campus aid sources for which they are eligible. It has been in operation over one year and has processed over 10,000 student requests for scholarship and work study information. According to the director, each student receives up to 50 different sources, some based on need, some on merit, or any other factors such as geographical desires.

Students interested in using this service should send a stamped, self addressed envelope to: The Scholarship Bank, 10100 Santa Monica Blvd., Suite 750, Los Angeles, Ca. 90067.

COLLEGE POETRY REVIEW

The NATIONAL POETRY PRESS

*announces*

The closing date for the submission of manuscripts by College Students is

MAY 1st

ANY STUDENT attending either junior or senior college is eligible to submit his verse. There is no limitation as to form or theme. Shorter works are preferred because of space limitations.

Each poem must be TYPED or PRINTED on a separate sheet, and must bear the NAME and HOME ADDRESS of the student, and the COLLEGE ADDRESS as well.

MANUSCRIPTS should be sent to the OFFICE OF THE PRESS.

--Cheek of the Year; and Jon Richardson -- Highest Scholastic Average.

Trips to Myrtle Beach are planned for both Easter and the end of the year. See you there!

**LAMBDA CHI ALPHA**

The Lambda Chis are extremely proud of 13 recently initiated new brothers. The new brothers are Don Stewart, Lem Clement, Steve Firman, Doff Fleshman, Russell Hughes, Dave Tibbals, Greg Cook, Mark Mashburn, Charlie Cowell, Mike Pinnix, Dave Koehler, John Brown and Mike Wiesehahn.

The Chis had two very successful carwashes the past two weeks. Thanks for your support.

The Lambda Chis also had their annual Don Ho Hawaiian party March 21. Social chairman Bob Hannum did an excellent job. The Chis are now looking forward to their annual White Rose formal to be held April 18.

**ALPHA PHI OMEGA**

The six APO pledges of the spring semester have been very active as they experienced a weekend camping trip with the brothers this past weekend. Each of them are anxiously awaiting "Self-Help Week" which takes place next week.

The Blood Drive on Monday was a great success! There were over 99 pints collected. Thanks to the students and faculty who gave.

The fraternity will be assisting in a day at Camp Uwharrie in which 200 handicapped kids from the High Point area will be involved. Anyone who may be interested in helping, please contact a brother in APO. Much help is needed.

**DELTA SIGMA PHI**

The Delta Sigs recently elected new officers for next year. Mike Pisano was elected as the new Sig president and Griff Thompson will serve as vice-president. Greg Fox is the new secretary, and Bill Costello the new treasurer. Scott Killian will serve as the Sgt-at-Arms.

Sailor's Ball is coming up on April 10-11. All the Sigs will be heading to Myrtle Beach, S.C., for some fun on the beach and for the annual awards banquet.

Over the past few weeks, the Sigs have been busy selling light bulbs and washing cars to raise the money for Sailor's weekend.

The Delta Sigs are currently in second place in intramurals but are looking to finish well in both bowling and softball in order to retain their intramural crown.

**INTERFRATERNITY COUNCIL**

The IFC met last week and elected its new officers for next year. The new officers include Jeff Koehler, Lambda Chi Alpha - President; Art Prillaman, Pi Kappa Alpha - Vice-President; Mike Wiesehan, Lambda Chi - Secretary; Ricky Klier, Theta Chi - Treasurer.

The IFC is also sponsoring an Alcohol Awareness Week from April 6-10 on campus. Films will be shown along with other demonstrations.

# Carter

Continued from page 14

freshly cut flowers to the college switchboard operator, Gerry York. "He'll always bring them to me and say, 'Here are some flowers for the lady with the sweet voice,'" she says.

"He's such a modest, hard-working man," adds Ethylene Charnock.

Mrs. Charnock, secretary to vice president Earle Dalbey, also receives cut flowers weekly. "He is one of the best things that ever happened to the college," she says.

Since he came to the college three years ago, Carter has transformed the campus. Every lawn and bank is adorned with his daffodils, tulips, pansies, scarlett sage.

Carter started out as an apprentice at Sutten's Florist in Greensboro 35 years ago. He grew ornamental plants for various florists and greenhouses until he came to HPC.

He grew up on a farm in Davie County, in a little town called Fork, between Lexington and Mocksville. "So I always loved plants," he explains.

When he was 18, Carter entered the army, where he spent eight years. "I guess I really got interested in ornamentals (plants) when I was stationed in England. I used to take a three-day pass and go visit the Royal Botanical Gardens of Cue. I could spend three days in there. I'd go through all the greenhouses, and the conservatories — everything was labeled, you know. I picked up some catalogs there that I still have."

It still fascinates him, he says, to "watch the different responses of a plant to everything I do to it... You are kind of manipulating nature, in a sense."

Carter has special feeling for his plants.

"They are just like my own. I have a personal feeling for them — I don't want anybody else cutting on them. I love them, and I think they love me. 'Cause I look after them. I pet 'um, feed 'um, spray 'um, and I don't like bugs to get on them.

"There's a lot of love in flowers," he says. "A flower always has a lesson, always has a story to tell. I just think it's so beautiful that God could make such a thing as that."

Carter brings his wife, Doris, to the school to "show off" his flowers. "She helps my ego," he says. "You see, I'm happily married, and have been for 35 years... she's like wine, she grows sweeter with age.

"Well, I'll put it this way," he continues, chuckling deeply, his blue eyes twinkling. "I haven't seen anything I'd swap her for."

# CLEP

Continued from page 14

Holt stated the CPL is almost like the CLEP program. "We think accumulated knowledge is just as valuable as classroom knowledge," he said.

The only difference in the CPL program, according to Holt, is the evaluation process. He said a committee will evaluate a student on what he knows.

Holt added that he thought the CLEP and the new CPL program at HPC were both good programs. Both, according to him, are great opportunities to receive college credit for prior learning and working experiences.

## Tuition increased for 1981-82

BY JANICE CURCIO
Staff Writer

Next year, all High Point College students will be paying approximately $500 more in tuition and room and board fees, according to the budget approved by the Board of Trustees last August.

Even with this raise, student monies will only cover 80% of the expenses to attend the College. The rest of the expense is covered by capital gain from the many properties which the school owns, including the Sears, Roebuck and Co. in downtown High Point. The approved budget is based on the attendence of about 1,000 students, although, according to Vice President of Financial Affairs Earle Dalbey, the school could carry 500 more students on this budget.

Of the money coming from tuition, 70% is used to pay the salaries of all employees on campus, from the president to the cafeteria help and custodians. The other 30% of the money is used to pay utility costs.

Although the school is financially well-off, Vice President for Student Affairs Dr. Murphy Osborne expressed a slight concern for the financial standing of the students individually. Many students have applied for loans through the federal government, and these students will be left in limbo about their funds until June or July, President Reagans' new economic bill has placed the national money at a basic stand-still, due to the vascillatory approach toward the new bill by the Congress. But Dr. Osborne's concern is minimal.

"The only problem lies in the waiting, and a probable loss of about $200 in loan money." Even that won't stop most students, he feels, because the school will supply money to those with a real monetary need.

## Tuition & Fees 1981-82

| | 1980-81 Current | 1981-82 Approved |
|---|---|---|
| Tuition | $2300 | $2700 |
| General Fee | 125 | 125 |

## Dalbey receives L. E. Moody award

BY
CRYSTAL HEDGECOCK
Assistant Editor

The coveted L.E. Moody Service Award presented by Alpha Phi Omega, was awarded to Mr. Earle G. Dalbey, Vice President of Financial Affairs, at the Honors Day Convocation, which was held Wednesday, April 22 in the auditorium.

Dalbey was recognized at other times throughout the convocation. When references were made to his upcoming retirement, Dalbey replied, "High Point College has made me live and never let me get into a rut. Keep the faith after I leave, because it's been fun."

Chosen as the Outstanding Female Dorm Resident was Kathy Crane. Crane was selected because of her positive outlook and friendliness.

Chan Shaver was chosen as Outstanding Male Dorm Resident. Shaver's work on the Belk Dorm Council, tolerance and dependability distinquished him as outstanding.

The Finch-Locke Award for Academic Excellence in religion was presented to Nancy Rankin. Rankin has maintained a 4.0 GPA while at the college, along with being a wife and mother of two children.

MR. EARLE G. DALBEY

The Daughters of American Colonists Medal for outstanding service was awarded to Wendi Hora. The medal is awarded annually to a freshman who has served the college outstandingly.

WENDI HORA

The Pan-Hellenic Council presented Debbie Hutter with the Outstanding Greek Award and Kappa Delta sorority was awarded the Outstanding Scholarship Award. The KD's had an outstanding GPA of 2.87.

DEBBIE HUTTER

The convocation included the presentation of other certificates, sports awards, service, leadership and academic awards. Following the benediction, the *Zenith* and *Apogee* were distributed.

# Farewell HPC

Well another year has now come to a close, except for exams anyway.

For many, it is just the end of the year with September lurking around the corner.

For the fortunate, though, it is the end of four (five for some) years of hard work (for some). In just over one week, the Class of 1981 will receive their diplomas and head onto bigger and better things.

As editor-in-chief of the *Hi-Po*, I am also glad the year has ended and the final picture has been sized, the final correction made and the final headline written.

Over the past four years, the *Hi-Po* has grown into a much respected college newspaper. We have won two first place awards from the Columbia Scholastic Press Association, the latest coming just a few days ago, and have gained respect from the community as well as the campus.

It hasn't been easy, but I am proud to have been a part of it.

When the Class of 1981 arrived here four years ago, the *Hi-Po* was just beginning to move forward after years of playing Rodney Dangerfield. At the time, Arnold Hendrix and Dave Bobbitt were the editors and had started to turn the *Hi-Po* around. When they left, Lisa Mickey was named editor and I became associate editor.

For two years, Lisa put all she had into the newspaper and with the help of some good friends and good workers, we brought the *Hi-Po* to the top.

This year Lisa stepped down as editor and assumed the position of head photographer. Again, she put all her knowledge to work to produce some of the best quality photos the *Hi-Po* has seen. She also did a good job of training the other photographers to carry on in the coming years.

But now it is time for Lisa and I to leave and turn the *Hi-Po* over to new leadership. I am confident that Crystal Hedgecock will continue to keep the *Hi-Po* at the top of the heap. I hope the students will support her.

I feel it is necessary to thank some of those people who have put long hours into making the *Hi-Po* go the past four years.

Sharon Kaler has served as business manager and advertising manager ever since our sophomore year. She not only has kept the editors informed as to the shape of the budget, but she has also been an intregal part of putting the paper together on layout days.

Roger Dameron and his advertising staff this year have set new records for dollar amount of advertising for the *Hi-Po*. The advertising staff of Roger, Ray Daniel and others sold nearly $3,000 of advertising this year, more than doubling the amount budgeted for.

For the past two years, Ann Wheeless has been the chief proofreader and has spent long hours at the printing company proofing and correcting pages.

# FINAL EXAM SCHEDULE
## Spring 1981

| | | |
|---|---|---|
| MONDAY, April 27 | 8:30 All Classes - Period 5 | 10:00 MWF |
| | 1:30 All Classes - Period 4 | 9:00 TTH |
| TUESDAY, April 8 | 8:30 All Classes - Period 8 | 1:00 TTH |
| | 1:30 All Classes - Period 3 | 9:00 MWF |
| WEDNESDAY, April 29 | 8:30 All Classes - Period 6 | 10:30 TTH |
| | 1:30 All Classes - Period 7 | 1:00 MWF |
| THURSDAY, April 30 | 8:30 All Classes - Period 1 | 8:00 MWF |
| | 1:30 All Classes - Period 2 | 8:00 TTH |
| FRIDAY, May 1 | 8:30 All Classes - Period 9 | 2:00 MWF |
| | 1:30 All Classes - Period 10 | 2:30 TTH |

*No deviation from this schedule for entire classes will be allowed except by permission of the Dean of the College. Individual student emergency situations will be handled by the instructor.*

*All Physical Education Activity Examinations will be given on the last day of the regularly scheduled classes.*

*Grades for May 3rd graduating seniors are due on Wednesday, April 29, 5:00 p.m. Faculty are requested to arrange early exams for graduating seniors if this schedule conflicts with the deadline.*

# Class schedule systemchanged

**BY CRYSTAL HEDGECOCK**
**Assistant Editor**

Following a recommendation by all department and division chairpersons, the 1981-1982 class schedule will include a change in the number of periods and changes in times for these periods.

According to Mr. David Holt, Registrar, the new system of class periods was devised primarily because of the "unpopular existing second period." The second period presently meets on Tuesdays and Thursdays from 8:00 until 8:50 and then again on Fridays from 11:00 until 11:50.

This period was not being fully utilized, Holt explained. Students would not sign up for this class period and the faculty was reluctant to schedule classes during this period.

After two meetings of the division and department chairpersons, the registrar and the Dean of the College, the new schedule of class periods was decided upon. The new schedule will provide an equalization of classes within the periods.

The number of class periods will increase from ten periods to eleven periods. The extra period will meet on Mondays, Wednesdays and Fridays from 12:00 until 12:50.

Another change which is brought about because of the new schedule is the time that Tuesday-Thursday classes will begin. The first class on Tuesdays and Thursdays will meet at 8:30 as opposed to the current time of 8:00.

The free period which is presently from 11:00 until 1:00 on Mondays and Wednesdays will change to Tuesdays and Thursdays from 11:15 until 1:00. This free period is provided for convocations, meetings and luncheons.

"This new system," Holt believes, "will provide a more varied and better scheduling scheme."

# SAA accepting applications

The Scholastic All-American Selection Committee is now accepting applications for the 1981 spring semester. Students who are active in scholastic organizations and who perform well in class are asked to join.

The Scholastic All-American is an honor society founded to recognize this country's top undergraduate and graduate students. Students are selected from over 1,280 schools covering all 50 states. Members participate in various nationally organized service projects each year.

Students are selected for consideration based on the extent of thier academic and scholastic performance both in and out of the classroom. No one factor is weighed heaviest when a new member is considered. A student's best asset must be his or hers "well roundedness."

Interested students are asked to send a stamped, self-addressed envelope to "Application," Scholastic All-American, Administrative Offices, P.O. Box 237, Clinton, New York, 13323. Deadline for writing for an application is May 10.

All students are encouraged to submit an application regardless of their grade point average.

# *Scholarships available*

Several scholarships are available to High Point College students through the Alumni Office.

These scholarships are the Louise Adams Alumni Scholarship, the P.E. Lindley Memorial Scholarship, the High Point Area Chapter Day Student Scholarship (for day students only), and the E. Vera Idol Memorial Scholarship (for English majors only). The monetary value of these scholarships vary as to the personal situation of each recipient.

If you are interested in applying, pick up an application in the Alumni Office by April 30.

# Petrea not offered contract

**BY SCOTT A. HANCE**
**Editor-in-Chief**

If you are one of those students who have wondered, as many have, who that man was that is always taking pictures on campus, you won't be seeing him much longer.

His name is Mr. Raymond Petrea, better known to many as "Pete". He has served as director of Informational Services at High Point since the fall of 1974.

Petrea will leave HPC on May 31.

On April 1, Petrea received a letter saying that he would not be offered a contract for next year. All administration personnel at HPC work on one year contracts which are renewed every year if they return to the College.

When asked about why he was dismissed, Petrea said: "My letter gave no reasons."

When asked about Petrea's dismissal, Acting President David Cole had no comment.

"I think I've been done a favor," Petrea said. "I'm looking forward to new challenges and new opportunities for growth."

For his excellent work in the field of college informational services, Petrea was awarded the Lewis Gastin Award in 1980 by the College News Association of the Carolinas. In presenting the award in January of 1980, ASU News Director Tom Corbitt said that Petrea has "served as a model that we all can strive to reach."

Just recently, Petrea was selected by national professional organizations to lead seminars in New York and Chattanooga, Tenn. on college publications and printing. He also recently conducted a seminar in Chicago.

Before coming to High Point College, Petrea served as Director of Public Information at Roanoke College for eight years.

While at HPC, Petrea has served as editor of the College's "High Points" publication and has been an advisor to both the *Hi-Po* and the *Zenith*.

"Pete Petrea was a champion of High Point College," said John Lowe, a reporter with the High Point Enterprise. "Pete was always in here with press releases and story ideas about High Point College. Many of my ideas for stories came from Pete."

"Pete did fine work. He always kept us informed of what was going on at High Point," said Ken Irons, also with the Enterprise. "He gave us numerous releases that we either used or pursued on our own. He handled his job very well."

With his credentials and reputation with the local press as well as national organizations, many people are wondering why Petrea was not offered a contract for next year. It seems unlikely that the quality of his work could be classified as below average.

Whatever the official reason behind his leaving, Pete Petrea will be missed by those in publications.

The champion of High Point College has been dethroned.

# Farewell

Continued from p. 2

Kim Darden, this year's associate editor, has also spent many hours at layout and has written some top notch stories which have helped the paper to achieve its goals of staying on top of college and national news.

There are many others who have been a major part of the *Hi-Po* over the past few years who are no longer here, including Dennis Tuttle and Edythe Mentasana. Their work will never be forgotten by Lisa or me.

The staff writers over the past three years have been some of the best. Even if some of their writing wouldn't win Pulitzer's, they have put much time and effort in making the *Hi-Po* what it is today.

And last but not least, a great deal of thanks goes out to Pete Petrea who has served as our advisor for the past four years. He was always there when we needed him but didn't try to tell Lisa or me how to run the paper. He will be greatly missed by the *Hi-Po* staff and by the College in general. The *Hi-Po* staff doesn't exactly understand why Pete is not able to return, but we wish him the best of luck in the future. Without him, the *Hi-Po* may not have reached the heights it has. Thank you Mr. Petrea.

The staff of the *Hi-Po* wished everyone good luck on exams and hopes you all will enjoy a great summer.

And good luck next year Crystal!

*SCOTT A. HANCE*

# Petrea not offered contract

BY SCOTT A. HANCE
Editor-in-Chief

If you are one of those students who have wondered, as many have, who that man was that is always taking pictures on campus, you [illegible] much longer.

His name is Mr. Raymond Petrea, better known to many as "Pete." He has served as director of Informational Services at High Point since the fall of 1974.

Petrea will leave HPC on May 31.

On April 1 Petrea received a letter saying that he would not be offered a contract for next year. All administrators [illegible] at HPC work on one year contracts which are renewed every year in [illegible] to the College.

When asked about why he was dismissed, Petrea said [illegible].

When asked about Petrea's dismissal, Acting President David Cole had no comment.

[illegible] "I have done a [illegible]," Petrea said. "I'm looking forward to new challenges and new opportunities [illegible]."

For his excellent work in the field of college [illegible] services, Petrea was [illegible] the Lowe [illegible] Award in 1980 by the College News Association of the Carolinas. In presenting the award in January of 1981, [illegible] said that Petrea had "served as a model [illegible]."

Just recently Petrea was [illegible] by national professional organizations to lead [illegible] students in New York and Chattanooga, Tenn. on college publications and printing. He also [illegible] in Chicago.

Before coming to High Point College, Petrea served as Director of Public Information at [illegible] College for eight years.

While at HPC, Petrea has served as advisor of the College's "High Pointer" yearbook two and has been an advisor to both the Hi-Po and the Zenith.

"Pete Petrea was a champion of High Point College," said John Lowe, a reporter with the High Point Enterprise. "Pete was always in here with press releases and story ideas about High Point College. Many of my ideas for stories came from Pete."

"Pete did fine work. He always kept us updated of what was going on at High Point," said [illegible], also with the Enterprise. "He gave us numerous features that we either used or put [illegible] his [illegible]."

With his credentials, reputation with the [illegible] and in national organizations, many people are wondering why Petrea was not offered a contract for next year. [illegible] feel that the quality of his work [illegible] coverage.

Whatever the reasons behind his leaving, Pete Petrea will be missed by those in public relations.

The [illegible] of High Point College has been [illegible].

# Farewell

Continued from p. 2

Ellis Durden, this year's [illegible] editor [illegible] many hours [illegible] which have helped the paper to achieve its goals of [illegible] type of college [illegible] news.

There are many others who have been a major part of the Hi-Po over the past four years who are no longer here, [illegible] Dennis Tuttle [illegible] Montesanto. Their work will never be forgotten [illegible].

The staff writers over the past three years have been [illegible] of the best. Even if some of their writing wouldn't [illegible] Pulitzer's, they have put [illegible] their best effort in making the Hi-Po what it is today.

And last but not least, a great deal of thanks goes out to Pete Petrea, who has served as our advisor for the past four years, [illegible] The Hi-Po staff doesn't [illegible] understand why Pete is not able to return, but we wish [illegible] the best of luck [illegible]. Without him, the Hi-Po [illegible]. Thank you, Pete.

The staff of the Hi-Po [illegible] everyone good luck [illegible] and hopes you all will enjoy a great summer.

And good luck [illegible]

SCOTT A. HANCE

## KAPPA DELTA

Kappa Delta's big bash of the year was held on April 4 -- their annual White Rose Ball. This year it was a dinner-dance at Howard Johnson's in Greensboro. Everybody had a really enjoyable evening. The highlight of the night came when David Welborn was named 1981 KD Sweetheart. Congratulations, David!

The KDs have been busy with fund raisers lately. They have had a carwash, roller skating and a night at the Rail. Thanks to all who supported them.

Gamma Gamma had a Senior Sisters' Party on April 21 at Debbie James' house. It was the last function the chapter will have before finals.

Congratulations to Debbie Hutter, SGA vice-president; Claire Carruthers, junior judicial representative; and Carol Rogers, junior legislator. Also, Joyce Bacik who was elected as social chairman of Inter-Varisty Christian Fellowship.

The sisters and pledges wish everybody the best of luck on exams and hope everyone has a great summer!

## PHI MU

The Phi Mus have been busy with activities, especially car washes. Thanks for everyone's support.

They are looking forward to having three new sisters. They are Sharon Elrod, Melanie Hamilton and Anna Brady.

The Phi Mus would like to congratulate their new alumns, Laurie McLean, Anne Keiser, Cyndi Roberts, Kathy Neblett, Anne Soots and Debbie Barnes. Good Luck next year.

They would like to wish everyone good luck on exams. They are ready to head for Myrtle Beach for a week after exams. The Phi Mus hope everyone has a safe and happy summer.

## ALPHA PHI OMEGA

The week of April 6-10 was filled with various activities as the pledges experienced "Self Help Week." The brotherhood would like to congratulate Cindy Mize, Regina Jensen, Kevin Cowan, Val Snipes, Lillia Harris and Bonna Jaffe. They will be inducted into active membership next semester.

The fraternity has been active this semester in various projects all over High Point: teaching swimming to the handicapped, blood drive, working with the Council on Aging and Association of Retarded Citizens and many other things.

The brotherhood of APO had its 23rd anniversary party last weekend in Greensboro. They also had the election of officers for next semester.

Thanks once again to Mrs. Blake for the cookout on the 4th. They really enjoyed it!

## LAMBDA CHI ALPHA

The Lambda Chis would like to thank the Inter-fraternity Council for the fine Alcohol Awareness program. They are also extremely proud of brothers Mike Wiesahan and Mike Showalter for their efforts in the program.

The Chis had their anual White Rose formal last Saturday. It was held at the Admiral Benbow Inn in Greensboro.

They are also looking forward to a great time at the beach this year after graduation. They would like to wish everyone good luck on exams and hope everyone has a good summer.

## ZETA TAU ALPHA

The Zetas have been busy with mixers lately. They have had a mixer with the baseball team, and also with the Pikas. They also had one with the Delta Sigs last night with was followed by a Serenade.

Awards were presented at Sister's Dance recently. The recipients are as follows: Past President's Award-Barb Yeager and Pam Aiken; Outstanding Sister-Krista Ellis; Outstanding Pledge-Lee Carinci; Zeta Pride; Debbie Bouldin and Karen Magill; Scholarship Sister-Kathy Schaefer; Scholarship Pledge-Stef Vukovic; Outstanding Senior-Millie Greene and Karen Graupensperger. Congratulations girls!

Delta Gamma chapter is also proud of the entire chapter. At Zeta State Day, they were selected for the Zeta Pride Award. This signifies the number one Zeta Chapter in North Carolina. Also, Karen Magill received the Themis Award which is given to the most outstanding sister in North Carolina.

ZTA would like to congratulate Kristin Brown for being chosen as Pika Dream Girl '80-'81 and also Millie Greene who received the Senior Girl Award at Sig Sailor's Ball. They are proud of these girls along with Karen Magill, Debbie Bouldin, Nancy Houlberg, Kim Darden, Bettie Bolen, Pam Sanchez, and Kristin Brown. who won in the SGA elections.

Good luck to everyone on exams!

## ALPHA GAMMA DELTA

The Alpha Gams would like to extend a warm welcome to their new ribbonee Mary Wohlleban who accepted a bid on April 2.

They would like to congratualte Peggy Pesce for being chosen as Outstanding Pika Little Sister and Karen Ashley for being a representative on their Dream Girl Court.

The Annual Rose Ball was held at Holiday Inn-Airport on April 11. International Reunion Day was also April 11 at the High Point YWCA. There, the undergraduates and alumni got together to share old times. It turned out to be a great day and the dance was a blast!

April 6-10 was Alcohol Awareness Week sponsored by the IFC. The Alpha Gams would like to say thank you to the IFC and hope they will continue to do this in the following years.

On April 15 the Gams traveled to the Thomasville Orphanage to hold an Easter Egg Hunt. It was a very rewarding experience.

The end of another school year is just around the corner and everyone is busy preparing for exams as well as eagerly awaiting a fun-filled trip to Myrtle Beach. The Gams send a special thank you for all the support during the past year. They hope everyone has a fun but safe summer and are looking forward to seeing those tan faces in August.

## DELTA SIGMA PHI

Delta Sigma Phis recently enjoyed their annual Sailor's Ball at Cherry Grove, S.C. At the banquet Saturday night they presented Rusty Hawes - Best Brother; Griff Thompson - Best Pledge; Bill Costello-Scholarship; Charlie Gross - Best Athlete; Millie Greene - Outstanding Senior Girl; and Teri Scarchello - Miss Sailor's Ball. Along with these awards, the girls selected Auburn "Hatch" Bell as Mr. Sailor's Ball.

They enjoyed a mixer with the Zetas last night at Raintree Apartments. The mixer was followed by a Serenade in the courtyard.

In intramurals, the Sigs won the softball championship. They are also in the bowling finals against the Lambda Chis.

The Delta Sigs are looking forward to a wild time at the beach after graduation. Good luck to all on exams.

# SCJ concludes year

The Society for Collegiate Journalists had its last meeting of the semester Monday, April 13. During the meeting officers for next year were elected: Alisa A. Walker, president, Crystal Hedgecock, vice-president, Carol Rogers, secretary/treasurer, and Art Prillaman, historian.

New members were inducted into the society during the Honor's Day ceremony. Full members were Crystal Hedgecocok, Alisa Walker, Carol Rogers, Art Prillaman and Ray Daniels.

Full members received the SCJ pin, a press card and certificate of membership.

Associate members inducted, who are eligible for full membership, were Pat Connelly, Cindy Burbage, Mario Watson, Tracy Taylor, Monique Peyser and Ann Wheeless.

Assistant members inducted were Teresa Venuto, Toby Tobin, Joan Madert and Gina Marlette.

The society awarded Carol Rogers and Art Prillaman for their outstanding contributions to publications during the ceremony.

Also, Roger Stone from Stone Printing Co. and David Whitaker from WGHP received awards for their great community service.

The SCJ is looking forward to a great year beginning next fall and urges all those involved in campus publications to consider applying for associate, assistant, or full membership.

# APO Book Exchange to open

The A.P.O. Book Exchange will be open the week of final exams, April 27-May lst 12:00-4:00.

Finally, the semester is about over. You might have given some thought to a potential problem you will soon be experiencing. Did you realize that when you turn in your final examination for a class you have a big decision to make, i.e. "What do I do with all these useless texts?" You have three basic alternatives; keep them, sell them at the Campus Book Store, or place them in the APO Book Exchange.

Let's look at the last alternative. Alpha Phi Omega, the service fraternity, operates a used book exchange to help students get a higher price for their used books and at the same time offers used texts at a reduced price.

Here's how it works. You the student bring in your books to the Book Exchange located in Harrison Hall facing the Old Student Center (same place you get new I.D.'s made). You then set your price that you want for the books. We then put your books on our shelves. At the beginning of each semester we open the Book Exchange so students can come and buy used books. If we sell your book we write a check and send it to you less 10% to cover costs of banking, postage, and materials.

There are advantages and disadvantages to using the Book Exchange. First the positive side:

1. The student sets his own price, so there's a better return.
2. APO will accept Foreign Language tests which the Book Store can't.
3. Since there is no profit motive in this service students can buy used texts for the same price the owner wants for it.

There are some drawbacks however:

1. The Book Exchange offers no cash for books, we simply accept books, we simply accept books on consignment and try to sell them.
2. Since some courses are only offered once a year it might take a year to sell your book.
3. During this time the book may go out of date or the edition changes.
4. Once the book has been stamped by the APO Book Exchange it can't be taken to the Book Store; however, the book will not be stamped until it is sold

# Steele signs Richmond guard

High Point -- High Point College basketball coach Jerry Steele recently announced the signing of 5-11 guard Danny Murphy to a grant-in-aid.

A two-year starter at Benedictine High School in Richmond, Va., Murphy set a school scoring record of 677 points this past season, averaging 20.5 points per contest. As a junior he had averaged 17.5 per game.

Benedictine has won the state Catholic Championship for the past eleven years, posting a 28-5 record this year and was 25-5 during Murphy's junior year.

Murphy has been selected to the All-Metro team for the past two years as well as first-team, All-State among the Catholic schools for two seasons.

During his junior year Murphy was named the Most Valuable Player in the state tournament and was co-MVP as a senior.

Murphy was also named as a second-team All-American Catholic schools player as a junior.

Coach Warren Rutledge of Benedictine says, Danny is a fine all-around player. He is dedicated to being a good basketball player and works real hard on his game. He is a fine person who is a joy to be around."

"Danny decided to attend High Point because he liked the school, the coaches and the players that he met while visiting," concluded Rutledge.

Murphy's signing is the second player in the fold for the Panthers. Robert Jones of Mount Airy had previously announced his intentions to attend High Point.

# SCJ concludes year

The Society for Collegiate Journalists held its last meeting of the semester Monday April 13. During the meeting officers for next year were elected: Alan J. Walker president; Crystal Hedgecock, vice-president; Carol Rogers, secretary/treasurer; and Art Pellisonne, historian.

New members were inducted into the society during the Honor's Day ceremony. Full members were Crystal Hedgecock, Alan Walker, Carol Rogers, Art Pellisonne and Ray Bresler.

Full members received the SCJ pin, a press card and certificate of membership.

Associate members inducted, who are eligible for full membership, were: Pat Connelly, Cindy Burrage, Maria Watson, Tracy Taylor, Monique Payne and Ann Wharton.

Associate members inducted were Teresa Vassis, Toby Tebib, Jack Hinkel and Glen Mortene.

The society awarded Carol Rogers and Art Pellisonne for their outstanding contributions in publications during the semester.

Also, Roger Stone from Boone Printing Co. and David Whitaker from WGHP received awards for their great community service.

The SCJ is looking forward to a great year beginning next fall and urges all those involved in campus publications to consider applying for associate, assistant, or full membership.

# APO Book Exchange to open

The A.P.O. Book Exchange will be open the week of Book ... April 27 to May 1 ...

Finally the semester is almost over! You might have given some thought to a potential problem you will soon be experiencing. Did you realize that, when you turn in your final examinations for a class you have a big decision to make; i.e., "What do I do with all these useless texts?" You have three basic alternatives: keep them, sell them at the Campus Book Store, or place them in the APO Book Exchange.

Let's look at the last alternative. Alpha Phi Omega, the service fraternity, operates a used Book Exchange to help students get a higher price for their used books and at the same time others used books at a reduced price.

Here's how it works. You the student bring in your books to the Book Exchange located in Harrison Hall during the Old Student Center [illegible] you get now.

It is worded: You then set your price that you want for the books. We then put your books on our shelves. At the beginning of each semester we open the Book Exchange to students who come and buy used books. If we sell your book we write a check and send it to you less 10% to cover costs of banking, postage and materials.

There are advantages and disadvantages to using the Book Exchange. First, the positive side:

1. The student sets his own price, we share [illegible] a better return.
2. APO will accept Foreign Language texts which the Book Store can't.
3. Since there is no profit motive in this service students can buy used texts for the same price the owner wants for it.

There are some drawbacks however-

1. The Book Exchange offers no cash for books; we simply accept books, we simply accept books on consignment and try to sell them.
2. Since some courses are only offered once a year it might take a year to sell your book.
3. During this time the book may go out of date or the edition changes.
4. Even though books have been stamped by the APO Book Exchange it can't be taken to the Book Store, however the book will not be stamped until it is sold.

# Steele signs Richmond guard

High Point - High Point College basketball coach Jerry Steele recently announced the signing of 6-2 guard Benny Murphy to a grant-in-aid.

A two-year signee at Benedictine High School in Richmond, Va. Murphy set a school scoring record of 577 points this past season, averaging 20.6 points per game. As a junior he had averaged 17.8 per game.

Benedictine has won the Catholic Championship for the past eleven years, posting a 38-6 record this year and was 26-5 during Murphy's junior year.

Murphy has been selected to the All-Metro team for the past two years as well as first-team All-State among the Catholic schools for two seasons.

During his junior year Murphy was named the Most Valuable Player in the state tournament and was co-MVP as a senior.

Murphy was also named to a national team All-American Catholic schools player as a junior.

Coach Warren Rutledge of Benedictine says, Benny is a fine all-around player. He is dedicated to being a good basketball player and works real hard at his game. He is a fine person, who is a joy to be around.

"Benny decided to attend High Point because he liked the school, the coaches and the players that he met while visiting," concluded Steele.

Murphy's signing is the second player in the fold for the Panthers. Robert Jones of Mount Airy had previously announced his intentions to attend High Point.

# Blanchard honored

Andreia Blanchard, three-time All-American center at High Point College, has added another award to her growing list of achievements.

The 6-1 senior was named by the American Women's Sports Foundation as the National Player of the Year in Division II of the AIAW.

This year Blanchard averaged 23.8 points and 11. 5 rebounds per game as the Panthers posted a 20-10 season. High Point was the runner-up in the Carolinas Conference tournament as well as the NCAIAW State Tournament but Blanchard was named as the MVP in both events. She also was named as the Conference and District 26 Player of the Year.

For her career Blanchard became the all-time leading female scorer in High Point history with 2,374 points and the all-time leading rebounder with 1,256. She also holds eight other school scoring and rebounding records.

The Hertford, North Carolina native helped High Point post a 107-30 record over four years, winning the Carolinas Conference, the North Carolina AIAW and Southern Region II Tournaments twice and the 1973 Division II National Championship.

# Applications for Summer Credit Available

In order for a student to receive credit for work done at another institution, the Dean of the College must approve in advance the institution selected and the courses to be taken.

Applications for permission to take summer school work at another institution should be presented to the Office of the Academic Dean by the end of the spring semester. Upon completion of this work the student is responsible for having transcripts sent to the Registrar.

No credit from another institution will be granted for a summer school course unless a grade of "C" or above has been attained. Although credit hours earned in summer school elsewhere count toward graduation, these credits are not used in the calculation of the grade point average.

* * *

# Attention Seniors

All seniors who have not picked up their caps and gowns need to do so as soon as possible. The Bookstore will be open exam week from 8 a.m. to 4 p.m. daily and on Sat., May 2, from 9 a.m. to 12 noon. Also for procrastinating seniors, the Bookstore will be open the Sunday of graduation.

During the past school year the Advertising department of the *Hi-Po* has met with great success not only meeting their budget, but actually more than doubling it in ad sales. In view of this, the staff of the *Hi-Po* would like to thank our many advertisers, many of whom have ran ads in every issue. Our great thanks go out to these businesses and we wish them much success in the future.
